THE Commonwealth Public Service Board notifies the following conditions which will govern recruitment and advancement of Cadet Engineers:—

1. APPOINTMENT.—Eligibility for appointment to a position of Cadet Engineer will be acquired by—

- candidates who have passed the examination for appointment to the Third Division of the Commonwealth Public Service as Clerk or Cadet, based on the Leaving, Senior, Matriculation, and Schools Board examinations in the various States; with passes in the subjects of English, Mathematics and Physics, and qualified for Matriculation in Engineering at an Australian University; or
- undergraduates who have completed one or more years in Engineering at an Australian University; or
- Technical College students who have completed the Diploma Course in Engineering at a recognized Technical College and are qualified for matriculation in Engineering at an Australian University; or

- Technical College students who have either completed at least two years of the course prescribed for the Fellowship Diploma in Chemical Engineering, Melbourne Technical College, or equivalent qualifications.

Provided that in (a) the period of eligibility for appointment has not expired and in (b), (c), (d) and (e) the successful applicants are under 24 years of age at the date of appointment.

2. PROMOTION OR TRANSFER.—Eligibility for promotion or transfer as Cadet Engineer will be acquired by officers who have—

- passed an examination held under the Commonwealth Public Service Act and Regulations for appointment, promotion or transfer to the Third Division as Clerk or Cadet; or
- passed the Leaving, Senior or Schools Board Certificate examination of an Australian State or an examination which qualifies for matriculation in an Australian University; or
- either completed at least two years of the course prescribed for the Fellowship Diploma in Chemical Engineering, Melbourne Technical College, or equivalent qualifications.

Provided that in either case of (a) and (b) the officer has passed in the subjects of English, Mathematics and Physics, and has qualified for matriculation in Engineering at an Australian university.

3. Except as provided in paragraph 5, eligibility for promotion or transfer will terminate on the expiration of a period of three years, or on the officer attaining the age of twenty-four years, whichever is the earlier. Provided, however, that in the cases of officers who, prior to attaining the age of twenty-four years, commenced leave of absence for war service, eligibility will continue for a period of three years commencing on the date of termination of the leave of absence for war service, or until the officer attains the age of twenty-four years, whichever is the later, subject in cases in which the period of leave of absence for war service is less than three years to limitation of extension of the normal period of eligibility to the period of the leave of absence for war service.

4. The period of three years prescribed in paragraph 3 means—

- In respect of an examination for the Leaving Certificate, Matriculation, or Schools Board Certificate or the Senior Public Examination, three years commencing on the first day of January, of the year next following that in which the examination was held, or in respect of a supplementary examination, the first day of January preceding that examination.
- In respect of the Leaving Certificate, Matriculation or Schools Board Certificate or Senior Public Examination passed by attendance at two or more examinations held at intervals of twelve months or longer, three years commencing on the first day of January, of the year next following that in which the first examination was attended.
- In respect of an examination for appointment to the Commonwealth Service based on the Leaving Certificate, Matriculation, or Schools Board Certificate or Senior Public Examination, three years commencing on the first day of January of the year next following that in which the examination was held.

(d) In respect of other prescribed examinations, three years commencing on the first day of the month following that in which the results of the first examination in the acquisition of eligibility were published.

5. The Board may extend the period of eligibility if, while it is current, an officer has completed or is pursuing at a university or a technical college a course of study which in its opinion warrants the grant of such extension, but in no case will eligibility be extended beyond the day preceding the twenty-fourth anniversary of the officer's birth, except as provided in paragraph 3.

6. Promotion or transfer to an office of Cadet Engineer of officers who are eligible in accordance with this notification will be effected pursuant to the provisions of section 50 of the *Commonwealth Public Service Act 1922-1948*.

7. Applications by eligible officers for promotion or transfer to an office of Cadet Engineer should be made in response to a notification published in the *Commonwealth Gazette* inviting such applications.

provided that in the case of successful applicants who have already satisfactorily completed one or more years in the Faculty of Engineering of an Australian University or in the case of successful applicants whose eligibility for appointment was gained under paragraphs 1 (e) or 2 (c) above, those who have already satisfactorily completed two or more years of the course prescribed for the Fellowship Diploma in Chemical Engineering, Melbourne Technical College, or equivalent qualifications, the period of training may be reduced accordingly.

11. Under sub-paragraph (b) of the preceding paragraph, the Board has approved of examinations in the following:—

(a) In the case of successful applicants whose eligibility for appointment was gained under paragraphs 1 (e) or 2 (c) above—subjects leading to the Fellowship Diploma in Chemical Engineering, Melbourne Technical College.

(b) In other cases—subjects determined by the Secretary of the Department of Supply and approved by the University, in the respective courses leading to the degree of Bachelor of Engineering in the appropriate branch of engineering.

12. **FAILURE AT EXAMINATION.**—Subject to section 67 of the *Commonwealth Public Service Act*, if a Cadet Engineer fails to obtain satisfactory results at the annual examinations, the Permanent Head of the Department will report to the Public Service Board as to the general efficiency and aptitude of the officer and his fitness to continue the cadetship. Upon receipt of such report, the Board will decide whether the cadetship should be terminated and the officer transferred to such other office as may be deemed appropriate.

13. **FEES.**—Refund of fees in accordance with the following scale will be allowed to Cadets in respect of subjects studied as part of their approved course of training:—

Public Service Board.

NOTIFICATION OF VACANCIES.

APPLICATIONS are invited from permanent officers of the Commonwealth Public Service for promotion or transfer to the positions named in the appended schedule. Where so indicated, applications will also be received from persons not on the permanent staff of the Commonwealth Service.

Applicants should state fully their qualifications for the position sought, and must, to ensure consideration, forward their applications to the officer indicated in the last column in time to reach him not later than the appointed date.

Applications submitted by telegram prior to the closing date will be accepted, but these should be followed up immediately by full written application.

Where an applicant desires to be considered for two or more vacancies a separate application should be forwarded in respect of each position sought except where the positions applied for are of similar classification and in the same Branch of the Department, e.g., positions of Postmaster, Lines Staff positions, &c., when one application covering such positions will be accepted.

In the case of applicants who are permanent officers of the Public Service of the Commonwealth or of a State, the following particulars should be set out at the foot of the application:—

- Full name (block letters)
- Designation
- Standard salary scale
- Office or Branch
- Date and place of birth
- Length of service
- Salary (per annum)
- Date granted last increment

Other applicants should state full names, date, year and place of birth, and whether they are natural-born or naturalized British subjects. Returned soldiers should give particulars of war service. Copies only of diplomas, references, testimonials, or certificates should be forwarded. If the originals are required they will be asked for.

The range of salary indicates the classified value of a position, but appointments may be made at any salary within such range. The rate shown in the advertisement hereunder may be varied by cost of living adjustment or by regulation or awards.

Successful applicants must comply with the provisions of the Superannuation Act.

At offices where quarters are shown, a deduction at the rate of 10 per cent. of the minimum salary of the position will be made unless otherwise stated. Particulars of existing quarters are furnished merely for the information of officers. It is not incumbent on Departments to provide quarters, which, if provided, may be wholly or partially withdrawn at any time.

Officers of the Commonwealth Public Service, who may be transferred without promotion, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation No. 119.

Fares to locality of appointment of appointees who are not permanent officers of the Commonwealth Public Service will not be paid by the Commonwealth unless such fares (including, if the applicant is married, those of his wife and family) exceed £3, when such allowance as the circumstances justify may be granted.
