EXAMINATIONS.

The rates of salary quoted in the notifications below do not include the variations prescribed in Regulation 106A of the Public Service Regulations.

GENERAL CONDITIONS OF APPOINTMENT EXAMINATIONS.

The Public Service Board hereby notifies, under Section 34 of the Public Service Act 1922-1955, that the following general conditions shall apply to the examinations for appointment to the Public Service of the Commonwealth notified hereunder.

How to Make Application.—Applications must be made on printed forms which are obtainable from, and should be lodged with, the Commonwealth Public Service Inspector—

Sydney—Phillip House, Phillip-street;
Melbourne—8 Elizabeth-street;
Brisbane—Commonwealth Offices, Adelaide-street;
Adelaide—Bank of New South Wales Building, King William-street;
Perth—Corner Murray-street and Forrest-place;
Hobart—Customs House;
Canberra—Barton Offices.

Applications for some examinations are received by Directors, Posts and Telegraphs, and Postmasters, from whom forms are obtainable. See under individual examinations.

Applications received after the date applications close will be rejected unless the applicant has advised the Commonwealth Public Service Inspector by letter or telegram which reaches him not later than that date that an application has been forwarded before or on that date.

Applications will not be formally acknowledged. Advice of the examination arrangements issued to candidates will serve this purpose. If a candidate has not received this advice at latest five days before the date of the examination he should immediately notify the person to whom he sent his application.

Applicants must be permanently residing in Australia or eligible for entry to Australia for permanent residence.

Non-attendance at Examination.—Candidates who for any reason are prevented from attending the examination must advise this at the earliest possible date before the examination.

Change of Address.—Any change of address must be notified immediately.

Subjects of Examination.—Unless otherwise specified in the notification of a particular examination, the subjects and syllabuses of examination will be—

- (a) Spelling.—To be judged from the candidate's transcription of misspelled and/or incomplete but readily recognizable words and/or from dictation. (Maximum marks 180, pass marks 108.)
- (b) Arithmetic.—First four "rules"—that is Addition, Subtraction, Multiplication, Division, including (a) British standard weights, measures, and moneys, (b) Prime Numbers, Factors, Highest Common Factor, Least Common Multiple, (c) Vulgar and Decimal Fractions (excluding recurring and circulating decimals), (d) Simple Proportion (Unitary Method) and Proportionate Division, (e) Simple Problems on Rates, Taxes and Bankruptcy. These topics are adequately treated in any elementary text book used in Australian secondary schools. (Maximum marks 180, pass marks 105.)

To pass the examination, a candidate must pass in each of the subjects of Spelling and Arithmetic.

If two or more candidates secure the same total of marks, their order of merit respectively will be determined by marks obtained in (a) Spelling, and where those marks also are equal, (b) by lot, with the exception that, if two or more successful candidates obtain identical marks in Spelling and Arithmetic and one of those candidates is employed in a temporary or exempt capacity in the position to which permanent appointment is sought at the examination centre, preference will be given to such a person. Should there be two or more candidates with identical marks who are so employed, preference will be given to the person with the longest period of current employment.

Text-books.—No text-books are prescribed, but papers set at a previous examination will be supplied free on request by the Commonwealth Public Service Inspector.

Exclusion of Candidates from Examinations.—The Board may determine that a person shall not be allowed to sit for an examination if it is satisfied, after consideration of the available evidence, that a person is not a fit and proper person for appointment to the Public Service of the Commonwealth.

Results of Examinations.—The results of examinations showing the order in which successful candidates are eligible for appointment shall be published in the "Commonwealth Gazette".

Marks.—The marks allotted by the examiners for each subject or part of a subject shall be final.

Reports on Examination Papers.—A candidate may at any time within three months of the date of publication in the "Gazette" of the results of an examination, upon payment to the Commonwealth Public Service Inspector with whom he lodged his application of the sum of seven shillings and sixpence for each subject upon which a report is desired, obtain reports upon his examination papers showing the detailed allotment of marks in respect of each subject and a statement as to the merits and defects of his paper in respect of the subject(s) upon which he asked for a report.

Appointment Subject to Conditions.—Upon appointment a successful candidate must produce evidence of date of birth and undergo a medical examination as required by the Board. Successful candidates should not undergo the medical examination until instructed to do so. The Board will be required to be satisfied from the report of the examination as to the candidates health and physical fitness for appointment to the particular office. Upon the confirmation of appointment, an officer will also be required to become a contributor under the Commonwealth Superannuation Act.

Qualified candidates who on appointment are already temporarily employed, or who take up duty within twenty-eight days of the date of issue by the Chief Officer of notification of appointment and request to report for duty, will be regarded for seniority purposes as having entered the Commonwealth Service on the date of the Public Service Inspector's appointment certificate.

Successful candidates should note that the National Service Act 1951 precludes the employment for more than seven days of persons liable to register under the Act and who have failed to register.

Successful candidates who, at the date of application, were not British subjects, must, on request, produce evidence of their British naturalization in the form of a certificate or in such other form as the Board may determine.

Refusal by the Board to Appoint Successful Candidates.—The Board may, upon sufficient evidence of an adverse nature respecting the conduct, character or ability of a successful candidate or upon sufficient evidence that a successful candidate has knowingly made a false statement in respect of his application to sit for an examination for appointment, direct that that successful candidate shall not receive appointment.

Refusal of Appointment.—If a successful candidate declines to accept an appointment, or fails to reply within seven days to a communication from the Board, the Public Service Inspector, the Director of Posts and Telegraphs, or a Department, respecting nomination to the Public Service, the candidate's name may be removed from the "Register of Persons Qualified for Appointment".

Technical Telegraphy Manual, which is used for instructional purposes in the Postal Training Schools.

Telegraph Instructions—Parts I. and IV.

Commonwealth Post Office Guide.

Postmasters' Instructions—Telegraph Section.

(b) Instruction in the subject-matter of the examination prescribed for this Part may be obtained in Postal Institute classes where established. Inquiries concerning classes, conditions of examination and advancement, &c., may be directed to the Assistant Superintendent (Education and Welfare), Personnel Branch, G.P.O., in the capital city of the State in which the officer is located.

General Conditions.

(a) Telegrams selected for manipulative tests shall be typical in every respect of those dealt with under actual working conditions, and the texts of approximately 5 per cent. of the telegrams shall contain secret language groups. In computing the wordage content of each telegram selected, due allowance will be made for the preamble and in the case of items (i), (ii) and (iii) for the prescribed miscellaneous operations associated with traffic dispersal.

(b) The practical portion of the combined oral and practical test prescribed for this Part will in the case of a Telegraphist be confined to the equipment installed in the office where the Telegraphist is located. His theoretical knowledge of apparatus specified in the Conditions will be tested orally. In applying the oral portion of the combined oral and practical test, due regard will be given to the Telegraphist's unfamiliarity with the practical working of such equipment.

(c) The written examination and the combined oral and practical test of Section (b) will be divided into three sub-sections, viz:—

(i) Technical Telegraphy (written);

(ii) Traffic Telegraphy (written);

(iii) Combined Oral and Practical Test.

(d) One hundred marks will be allotted to—

(i) each item of the manipulative telegraphy tests in Section (A) except item (iii);

(ii) a paper in a written examination; and

(iii) the combined oral and practical test; of which 60 or more marks shall represent a pass in each case. In the case of item (iii) of Section (A) a candidate must gain at least 60 marks of a maximum of 100 in each half-hourly test in order to secure a pass in that item. Deductions of marks will be made in Section (A) for any uncompleted portion of the test, corrected and uncorrected errors, operating faults and traffic irregularities.

(e) Where, owing to the remote location of an officer it is found impracticable to carry out locally the oral or practical test as prescribed herein, the Board may substitute for the test such other evidence as it thinks suitable to determine the possession of the required qualifications.

(f) The examination of a Telegraphist at an office without the necessary equipment for the conduct of the whole of the manipulative and/or practical tests held under this Part will be limited to tests on the apparatus which is available. Upon installation at such office of any additional equipment mentioned in the syllabus, or upon transfer to an office where such apparatus is installed, the Telegraphist will be required within a period of six months to attain proficiency therein to the standard prescribed. Any increment accruing after such installation or transfer will be held over until the Superintendent of Telegraphs certifies that the required proficiency has been attained. If proficiency is attained within the period of six months, the increment from the due date will be paid subject to the prescribed conditions governing increments. A Telegraphist failing to attain proficiency within the period of six months will be transferred to a position where his limited qualifications may be suitably utilized.

Advancement—

(a) A Telegraphist, Third Division, who qualifies shall be eligible for advancement beyond the salary of £918 per annum and shall receive, if an adult, a salary increase of £30 per annum which shall not affect the date of his eligibility for his next increment; or, if he is under 21 years of age, a special allowance at the rate of £30 per annum until he attains 21 years of age, when he shall be eligible for a salary of £768 per annum. The salary increase or allowance will be payable from the first day of July in the year in which he passed the examination.

(b) Officers of the Third Division, other than Telegraphists, who qualify in the examination prescribed for this Part will be eligible for transfer or promotion, as the case may be, in accordance with the provisions of section 50 of the Public Service Act 1922-1955.

Exemptions.—The following exemptions from the examination will be allowed:—

(a) A Telegraphist, Fourth Division, who has completed his qualification in both sections of the examination prescribed for this Part by not more than three consecutive annual examinations, or who if prevented by illness, or other cause satisfying the Board, from attending the third annual examination has been exempted from re-examination thereat and has completed his qualifications at the next succeeding annual examination, will not be required again to undergo examination for this Part while employed as Telegraphist.

(b) A Telegraphist, Third or Fourth Division, who has passed in one or more of the sub-sections specified in subparagraph (c) of the General Conditions of this Part or of Part III. of the Conditions published in "Commonwealth Gazette", No. 39, of 19th July, 1956, will be exempt from re-examination in such sub-section or sub-sections at the next two succeeding annual examinations. If prevented by illness, or other cause satisfying the Board, from attending the second of those two annual examinations to complete his qualifications the Board may further exempt him from re-examination in such sub-section or sub-sections at the next following annual examination.

(c) An officer, other than a Telegraphist, who has passed in one or more of the sub-sections specified in subparagraph (c) of the general conditions of this Part or of Part III. of the Conditions published in "Commonwealth Gazette", No. 39, of 19th July, 1956, will be exempt from re-examination in such sub-section or sub-sections at the next two succeeding annual examinations.

(d) A candidate will be exempt from examination in any item of manipulative telegraphy specified in Section (A) of the examination prescribed for this Part provided the Superintendent, Telegraphs, in the light of his personal knowledge and from other sources of information at his disposal, certifies that the candidate is capable of performing duties in accordance with the standard prescribed for the relative item.

Eligibility.—The eligibility for transfer or promotion as Telegraphist of an officer who has qualified in accordance with this Part will endure—

(a) in the case of an officer who has passed in all sections at one examination, for a period of three years from the date of gazettal of the examination results;

(b) in the case of an officer who has obtained his qualification by more than one examination, for a period of three years from the date of gazettal of the results of the earliest of those examinations;

(c) in the case of an officer who during the currency of his eligibility for such an office has performed for not less than three weeks continuously as a temporary occupant of the office the duties of Telegraphist, for a period of three years from the date on which the officer ceased to act in such office;

(d) in the case of an officer who is transferred or promoted from an office of Telegraphist, Third or Fourth Division, to an office not requiring such qualifications, for a period of three years from the date on which duties as Telegraphist were last performed;

(e) in the case of an officer specified in the paragraph below who is transferred or promoted to an office not requiring the performance of telegraphic functions, for a period of three years from the date on which duties as Principal, Senior Instructor or Instructor, Postal Training School, or Senior Postal Clerk, were last performed:

Provided that in the case of an officer who was prevented by illness, or other cause satisfying the Board, from attending an examination to preserve the continuity of his eligibility for transfer or promotion in accordance with this Part, the Board may extend the period of his eligibility until the completion of the next succeeding annual examination.

The following officers will be eligible, without examination for transfer or promotion as Telegraphist in accordance with this Part—

Payment will be subject to the approval of the Board, and may be disallowed if the results of the examination do not warrant refund, or if the position of Telegraphist is not in the regular line of the officer's advancement.

Marks.—The marks allotted by the examiners for each subject or part of a subject shall be final.

Results.—The results of this examination will be published in the "Commonwealth Gazette".
