*Cost of Conveyance to Place of Appointment.*—A refund will be made of any expense in excess of £3 incurred by a successful candidate for conveyance to her place of appointment, upon application being made by her for such refund after taking up duty.

*Period of Eligibility.*—Successful candidates will be eligible for appointment during the period of eighteen months following the publication in the *Commonwealth Gazette* of the results of the Examination, but if, before the expiration of such period, a successful examinee from outside the Service attains her twenty-sixth birthday, she will thereupon cease to be eligible for appointment.

Applicants from outside the Service should state full name and date and year of birth. Copies only of diplomas, references, testimonials, or certificates should be forwarded. If the originals are required they will be asked for.

Applications should be addressed to the "Commonwealth Public Service Inspector" of the State in which the vacancy exists. If the applicant is an officer of the Commonwealth Public Service the application should be forwarded to the Inspector through the principal officer of the Department in the State in which the officer is located, *except when the vacancy is in another State, when the application should be forwarded direct by the applicant to the Inspector, a copy at the same time being forwarded to the principal officer of the Department.*

Minimum and maximum salaries where shown indicate the limits of the class or grade in which the position is classified. Subject to the provisions of the Public Service Act appointments may be made at any salary within those limits. Successful appointees must comply with the life assurance provisions of the Public Service Act and Regulations.

Officers of the Public Service should note that in any case where the minimum salary of a position in the Clerical Division is not the minimum salary of a Class, and the successful applicant is not eligible for the former by reason of not having received the salary of the next lower subdivision for twelve months, he will be granted an allowance equal to the difference between the salary for which he is eligible and the minimum salary of the position until he can be advanced by annual subdivisional increments to the latter salary.

Where vacancies are notified in positions which have been the subject of award, the minimum and maximum salaries shown are those prescribed by the award. If the officer appointed to any such position is eligible to become, but is not, a member of the organization which obtained the award, he can only be paid the rates of salary prescribed in the Public Service Act or Regulations for the position to which he has been appointed, unless and until he becomes a member of the organization, when the award rates shall apply.

Officers who may be transferred without promotion or increase of salary, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation No. 54.

Particulars of existing quarters are furnished merely for the information of officers. It is not incumbent on Departments to provide quarters, which, if provided, may be wholly or partially withdrawn at any time.
