CANBERRA, THURSDAY, 19TH OCTOBER.

[1950.

PROCLAMATION

Commonwealth of
Australia to wit.
W. J. McKELL
Governor-General.

By His Excellency the Governor-
General in and over the Common-
wealth of Australia.

WHEREAS by section thirteen of the *Quarantine Act 1908-1947* it is enacted (*inter alia*) that the Governor-General may, by proclamation, prohibit the importation into Australia of any plants or any parts of plants, and that the power of prohibition shall extend to authorize prohibition generally, or with limitations as to place and subject-matter, and either absolutely or subject to any specified conditions or restrictions:

And whereas by Quarantine Proclamation No. 8p, the importation into Australia of nursery stock and cuttings and scions of same was prohibited except in accordance with the provisions of the Quarantine (Plants) Regulations:

And whereas it is desirable to make other provision in relation thereto:

Now therefore I, William John McKell, the Governor-General aforesaid, acting with the advice of the Federal Executive Council, do hereby—

(a) amend Quarantine Proclamation No. 8p by omitting the words—

“8. Nursery Stock and cuttings and scions of the same.”; and

(b) prohibit, except in pursuance of a permit issued by the Director of Quarantine and in accordance with the conditions and restrictions specified in the Quarantine (Plants) Regulations, the importation into Australia of all living plant material used in a nursery including—

- (i) woody plants;
- (ii) seedlings of herbaceous plants; and
- (iii) slips, cuttings, layers, runners, offsets and similar material used for vegetative propagation of woody or herbaceous plants.

This Proclamation may be cited as Quarantine Proclamation No. 36p.

Given under my hand and the Seal of the Commonwealth this twenty-seventh day of September, in the year (L.S.) of our Lord, One thousand nine hundred and fifty, and in the fourteenth year of His Majesty's reign.

By His Excellency's Command,

EARLE PAGE

Minister of State for Health.

GOD SAVE THE KING!

PROCLAMATION

Commonwealth of
Australia to wit.
W. J. McKELL
Governor-General.

By His Excellency the Governor-
General in and over the Common-
wealth of Australia.

IN pursuance of the powers conferred on me by the *Quarantine Act 1908-1947*, I, William John McKell, the Governor-General in and over the Commonwealth of Australia, acting

with the advice of the Federal Executive Council, do hereby declare the port of Ballina, in the State of New South Wales, to be a first port of entry for oversea vessels, other than those engaged in navigation by air, arriving from New Guinea, New Zealand and islands situated in the Pacific Ocean.

This Proclamation may be cited as Quarantine Proclamation No. 33g.

Given under my hand and the Seal of the Commonwealth this twenty-seventh day of September, in the year (L.S.) of our Lord, One thousand nine hundred and fifty, and in the fourteenth year of His Majesty's reign.

By His Excellency's Command,

EARLE PAGE

Minister of State for Health.

GOD SAVE THE KING!

ORDER

By His Excellency the Governor-General in and over the Commonwealth of Australia.

WHEREAS by an Order made on the first day of September, 1943, areas of land and water being, as to the land, part of the Hundreds of Sanderson and Bagot, County of Palmerston, Northern Territory, and, as to the water, part of the Timor Sea, which areas are described in the said Order, were declared to be air gunnery and bombing areas for the purpose of the Air Force Regulations:

And whereas it is desirable to revoke the said Order:

Now therefore I, William John McKell, the Governor-General aforesaid, acting with the advice of the Federal Executive Council do hereby revoke the said Order.

Dated this twelfth day of October, One thousand nine hundred and fifty.

W. J. McKELL

Governor-General.

By His Excellency's Command,

T. W. WHITE

Minister of State for Air.

COMMONWEALTH OF AUSTRALIA.

APPOINTMENT OF TRUSTEE OF THE SERVICES CANTEENS TRUST FUND.

Commonwealth of
Australia to wit.
W. J. McKELL
Governor-General.

By His Excellency the Governor-
General in and over the Common-
wealth of Australia.

WHEREAS on the twenty-fifth day of June, One thousand nine hundred and forty-seven, Commodore (now Captain) John Malet Armstrong, D.S.O., Royal Australian Navy, was appointed a trustee of the Services Canteens Trust Fund.

And whereas it is now desired that the said Captain John Malet Armstrong be released from the said appointment.

Now therefore, I, William John McKell, the Governor-General in and over the Commonwealth of Australia; acting with the advice of the Federal Executive Council, in pursuance of the powers conferred upon me by Section 5 of the *Services Trust Funds Act 1947* hereby revoke the appointment of the said Captain John Malet Armstrong as a trustee of the Services Canteens Trust Fund, and appoint Captain Wilfred Hastings Harrington, D.S.O., Royal Australian Navy, a trustee of the said Fund.

Given under my Hand and Seal of the Commonwealth this twelfth day of October, One thousand (L.S.) nine hundred and fifty in the fourteenth year of His Majesty's reign.

By His Excellency's Command,
JOS. FRANCIS
Minister of State for the Army.

AUSTRALIAN CAPITAL TERRITORY.

Prices Regulation Ordinance 1949.

PRICES ORDER No. 41 (A.C.T.).

IN pursuance of the powers conferred upon me by the *Prices Regulation Ordinance 1949*, I, Clifford Edwin Williamson, Controller of Prices, hereby make the following Order:—

Citation.

1. This Order may be cited as Prices Order No. 41 (A.C.T.).

Revocation.

2. Prices Regulation Order No. 1015 is hereby revoked.

Application.

3. This Order shall apply to the Territory accepted by the Commonwealth in pursuance of the *Jervis Bay Acceptance Act 1915* and described in the Schedule to that Act.

Definitions.

4. In this Order, unless the contrary intention appears—
“ceiling date” in relation to any goods or services sold or supplied by any person on any terms and conditions means—

(a) where that person upon the twentieth day of July, 1950, sold or supplied substantially identical goods or services, as the case may be, upon terms and conditions substantially identical with the firstmentioned terms and conditions—the twentieth day of July, 1950; or

(b) where that person did not upon the twentieth day of July, 1950, sell or supply substantially identical goods or services, as the case may be, upon terms and conditions substantially identical with the firstmentioned terms and conditions—the last date prior to the twentieth day of July, 1950, upon which that person sold or supplied substantially identical goods or services, as the case may be, upon terms and conditions so substantially identical;

“goods” means goods declared by the Minister by notice in the *Gazette* to be declared goods for the purposes of the *Prices Regulation Ordinance 1949*;

“services” means services declared by the Minister by notice in the *Gazette* to be declared services for the purposes of the *Prices Regulation Ordinance 1949*;

“cost” in relation to goods means as regarding goods sold by any person other than a manufacturer the sum of money, or other valuable consideration, paid or furnished or agreed to be paid or furnished, for or in respect of those goods, by that person.

Ceiling prices and rates for goods and services of a kind previously sold or supplied.

5. I fix and declare the maximum price or rate, as the case may be, at which any person may sell or supply on any terms and conditions any goods or services for which a maximum price or rate is not fixed by or under any Prices Order made under the *Prices Regulation Ordinance 1949*, or by or under any notice in writing given in pursuance of any such Order to be the price or rate at which that person sold or supplied substantially identical goods or services on the ceiling date on terms and conditions substantially identical with the firstmentioned terms and conditions.

Maximum prices for goods not previously sold or supplied.

6. I fix and declare the maximum price at which any person may sell any goods which are not substantially identical with any goods which he sold prior to the twentieth day of July, 1950, and for which a maximum price is not fixed by or under any Prices Order made under the *Prices Regulation Ordinance 1949*, or by or under any notice in writing given in pursuance of any such order to be the cost of the goods to that person: Provided that on application by any person the maximum price at which those goods may be sold by that person shall be such price as may be fixed by the Controller.

Application for maximum prices in certain cases.

7. Notwithstanding the provisions of the last preceding paragraph, any person who manufactures any goods or supplies any services, as the case may be, which are not substantially identical with any goods or services which he sold or supplied prior to the twentieth day of July, 1950, and for which a maximum price or rate is not fixed by or under any prices order made under the *Prices Regulation Ordinance 1949*, or by or under any notice in writing given in pursuance of any such order, shall not sell those goods or supply that service unless and until he has made a written request to the Controller to fix the maximum price at which those goods may be sold or the maximum rate at which that service may be supplied and the Controller has fixed the maximum price or maximum rate accordingly.

Persons operating more than one place of business.

8. For the purposes of this Order if a person operates more than one place of business he shall in respect of each such place of business be deemed to be a separate seller or supplier.

Price or rate differences to be observed.

9. Notwithstanding anything contained in the foregoing provisions of this Order, where a seller or supplier of any goods or services has customarily allowed any difference in price or rate—

(a) to any person or to persons included in any class of persons;

(b) in respect of sales or supplies of certain quantities of goods or services or

(c) in respect of sales or supplies of goods or services under certain conditions of sale or supply,

the maximum price or rate fixed by or under this Order in respect of those goods or services shall, in the case of sales or supplies to any such person or persons or of such quantities or under such conditions, be reduced by the allowance of that difference.

Order not to apply to perishable primary products.

10. This Order shall not apply to declared perishable primary products including, but without limiting the generality of the foregoing, any goods included in the following classes of perishable primary products, which may from time to time be declared goods—

(a) vegetables;

(b) fruit.

Power to fix prices and rates by notice.

11. Notwithstanding anything contained in this Order, I fix and declare the maximum price or rate at which any goods or services specified in a notice given in pursuance of this paragraph may be sold or supplied by any person to be such price or rate as is fixed by the Controller by notice in writing to that person.

Prices orders not to be superseded.

12. Nothing in this Order shall prevent any order under the *Prices Regulation Ordinance 1949*, operating to fix a maximum price or rate for any goods or services other than the maximum price or rate fixed by or under this Order for those goods or services.

Prescribed date.

13. I declare—

(a) the twentieth day of July, 1950; or

(b) where, in relation to the sale or supply of any goods or services, the seller did not on the twentieth day of July, 1950, sell or supply substantially identical goods or services—the last date prior to the twentieth day of July, 1950, upon which that person sold or supplied substantially identical goods or services—

to be the “prescribed date” for the purposes of paragraph (b) of sub-section (1) of section 30 and paragraph (b) of sub-section (1) of section 31 of the *Prices Regulation Ordinance 1949*.

Dated this 12th day of October, 1950.

COMMONWEALTH PUBLIC SERVICE.

PROMOTIONS—SECTION 50 AND REGULATION 109.

THE following promotions are provisional and subject to appeal by officers to the Public Service Board, and, where consequent upon another provisional promotion, shall be dependent upon the latter being confirmed. Appeals should be lodged, either by letter or telegram, within twenty-one days of the date of this notification, as follows:—

- (a) if the promotion is to be made in a State, with the Commonwealth Public Service Inspector in the capital city of that State;
- (b) if the promotion is to be made in the Australian Capital Territory, with the Public Service Inspector in Canberra, unless the promotion is to be made to a vacancy in the Postmaster-General's Department, in which case the officer shall lodge his appeal with the Commonwealth Public Service Inspector, Sydney;
- (c) if the promotion is to be made in the Northern Territory—
 - (i) with the Commonwealth Public Service Inspector, Brisbane, in the case of a promotion to a vacancy in the Department of Trade and Customs;
 - (ii) with the Commonwealth Public Service Inspector, Adelaide, in the case of a promotion to a vacancy in the Postmaster-General's Department;
 - (iii) with the Public Service Inspector, Canberra, in other cases.

An appellant shall forward his appeal *direct* to the Public Service Inspector, and the following particulars in respect of his permanent position should be set out at the foot of the appeal:—

Full name (block letters).....
 Age (in years).....
 Designation
 Standard salary scale.....
 Office or Branch.....
 Department

Appeals not lodged with the appropriate Commonwealth Public Service Inspector within the prescribed period will not be accepted.

Under Section 50 (7A) of the Commonwealth Public Service Act, the Board may regard an appeal as having been made against a provisional promotion notified hereunder by any officer who, at any time within the time prescribed for lodging an appeal, is absent on leave for war service, or is absent from Australia on official duty.

Where an officer desires to appeal against two or more provisional promotions a separate appeal should be lodged in respect of each. The grounds of appeal must be as prescribed in Section 50 of the Commonwealth Public Service Act, viz.:—

- (1) Where a promotion is to be made to a position prescribed in Regulation 109c, viz.:—Assistant, Grade 1—female; Assistant, Grade 2—male or female; Labourer; Lift Attendant; Lineman, Grade 2; Line Foreman, Grade 1; Mail Officer; Postal Officer; Postal Assistant (Mail); Postal Clerk (Fourth Division); Senior Postal Clerk, Grade 1; Assistant Storeman; Storeman; Storeman, Grade 1; Storeman, Grade 2; Telegraphist (Fourth Division); Quarantine Assistant, Grade 1; Searcher and Watchman—that the appellant is senior to the officer provisionally promoted and is efficient.

- (2) In other cases—

- (a) Superior efficiency; or
- (b) Equal efficiency combined with seniority

* Cost of living adjustments payable pursuant to Regulation 106a.—

Postal Officers, Fourth Division.—Frederick Charles Helliard, Frank Gilbert Dunell, Keith Raymond Hennessy, David Arnold Culey, Bernard Alfred Swanson, Francis Coghlan, Harold William Westcott, James Coultas Read, Ronald Joseph Roberts, Colin Napier Munn, Ronald Ferguson Ayton, Allan John Jarvis, Albert Lawrence Batley, Colin Rex Anderson, Edgar Alphonsus McMahon, Bernard Albert Skingle, Reynold Nelson Carse, William Kelly, Reginald Ernest Fay, John Francis Cruise, Richard Pat Williams, Arthur William Richards, Ivan Patrick Bryan Gardner, Wallace John Hepburn, Albert Henry Hutchinson, Harold Troy Cridland, Harry Fuller Dawes, Reginald Augustus Barry, Leslie Gerge Prest, John Henry Bryer, Roy Gordon Ross, Laurence William Ede, Norbert Timothy O'Callaghan, Alexander Pett, Morton Clifford Tangey, Alexander Frederick Wallace, Sydney George Gaylard, Larry Osborn, George Chandler, Leo Mark Guest, Brian Joseph Connolly, Francis Patrick Thomas, Maurice Desmond Cotter, Peter York, Bruce Stewart, Ivan Morley, James Shevenan Hendrey, Stanley David Wheeler, George Cornelius Medson, Sidney John Parry, Robert Batty, Allan Leslie Puckey, James Edward Read, Robert William Knight, Ernest William Akers, Keith Joseph Harris, James John Ralston, Leslie Arthur Hurst, Salvatore Palisi, William Benjamin Rewell, Kenneth William Smith, Alan Knox Lardner, George Frederick Burrell, Ronald John O'Neill, Harold James Stevenson, Russell Reginald West, John Peter Baruta, Douglas Andrew Stephens, William Alfred Graham, George Raymond Kennedy, Noel Lawrence Beaton, Charles Fairhurst Gunther, Cecil Herbert Wilson, Archibald Percy Wells, Fenton Percival Rosewarne, Allen John Burns, Arthur James Turner, Raymond Edwin Dickason, Kenneth Raymond Hogan, Jack Haddon Heaton, Maurice Francis Connor, William John Houston, Owen Noble Cooksley, John Archibald Fullarton Wilson, Charles Alfred Tuckett.

Junior Postal Officer, Fourth Division.—Geoffrey Mill Price.

Queensland.

Postal Officer, Fourth Division.—Phillip August Luckel.

Junior Postal Officer, Fourth Division.—Kevin Edward Lane.

Telephonist, Fourth Division.—Maureen Anne Prizeman.

Tasmania.

Telephonist, Fourth Division.—Veronica Marie Thorne, Edna Dorothy Coote, Patricia Ellen Nisbet, Isabel Dawn Turner, Fay Joan Weeding, Noreen Lesley Duggan.

Junior Postal Officer.—Geoffrey Vincent Wicks, Kenneth Lester Knight, David John Anning, Arthur Byron Daft, Lawrence Edward Hickey, Kevin John Edwards, Kenneth George Langford, Hilary Arthur Bannister.

RETIREMENTS.

DEPARTMENT OF EXTERNAL AFFAIRS.

Section 49.—Nancy Estelle Nutt, formerly Typist, Grade 1, as from the close of business on 25th May, 1950.

DEPARTMENT OF THE TREASURY.

Taxation Branch, Western Australia.

Section 49.—Edna R. Walkington, Typist (Female), Grade 1, as from the close of business on 9th September, 1950.

Taxation Branch (Income Tax), Tasmania.

Section 67.—Phyllis Dorothy Gardner, Typist, Grade 2, as from the close of business on 4th October, 1950.

DEPARTMENT OF AIR.

Section 49.—Loris Victoria Heron, Accounting Machinist, Grade 1, as from the close of business on 15th September, 1950; Veta Pearl Tudor Smith, Assistant (Female), Grade 1, as from the close of business on 29th September, 1950.

DEPARTMENT OF SUPPLY.

New South Wales.

Section 85 (a).—Hector McLean, Clerk (£824-£914), with effect from the close of business on 13th September, 1950.

REPATRIATION DEPARTMENT.

Tasmania.

Section 67.—Maida Mary Cook, Senior Sister, as from the close of business on 10th October, 1950.

POSTMASTER-GENERAL'S DEPARTMENT.

New South Wales.

Section 67.—Michael Mayer, Mail Officer, with effect from the close of business on 13th October, 1950.

Victoria.

Section 49.—Kathleen Frances Bedson, Telephonist, Mooropna, as from the close of business on 16th September, 1950; Marie Teresa Dillon, Typist, Grade 1, Telephone Branch, as from the close of business on 19th September, 1950; Valda Joyce Thomas, Typist, Grade 1, Telephone Branch, Colac, as from the close of business on 16th September, 1950.

Public Service Board.

EXAMINATIONS.

TRAFFIC OFFICER-IN-TRAINING CLASS, TELEPHONE BRANCH, POSTMASTER-GENERAL'S DEPARTMENT.

APPLICATIONS are invited from officers (male and female) of the Third Division and from officers (male and female) who have qualified for transfer or promotion to an office in the Third Division, and who will be not less than 21 years of age as at the 1st September, 1952, for transfer for training as Traffic Officer, Telephone Branch, Postmaster-General's Department.

Applicants should state fully their educational and any other qualifications, and should furnish, at the foot of the application, the following particulars:—

- Designation;
- Standard salary scale;
- Present salary and date of receipt;
- Date of birth;
- Date of first appointment.

Applications should be addressed to and reach the Deputy Director of Posts and Telegraphs in the capital city of the State concerned not later than 23rd November, 1950.

The number of officers to be selected for training in each State is as follows:—New South Wales 12, Victoria 15, Queensland 6, South Australia 2, Western Australia 1 and Tasmania 4.

A list of officers selected by the Department for training as Traffic Officer will be published in the *Gazette*. Any Third Division officer or officer qualified for transfer or promotion to

the Third Division not included therein may, within twenty-one days of the date of such notification in the *Gazette*, lodge with the Public Service Inspector in the State in which he is located an appeal against his non-selection. An officer appealed against shall not take up duty in training pending determination of the appeals.

The following conditions will apply:—

1. The officers selected will be transferred as supernumerary officers of the Telephone Branch, and during the period of training will continue to be paid salary in accordance with their respective classifications at the time of transfer.

2. Travelling allowance will not be payable in respect of this period of training.

3. Practical training in telephone traffic practices and procedure will proceed for a period of fifty-two weeks, instruction in commercial practices and procedure will be given at special classes whilst the trainees are acting as Traffic Officers.

4. Trainees are, in conjunction with the practical training referred to in condition 3, to undertake and pursue in departmental time an approved course of study in Technical Telephony.

5. Trainees will be required to undergo practical, oral, and written tests on the expiration of six months' training, with a view to a determination whether satisfactory progress has been made. A trainee whose progress, conduct or diligence is, at any subsequent time or times, regarded as not satisfactory may be required to undergo supplementary tests.

6. Should the Department consider at any time in the course of training that a trainee is not making reasonable progress, he may be transferred to his former position or to one of similar status.

7. Upon satisfactory completion of the practical training in Traffic practices and procedure and upon passing an examination in this Section of the course, the officer will be employed as an acting Traffic Officer, Telephone Branch, and paid the appropriate remuneration. Upon completion of the practical training in Commercial practices and procedure and of the approved course of study, and upon passing a final examination to be held by the Department in the Commercial and Technical subjects, the officer will be recorded as eligible for transfer or promotion as Traffic Officer. Pending such transfer or promotion, and subject to his being utilized in the full performance of the duties of Traffic Officer, an officer so recorded will, if not already in receipt of salary appropriate to the position, be paid such allowance as will adjust his remuneration to that of Traffic Officer (£381-£471).

W. E. DUNK, Chairman,
Public Service Board.

CONDITIONS OF PROMOTION OR TRANSFER AS RADIO INSPECTOR, THIRD DIVISION, POSTMASTER-GENERAL'S DEPARTMENT.

THE Public Service Board hereby notifies the following conditions of promotion or transfer as Radio Inspector.

2. Examinations will be arranged from time to time by the Board as it deems necessary to satisfy staffing requirements.

3. OFFICERS ELIGIBLE TO ENTER.—The examination will be open to Third and Fourth Division officers who hold the First Class Commercial Operator's Certificate of Proficiency issued under the Wireless Telegraphy Regulations.

4. SUBJECTS OF EXAMINATION.—

(1) Natural Science.

(a) Mathematics: Algebra, geometry and trigonometry; vector algebra; expression of quantities in polar co-ordinates and in complex notation; differential and integral calculus up to the determination of maxima and minima and integrations of the simpler derivatives; introduction to the development of series, use of hyperbolic functions.

(b) Physics, Pure: Heat, Light, Sound, Properties of Matter, Mechanics, Electricity and Magnetism, Electro-Magnetic Radiation, Atomic Structure.

(c) Physics: Applications in telecommunication; electrical transmission theory, embracing all frequencies from zero to 30 megacycles per second; propagation of electro-magnetic waves in space, on radiating and non-radiating conductors, over the earth's surface and through the ionosphere.

(d) Chemistry: Elementary knowledge of the more common inorganic elements and their principal compounds.

(e) Properties and strengths of materials used in telecommunication plant.

(f) Electrical Measurement: Principles of instruments and methods of their use in making measurement of circuits and apparatus with—

(i) direct current;

(ii) alternating current of commercial power frequencies 15 to 150 cycles per second;

(iii) alternating current of audio frequencies (up to 15,000 cycles per second);

(iv) alternating current of line carrier frequencies (up to 150 kilocycles per second);

(v) alternating current of radio frequencies (up to 30 megacycles per second).

(g) Principles of power generating and converting equipment used in telecommunication practice.

(2) Electrical Technology.

The treatment of this subject will be general rather than mathematical and particular reference should be made to use in radio installations.

(a) Direct Currents: Principles and operation of D.C. generators, motors and dynamotors (genemotors); commutation and commutation difficulties; necessity for earthing; insulation; transmission and distribution systems including traction services with particular reference to radio interference problems; primary and secondary batteries used in radio systems.

(b) Single Phase Currents: Generation of single phase alternating currents; power in AC circuits; alternating current circuits including behaviour of circuits containing R., L. and C. separately or in series and parallel combinations; single phase transformers including the pilot arc welder; single phase induction and commutator motors; transmission and distribution including high tension lines with particular reference to radio inductive interference problems; single phase rotary converters; luminous discharge lighting systems with reference to radio inductive interference causation, static rectifier principles, thermionic and metal types.

(c) Three Phase Currents: Principles of generation of polyphase currents; power in three phase balanced and unbalanced circuits; star and delta connexions, current and voltage relations; three phase transformers; three phase transmission and distribution systems including high tension transmission lines with particular reference to interference problems; three phase motors, induction, wound rotor and commutation types; three phase rotary converters; three phase static rectifiers, thermionic and metal types; three phase meters and measurements.

(3) Radio Technology.

(a) General Principles: Principles of electro magnetic wave propagation; ground wave, ionospheric and tropospheric propagation; polarization, field intensity computations; the radio spectrum; high frequency oscillations; capacitors and inductors at radio frequencies; reactance; impedance; tuned circuits; resonance; coupled oscillatory circuits; types of waves; progress of wireless telegraphy—spark; arc and continuous wave systems; wireless telephony and broadcasting, systems of modulation, production of side bands by modulation, principles of reception of radio signals.

(b) Vacuum Tubes: Thermionic emission, types of emitters, characteristics, filament, grid and anode circuits, amplification factor; plate resistance; mutual conductance; grid biasing methods; class A, B and C adjustments; magnetic shielding, inter-electrode capacities; neutralization of circuits; screened grid tubes; pentode tubes; amplifiers, tuned and untuned radio frequency amplifiers, resistance capacity coupled, choke capacity coupled and transformer coupled audio frequency amplifiers. RF and AF power amplifiers; cooling; tube losses. Oscillators—Hartley, Colpitts, Tuned Grid-tuned Plate, Meissner, Electron-coupled, grid anode and grid cathode connected quartz crystal oscillators; special types of oscillators for the higher frequencies, including the magnetron, klystron and microwave triode oscillators (e.g. "lighthouse" tubes).

(c) Transmitting Circuits: Oscillators and drive equipment; self excited transmitters, limitations, master oscillators, types of master oscillators, stability of operation at a given frequency, buffer amplifiers, separator amplifiers, frequency multiplication, final R.F. amplifiers; modulators and modulation; amplitude modulation; Heising or choke modulation, series modulation, grid modulation, suppressor modulation, balanced modulation, frequency and phase modulation; pulse modulation; television and facsimile; radar; suppression of harmonic radiation.

(d) Receiving Circuits: Aerial coupling circuits; sensitivity, selectivity and standard output power; receiver detectors including the H.F. crystal; R.F. amplifiers; A.F. amplifiers; power amplifiers; output coupling circuits; T.R.F., regenerative, super regenerative and superheterodyne receivers; single side band and suppressed carrier receivers;

crystal filters and band pass circuits; automatic gain and frequency control circuits; circuits for higher frequencies including frequency modulation, pulse modulation and television.

(e) Radiating Systems and Aerial Coupling: Half and quarter wave aerials and radiation patterns; ground effects; driven and parasitic arrays; long line aerials, Vee and rhombic aerials; transmission lines and feeders; methods of coupling transmission lines and feeders to aerials and to transmitters; suppression of harmonics.

(f) Broadcasting Services.—Frequency control; frequency checking and measuring; field intensity studies and service areas; contour maps; fading and distortion; selection of station sites; methods of monitoring; modulation performance; landline operating levels in db's and VUs; landline troubles and location of faults; power transfer efficiencies; outside amplifiers and pick ups; studio amplifiers, microphones and acoustics; other studio equipment; mixers and line pads; attenuators; shared channel broadcasts; synchronized broadcasts; short, medium and long wave broadcasting; duties of station engineers.

(4) Radio Equipment.

(a) Broadcast Station Equipment.—Installations used for broadcast purposes including frequency modulation, facsimile and television; frequency monitors; audio monitoring.

(b) Point to Point and Miscellaneous Services.—Installations utilized in coast stations, land stations, aeradio stations and other stations licensed for communication and other purposes within the Commonwealth.

(c) Mobile Service.—Installations on vehicles, ships, life-boats and aircraft including navigational aids; e.g. direction finders, automatic alarms, radio beacons, altimeters, radar and emergency equipment.

(d) Power Supply and Auxiliary Equipment: Power supply control equipment; prime movers; generators and emergency plant; rectifiers; valve cooling systems.

(e) Measuring and Test Equipment: Safety first principles observed in high tension DC low frequency and radio frequency circuits; measurement of output power by indirect methods; measurement of R.F. power including power in lines and aerials; measurement of impedance in R.F. and A.F. circuits; modulation measurements; fidelity, noise and distortion checks; measurement of frequency, field strength, and metre-amps; measurement of audio characteristics in db.

(5) Drawing and Design.

(a) Elementary principles of engineering drawing with particular reference to radio circuits and use of standard symbols.

(b) Ability to read all or any part of radio receiving or transmitting circuits, to produce a written description of such circuits or parts and to trace portion of any circuit; to apportion a radio circuit into block schematic form and to trace and label dangerous parts such as those carrying high voltage, D.C., A.C. and/or R.F.

(c) Ability to produce a neat circuit drawing from details supplied, layout, symbols and lettering to follow standard drawing practice.

(d) A general knowledge of principles underlying the design of radio equipment and installation in terms of suitability, weakness or merit of choice of circuits, components, radiating systems, feeders lines, earthing systems, station sites, safety of operation as applied to transmitters; circuit components, aerial and earth systems, and sites as applied to receivers. The ability to compare alternatives in terms of merits and demerits.

5. TEXT-BOOKS.—No text-books have been prescribed, but the Departmental (Postmaster-General's) Course of Technical Instruction is recommended for reference insofar as it relates to the subjects of examination. A booklet of the papers prepared for a past examination may be obtained from the Commonwealth Public Service Inspector, Sydney, Melbourne, Brisbane, Adelaide, Perth and Hobart.

6. EXEMPTIONS FROM EXAMINATION.—(a) A candidate will be exempt from re-examination in any subject in which he has passed at an examination for Radio Inspector held not more than five years previously.

(b) A candidate who has passed, not more than five years previously, in any subject on the syllabus notified in *Gazette*, No. 66, of 10th November, 1938, or *Gazette* No. 62 of 25th August, 1949, will be regarded as having passed in the same subject on the syllabus shown in this notification. A

pass in Radio Technology on the syllabus notified on 10th November, 1938 will be regarded as a pass in both Radio Technology and Radio Equipment. A pass in one or two sections only of the subject Natural Science on the previous syllabus will not entitle a candidate to any exemption.

(c) A candidate will be granted exemption from re-examination in Natural Science if he has passed in that subject at an examination for promotion or transfer as Engineer, Postmaster-General's Department, held not more than five years previously.

(d) A candidate who produced to the Public Service Board evidence that he has passed, not more than five years previously, at a recognized university or approved technical college in any subject shown in paragraph 7 or in any other subject which is deemed by the Board to be equivalent to one of the subjects of examination will be exempt from examination in the corresponding subject of examination.

7. LIST OF APPROVED SUBJECTS.—The following list is published as a guide to candidates. It is not exclusive and candidates may claim exemption from examination, under paragraph 6 in respect of university subjects or other technical college subjects passed within the preceding five years:—

Subject of Examination.	Equivalent subjects at Technical Schools.
Natural Science	Sydney— Diploma Mathematics I, II. and III. Diploma Physics I. and II. C. 1a-b: General Chemistry.
	Melbourne— Mathematics, Grades I, II. and III. Physics, Grades I. and II. Chemistry, Grade I.
	Brisbane— Engineering Mathematics, Grades I. and II. Physics, Grades I. and II. Chemistry, Grades I. and II.
	Adelaide— Mathematics I. and II. (Associate). Physics I. Radio Engineering I, II. and III. Preparatory Chemistry I. Strength of Materials. Electrical Engineering IIA.
	Perth— Mathematics, Grades I, II. and III. Physics, Grades I. and II. Chemistry, Grade I.
	Hobart— Mathematics, Grades I, II., III. and IV. Chemistry, Grade I. and Organic Chemistry. Electricity and Magnetism. Engineering Science, Grade I. Applied Mechanics.
Electrical Technology	Sydney— Electrical Engineering I. and II. Electronic Devices. Radio Materials. Electrical Engineering IX.
	Melbourne— Electrical Engineering I. and II.
	Brisbane— Electrical Engineering, Grade IV.
	Adelaide— Electrical Engineering IIA.
	Perth— Electrical Technology, Grades I. and II.
	Hobart— Electrical Engineering II. and III.

Radio Technology .. Sydney—

Electronic Devices.
Radio Engineering I.
Radio Engineering Laboratory I.
Mathematics IV. (Radio).
Radio Engineering II (A, B.
and C).
Radio Engineering Laboratory II.

Melbourne—

Radio Technology I., IIA., IIIA.,
IIIB.

Brisbane—

No equivalent.

Adelaide—

Radio Engineering I, II. and III.

Perth—

Radio Technology I. and II.
High Frequency Communication.

Hobart—

Radio Engineering, I. and II.

Drawing and Design .. Sydney—

Radio Engineering Design I. and
II.

Melbourne—

Special Radio Drawing.

Brisbane—

Engineering Drawing, Grades I.
and II.

Adelaide—

Radio Drawing.

Perth—

Electrical Drawing (Radio).

Hobart—

Engineering Drawing and Design
Grade I.

8. **ELIGIBILITY FOR TRANSFER OR PROMOTION.**—The eligibility of officers who qualify will be continued so as to endure for a period of five years from the date of publication in the *Commonwealth Gazette* of the results of the examination, and will then terminate, provided that a successful candidate under the age of 21 years will not be eligible for promotion or transfer to Radio Inspector until he attains that age. Should a qualified candidate in the course of his eligibility be engaged for a period of not less than three months continuously in the full-time performance of the duties of Radio Inspector in an acting capacity, and obtain a Certificate of Competency from the Chief Inspector (Wireless) in respect of that service in an acting capacity, eligibility will continue until the expiration of a period of five years commencing on the date of completion of such period of acting service as Radio Inspector.

9. The transfer or promotion of an officer who has qualified as herein provided will be effected in accordance with the provisions of section 50 of the *Commonwealth Public Service Act 1922-1948*.

W. E. DUNK, Chairman,
Public Service Board.

Examination No. 3743.

FOR APPOINTMENT AS TELEPHONIST (FEMALE), QUEENSLAND,
SOUTH AUSTRALIA AND WESTERN AUSTRALIA.

THE notification of the above examination, appearing in *Gazette*, No. 61, of 12th October, 1950, is hereby amended as follows:—

From list of Examination Centres—South Australia—delete "Wirrabara (1)".

W. E. DUNK, Chairman,
Public Service Board.

Examination No. 3746.

FOR APPOINTMENT AS PHONOGRAM OPERATOR—NEW SOUTH
WALES, VICTORIA, QUEENSLAND AND TASMANIA.

THE notification of the above examination, appearing in *Gazette*, No. 61, of 12th October, 1950, is hereby amended as follows:—

To list of examination centres—Queensland—add "Warwick (1)".

W. E. DUNK, Chairman,
Public Service Board.

Examination No. 3747.

FOR PROMOTION OR TRANSFER AS ENGINEER, THIRD DIVISION,
ENGINEERING BRANCH, POSTMASTER-GENERAL'S DEPART-
MENT, ALL STATES.

AN examination for promotion or transfer as Engineer will be held on Tuesday, Wednesday, Thursday, Friday and Saturday, 13th, 14th, 15th, 16th and 17th March, 1951, in the Capital City of and at such other centres in each State as may be determined.

OFFICERS ELIGIBLE TO ENTER.—Permanent officers (male) of the Commonwealth Public Service, other than Cadet Engineers, who were born not later than 13th September, 1930.

HOW TO MAKE APPLICATION.—Applications to attend the examination must be written on foolscap, and must contain the following particulars:—

- (a) Examination No. 3747.
- (b) Name in full.
- (c) Classified position.
- (d) Official address.*
- (e) Exemption claimed.†
- (f) Signature.
- (g) Date of application.

* If a candidate will be located away from his permanent office on the date of the examination, he should say so in his application, and also state, if possible, where he will be stationed. Should his official address be changed after his application has been forwarded, the Commonwealth Public Service Inspector in the State in which the candidate desires to sit for the examination should be immediately informed of the new address.

† Insert subject passed and the number of the examination at which pass was gained.

APPLICATIONS CLOSE.—Applications, which should be forwarded direct and not through Departments, must reach the Commonwealth Public Service Inspector in the State in which the candidate desires to sit for the examination not later than Wednesday, 24th January, 1951.

Applications received after 24th January, 1951, will be rejected unless the applicant has advised the Commonwealth Public Service Inspector concerned, by letter or telegram which reaches him not later than that date, that he is forwarding an application, and he has actually posted his application on or before that date.

The receipt of applications will not be formally acknowledged. A candidate who has not received advice regarding the examination arrangements ten (10) days prior to the commencement of the examination should at once communicate with the Commonwealth Public Service Inspector concerned, and furnish evidence of the posting of his application.

SUBJECTS OF EXAMINATION.**(1) Natural Science—**

- (a) Mathematics: Algebra, Geometry and trigonometry; vector algebra; expression of quantities in polar co-ordinates and in complex notation; differential and integral calculus up to the determination of maxima and minima and integrations of the simpler derivatives; introduction to the development of series; use of hyperbolic functions.

 - (iv) alternating current of line carrier frequencies (up to 150 kilocycles per second);
 - (v) alternating current of radio frequencies (up to 30 megacycles per second).
 - (g) Principles of power generating and converting equipment used in telecommunication practice.
- (2) *Transmission (Line and Radio)*—
General theory and measurements including—
- (a) General equations of electric wave propagation.
 - (b) Properties of infinite lines and finite lines.
 - (c) Reflection phenomena.
 - (d) Equivalent circuits, networks and equalizers.
 - (e) Impedance transformations.
 - (f) Theory of wave filters.
 - (g) Distortion and distortionless transmission, including the inductive loading of lines.
 - (h) Crosstalk—methods of mitigation other than by transposition design—with special reference to carrier working.
 - (i) Telegraph transmission, transients.
 - (j) Methods of making transmission measurements, including knowledge of the instruments used.
- Radio, including—
- (a) Propagation of electromagnetic waves.
 - (b) Aerials, transmitting and receiving, directional arrays and transmission lines.
 - (c) Aids to navigation of aircraft.
 - (d) Studio equipment, including microphones, amplifiers, switching facilities and associated equipment.
 - (e) Transmitters, including speech input and associated equipment.
 - (f) Receivers.
 - (g) Thermionic valves.
 - (h) Radio-frequency and audio-frequency amplifiers.
 - (i) Radio-frequency measurements.
 - (j) Power plants for studios and for transmitters.
 - (k) Principles of acoustics in so far as they apply to problems met with in the broadcasting system.
- Long line equipment, including—
- (a) Principles and methods of simultaneous telephone and telegraph transmission and superposition of carrier circuits.
 - (b) Amplifiers and telephone repeaters of the electron tube type, general theory and methods of their use; including their application to two-wire and four-wire lines.
 - (c) Signalling systems, including voice-frequency systems, &c.
 - (d) Carrier telephone systems—single and multi-channel.
 - (e) Carrier telegraph systems.
 - (f) Causes and mitigation of noise and interchannel modulation in carrier system components.
 - (g) Layout of long line equipment.
 - (h) Power plants for long line equipment.
- (3) *Line Construction*—
- (a) Methods of making telephone surveys and their application to the layout of a telephone exchange network. The application of circuit development studies to the design of trunk routes.
 - (b) Construction and maintenance practice in connexion with—
 - (i) Aerial lines.
 - (ii) Conduit.
 - (iii) Cable.
 for subscribers, junctions and trunk purposes.
 - (c) Preparation of estimates for the construction of telegraph and telephone plant outlined in (b).
 - (d) Practice in connexion with the application and installation of loading to underground cables.
 - (e) Economics of line plant including methods of comparing the capital costs and annual charges of alternative methods of providing service.
 - (f) Protection of telegraph and telephone lines against excessive energy (such as lightning and contacts with electric light and power circuits).
 - (g) Principles of inductive interference from telephone circuits, power circuits, D.C. and A.C. traction systems. Transposition design and the method of layout of transposition schemes.
 - (h) Principles and methods of capacity balancing trunk and junction cables.
 - (i) Corrosion of cables including methods of determining the cause and prevention of—
 - (i) Electrolysis.
 - (ii) Chemical corrosion.
 - (iii) Inter-crystalline fracture.
 - (j) Practice in connexion with submarine cable laying, testing and maintenance.
 - (k) A knowledge of the materials used in the construction of telegraph and telephone lines, including specification requirements.
- (4) *Telephone Equipment*—
- (a) Subscribers' equipment—
 - (i) Telephone instruments, individual line and intercommunication service.
 - (ii) P.B.X. switchboards and power supply thereto.
 - (iii) Wiring buildings.
 - (b) Manual switching systems—
 - (i) Magneto (indicator and lamp signalling) switchboards.
 - (ii) Common battery switchboards.
 - (iii) Trunk line switchboards—manual.
 - (iv) Facilities in manual exchanges to provide intercommunication to and from automatic exchanges.
 - (c) Methods of dialling and signalling, other than V.F.—line limitations associated therewith.
 - (d) Protective apparatus and appliances used in telegraph and telephone practice—including standard protective devices, acoustic shock devices, use of transformers, drainage coils, &c.
 - (e) Power plant for telephone exchanges—the application of accumulators, motors, generators, rectifiers, prime movers and automatic battery control equipment. Requirements of power plant installations for all types of exchanges.
 - (f) Automatic telephone switching systems—general principles of all systems in use in the Commonwealth. Functions of relays, uniselectors, group selectors and final selectors only. General trunking diagrams for main and branch exchanges.
 - (g) Trunk line and toll switchboards—automatic and semi-automatic systems and methods of handling trunk line traffic. Voice frequency signalling.
 - (h) Automatic switching systems—details of all step by step systems in use in the Commonwealth.
 - (i) R.A.X.'s, U.A.X.'s, P.A.B.X.'s—types in use in the Commonwealth and modern types described in the *Telecommunication Journal of Australia* or the *Post Office Electrical Engineer's Journal*.
 - (j) Planning and layout of equipment in new exchanges and extension of existing exchanges.
 - (k) Switch computations and traffic distribution—details of trunking in exchanges and over a network.
- (5) *Telegraph Equipment*—
- (a) Telegraph—
 - (i) Manual working, including general principles, apparatus and circuits of—
 - (a) Open and closed circuit working.
 - (b) Single and double current working.
 - (c) Telegraph apparatus—applications, electrical and mechanical features of.
 - (d) Simplex, duplex, diplex and quad duplex systems.

- (ii) Machine systems, including—
 - (a) Mechanical principles of the following systems—Wheatstone, Murray multiplex; teletype, teleprinter and similar start stop systems.
 - (b) Electrical features of and circuit applications of the above machine systems.
- (iii) Telegraph repeaters—manual, high-speed, and regenerative repeaters associated with the above manual and machine systems.
- (iv) Line aspects, including—
 - (a) The economic utilization of line plant.
 - (b) Speed of working of different types of systems and their application to different types of channels.
 - (c) Simultaneous telegraph and telephone transmission, telegraph current and voltage limitations, crossfire and its elimination, &c.
- (v) Power plant, for telegraph work—the application of accumulators for use with prime movers, motors, generators, rectifiers, and mains operated equipment, telegraph equipment at main telegraph offices and country stations.
- (vi) Layout of operating and equipment rooms including—
 - (a) General layouts.
 - (b) Wiring methods and table instrument locations.
 - (c) Conveyor systems and pneumatic tubes.
- (vii) Telegraph testing facilities—lines and equipment.
- (viii) Principles only of picture transmission.
- (b) Workshops and general works, including—
 - (i) Workshops—
 - (a) layout of departmental manufacturing and repair shops, motor vehicles repair shops.
 - (b) Methods of manufacture, including production line assembly, power distribution.
 - (c) Comparison of different methods of preparing and finishing articles for different uses—indoor or outdoor, &c.
 - (d) Economic management of workshops.
 - (ii) General works—
 - (a) Principles of lighting, heating, ventilating, air conditioning and refrigeration.
 - (b) Drawing office—principles only of reproduction processes. Plant and circuit records.
 - (c) Internal combustion engines.
 - (d) General items dealt with by the Light and Power and General Works Sections—e.g., lifts, testing of material, stamp-selling machines, &c.

NOTE.—Questions set under the above headings will relate to Australian practice as far as practicable.

All candidates will undergo examination in subjects (1) to (5) inclusive.

PASS CONDITIONS.—The pass standard is 60 per cent. in Natural Science, and 50 per cent. in each of the other four subjects.

TEXT BOOKS.—No text books have been prescribed, but the Departmental (Postmaster-General's) Course of Technical Instruction is recommended for reference insofar as it relates to the subjects of examination. A booklet containing papers set at a previous examination for promotion or transfer as Engineer will be supplied free on request to candidates who forward a stamped addressed envelope to the Commonwealth Public Service Inspectors in the State capitals.

EXAMINATION EXEMPTION.—An officer who passed in any subject at Examination No. 2643, No. 2721, No. 2817, No. 2906 or No. 3407 for promotion or transfer as Engineer, will be exempted from re-examination in that subject. Currency of

individual passes obtained at Examination No. 3747 will terminate five years from the date of publication of the results in the *Commonwealth Gazette*. An officer who has passed in a corresponding subject in an examination for Cadet Engineers will be exempted from re-examination in that subject for a period of three years commencing on the date of the publication in the *Gazette* of the result of the examination concerned.

SALARIES.—The following are the current rates of salary payable, but the amounts are subject to variation in accordance with the rise or fall of the index numbers of the cost of living:—Minimum £517, maximum £742, the latter being attained subject to satisfactory conduct, diligence and efficiency.

Upon promotion a successful candidate will be paid not less than the minimum salary above mentioned, but the rate of salary of an officer in receipt of a salary exceeding the minimum will then be determined.

PROMOTION OR TRANSFER.—Successful candidates may be promoted to vacancies in any State. In filling vacancies for Engineer, officers will be selected in pursuance of section 50 of the Public Service Act from those who have passed the prescribed examination.

Ability in telegraph operating will be considered as a desirable qualification for a position of Engineer in the Telegraph Equipment section.

ELIGIBILITY.—Eligibility will be continued so as to endure for a total period of five years from the date of publication in the *Gazette* of the results of the examination, and will then terminate. Should a qualified candidate in the course of his eligibility be engaged for a period of not less than three months continuously in the full time performance of the duties of Engineer in an acting capacity and obtain a certificate of competency from a Divisional Engineer in respect of that service in an acting capacity, eligibility will be continued until the expiration of a period of five years commencing on the date of completion of such period of acting service as Engineer.

A successful candidate who is under the age of 21 years will not be considered for promotion or transfer to an office of Engineer until he attains the age of 21 years.

W. E. DUNK, Chairman,
Public Service Board.

Examination No. 3748.

FOR PROMOTION OR TRANSFER AS RADIO INSPECTOR, THIRD DIVISION, POSTMASTER-GENERAL'S DEPARTMENT, ALL STATES.

AN examination as above, in accordance with the conditions published in *Gazette* of 19th October, 1950, will be held on 19th and 26th March and 2nd April, 1951.

EXAMINATION CENTRES.—Canberra, the capital cities of the States, and such centres as may be determined.

OFFICERS ELIGIBLE TO ENTER.—Officers (males) of the permanent staff of the Commonwealth Public Service who hold a first-class Commercial Operator's Certificate of Proficiency issued under the Wireless Telegraphy Regulations, and who were born not later than 19th October, 1930.

HOW TO MAKE APPLICATION.—An application to attend the examination should be in an officer's own handwriting, on foolscap, and should contain the following particulars:—

- (a) Examination No. 3748.
- (b) Name in full (*surname in block letters*).
- (c) Designation.
- (d) Official address.
- * (e) Exemptions claimed.
- (f) Signature.
- (g) Date of application.

APPLICATIONS CLOSE.—Applications must reach the Commonwealth Public Service Inspector of the State in which the applicant desires to sit for the examination before or on Wednesday, 31st January, 1951.

Applications received after Wednesday, 31st January, 1951, will be rejected unless the applicant has advised the Commonwealth Public Service Inspector of the State concerned by letter or telegram which reaches him not later than that date, that he is forwarding an application, and he has actually posted his application prior to or on that date.

The receipt of applications to attend the examination will not be formally acknowledged. Any candidate who has not received advice of the examination arrangements at least ten days before the date of examination should communicate at once with the Commonwealth Public Service Inspector of the State concerned, and furnish evidence of the date, time and place of posting of his application.

CHANGE OF ADDRESS.—If a candidate is transferred either temporarily or permanently to another station after he lodges his application, he should immediately advise the Commonwealth Public Service Inspector of the State concerned of his new address.

SUBJECTS OF EXAMINATION AND TEXT-BOOKS.—As shown in the conditions published in the *Gazette* of 19th October, 1950.

PASS CONDITIONS.—The pass standard is 60 per cent. in Natural Science and 50 per cent. in each of the other subjects.

EXEMPTIONS FROM EXAMINATION.—A candidate who passed in a subject or subjects at Examinations Nos. 2636, 2712, 2816 or 3301 will be exempt from re-examination therein at this examination and if he passed in Radio Technology will also be exempt from examination in Radio Equipment.

A pass in one or two sections only of the subject Natural Science in those examinations will not entitle a candidate to any exemption.

A candidate who passed in Natural Science at Examination No. 2643, 2721, 2817, 2906 or 3407 will be exempt from re-examination therein at this examination.

A candidate who has within the last five years, passed, at a recognized university or approved technical school, in a subject shown in paragraph 7 of the Conditions of examination published in the *Gazette* of 19th October, 1950, or in any other subject deemed by the Board to be equivalent to one of the subjects of examination, will be exempt from examination in the corresponding subjects of this examination.

SALARIES.—The following are the current rates of salary, but the amounts are subject to variation in accordance with the rise or fall of the index numbers of the costs of living:—Minimum (£517), maximum (£742), the latter being attained subject to satisfactory conduct, diligence and efficiency.

ELIGIBILITY FOR TRANSFER OR PROMOTION.—The eligibility of officers who qualify will be continued so as to endure for a period of five years from the date of publication in the *Commonwealth Gazette* of the results of the examination, and will then terminate, provided that a successful candidate under the age of 21 years will not be eligible for promotion or transfer to Radio Inspector until he attains that age. Should a qualified candidate in the course of his eligibility be engaged for a period of not less than three months continuously in the full-time performance of the duties of Radio Inspector in an acting capacity, and obtain a Certificate of Competency from the Chief Inspector (Wireless) in respect of that service in an acting capacity, eligibility will continue until the expiration of a period of five years commencing on the date of completion of such period of acting service as Radio Inspector.

NOTIFICATION OF VACANCIES.

APPLICATIONS are invited from permanent officers of the Commonwealth Public Service for promotion or transfer to the positions named in the appended schedule. Where so indicated, applications will also be received from persons not on the permanent staff of the Commonwealth Service.

Applicants should state fully their qualifications for the position sought, and must, to ensure consideration, forward their applications to the officer indicated in the last column in time to reach him not later than the appointed date.

Applications submitted by telegram prior to the closing date will be accepted, but these should be followed up immediately by full written application.

Where an applicant desires to be considered for two or more vacancies a separate application should be forwarded in respect of each position sought except where the positions applied for are of similar classification and in the same Branch of the Department, e.g., positions of Postmaster, Lines Staff positions, &c., when one application covering such positions will be accepted.

In the case of applicants who are permanent officers of the Public Service of the Commonwealth or of a State, the following particulars should be set out at the foot of the application:—

- Full name (block letters)
- Designation
- Standard salary scale
- Office or Branch
- Date and place of birth
- Length of service
- Salary (per annum)
- Date granted last increment

Other applicants should state full names, date, year and place of birth, and whether they are natural-born or naturalized British subjects. Returned soldiers should give particulars of war service. Copies only of diplomas, references, testimonials, or certificates should be forwarded. If the originals are required they will be asked for.

The range of salary indicates the classified value of a position, but appointments may be made at any salary within such range. The rate shown in the advertisement hereunder may be varied by cost of living adjustment or by regulation or awards.

Successful applicants must comply with the provisions of the Superannuation Act.

At offices where quarters are shown, a deduction at the rate of 10 per cent. of the minimum salary of the position will be made unless otherwise stated. Particulars of existing quarters are furnished merely for the information of officers. It is not incumbent on Departments to provide quarters, which, if provided, may be wholly or partially withdrawn at any time.

Officers of the Commonwealth Public Service, who may be transferred without promotion, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation No. 119.

Fares to locality of appointment of appointees who are not permanent officers of the Commonwealth Public Service will not be paid by the Commonwealth unless such fares (including, if the applicant is married, those of his wife and family) exceed £3, when such allowance as the circumstances justify may be granted.

Position, Standard Salary Scale and Division.	Locality.	Present Actual Salary (inclusive of Cost of Living, &c.).	Applications Close.	Forward Applications to.
