8th January, 1959.

Defence Act 1903-1953.

AUTHORITY UNDER SECTION 69.

IT is notified for general information that Her Majesty The Queen has granted permission for the acceptance and restricted wearing of the following Award by the undermentioned with effect from 17th August, 1958.

CONFERRED BY THE PRESIDENT OF THE REPUBLIC OF FRANCE

Chevalier de L'Ordre du Merite Commercial.

L. Pound, Esquire

WHEREAS by sub-section (1) of section sixty-nine of the Defence Act 1903-1953 it is enacted that the Governor-General may give a general or particular authority to the Defence Force, or any part thereof, to enter upon and survey any lands or use them for training, manoeuvres, or other naval, military or air-force exercises or purposes and that compensation shall be made, in the manner prescribed, for any damage or loss sustained by the owner or occupier of the lands, by reason of such entry survey or use:

And whereas regulation 816 of the Australian Military Regulation prescribed the manner in which compensation shall be made for any damage or loss sustained by the owner or occupier of lands by reason of any entry survey or use of the lands under an authority and provides, by sub-regulation (1) of that regulation, that all claims for compensation shall be submitted to the officer indicated for that purpose in the authority within seventy-two hours of the occurrence of the damage or loss:

Now therefore I, Sir William Joseph Slim, the Governor-General in and over the Commonwealth of Australia, acting with advice of the Federal Executive Council, hereby authorize such members of the Military Forces as are directed in writing by the officer for the time being holding the office or performing the duties of the Commander of the Command in which are situated the lands described in the Schedule to this Authority, to enter upon the said lands and use them for training, manoeuvres or other military exercises or purposes for the period specified in the said Schedule, and hereby designate the Commander of the Command concerned as the officer to whom all claims for compensation for any damage or loss by reason of that entry and use shall be submitted.

COMMONWEALTH PUBLIC SERVICE.

PROMOTIONS—SECTION 50 AND REGULATION 109.

THE following promotions are provisional and subject to appeal by officers to the Public Service Board, and, where consequent upon another provisional promotion, shall be dependent upon the latter being confirmed. Appeals should be lodged, either by letter or telegram, within twenty-one days of the date of this notification, as follows:—

- (a) if the promotion is to be made in a State, with the Commonwealth Public Service Inspector in the capital city of that State;
- (b) if the promotion is to be made in the Australian Capital Territory, with the Public Service Inspector in Canberra, unless the promotion is to be made to a vacancy in the Postmaster-General's Department, in which case the officer shall lodge his appeal with the Commonwealth Public Service Inspector, Sydney;
- (c) if the promotion is to be made in the Northern Territory—
 - (i) with the Commonwealth Public Service Inspector, Brisbane, in the case of a promotion to a vacancy in the Department of Customs and Excise;
 - (ii) with the Commonwealth Public Service Inspector, Adelaide, in the case of a promotion to a vacancy in the Department of Civil Aviation or the Postmaster-General's Department;

- (f) if the promotion is to be made in the Territory of Cocos (Keeling) Islands, with the Commonwealth Public Service Inspector, Perth;
- (g) if the promotion is to be made in a place outside the Commonwealth (and not being a place specified above), with the Public Service Inspector, Canberra.

An appellant shall forward his appeal direct to the Public Service Inspector and the following particulars in respect of his permanent position should be set out at the foot of the appeal:—

Full name (block letters).....
 Age (in years).....
 Designation
 Salary Scale.....
 Office or Branch.....
 Department

Appeals not lodged with the appropriate Commonwealth Public Service Inspector within the prescribed period will not be accepted.

Under Section 50 (7A) of the Public Service Act, the Board may regard an appeal as having been made against a provisional promotion notified hereunder by an officer who, at any time within the time prescribed for lodging an appeal, is absent on leave for war service, or is absent from Australia on official duty.

Where an officer desires to appeal against two or more provisional promotions a separate appeal should be lodged in respect of each.

The grounds of appeal must be as prescribed in Section 50 of the Public Service Act, viz.:—

- (1) Where a promotion is to be made to a position prescribed in Regulation 109G, viz.:—Assistant, Grade 1; Assistant, Grade 2; Assistant Storeman; Clerical Assistant, Grade 1; Hospital Assistant (Female), Grade 1; Hospital Assistant (Female), Grade 2; Labourer, Grade 1; Labourer, Grade 2; Lift Attendant; Line Foreman, Grade 1; Lineman, Grade 2; Mail Officer; Monitor; Monitor (Female); Orderly, Grade 1; Phonogram Monitor (Female); Postal Assistant; Postal Assistant (Mail); Postal Clerk in the Fourth Division; Postal Officer; Preventive Officer, Grade 1; Quarantine Assistant, Grade 1; Senior Postal Clerk, Grade 1; Storeman; Storeman, Grade 1; Storeman, Grade 2; Telegraphist in the Fourth Division—that the appellant is senior to the officer provisionally promoted and is efficient.
- (2) In other cases—
 - (a) Superior efficiency; or
 - (b) equal efficiency combined with seniority.

EXAMINATIONS.

POSTMASTER-GENERAL'S DEPARTMENT.

CONDITIONS OF EXAMINATIONS TO ENABLE MAIL OFFICERS TO QUALIFY FOR ADVANCEMENT BEYOND SALARIES OF £758 (S.) AND £798 (S.) PER ANNUM, AND OTHER OFFICERS AS SPECIFIED TO QUALIFY FOR PROMOTION OR TRANSFER AS MAIL OFFICER WITH SALARY EXCEEDING £758 (S.) or £798 (S.) PER ANNUM.

THE above conditions, which appeared in Gazette, No 57 of 4th October, 1956, are hereby amended as follows:—

Delete 4. **Advancement**, and insert in its stead—

4. **Advancement.**—Advancement of successful candidates will not take effect earlier than the first day of the month fixed for the holding of the Examination, i.e. 1st February, 1st May, 1st August or 1st November of each year whichever is applicable. Upon passing the first Barrier Test salary increases as under will be payable—

Mail Officer under 21 years of age.—Allowance at the rate of £40 per annum with advancement, on attaining 21 years of age, to an amount equal to two increments above the minimum rate payable to an officer who has attained that age and who has not passed this test.

Adult Mail Officer—

(i) If in receipt of salary of £668, £692 or £718 per annum, accelerated advancement to the extent of two increments above his present salary as from 1st day of the month in which the test was successfully completed with eligibility to advance to next increment twelve months after the date of receipt of existing salary, subject to the prescribed conditions governing incremental advancement.

(Example.—Mail Officer in receipt of salary of £692 per annum from 1st September, 1958, passes the first test in November, 1958. He would be entitled to £738 per annum as from 1st November, 1958, and eligible for advancement to £758 from 1st September, 1959.)

(ii) If in receipt of salary if £738 or £758 per annum, accelerated advancement to £778 per annum from the first day of the month in which the test is successfully completed, with eligibility to advance to £798 per annum twelve months thereafter, subject to the prescribed conditions.

(Example.—Mail Officer in receipt of either £738 or £758 per annum from 1st September, 1958, passes the first test in November, 1958. He would be entitled to £778 per annum as from 1st November, 1958, with eligibility to advance to £798 per annum twelve months thereafter, subject to the prescribed conditions.)

The accelerated advancement of Postal Assistants (Mail) and Postal Officers will not take effect until transfer to the position of Mail Officer is effected.

A Postal Officer employed in the City Section at the chief offices in Sydney, Melbourne, Brisbane, Adelaide and Perth, who passes the test for the City Section, and who, in conjunction with his delivery duties as Postal Officer, is employed in sorting for private box divisions and Postal Officer (Delivery) groups will, however, be eligible for payment of allowance to raise his remuneration to such amount as he would receive if transferred to a position of Mail Officer.

POSTMASTER-GENERAL'S DEPARTMENT.

CONDITIONS GOVERNING TRANSFER OR PROMOTION TO OFFICES OF POSTAL ASSISTANT (MAIL), SENIOR POSTAL ASSISTANT (MAIL), GRADE 1 AND 2, AND POSTAL ASSISTANT IN MAIL ROOMS AT POST OFFICES, AND ADVANCEMENT IN POSITIONS OF POSTAL ASSISTANT (MAIL).

THE above conditions, which appeared in Gazette No. 57 of 4th October, 1956, are hereby amended as follows:—

Part II.—For advancement beyond salary £758 (S) per annum as Postal Assistant (Mail) and to enable other specified officers to qualify for advancement beyond salary of £758(S) per annum upon transfer or promotion as Postal Assistant (Mail).

Delete 5. Advancement, and insert in its stead:—

5. **Advancement:** (a) Advancement of successful candidates will not take effect earlier than the first day of the month fixed for the holding of the Examination i.e. 1st February, 1st May, 1st August or 1st November of each year whichever is applicable. Upon passing the first Barrier Test salary increases as under will be payable:—

Postal Assistant (Mail) under 21 years of age—allowance at the rate of £40 per annum with advancement, on attaining 21 years of age, to an amount equal to two increments above the minimum rate payable to an officer who has attained that age and who has not passed this test.

Adult Postal Assistant (Mail):

(i) If in receipt of salary of £668, £692 or £718 per annum, accelerated advancement to the extent of two increments above his present salary as from 1st day of the month in which the test was successfully completed with eligibility to advance to next increment twelve months after the date of receipt of existing salary, subject to the prescribed conditions governing incremental advancement.

(Example-Postal Assistant (Mail) in receipt of salary of £692 per annum from 1st September, 1958, passes the first test in November, 1958. He would be entitled to £738 per annum as from 1st November, 1958, and eligible for advancement to £758 from 1st September, 1959).

(ii) If in receipt of salary of £738 or £758 per annum, accelerated advancement to £778 per annum from the first day of the month in which the test is successfully completed, with eligibility to advance to £798 per annum twelve months thereafter, subject to the prescribed conditions.

(Example-Postal Assistant (Mail) in receipt of either £738 or £758 per annum from 1st September, 1958, passes the first test in November, 1958. He would be entitled to £778 per annum as from 1st November, 1958, with eligibility to advance to £798 per annum twelve months thereafter, subject to the prescribed conditions).

(b) An officer who is not designated Postal Assistant (Mail) and who passes the test prescribed in this Part will be eligible for salary advancement in accordance with sub-paragraph (a) on transfer or promotion as Postal Assistant (Mail).

Officers who are successful at an examination under these conditions will gain partial qualification for promotion or transfer as Senior Technician (Telecommunications) in the section concerned. To complete the qualification officers must pass or have passed an examination in the same section to enable Technicians (Telecommunications) to qualify for advancement beyond £858 and £888 per annum.

Officers who satisfy or have satisfied the conditions for promotion or transfer as Senior Technician (Telecommunications) in any one section will be required to pass the written examination only in any other section to become eligible for transfer to that other section.

4. Exemption Provisions.—

Paper No. 1.—Officers who passed in Telecommunication Principles (or Electrical Theory and Practice, prior to 1957) at any of the last three examinations of this type may claim exemption from re-examination in Telecommunication Principles.

(1.) Telephone.

Paper No. 2.—Officers who, at any of the last three examinations, either passed in—

(i) Telephony and Long Line Equipment.

or

(ii) its equivalent prior to 1957, i.e., Telephony I and II, by gaining 120 marks or more at these subjects combined, may claim exemption from re-examination in Telephony and Long Line Equipment.

(Note.—Exemption will not be granted in respect of a pass in either Telephony I. or Telephony II. only, at a previous examination.)

(2.) Telegraph.

Paper No. 2.—Officers who, at any of the last three examinations, passed in:—

(i) Telegraphy,

or

(ii) prior to 1957 gained 120 marks or more for the written and oral sections combined, may claim exemption from re-examination in Telegraphy.

(Note.—Exemption will not be granted in respect of a pass in either the written section or the oral section only at a previous examination.)

(3.) Radio.—

Paper No. 2.—Officers who, at any of the last three examinations, passed in:—

(i) Radio,

or

(ii) its equivalent prior to 1957, i.e., Radio I. and II., by gaining 120 marks or more at these subjects combined, may claim exemption from re-examination in Radio.

(Note.—Exemption will not be granted in respect of a pass in either Radio I. or Radio II. only, at a previous examination.)

(4.) Research.—

Paper No. 2.—Officers who, at any of the last three examinations, passed in:—

- (i) Telecommunications Practice and Measurements, or
- (ii) its equivalent prior to 1957, i.e., Telecommunications and Laboratory Practice, by gaining 120 marks or more at these subjects combined,

may claim exemption from re-examination in Telecommunications Practice and Measurements.

(Note.—Exemption will not be granted in respect of a pass in either Telecommunications or Laboratory Practice only, at a previous examination.)

5. Period of Eligibility.—Successful candidates who have also passed an examination in the same section to enable Technicians (Telecommunications) to qualify for advancement beyond £858 and £888 per annum will remain eligible until such time as they are promoted or transferred as Senior Technician (Telecommunications).

6. Order of Promotion or Transfer.—Successful candidates at this examination who have satisfied the requirements for promotion or transfer as Senior Technician and who are designated Technician's Assistant will not be entitled to promotion to an office of Senior Technician until after they have been promoted as Technician.

The promotion of successful candidates who are Technicians and who have satisfied the requirements for promotion or transfer as Senior Technician will be in order of their seniority as vacancies for Senior Technicians occur.

The transfer of successful candidates who are Senior Technicians will be effected in accordance with the provisions of section 50 of the Public Service Act 1922-1958.

7. Syllabus.**Paper No. 1.—Telecommunication Principles—**

(This is Paper No. 1 for each of the four sections of this type of examination.)

Direct current electricity and magnetism—

Power, energy, losses.
Electric and magnetic circuits including relays.

Alternating current electricity—

Power, energy, losses, attenuation, waveform, phase, inductance, capacitance, resistance, resonance, filters and transformers.

Variation of electrical properties with frequency; electrostatic and electro-magnetic screening.

Modulation and demodulation.

Electronics—

Elementary conception of electron flow and thermionic emission.

General properties of electron tubes; amplification factor, transconductance, D.C. and A.C. plate resistance.

Types of electron tubes and their applications.

Metal rectifiers and their applications.

Measuring instruments and methods—

Voltmeters, ammeters, bridges, resistance boxes, ohmmeters, insulation testers, frequency measuring apparatus, oscilloscopes.

Measurements of resistance, inductance, capacitance, waveform, frequency, phase, power and noise.

Power plant—

Rectifiers, vibrators, motors, generators, secondary batteries, regulators, power distribution, protective devices and plant maintenance.

Text Books.—Postmaster-General's Department Course of Technical Instruction.

1. Telephone.**Paper No. 2.—Telephony and Long-line Equipment—**

(This paper will be in two parts and candidates will be given a wide choice of questions.)

Questions will be based upon any of the items covered by the following syllabus and upon the principles underlying the ordinary work of a Senior Technician, Telephone.)

Part 1.

Principles and practice of central battery (manual and automatic) telephony, including the operation, functions and use of relays, metal rectifiers, switches and relay sets used in manual, automatic and trunk exchanges, test desk circuits and special telephone services; private automatic branch exchanges and rural automatic exchanges; private branch exchange switchboards.

Significance of principal traffic and trunking terms and diagrams used in automatic telephony.

Cabling and wiring of buildings for telephone services.

Exchange cabling and mounting of automatic exchange apparatus.

Maintenance procedure in automatic telephone exchanges.

Part 2.**Transmission theory and measurement—**

Transmission terms, their explanation and application; outline of methods to determine losses and power relations in communication circuits; alternating current bridge methods of measurement; induced currents; near and far end crosstalk and longitudinal currents; use of electro-magnetic and electrostatic screening; theory and application of bridge and voltmeter circuits used for line testing; application of hybrid coils, filters, transformers and amplifiers for telephone and telegraph transmission.

Long-line equipment—

Thermionic valves and their application to the various classes of audio and carrier frequency amplifiers, modulators and oscillators.

General principles of carrier telephone and telegraph systems, carrier and voice frequency repeaters, trunk-line signalling systems, toll test boards.

Office cabling methods for long-line equipment installations, general testing; maintenance practices for long-line plant.

Text-books.—Text-books are not prescribed but the Postmaster-General's Departmental Course of Technical Instruction is recommended for reference insofar as it relates to the subject-matter of the syllabus.

2. Telegraph.**Paper No. 2.—Telegraphy—**

Questions will be based upon any of the items covered by the following syllabus and upon the principles underlying the ordinary work of a Senior Technician Telegraph.

- (a) Principles and practice of manual telegraphy including the operation, functions, and use of all equipment associated with manual telegraph services in Australia.
- (b) Principles and practice of machine telegraphy. This includes the installation, maintenance and functioning of all types of machine telegraph equipment and associated relay sets and apparatus, as used in machine telegraph services in Australia.
- (c) Principles and practice of telegraph switching systems. This includes the installation, maintenance and functioning of manual, semi-automatic, and automatic switchboards, equipment and systems, as used in the telegraph service in Australia.
- (d) Telegraph transmission theory, and the operation, functions and use of all telegraph distortion and margin measuring equipment.
- (e) Theory of direct current telegraph channels. The general principles of carrier working as related to the provision of telegraph channels and speech channels for picture transmission.
- (f) Principles and practice of picture and facsimile telegraphy. This includes the installation, maintenance, operation and functioning of picture and message transmitters, photographic and non-photographic receivers, and transceivers, and associated apparatus used in the telegraph service in Australia. Questions may be asked on equipment, on optical principles and photographic processes, and on the interpretation of photographic or facsimile results in proving the performance of, and detecting faults in the picture telegraph service.
- (g) Methods of testing and locating faults on telegraph services, channels, equipment and component parts using specialized telegraph testing equipment, cathode ray oscilloscopes, and electrical testing instruments.
- (h) Installation procedures and methods of power distribution, cabling, wiring and mounting of apparatus for telegraph services.
- (i) The application of safety measures to all equipment or plant used in providing and maintaining the telegraph service.

Text-books.—Text-books are not prescribed, but the following are recommended for reference insofar as they relate to the subject matter of the syllabus—

Postmaster-General's Department Course of Technical Instruction.

A.P.O. Engineering Instructions relating to equipment in the Telegraph Service in Australia.

3. Radio.**Paper No. 2.—Radio—**

Questions will be based upon any of the items covered by the following syllabus and upon the principles underlying the ordinary work of a Senior Technician, Radio.

1. Propagation of Electromagnetic Waves—
Principles of propagation of radio signals in the frequency bands between 500 kc/s and 10,000 Mc/s.
2. Broadcasting Systems (Sound and Vision)—
(i) Transmitting equipment used for amplitude modulated broadcasting in the medium frequency and high frequency bands, and frequency modulated and television broadcasting in the very high frequency bands. Programme input equipment, transmitter measuring and monitoring equipment.

- (ii) Receiving equipment used for the reception of amplitude and frequency modulated signals in the Medium Frequency, High Frequency and Very High Frequency bands; diversity reception, exalted carrier detection of double sideband A.M.
Television receivers.
- (iii) Aerial systems and transmission lines for transmission and reception.
Medium Frequency—anti-fading radiators, short aerials, earth systems.
High Frequency—dipoles, dipole arrays, rhombics.
Very High Frequency—vertically and horizontally polarized directional and omnidirectional aerial systems.
Open wire and coaxial transmission lines, coupling systems, impedance matching.
- (iv) Studio equipment (sound broadcasting only).
Microphones and microphone placement, amplifiers, disc and magnetic tape recording and replay equipment. Station and studio programme switching and distribution systems. Monitoring equipment including loudspeakers and cabinets, V.U. meters. Outside broadcasting equipment. Public address equipment. Elements of studio acoustics.

3. Radio Telephone and Telegraph Equipment—

- (i) Terminal and repeater equipment and circuit techniques used in the provision of—
High Frequency.—Trunk line and subscribers' telephone circuits including independent sideband systems. Telegraph circuits including frequency shift keyed systems.
Very High Frequency.—Fixed and mobile trunk line and subscribers' services. Multi-channel trunk line radio equipment. Amplitude, phase and frequency modulated systems.
Ultra High and Super High Frequency.—Trunk line telephone, frequency and pulse modulated systems.
- (ii) Aerial and transmission line equipment—
Vertically and horizontally polarized V.H.F. systems. High gain aerials—Yagis, corner reflector, dipole arrays, parabolic reflectors. Coaxial transmission lines, wave-guides, impedance matching, line filters, wave-guide filters.

Text-books.—Text-books are not prescribed but the following are recommended for reference insofar as they relate to the subject-matter of the syllabus.

Postmaster-General's Departmental Course of Technical Instruction.

The Telecommunication Journal of Australia.

Radio Engineering—Current Edition—by Terman.

4. Research.

Paper No. 2.—Telecommunication Practice and Measurements.

Questions will be based upon any of the items covered by the following syllabus and upon the principles underlying the ordinary work of a Senior Technician in the investigatory and service sections of the Research Laboratories.

- (a) The general principles of electrical and electronic measurements; the recording and interpretation of results.
- (b) Characteristics of the following Telecommunication equipment and the measurements thereof—
Telephony.—Magnetophone, Central Battery, and Automatic Systems and components thereof.
Telegraphy.—Simplex, duplex and machine telegraphy and components thereof.
Long Line.—Voice frequency and carrier frequency telephone, programme and telegraph systems and the components thereof. Signalling systems. Transmission lines for voice-frequency and carrier transmission.
Electro-acoustics.—Electro-acoustic recording and reproducing systems and the components thereof.
Radio Propagation.—(frequencies up to 3,000 Mc/s) Transmission lines, aerials and propagation phenomena.
Radio Equipment.—(frequencies up to 3,000 Mc/s) Single and multi-channel radio bearer system, pulse modulation systems, transmitters and receivers.
Television.—Equipment for generation of TV wave-forms; TV transmitters and receivers (Black and White only).
Power Equipment.—Power supplies and power converters including regulating and control equipment, for telecommunication plant.

Text-books.—Text-books are not prescribed but the following are recommended for reference insofar as they relate to the subject-matter of the syllabus.

Examinations Nos. 4736-4739.

TO GAIN PART OF THE QUALIFICATIONS FOR PROMOTION OR TRANSFER AS SENIOR TECHNICIAN (TELECOMMUNICATIONS) IN THE UNDERMENTIONED SECTIONS:—

No. 4736—Telephone	} Engineering Division, Postmaster-General's Department.
No. 4737—Telegraph	
No. 4738—Radio	
No. 4739—Research	

EXAMINATIONS as above will be held subject to the general conditions notified in this issue of the Gazette and in accordance with the following:—

Date of Examination.—Saturday, 4th July, 1959, and subsequent dates.

Centres.—Capital Cities of the States and such other centres as the Board determines.

Officers Eligible to Enter.—Permanent officers of the Commonwealth Public Service who are classified as:—

- Technician's Assistant, and who have qualified for promotion as Technician.
- Technician's Assistant, or Technician-in-Training and who, but for absence on leave, for war service, or National Service Training, would have satisfactorily completed in ordinary course not later than 3rd June, 1959, the course of specialized training or who would have qualified for promotion as Technician by passing a prescribed examination conducted within the relevant period.
- Technicians (any section) or who have been classified as Technician (any section) at any time within the last four years.
- Senior Technician in any section other than the section for which the examination is held.
- Technical Instructors, Grade 2, Senior Technical Instructors, Grade 2, and higher and Supervising Technicians who desire to extend their qualifications.

How to Make Application.—Applications to attend the examination must be made on printed forms obtainable upon written or personal request from the Director, Posts and Telegraphs.

The completed application forms should be lodged with the Director, Posts and Telegraphs, in the State in which the applicant is permanently located.

If a candidate is transferred either permanently or temporarily to another station after he lodges his application, he should immediately advise the Director of his new address.

Note.—The receipt of applications will not be formally acknowledged. Any officer who has not received advice of the examination arrangements at latest ten days before the commencement of the examination, should at once communicate with the Director and furnish evidence of the posting of his application (including date, place and other relevant particulars).

Applications Close.—3rd June, 1959.

Exemption Provisions.—As shown in general conditions.

Previous Papers.—A set of papers prepared for previous examinations of this type may be obtained from the Director with whom the application is lodged.

Results.—The results of these examinations will be published in the Commonwealth Gazette.

Marks.—The marks allotted by the examiners for each subject or part of a subject will be final.

Reports.—A candidate may at any time within three months of the date of publication in the Gazette of the results of this examination, obtain reports on his examination papers. The reports will show the detailed allotment of marks and will contain a statement as to the merits and defects of the papers concerned.

To obtain these reports, a candidate should pay to the Director, Posts and Telegraphs, with whom he lodged his application, the sum of twelve shillings and sixpence for each subject upon which a report is desired.

Examination No. 4730.

FOR TRANSFER TO THE THIRD DIVISION IN AN OFFICE OF CLERK (£385-£903), OR FOR PROMOTION AS CADET, CANBERRA, NEW SOUTH WALES, VICTORIA, QUEENSLAND, SOUTH AUSTRALIA, WESTERN AUSTRALIA, TASMANIA, NORTHERN TERRITORY AND TERRITORY OF PAPUA AND NEW GUINEA.

A COMPETITIVE examination as above will commence on 10th October, 1959.

Examination Centres.—Canberra, capital cities of the States, and such other centres as may be determined.

Officers Eligible to Enter—

- (a) Officers of the Fourth Division.
- (b) Officers of the Third Division who desire to qualify by this examination for an office of Clerk (£385-£903) or of Cadet.

Cadet.—Officers who wish to qualify for cadetships should note that, except as provided in respect of officers granted leave of absence for war service, eligibility ceases on the date next before the twenty-fourth anniversary of birth.

The conditions under which officers may acquire eligibility for transfer or promotion to offices of Cadet were published in the following "Gazettes":—

- Cadet Architect—No. 43 of 7th August, 1958.
- Cadet Biochemist—No. 51 of 11th September, 1958.
- Cadet Engineer—Civil Aviation—No. 51 of 11th September, 1958.
- Health—No. 66 of 30th October, 1958.
- Interior—No. 77 of 18th December, 1958.
- Postmaster-General's—No. 66 of 30th October, 1958.
- Supply—No. 41 of 24th July, 1958.
- Works—No. 43 of 7th August, 1958.
- Cadet Examiner of Patents—No. 51 of 11th September, 1958.
- Cadet Meteorologist—No. 51 of 11th September, 1958.
- Cadet (Naval Armament Supply)—No. 69 of 12th December, 1957.
- Cadet Quantity Surveyor—No. 43 of 7th August, 1958.
- Cadet Surveyor—No. 51 of 11th September, 1958.
- Cadet Veterinary Officer—No. 11 of 27th February, 1958.

As, for most categories, matriculation at an Australian university is a condition of eligibility, officers who wish to qualify for a cadetship are advised to qualify through the Leaving Certificate or Matriculation examination rather than through this examination.

How to Make Application.—Applications, which must be made on printed forms obtainable from the Commonwealth Public Service Inspector in Canberra, Sydney, Melbourne, Brisbane, Adelaide, Perth, Hobart, or from the Postmaster, Darwin, or from the Board's Representative, Port Moresby, should be sent to the appropriate office in the State or Territory in which the candidate is permanently located. Applicants who are permanently located in the Australian Capital Territory or the Northern Territory should forward their application to the Commonwealth Public Service Inspector, Canberra, and applicants stationed in the Territory of Papua and New Guinea to the Board's Representative, Office of the Public Service Commissioner, Port Moresby.

Applications should be sent direct and not through a Department.

The receipt of applications to attend the examination will not be formally acknowledged. Any officer who does not receive advice of the examination arrangements at latest ten days before the commencement of the examination should at once communicate with the Inspector with whom the application was lodged, and furnish evidence of the date and place of posting of his application.

Applications Close.—Applications must be lodged before or on 29th July, 1959.

Applications received after 29th July, 1959, will be rejected unless the applicant has advised the Inspector with whom he lodges the application, by letter or telegram which reaches him not later than 29th July, 1959, that he is forwarding an application, and he has actually posted his application before or on that date.

Subjects of Examination—**English—**

- (i) Duration 4 hours—Paper A (essay, précis writing and one of appreciation of verse, clear thinking or comprehension) 2½ hours. Paper B (spelling, analysis and use of words) 1½ hours.
- (ii) Maximum marks, 400; (Paper A, 250; Paper B, 150). To obtain a pass in English, candidates must obtain a total of at least 240 marks.

(Maximum marks for each subject (other than English) 300; pass marks, 180.)

Pass Conditions.—Candidates may qualify for transfer or promotion as Clerk or for promotion as Cadet by fulfilling the requirements prescribed under Pass Conditions A or B.

Pass Conditions A.

Candidates must sit for and pass in at least four and not more than six prescribed subjects, including English, at this examination. (Exemption in English may be claimed in certain circumstances. See "Exemptions" below.)

Pass Conditions B.

Candidates must sit for and pass in at least five and not more than six prescribed subjects, including English, at two successive "Clerical" examinations.

Exemptions.—(i) Candidates who wish to satisfy the requirements of Pass Conditions B may claim exemptions at this examination in the subjects or subject which they passed at Examinations Nos. 4630 and 4631.

Note.—Marks will be allotted in the subject or subjects in which candidates claim exemption.

(ii) Under both Pass Conditions A and B, candidates may claim exemption in English if they have passed in this subject at—

- (a) a previous examination for appointment or transfer to the Third Division in an office of Clerk, held since 28th June, 1933 or
- (b) a Leaving Certificate (including Class A Schools), Matriculation, Senior, Public Schools Board or New South Wales Department of Technical Education Qualifying or Qualifying (Deferred) examination, or
- (c) any other examination, his pass at which has been recognized by an Australian university as sufficient for Matriculation provided that no exemption may be claimed for a previous pass in English where that subject was studied as a foreign language.

Except where exemption is claimed in English by candidates who wish to qualify under Pass Conditions B by virtue of a pass in this subject at Examinations Nos. 4630 or 4631, no marks will be credited for the previous pass in this subject.

Note.—(i) Candidates who claim exemption in English, except where that exemption is claimed under Pass Conditions B by virtue of a pass in this subject at Examinations Nos. 4630 or 4631, must still satisfy the pass conditions prescribed under A or B above—that is

- (a) a pass in at least four and not more than six prescribed subjects under Pass Conditions A, or
- (b) a pass in at least five and not more than six prescribed subjects at two successive examinations under Pass Conditions B.

(ii) Officers who are eligible for exemption in English under either Pass Conditions A or B, but not for an award of marks in this subject, may elect to sit for this subject at this examination as one of the number of subjects required for a pass under these conditions.

Transfer or Promotion of Successful Candidates.—The Public Service Board hereby determines, in pursuance of section 53A of the Public Service Act 1922-1958 that the transfer or promotion of successful candidates shall be in accordance with their order of merit at this examination and that the provisions of section 50 of the Act shall not apply.

Vacancies.—It is estimated that three hundred (300) vacancies will be filled by qualified candidates at this examination during the period of eligibility.

Order of Transfer or Promotion.—Successful candidates who are officers of the Third Division, and are willing to accept transfer as Clerk at a salary not exceeding £966 per annum, and successful Fourth Division officers, will be registered in two distinct orders of merit, one for those who satisfy Pass Conditions A and one for those who satisfy Pass Conditions B. Males and females will be listed separately.

Transfers and promotions will be effected in order of merit from successful candidates under Pass Conditions A and then in order of merit from successful candidates under Pass Conditions B.

Candidates who qualify under Pass Conditions A will be listed in an order of merit determined from the total number of marks gained in the subjects passed.

Candidates who qualify under Pass Conditions B will be listed in an order of merit determined from the total number of marks gained in subjects passed in this examination and at either Examination No. 4630 or 4631.

If two or more candidates obtain the same total number of marks, their relative order of merit will be determined by the number of marks gained in English. If marks are still equal, the order will be determined by lot.

Partial Qualifications.—Candidates who enrol for this examination—

- (a) to qualify under Pass Conditions "B", or
- (b) to gain partial qualifications for inclusion in the Third Division as Postmaster, Senior Postal Clerk, Postal Clerk, Telegraphist, Assistant Radio Inspector, Excise Officer, Grade 3, Senior Communications Officer, Grades 1, 2, 3, 4 and 5, Communications Officer, Traffic Officer (Telegraph Service Branch), Traffic Officer (Telephone Service Branch), Traffic Officer-in-training, Telecommunications Division, Trainee Engineer, Supervisor (Mail), Supervisor-in-training (Mail).

must clearly specify in paragraph 3 on their application forms those subjects for which they desire to sit.

Previous Papers.—A booklet containing the syllabus, selected papers set for the previous examination and examiners' comments thereon may be supplied free on request by the Commonwealth Public Service Inspector, Canberra, Sydney, Melbourne, Brisbane, Adelaide, Perth or Hobart, or the Board's representative, Port Moresby, after the 31st March, 1959.

Eligibility for Promotion or Transfer.—Officers who qualify at this examination will be eligible for promotion or transfer within a period of twelve months, commencing on the date of publication in the "Commonwealth Gazette" of the results of this examination, provided that a candidate under the age of sixteen years who qualifies will not be eligible for such promotion or transfer until he attains that age.

Successful candidates who are former members of the Forces, and who make application to the Public Service Inspector, will also be eligible for transfer to the Third Division, under Regulation 112 (1) (a).

Salary on Promotion or Transfer.—Fourth Division officers upon transfer to the Third Division will be paid salaries in accordance with the provisions of Public Service Regulations 112 (3) and 105 (2) and (3). No officer, however, will be paid at a rate in excess of that which would have been received had the whole of the service been in the Third Division. Third Division officers upon transfer as Clerk will be paid their existing salary, subject to any necessary subdivisional adjustment, provided that it is not more than £966 per annum.

Results of Examinations.—The results of this examination showing the order in which successful candidates are eligible for promotion or transfer shall be published in the "Commonwealth Gazette".

Marks.—The marks allotted by the examiners for each subject or part of a subject shall be final.

Reports on Examination Papers.—A candidate may at any time within three months of the date of publication in the "Gazette" of the results of this examination, obtain reports on his examination papers. The reports will show the detailed allotment of marks and will contain a statement as to the merits and defects of the papers concerned.

To obtain these reports, a candidate should pay to the Commonwealth Public Service Inspector with whom he lodged his application, the sum of ten shillings for each subject upon which a report is desired.

Note.—For report purposes, English A and English B should be regarded as two separate subjects.

SYLLABUSES IN DETAIL.

ENGLISH.

Paper A.

Paper A will consist of three sections. Candidates will be required to study all sections; section 3 contains a choice of study topics, one only of which should be studied.

Section 1.

Essay Writing.—Essays are a means of testing candidates' knowledge and also of assessing their capacity for self expression. Essay writing requires the development of an adequate vocabulary and also certain techniques or skills.

They are either of the personal type as in the subject of English or are the means frequently adopted for reporting facts or developing arguments as in History and Economics. It is with the personal type of essay that students are concerned in this examination. Candidates will be given a choice of subjects, so that each may write approximately 400 words on a theme within his own field of interest.

The essay requires the student after selecting his subject—

- (a) to collect his **thoughts and opinions** on the subject, expressing his ideas correctly (grammar and syntax), and suitably (vocabulary);
- (b) to arrange his thoughts, grouping sentences together which deal with one phase of the subject (**paragraphs**); and
- (c) to develop his treatment of the subject in a logical sequence so as to arrive at a **conclusion**.

Preparation will require study and exercises in—

- (a) **Vocabulary building**, including the recognition of prefixes and affixes; simple Latin roots; grouping of words according to endings (affixes), e.g., -able, -ible, -ary, -ous, -eous, &c.; singulars and plurals, especially borrowings from other languages now in common use; collective nouns as names of groups, e.g., shoal, bevy, committee; synonyms, antonyms and homonyms.
- (b) **Rules of syntax**.
- (c) **Punctuation**, keeping in mind after learning the use of the stops, that over-punctuation should be avoided and that the function of punctuation is to show up the meaning and not to patch up faulty composition.
- (d) **Grammar.**—Parts of speech as follows should be understood and readily recognized:—
 - Nouns:** proper, common, abstract and collective.
 - Pronouns:** personal, relative, demonstrative, interrogative, and possessive.
 - Adjectives:** descriptive, numeral, demonstrative, interrogative, and indefinite.
 - Adverbs:** of time, place, manner, and degree.
 - Verbs:** finite, infinite, transitive, intransitive, active and passive.
 - Conjunctions:** co-ordinate and sub-ordinate.

The examination will also require candidates to develop their powers of expression—

- (a) Expression depends upon the **word, the sentence, and the paragraph**. When writing an essay students should:—aim to use the right word in the right place; choose apt adjectives and strong verbs; where necessary use explanatory phrases to enhance meaning and description. To avoid the use of the wrong word, students should study words likely to be confused, e.g., allusion, illusion; eligible, illegible; credible, creditable, &c.
- (b) **Variety in sentence construction** is also important, short sentences and long sentences being suitably blended, due regard being paid to **balance, emphasis, and unity**.
- (c) **Paragraphs should be real**, sentences dealing with one phase or aspect of the subject being grouped together; students should also use variety in the beginning of paragraphs.
- (d) **Finally**, in their essays candidates should always aim at **clearness of expression and simplicity of style**; they should plan before writing and know clearly what they have to say.

Section 2.

Précis Writing—

- (a) Candidates should understand the meaning of précis writing, its use, and what is necessary to prepare a précis, including the value of an extensive vocabulary.
- (b) Dictionary work is essential; so too are exercises in the substitution of words for phrases, &c. Candidates should use their knowledge of grammar to aid them in discrimination; they should use principal clauses to give the main points and subordinate clauses to add the detail.
- (c) Rough notes are important as a guide in preparing a précis.
- (d) A précis should contain about one-third of the number of words of the original passage and should be written in the candidate's own words, in the third person and past tense.
- (e) **Précis of correspondence:** use of an index should take the place of rough notes; précis should be written from an index.
- (f) **Précis of minutes of meeting:** use an index on similar lines to précis of correspondence.

Section 3.

Either.

(A) **Appreciation of Verse.**—In this section, emphasis should be given to the content of the poem and its meaning. The structure of the poem, metrical devices employed by the poet and figures of speech should be studied at the same time.

(N.B.—The mechanics of construction should not be over emphasized.)

- (i) Candidates should know something of the types of poems; lyric, ballad, epic, ode, elegy, sonnet and the narrative poem.

- (ii) They should also understand the meaning of appreciation and how to appreciate in literature. Class discussions on the merits and demerits of selected examples will prove helpful; rhythm balance, choice of words should be discussed, also descriptive qualities, vividness and music.
- (iii) Recognition of both the figures of speech and metrical devices used is important.

363	Come, dear children, let us away	Arnold

In the examination for 1959, the question on appreciation of Verse will be confined to these poems; or

(2) "Feet on the Ground", by M. J. O'Donnell, M.A., published by Blackie and Sons, London.

Or

(B) Clear Thinking and Writing.—Candidates will be tested on their ability to think accurately and to express themselves clearly after study of one of the following text books—

Jepson: Clear Thinking (Longmans, Green & Co., Melbourne).
Thouless: Straight and Crooked Thinking (English Universities Press).

Stebbing: Thinking to Some Purpose (Pelican Books).

Boyce Gibson and Phillips: Thinkers at Work (Longmans).

Or

(C) Comprehension.—A prose passage will be presented to candidates who will be required to answer questions thereon.

This section is a test of careful and analytical reading. The questions may be directed at the following elements of writing:—

- (i) Content in general and in some detail
- (ii) Interpretation of language, e.g. the words underlined in this sentence—

"The conquest of Everest was a calculated adventure".

(iii) Substance and form—

- (a) Relationships between the main points.
- (b) Precise shades of meaning of words (e.g. *peeped* and *looked*).
- (c) Bias of the writer, e.g. emotional approach, one-sided treatment.

Paper B.

Paper B will consist of three sections, all of which are compulsory.

Section 1.

Synthesis and Analysis.—Synthesis should be regarded as the combination of various types of clauses or phrases into a complete sentence while analysis is the dissection of sentences to show the functional relationships which exist among parts of the sentences.

These parts are of three kinds—

- (a) Words.
- (b) Phrases.
- (c) Clauses.

Candidates will not be asked to deal extensively with words or phrases in analysis but are advised to study the types and functions firstly of words and then of phrases in order that they may clearly understand the kinds and functions of clauses.

There is no easy road to success. Analysis calls for the exercise of reason more than the application of memorized "rules". Candidates are strongly advised, when preparing for the examination to adopt a questioning approach. They should ask, "Is this a clause?" "Why is this a clause?" "What duty or function does this clause perform?". Only in this way will candidates develop confidence and certainty in analysis. Emphasis will be placed upon the functional approach.

(A) Words (Parts of Speech).—The identification and description of parts of speech is called "parsing". The following coverage will be an adequate basis for understanding phrases and clauses:—

(i) Nouns.—A noun is the name of anything (e.g., horse, honesty, Sydney, family).

It may be—

- (a) Subject of a verb.
- (b) Object of a verb.
- (c) Complement of a verb.

(ii) Verbs.—A verb is a word which indicates "doing", "being" or "having".

A finite verb has a subject.

There must be a finite verb and one only in each clause.

Candidates must therefore be able to recognize finite and infinite verbs and should know that some finite verbs have two or more words, e.g., Tom would have gone.

(iii) Adjectives.—An adjective adds to the meaning of a noun (e.g., the black horse) and not to a verb or adverb.

(iv) Adverbs.—An adverb adds meaning to a verb, an adjective or another adverb, (e.g. With a verb—I walked slowly. With an adjective—He is extremely lazy. With an adverb—I walked quite quickly).

(B) Phrases.—Candidates will not be directly examined on their knowledge of phrases, but are strongly advised to study the use of adjectival and adverbial phrases. This will assist in the recognition and separation of clauses in analysis.

(C) Clauses.—A clause is a group of words which contains one finite verb—

(i) Principal Clauses. (These make complete sense on their own. They are like small sentences.) There must be at least one principal clause in a sentence.

(ii) Noun Clauses. (These do the work of a noun.) Required to know—

(a) Noun clause subject of a verb. That he will be late is certain.

(b) Noun clause object of a verb. I know that he is efficient.

(c) Noun clause object of a participle. He stood there wishing that they would arrive.

(d) Noun clause object of a preposition. That is different from what I was told.

(iii) Adjectival Clauses. An adjectival clause adds meaning to a noun or to a noun clause. That is the man whom I saw.

Adjectival clauses are introduced by a relative pronoun, frequently "who", "whom" or "which". Candidates should learn that other words can be used as relative pronouns, e.g., "where" (That is the house where I was born) and "that". In particular, students should learn to distinguish between adjectival clauses and noun clauses, both of which can be introduced by "that".

Required to know.—Adjectival Clause introduced by "who", "whom", "whose", "which", "that", "where", "as" (after "such" or "same") and other relative pronouns—

Relative pronouns—

- (a) Subject of a verb.
- (b) Object of a verb.

(iv) Adverbial Clause.—Adverbial clauses, like adverbs, add meaning to verbs, adjectives and other adverbs.

Required to know—

(a) Adverbial Clause of Reason, e.g., introduced by conjunctions like "because", "since", "as", "for".

(b) Adverbial Clause of Purpose, e.g., introduced by conjunctions like "in order that", "so that", "lest", "that".

(c) Adverbial Clause of Time, e.g., introduced by conjunctions like "when", "while", "after", "before", "till", "until", "since", "as", "as soon as".

(d) Adverbial Clause of Manner, e.g., introduced by "as".

(e) Adverbial Clause of Place, e.g., introduced by "where".

Candidates are warned against memorizing the conjunctions which usually introduce the various clauses. It will be observed that "as" can introduce adverbial clauses of reason, time and manner. Relying on rote memory instead of examining the functions of clauses will lead to incorrect answers.

At the examination the analysis will be submitted on a special form provided. The form contains columns for the following information only:—

Clause.—The clause is to be entered in full.

Kind of Clause.—e.g., Principal, noun, adjective, adverbial (of time, purpose, &c.).

Function.—e.g., qualifying or modifying part of sentence (to be stated). Noun clauses should be stated as "subject of . . ." or "object of . ..". No entry is required for a principal clause.

Verb.—Finite verbs only should be entered.

Subject.—i.e., the subject of the verb entered in the previous column.

The set passage will be a short piece of continuous prose. Parenthetic matter will not be included.

Section 2.

Spelling.—Study from a spelling book containing graded and selected lists of words should be the basis of candidates' preparation for this section.

Section 3.

Use of Words.—Candidates' preparation in this section will require study and drill as well as exercises in the following:—

- (i) Antonyms (including the use of prefixes in the formation of antonyms), synonyms, homonyms.
- (ii) Nouns and the adjectives derived from them, e.g., choir, choral.
- (iii) Verbs and their corresponding nouns; e.g., propose, proposal.
- (iv) Plurals of nouns, including irregular plurals and plurals of foreign words in common use, plurals of compound nouns, plurals which are the same as the singular, words with two plurals of different meaning.
- (v) Genders of nouns.
- (vi) Rules for the possessive case.
- (vii) Verbs and their principal parts.
- (viii) Prepositional idioms.
- (ix) Correction of faulty sentences (with reason for corrections).
- (x) Recognition of redundant words, &c.
- (xi) Expressions, metaphorical phrases, &c., in plain speech.
- (xii) Recognition of the shades of meaning in groups of words **similar but not the same** in meaning, e.g., announce, intimate, inform, advise, &c. The use of such words in sentences so as to reveal the particular shade of meaning.

In the study of words, especially synonyms and antonyms, the student should use his dictionary and note well the distinctions between words of similar meaning; synonyms have the same general meaning, not the same meaning, e.g., **efficient**—able, qualified, competent, satisfactory, &c. This does not mean that any one word may be substituted for any other word. Each has its peculiar use. Strive for the word rather than a word.

When a new word is learned, the student should learn its opposite, its extensions to include the different parts of speech, e.g., change verbs, nouns, adjectives, into participles, abstract nouns, &c.

The student should study rules of syntax in conjunction with grammar. He should make one help the other. Rules are set out in the text-books recommended. Sentences for correction should be constantly revised. When the student has learned some new fact in grammar he should apply it to his general English so as to retain it.

(c) Convict system; end of convictism; "Penton-villians"; Western Australia.

(d) Sheep; squatting; expansion of settlement; regulation of squatting; land sales; leases; influence of Wakefield: free selection and its problems; closer settlement; soldier settlement.

(e) South Australia: an organized colony; Wakefield's system.

(f) Land sales and migration. Caroline Chisholm. Later schemes for migration in the 20th Century. The White Australia Policy. Natal Test.

(g) Gold; Eureka Stockade; effects of gold discoveries; population; land policy; economic policy; protection in Victoria; Industrial development; depressions of 1890's and 1930's.

(h) Constitutional development from autocracy through 1823 and 1828 Acts to representative government under 1842 Act, responsible self-government under 1850 Act, and Federation at end of century. Reasons for Federation. Development of Social Service ideal, particularly in 20th Century.

6. South Africa—

(a) Acquisition by Britain and early migration to South Africa.

(b) Clashes with Boers leading to Trek.

(c) Expansion in South Africa, Natal, Basutoland, Kimberley, Bechuanaland, Zululand, Rhodesia.

(d) The Orange Free State and the Transvaal; Boer War (details of wars not required); reasons for the wars; Peace of Vereeniging.

(e) South Africa in the 20th Century. Self-government for the Orange Free State and the Transvaal. Union. Comparison between the type of Union of South Africa with the systems in Canada and Australia. Smuts.

7. New Zealand—

(a) Discovery and haphazard settlement, Marsden, Busby.

(b) Hobson and Waitangi. Wakefield and systematic colonization. The Maori problem. Maori Wars and Grey. The Maori problem to-day.

(c) Development of Government and development of the Social Service State.

8. Government of the Empire—

(a) The Board of Trade and Plantations.

(b) Colonial Conferences.

(c) Dominion Status.

(d) The "Ladder of Self-Government" in the Empire, illustrating the steps whereby the colonies may progress from rule by a Governor directed from the Colonial Office, through a system of Nominated Councils, then partly elected Councils and Representative Government to Responsible Self-Government and Dominion Status. Note that Newfoundland reversed the process.

Part B.—The British Domestic Background.

(a) **The Industrial Revolution.**—Agriculture, cotton, heavy industry, power, transport, communications, medicine. Growth of population.

LATIN.

The examination will consist of a two-hour paper comprising—

- (i) Questions on Latin accidence (50 marks).
- (ii) Translation of English sentences into Latin for further test of candidates' knowledge of accidence and syntax. To this test may be added specific questions on syntax and accidence taken from the set book (100 marks).
- (iii) A piece of Latin prose to be translated at sight into English (50 marks).
- (iv) Passages chosen from a set book for translation into English (100 marks).

Syllabus.

1. The scope of Latin Grammar to be studied may be gauged by reference to one of the following text-books:—
 Longman's Latin Course: (Grammar and Exercises), Parts 1 and 2; or
 Macmillan's Shorter Latin Course: Part 1 (Cook), Part 2 (Cook & Pantin); or
 Bembrick:
 A First Year Latin Book for Australian Schools (William Brooks & Co. Ltd.).
 A Second Year Latin Book for Australian Schools (William Brooks & Co. Ltd.).
 A Third Year Latin Book for Australian Schools (William Brooks & Co. Ltd.).
 Postgate: New Latin Primer (Cassell).
 Longman's Latin course: (Elementary Latin Prose), Part (iii) (Spragge).
2. Vocabulary work: candidates should use the First and Second list by—
 Masterman: A Latin Word-list (Macmillan).

3. **Sight Translation:** Candidates may attain facility in translating at sight passages of Latin prose, by working through the graded exercises contained in any of the recommended text-books: (Longman, MacMillan, Bembrick).

4. **Set book for 1959—**

J. E. Pickstone (ed.) *Livy*, Book V (Bell, London), Chapters 26-55. (This book should be available on application to the publishers, either direct or through a local agent.)

FRENCH.

1. **Sight Translation—**

- (a) A piece of prose not to exceed 300 words.
- (b) An extract of French Verse not exceeding twenty lines.

2. **Grammar.**—A course of French Grammar—see books recommended below. Particular attention should be paid to the following:—

- (i) the use of the definite, indefinite and partitive articles;
- (ii) the position of the adjective in respect of the noun;
- (iii) the position of the conjunctive personal pronoun in the sentence;
- (iv) the use of distinctive pronouns;
- (v) demonstrative pronouns and the demonstrative adjectives;
- (vi) the relative pronoun. Special care should be taken to understand the relative, "what" *ce qui*, *ce que*, *ce dont*, *ce à quoi* and the use of *de quoi* and *à quoi* for *ce dont* and *ce à quoi*, after *voici* and *voilà*. The use of *ce qui* to refer to a whole clause;
- (vii) the interrogative pronouns. Special attention to the periphrastic forms—
Qui est-ce qui?
Qui est-ce que?
Qu'est-ce qui?
Qu'est-ce que?
- (viii) the possessive pronouns and possessive adjectives;
- (ix) the use of *c'est* and *il est*;
- (x) idiomatic uses of *faire*, *pouvoir*, *vouloir*, *devoir*, *falloir*, *savoir*;
- (xi) the use of the infinitive with *de*, *à*, *pas*, *pour*, *après*;
- (xii) the use of the tenses. Particular care should be taken to distinguish between the use of the three past tenses—Past Indefinite, Preterite, Imperfect.
Note verbs compounded with (a) *avoir*, (b) *être*.
- (xiii) the structure and use of the conditional sentence;
- (xiv) the use of the subjunctive mood in—
(a) Principal clauses.
(b) Noun clauses.
(c) Adjective clauses.
(d) Adverb clauses.
- (xv) the use of the subjunctive with "quelque";
- (xvi) irregular verbs such as are contained in any standard grammar.

Note.—Students will find it easier to master irregular verbs if they study how to form the various tenses from the five primary parts—Infinitive, Present Participle, Past Participle, Present Preterite, and Present Indicative, and distinguish between those verbs that are irregular only in these parts and those that are irregular also in their tense endings.

3. **Composition.**—Composition of about 150 words. The standard of composition will be judged by the correctness of construction and vocabulary.

GERMAN.

The examination shall consist of a two-hour paper comprising—

- (1) Passages of German prose for translation into English or for comprehension.
- (2) Questions on German grammar (specified below) including translation into German of short sentences or passages of English.
- (3) Self-expression in German, involving one of the following three alternatives:—
(a) Answers in German to questions designed to test ability to carry on simple conversation or correspondence in German on everyday topics, e.g., home life and daily routine; work; studies; activities; amusements; holidays; weather; nature; country life; town life; or
(b) A free composition in German (about 100 words) on a subject set, drawn from topics listed in (a) above; or
(c) Continuation in German (about 100 words) of one of the German passages set in examination paper.

Scope of Grammar.

1. **Articles—**

- (a) Definite article and similar words (*dieser*, *jener*, *jeder welcher?*).

(b) Indefinite article and *kein*.

(c) Idiomatic uses of the definite article, e.g., *der kleine Heinrich*; *im August*; *im Herbst*; *am Montag*; *am Abend*; *des Abends*; *zum Frühstück*; *in die Schweiz*; *er hat sich das Bein gebrochen*.

2. **Nouns—**

- (a) Declension of main noun groups.
- (b) Use of cases.
- (c) Commonly used compound nouns.
- (d) Endings denoting gender.

3. **Adjectives—**

- (a) Declension.
- (b) Used predicatively.
- (c) Comparison.
- (d) Used as nouns.
- (e) Possessive adjectives.
- (f) Adjectives of nationality.
- (g) Special forms, e.g., *all*; *viel*; *beide*; *nehmere*; *einige*, *die meisten*; *etwas Gutes*; *nichts Interessantes*; *was für ein*.

4. **Numerals—**

- (a) Cardinal and ordinal numbers.
- (b) Time; dates; days; months; seasons; age.

5. **Pronouns—**

Forms and simple uses of the following types:—Personal, Reflexive, Possessive, Interrogative, Relative, Demonstrative, Indefinite (*man*); *jedermann*; *niemand*; *etwas*; *nichts*; *alles*; *was*.

6. **Prepositions—**

- (a) With accusative.
- (b) With dative.
- (c) With accusative or dative.
- (d) Combinations with *da* and *wo*.
- (e) Common idiomatic uses, e.g., *auf dem Lande*; *bei mir*; *im Jahre*; *zu Fuss*; *nach Hause*; *Zu Hause*; *vor vielen Jahren*; *denken an*; *warten auf*; *sich freuen auf*; *bitten um*; *lachen über*; *fahren mit*; *während lang* and *self* with time phrases.

7. **Adverbs—**

- (a) Common useful forms.
- (b) Comparison.
- (c) Uses of: *wie*, *wo?*, *wohin?*, *woher?*, *warum?*, *dann*; *da*; *damals*; *dort*; *dahin*; *dorthin*; *hier*; *hierher*; *wann?* (also: *wen* and *alswhen*); *auch*, *darum*; *jetzt*; *kaum*; *sonst*; *weder* . . . *noch*; *entweder* . . . *oder*; *nicht*; *gar nicht*; *nicht mehr*.

8. **Conjunctions—**

- (a) Co-ordinating.
- (b) Common subordinating conjunctions.
- (a) Common weak, strong and mixed verbs in Indicative, Conditional and Imperative.
- (b) Frequently used verbs conjugated with *sein*.
- (c) Frequently used verbs requiring the dative, e.g., *begegnen*; *folgen*; *danken*; *diene*.
- (d) Commonly used impersonal verbs, including those used with weather conditions.
- (e) Simple uses of separable and inseparable prefixes.
- (f) Simple idiomatic uses of modals and *lassen*.
- (g) The infinitive with *zu*. Use of *um* . . . *zu*; *ohne* . . . *zu*; *anstatt* . . . *zu*.
- (h) Passive voice in uninvolved phrases.
- (i) Simple uses of a clause to translate English form in *ing*.
- (j) Uses of the Subjunctive with *wenn* & *ob* and in simple indirect statements and questions.
- (k) Common verbal idioms, e.g., *Angst haben*; *recht haben*; *wie geht es Ihnen*; *fischen (&c.) gehen*; *weh tun*; *ich bin* . . . *geboren*.

10. **Word Order—**

- (a) Word order of noun objects; pronoun objects; adverbs.
- (b) Inverted order.
- (c) Order in subordinate clauses.

11. **Miscellaneous—**Elementary expressions of quantity (*ein Stück Kuchen*). Distinction between *es ist* and *es gibt*. Common time phrases, e.g., *eines Tages*; *jeden Tag*.

ECONOMICS.

1. Introductory—

- (a) Nature and scope of economics; economics as a social science.
- (b) Economic systems—characteristics of free market economy, modern capitalist economy and modern controlled economy.
- (c) Price system.

2. Production—Potential and Actual—

- (a) People—Numbers and capacity; migration; knowledge and organization.
- (b) Environment—Quality of environment and working conditions.
- (c) Meaning of demand, factors affecting demand; supply. Output and price under conditions of perfect competition and monopoly; the price mechanism.
- (d) Business cycles, spending and savings, depression and inflation.
- (e) Foreign trade and Balance of Payments.
- (f) Australian monetary system, monetary policy and price levels, Commonwealth Bank as a Central Bank.

3. Distribution.—Shares of production; incomes from property and from work; distribution of income; inequality.

4. State Action—

- (a) Public enterprise.
- (b) Wages policy—the conciliation and arbitration system, basic wage, price indices numbers.
- (c) Unemployment policy.
- (d) Trade and tariff policy.
- (e) Public finance—
 - (i) public income.
 - (ii) public expenditure.
 - (iii) public debt.
- (f) National Income and its measurement.
- (g) Taxation as an economic control.
- (h) Price control.

GEOGRAPHY.

The syllabus is divided into **Part A—Physical Geography** and **Part B—Regional Geography**, each part receiving equal emphasis in the examinations.

Part A.—Physical Geography.

1. Fundamental Principles—

- (a) Proofs of the spherical shape of the earth;
- (b) Measurement of position and distance on the earth (latitude and longitude);
- (c) Solar time, one time and the time zones of Australia;
- (d) Great and small circles;
- (e) The elements of weather and climate (rain, temperature, pressure, humidity, winds, &c.) and factors which affect them and their distribution;
- (f) A simple knowledge of warm and cold fronts and occluded fronts and weather types associated with them.

2. The Continents and the Oceans—

- (a) The distribution of the land and water masses on the earth;
- (b) A simple knowledge of the constructive and destructive forces at work on the surface of the earth—
 - (i) Tectonic Forces—earth movements and the formation of mountains.
 - (ii) the causes and effects of volcanoes and earthquakes and their distribution;
 - (iii) the manner and effects of erosion by running water (rivers, &c.), ice (glaciers, &c.) and wind.
- (c) The causes and distribution of warm and cold ocean currents;
- (d) Tides and tidal bores;
- (e) The nature of the ocean floor;
- (f) Continental, volcanic and coralline islands and their distribution.

Part B.—Regional Geography.

1. General Survey.—Distribution of the major geographical regions and features of the continents (landforms, climate, natural vegetation, drainage, and human activities).

2. Natural Regions of the Countries of the World.—Descriptions of the dominant geographical features, including land forms, climate, natural vegetation, mineral deposits, primary and secondary industries, imports, exports and direction of trade, and population distribution in the following countries:—

Argentina.	Italy.
Australia.	Japan.
Brazil.	Malaya.
Canada.	New Zealand.
China.	Norway.
Egypt.	Sweden.
France.	United Kingdom.
India.	United States of America.
Indonesia.	

Note—

- (i) Special attention should be given to Australia.
- (ii) In each country, the study should be directed to the recognition of regions which have distinctive characteristics, within the boundaries of the country.
- (iii) Students should be able to mark on sketch maps provided the divisions into regions and the general geographical features.

Text-books.—Any one of the following:—

Thomas Pickles: The World (J. M. Dent & Sons Ltd., London)
 J. H. Stembridge, R. B. Withers and B. J. Garnier: The World—A General Regional Geography (Australian and New Zealand edition). (O.U.P.)

L. Dudley Stamp and A. Grenfell Price: The World—A General Geography for Australian and New Zealand Schools. (Longmans, Green & Co. Ltd.)

Additional reading on Australia:

J. Andrews: Australia's Resources and their Utilisation, Parts 1 and 2. (Department of Tutorial Classes, University of Sydney.)

GOVERNMENT ADMINISTRATION.

The syllabus will be in two parts, **A. Government Administration**; **B. Current Affairs** (250 marks will be allotted to A and 50 to B).

Part A.—Government Administration.

Candidates should study and cultivate an understanding of the machinery of government in Australia and the more important methods of government administration.

A study in outline of—

1. Government—

- (a) The Federal Constitution, its construction, main provisions and amendment.
 - (b) The division of powers between the Commonwealth and States.
 - (c) The Commonwealth and State Parliaments.
 - (d) The Federal machinery of government—
 - (i) The Governor-General.
 - (ii) Composition and functions of the Commonwealth Parliament.
 - (iii) The procedure for the passage of legislation—delegated legislation and the role of regulations in administration.
 - (iv) The structure and functions of the Federal Executive Council and Cabinet.
 - (v) The Judicature.
 - (vi) The Executive and Administration.
 - (vii) Ministerial responsibility.
 - (viii) The functions of the ministerial departments.
 - (ix) The legal authority for and functions and powers of administrative bodies complementary to the ministerial departments— Auditor-General, Public Service Board and the Public Service Arbitrator; the control and co-ordination of money and men for the administration by the Treasury and the Public Service Board through the Audit Act and the Public Service Act.
 - (x) The status and functions of Commonwealth statutory authorities, such as Snowy Mountains Hydro-electric Authority, National Airlines Commission, &c., established outside the Public Service proper.
 - (xi) Agencies for Federal-State co-operation, e.g., the Loan Council, the Premiers Conference and the National Works Council.
 - (e) Local government in Australia.
2. Administration.—A study in some detail of—
- (a) The structure and organization of the Commonwealth Public Service.
 - (b) The history of the Commonwealth Public Service.
 - (c) The Commonwealth Public Service as a career public service.
 - (d) Personnel Administration.

- (e) Conciliation and Arbitration in the Commonwealth Public Service.
- (f) Employer-employee Relations and Joint Consultation in the Commonwealth Public Service.
- (g) Financial Administration.
- (h) Records Administration.
- (i) Correspondence.

Text-books.—Part A.—

- Hoy: Civics for Australian Schools; Revised Edition 1945 (Lothian);
- Bayne and Lazarus: The Australian Community (Longmans); The Constitution (Government Printer);
- Sawer: Australian Government To-day (M.U.P.);
- Commonwealth Public Service Board: Training Hand-books Nos. 1 and 2 (obtainable from the Public Service Board and Public Service Inspectors in the States);
- The Federal Guide (obtainable from the Prime Minister's Department);
- Selected training documents covering most phases of the syllabus. (Sets of these documents are obtainable from the Examination Section of the Commonwealth Public Service Board, Canberra, or from Commonwealth Public Service Inspectors in the States.)
- Commonwealth Year-Book 1955 (Part I, Chapter III., pages 42 to 64);
- Warren Denning: Inside Parliament (Aust. Publishing Co.); Public Service Act 1922-1958 and Regulations.

Part B.—Current Affairs.

Questions in this Part will aim to test the candidate's knowledge of current affairs, and matters underlying the understanding of current affairs, gained from the intelligent reading of newspapers and accessible journals and publications.

No books or other publications are set for Part B, and no specific reading is demanded. A wide choice of questions will be offered. In addition to the common sources of news, candidates will be helped by such publications as the "Current Affairs Bulletins" issued by the Sydney University and "Australia in Facts and Figures", issued by the News and Information Bureau, Department of the Interior, Canberra. News commentaries and educational and information broadcasts over the radio, particularly the A.B.C., are another source of information on current affairs.

ARITHMETIC.

Knowledge of units in common use: Tons, cwt, quarters, lb., gallons, quarts, pints, miles, furlongs, feet, inches, chains, rods, links, square miles, acres, square chains, square yards, square feet, square inches, cubic yards, cubic feet and cubic inches.

Vulgar and decimal fractions.

The metric system: kilometre, metre, centimetre, litre, cubic centimetre, kilogram and gram.

Foreign currency: rates of exchange (not to be memorized).

Conversion of units: conversion of quantities from one system of units to another, e.g., francs per kilogram, to shilling per lb.

Ratio, percentages, proportional division, commissions, partnerships, insurance, Customs Duties, Sales Tax, Bankruptcy.

Variation: direct, inverse and joint.

Simple and compound interest. Applications to include mortgages, hire purchase, bankers' discount, Commonwealth loans and other investments.

Compound proportion.

Profit and loss including trade discount and mixtures.

Logarithms: four figure logarithms and anti-logarithms tables, positive and negative characteristics, arithmetical calculations including powers and roots. Application in compound interest. (Special attention to negative characteristics.)

Graphs and graphical solution of problems.

Statistics: statistical data, correlation, mean, median, mode, variability and standard deviation, frequency table, histogram, frequency polygon, weighted means, cost of living index numbers.

Stocks and Shares: income, buying and selling, brokerage, rate per cent. on money invested.

Federal income tax, municipal rates, gas, water and electricity supply charges. (The memorization of technical details will not be required in these topics.)

Mensuration: Carpeting and papering rooms; painting; areas of rectangle, triangle, parallelogram, quadrilateral, rhombus, trapezium, circle including annulus and sector; volumes and surface areas of prism, cylinder, sphere, pyramids and cone. (Actual formulae should be memorized and ability to transform formulae should be developed. Candidates should practise calculations involving Pythagoras' Theorem.)

Text-books—

Prescribed—

Wilson and Ross: Sequel to "First Two Years Arithmetic" (F. W. Cheshire, Melbourne).

Any book of four-figure logarithmic tables.

Additional—Durell and Fawdry: Arithmetic (Bell).

ALGEBRA.**1. Factorization—**

Quadratic expressions (trinomial).

Difference of squares.

Easy cases of four-termed expressions (by grouping).

More difficult examples reducible to the above, e.g.—
($2x^2 - 1$)² - 3($2x^2 - 1$) - 10.

2. Construction of Formulae (to satisfy given verbal relations)—

Transformation (change of subject), of formulae.

Calculations based on these formulae.

3. Surds (quadratic)—

Reduction to simplest surd.

Manipulations (the "four rules") with surds.

Rationalization of surdic denominators (monomial and binomial).

Approximate evaluations.

4. The Index Laws (formal proofs not required).

Manipulations based on the index laws.

Definitions of, a^0 , a^{-n} , $\frac{1}{a^n}$, $\frac{p}{a^q}$

5. Logarithms—Elementary theory (excluding change of base)—

Use of four-figure tables in examples involving multiplication, division, evolution and involution, and combinations of these processes.

Use of logarithms in formulae.

The compound interest formulae.

$A = PR^n$, where $R = 1 + \frac{r}{100}$.

Use to evaluate A, P, and r.

6. Variation: Direct, Inverse, Joint—

Methods involving—

(a) calculation of constant of variation and obtaining of general law, and

(b) use of ratios, should be known.

Part variation.

Recognition of a formula from a given table of values.

7. Equations—

(a) With numerical coefficients—

(i) Simple; more difficult examples.

(ii) Quadratic; solution by factorization and by the general formula.

(iii) Simultaneous linear; in two and in three unknowns.

(iv) Simultaneous; one linear, and one quadratic.

Problems leading to equations of the above types, (i), (ii), (iii), (iv).

(v) Simultaneous; both equations quadratic but first degree terms absent.

(vi) Surdic equations.

(b) With literal coefficients—Linear and simultaneous linear only.

8. Progressions—

Arithmetic; standard form, nth term, sum of n terms, arithmetic means, problems.

Geometric; as for arithmetic. The infinite geometric progression.

9. Graphical Representation—

Straight line, parabola, rectangular hyperbola ($y = a/x$), Circle ($x^2 + y^2 = a^2$), Cubic ($y = ax^3$).

Interpretation of graphs, particularly the graphical solution of equations.

Note.—In addition to the accurate plotting of points, the method of sketching graphs on plain paper to show the general shape and the position relative to the co-ordinate axes should be treated.

10. Theory of the Quadratic Equation—

Derivation of the formula for the solution of the general quadratic equation.

Nature of the roots; use of the discriminant.

Relation between roots and coefficients.

Construction of equations to satisfy certain conditions.

11. Maximum and Minimum values of quadratic expressions—

Sign of $ax^2 + bx + c$ for various ranges of values of x. Remainder and factor theorems.—Factorization of Polynomials (up to fourth degree).

Undetermined coefficients.—Easy examples (excluding formal theory and not proceeding as far as partial fractions).

GEOMETRY.

- The Fundamental Facts** concerning straight lines, angles, parallels, perpendiculars.
Symmetry about a line and about a point. Axes of symmetry.
- Angles**, at a point and parallel lines.
Angle Sum of a triangle and of a polygon.
The sum of the exterior angles of a convex polygon. Regular polygons.
- Congruence of Triangles**—
The three fundamental cases and the special case of right-angled triangles.
The isosceles triangle.
- Parallelograms**.—Standard definition. Standard theorems leading to properties. Converse theorems.
- Areas**—
Comparison of areas of parallelograms, rectangles, triangles and hence the rules for area of—
(i) parallelogram,
(ii) triangle.
Construction of a triangle equal in area to a given quadrilateral (and hence, polygon).
- Locus**.—Meaning. Construction of loci. The two standard theorems. Concurrency of—
(i) perpendicular bisectors of sides of a triangle (circumcentre).
(ii) bisectors of angles of a triangle (incentre, e-centres).
- The Circle**—
Standard theorems concerning—
(i) chords;
(ii) angles in a segment;
(iii) cyclic quadrilaterals;
(iv) tangents, including the symmetry property of tangents from an external point, and the alternate segment theorem.
Tests for concyclic points.
Orthocentre of a triangle.
Construction of tangents to a circle and common tangents (external and internal) to two circles.
- Similar Figures**—
(a) **Similar triangles**. Conditions of similarity. Line parallel to base of triangle divides the other two sides in the same ratio (without formal proof), and converse.
Proportional division of lines. Scale drawing.
(b) **Similar polygons**.—Enlargement and reduction of plane figures. Ratio of areas of similar figures.
(c) **Rectangles and circles**. The standard theorems concerning the rectangles contained by the segments of intersecting chords and tangents to a circle.
(d) **Theorem concerning the perpendicular** drawn to the hypotenuse of a right-angled triangle from the opposite vertex.
Calculations based on Pythagoras' theorem in plane and solid figures (easy cases).
- (i) **Pythagoras' Theorem** and converse. Extensions of Pythagoras' theorem to obtuse-angled and acute-angled triangles. Apollonius' theorem.
(ii) **Proportional division** of side of a triangle by bisector of the opposite angle (internal and external).
(iii) Further work in ratio and proportion.
- Elementary Analytical Geometry**—
(i) **Distance** between two points. Gradient of the join of two points. Co-ordinates of the point of bisection of the above join.
(ii) **Equation of the straight line** specified by—
(a) one point and gradient.
(b) two points.
Conditions for parallelism and perpendicularity.
(iii) **The Circle**. Equation of circle centred (a) at (0,0); (b) at (h, k). Form and interpretation of the general equation to the circle. (Work on tangents is not required.)

Riders and Exercises based on the above ten sections.

Text-books—

Borchardt: School Certificate Geometry (Rivingtons, London).
Pollock: An Introduction to Analytical Geometry (Wm. Brooks & Co., Sydney).

TRIGONOMETRY.

- The six standard trigonometric functions for angles of any magnitude.
- Standard relations between the functions**. Reciprocal relations—
 $\tan A$ and $\cot A$ in terms of $\sin A$ and $\cos A$.
 $\sin^2 A + \cos^2 A = 1$, $\sec^2 A = 1 + \tan^2 A$.
 $\operatorname{cosec}^2 A = 1 + \cot^2 A$.
Expression of the functions in terms of any one.
Easy identities.
- Solution of easy trigonometric equations** for the range 0° to 360° of the unknown angle.

4. **Functions of Allied Angles**—

— A ; $90^\circ \pm A$; $180^\circ \pm A$; $270^\circ \pm A$; $n.360^\circ \pm A$.

- Graphs of the standard functions**, period, periodicity, amplitude. Graphs of functions of multiple and sub-multiple angles, e.g., $\sin 2x$, $\cos x/2$. Simple cases of compounding of graphs (by addition of ordinates).
- The Addition Theorems**—
Proofs required only for the cases when A , B , $A + B$, $A - B$, are all acute.
Standard deductions from them—
(i) **Multiple angle formulae**—
Functions of $2A$, $3A$, and $A/2$.
Expression of $\sin 2A$ and $\cos 2A$ in terms of $\tan A$.
(ii) **Transformation of products and sums**—
Identities on the relations included under (i) and (ii).
Easy equations based on them (solutions in the range of 0° to 360°).

7. **Solution of Triangles**—

Using four-figure tables.
Right-angled and isosceles triangles.
Sine rule, cosine rule.
The half angle formulae ($\sin A/2$, $\cos A/2$, $\tan A/2$ in terms of the sides of the triangle).

8. **Areas**—

Area of triangle $= \frac{1}{2}bc \sin A$.
and $= \sqrt{s(s-a)(s-b)(s-c)}$.
Applications to area of polygons. (No general formulae required).

9. **Bearings, Angles of Elevation and Depression**—

Numerical trigonometric problems in two dimensions.
Easy examples in three dimensions (where the direct solution involves only right-angled triangles).

10. **Radian or Circular Measure**—

The radian; conversion from degrees to radians, use of tables.
Length of arc, area of sector, area of segment (general rule not required).
Very easy examples based on a sphere.

PHYSICS.

Part A.—Mechanics.

- Units**.—The cm. gm. sec. and ft. lb. sec. systems should be used.
- Vectors**.—Vector and scalar quantities. Properties of vectors illustrated by concept of force.
- Force**.—Gravitational unit. Addition of forces: parallelogram and triangle rules, polygon rule. Resolved part of a force in a given direction. Parallel forces. Concept of centre of gravity. Equilibrium of a particle under the action of coplanar forces: triangle of force and polygon of force.
Moment of a force about an axis. Couple; moment of a couple. Equilibrium of a rigid body acted on by coplanar forces.
- Straight Line Motion with Constant Acceleration**.—Speed, velocity, acceleration. Equations of motion for a particle under constant acceleration. Acceleration due to gravity. Motion of a particle projected vertically.
- Newton's Laws of Motion**. First law. Momentum. Second law. Absolute units of force; distinction between absolute and gravitational units. Distinction between mass and weight. Third law. Conservation of linear momentum; problems relating to collision of two mass-particles; descriptive account of rocket and jet propulsion.

6. **Work and Energy**.—Work done by a force, energy. Kinetic energy of a mass-particle due to its velocity. Potential energy; change in potential energy of a mass when it is raised or lowered. Absolute and gravitational units. Conservation of energy.

7. **Power**.—Horse-power, watt and kilowatt.

Part B.—Heat.

- Temperature**.—Fixed points and fundamental interval of a temperature scale. Centigrade and Fahrenheit scales.
- Expansion**.—Expansion of solids and liquids; coefficients: practical applications. Expansion of gases. The gas laws; constant volume gas thermometer. Absolute scale of temperature.
- Quantity of Heat**.—Calorie. British thermal unit. Specific heat. Water equivalent and thermal capacity. Calorimeters. Method of mixtures. Calorific value of a fuel.
- Changing of State**.—Latent heats; fusion and vaporisation. Evaporation; saturated and unsaturated vapours; vapour pressure.

5. Nature of Heat.—History of the growth of the idea that heat is a form of energy. Experiments of Joule. First law of thermodynamics. Mechanical equivalent of heat and its determination.

6. Heat Transfer.—Convection. Conduction; thermal conductivity: Radiation; infra-red and visible radiation; absorption and emission of infra-red radiation.

Part C.—Electricity and Magnetism.

1. Units.—The electrostatic, electromagnetic and absolute practical systems should be used.

2. Electric Charge.—Charging process and its relation to the electrical structure of matter; conductors and insulators. Coulomb's law. Charging by induction.

3. Electric Field and Potential.—Electric field intensity. Potential difference between two points in an electric field. Representation of an electric field by lines of force. Gold leaf electroscope.

4. Capacity.—Capacity of a conductor. Parallel plate condenser.

5. Magnetism.—Magnetic poles. Coulomb's law. Magnetic field intensity. Representation of a magnetic field by lines of force. Magnetic field of the earth.

6. Electric Current.—Nature of an electric current. Ohm's law. Resistance. Wheatstone bridge. Electromotive force and potential difference. Simple potentiometer.

Heating effect of a current. Chemical effect; Faraday's laws of electrolysis. Magnetic effect; descriptive account of fields due to currents in long straight wire, flat circular coil, solenoid.

7. Electrodynamics.—Force on a conductor carrying a current in a magnetic field. Moving coil galvanometer; theory of its adaptation for use as an ammeter or voltmeter. Moving coil loudspeaker.

8. Electromagnetic Induction.—Laws of Faraday and Lenz. Calculation of induced e.m.f. in simple cases. Moving coil microphone. Induction coil (principle only) and its application in coil ignition in internal combustion engines.

CHEMISTRY.

Part A—General.

1. The gas laws of Boyle and Charles.
2. The laws of chemical change; conservation of mass; definite proportions; gaseous volumes.
3. Equivalent weight of an element; definition in terms of oxygen and its determination.
4. Dalton's atomic theory.
5. Avogadro's law and its applications.
6. Molecular weight; definition and its determination for volatile liquids and solids (Victor Meyer's method).
7. Atomic weight definition.
8. Valency.
9. Determination of empirical and molecular formulae.
10. Chemical equations and their application to the calculation of masses and gaseous volumes of products and reactants.
11. Qualitative treatment of electrolysis and an elementary treatment of the ionic theory.
12. Simple atomic structure—protons, neutrons, electrons; atomic numbers—isotopes; definition of the above only.

Part B—Elements and their Compounds.

1. Oxygen.
2. Hydrogen: water and hydrogen peroxide.
3. Carbon: carbon monoxide, carbon dioxide, carbonic acid and its salts.
4. Silicon: silica, silica acid, silica gel, "water glass", lime soda glass.
5. Sulphur: sulphur dioxide, sulphur trioxide, their corresponding acids and salts; hydrogen sulphide and sulphides.
6. Nitrogen: nitrogen dioxide, nitric acid, nitrates, ammonia, ammonium salts.
7. Phosphorus: phosphorus pentoxide, ortho-, pyro- and meta-phosphoric acids, sodium orthophosphates and calcium orthophosphates.
8. Sodium oxides, hydroxide, chloride, carbonates, sulphates, nitrate, sulphite.
9. Calcium: oxide, hydroxide, carbonates, sulphate, nitrate, chloride.
10. Magnesium: oxide, hydroxide, carbonates, sulphate, nitrate, chloride.
11. Zinc: oxide, hydroxide, carbonate, sulphate, nitrate, chloride, sulphide.
12. Aluminium: oxide, hydroxide, sulphate, potash alum chloride.
13. Iron: oxides, hydroxides, ferrous sulphate, ferrous sulphide, ferric chloride.
14. Copper: cupric oxide, hydroxide, sulphate, nitrate, sulphide.
15. Silver: oxide, nitrate, chloride, sulphide.

Part C.—Chemistry, without Technical Detail of Commercial Production.

1. Iron (blast furnace).
2. Steel (open hearth process).
3. Aluminium (Hall cell).
4. Sulphuric acid (contact process).
5. Ammonia (Haber process).
6. Sodium hydroxide (any electrolytic method).
7. Sodium carbonate (Solvay process).
8. Superphosphate.
9. Glass.
10. Quick lime.
11. Slaked lime.
12. Plaster of Paris.

ACCOUNTING.

Introductory Note.—An understanding of the theoretical as well as the practical aspects of the subject will be required. Candidates must be able to explain the procedures and routines which are applied in the recording of transactions.

1. The Subject-matter and Purposes of Accounting—

- (a) Distinction between accounting and bookkeeping.
- (b) Accounting Terminology.
- (c) The fundamental accounting equation. (Assets = Equities.)

2. The Principal Accounting Reports—

- (a) The presentation of accounting reports, more particularly the Profit and Loss Statement and Balance-sheet.
- (b) Nature, purpose and limitations of the Profit and Loss Statement and Balance-sheet.

3. Accounting Techniques—

- (a) The Ledger as the fundamental book of record in accounting practice, and the mechanism of the ledger account.
- (b) The Journals as books of originating entry.
- (c) The Petty Cash Book.
- (d) Posting from Journals to Ledgers.
- (e) Control Accounts.
- (f) The periodical Trial Balance.
- (g) Adjusting and Closing Entries.
- (h) Provisions and Reserves.
- (i) Preparation and presentation of Accounting Reports and Statements:—

Manufacturing, Trading and Profit and Loss Statements and Balance-sheets of sole traders, partnerships and joint stock companies.

4. Special Topics—

- (a) Unsystematised financial records and conversion to systematised records.
- (b) Recording financial transactions and preparing periodical accounting reports and statements of non-trading organizations.
- (c) Nature of a company; types of companies; difference between a company and a partnership; elementary law relating to companies as necessary for accounting purposes; entries relating to capital—issuing the shares, calls on shares, calls in arrears and advance, issue of different classes of shares; issue of shares at a premium and a discount oversubscription on application; (omitting forfeiture and reissue of shares).
- (d) Entries relating to debentures—payable in full on application, payable by instalments, redemption, interest, purchase by a company of its own debentures, redemption by a sinking fund.
- (e) The statement of capital in the balance sheet of a company.

Text-books—

Goldberg & Hill: "The Elements of Accounting" (Accountants Publishing Co. Ltd.) latest edition.

Yorston, Smyth and Brown: "Accounting Fundamentals" (Law Book Co. of Aust. Ltd.) latest edition.

COMMERCIAL LAW.

1. Introduction.—Sources and general nature of Australian commercial law.

2. Law of Contract.—Definition and nature of a contract; formation of a contract; essential elements and other matters affecting validity; operation of a contract; discharge of a contract with particular attention to performance and breach.

3. Special Topics.—(An understanding of the law of contract is the basis for the special types of contracts included in the following sub-headings):—Principal and agent; Partnership; Sale of goods; Hire purchase—including the distinction between hire purchase and sale of goods by instalment purchase (time payment) and sale of goods on lay-by; Contracts of carriage by land

(including common carriers) and sea; Insurance—including life, accident, fire and marine; Negotiable instruments—particularly bills of exchange, promissory notes and cheques.

4. **Companies.**—The nature and constitution of a company. The modern limited liability company, including its formation and operation; the proprietary (private) company (excluding reconstructions and liquidations); the contrast between limited liability companies and partnerships.

5. **Commercial Terms.**—Commercial terms and abbreviations incidental to the above topics.

Text-books.—An up-to-date edition which covers the above topics of any recognized Mercantile or Commercial Law text-book, such as Yorston and Fortescue: Australian Mercantile Law (Law Book Co. of Aust. Ltd.).

DRAWING.

The syllabus is divided into three parts. Candidates must answer one question on each of the Parts A, B and C.

Introduction to Technical Drawing.

1. Close attention should be given to the development of good standards of—

- (a) Lettering;
- (b) Figuring;
- (c) Linework;
- (d) Dimensioning.

2. Principles of—

- (a) Orthographic projection, both 1st and 3rd angle.
- (b) Isometric projection.
- (c) Oblique projection.

Part A.

3. Plane Geometry—

- (a) Construction of—triangles, quadrilaterals, polygons, scales.
- (b) Problems relating to tangency, e.g., circles and straight lines, circles in contact.
- (c) Construction of triangles equal in area to a rectilinear figure.
- (d) Construction of plane figures equal in area or of proportional area to a given figure.
- (e) Construction of the ellipse.

Part B.

4. Solid Geometry—

- (a) Plans and elevations of the common solids in the following positions:—
 - (i) With the axes perpendicular to one of the reference planes.
 - (ii) With the axes inclined to one reference plane and parallel to the other.
- (b) Sectional views. The section planes to be parallel to or inclined to one plane of reference only.
- (c) Projection of the true shape of sections.
- (d) Development of the surfaces of the sectional solids.

Part C.

Machine Drawing.

5. Conventional methods representing materials in section by symbols.

6. Dimensioned drawing in orthographic projection from dimensioned sketches. Full size, fractional and greater than full size scales to be used. Drawing of half sectional views. Suggested examples: bolts and nuts, simple switches, simple machine parts, such as pulleys, couplings, bearings, stuffing boxes, crank shafts, pistons, brushholders or commutators.

or

Building Construction Drawing.

7. Plotting to scale from existing sketches of plans, sections and elevations of simple buildings.

8. Drawing to scale from existing dimensioned sketches or from information supplied of simple building construction details in isometric, oblique or orthographic projection of examples of brickwork, windows, doors, mouldings, tables, chairs, cabinets and woodwork joints.

Examination No. 4731.

FOR APPOINTMENT AS CLERK (£385-£903), THIRD DIVISION, COMMONWEALTH PUBLIC SERVICE, CANBERRA, NORTHERN TERRITORY AND TERRITORY OF PAPUA AND NEW GUINEA.

A COMPETITIVE examination as above will commence on 10th October, 1959.

It should be noted that this examination will be discontinued after 1959.

Examination Centres.—Canberra, capital cities of the States, and such other centres as the Board may determine.

Persons Eligible to Apply.—Males and unmarried females, not officers of the Commonwealth Service, who are British subjects (or whose British naturalization will be completed within the period of eligibility for appointment) and who were born not earlier than 10th February, 1909, and not later than 10th October, 1944.

Applicants must be permanently residing in Australia or eligible for entry to Australia for permanent residence.

How to Make Application.—Applications must be made on printed forms obtainable from the Commonwealth Public Service Inspector in Canberra, all State Capital Cities, the Postmaster, Darwin, or from the Board's Representative, Port Moresby. Persons who desire to sit for the examination in the Australian Capital Territory or the Northern Territory should lodge their application with the Commonwealth Public Service Inspector, Canberra, and persons stationed in the Territory of Papua and New Guinea with the Board's Representative, Office of the Public Service Commissioner, Port Moresby.

Persons residing in any of the States may contest this examination solely for appointment to the Territory for which they nominate. Applications in such cases should be lodged with the Commonwealth Public Service Inspector in the respective State at whichever of the following addresses is applicable:—

Sydney: Phillip House, Phillip-street.

Melbourne: Commonwealth Centre, cnr. Spring and Latrobe streets.

Brisbane: Commonwealth Buildings, Adelaide-street.

Adelaide: 6th Floor, Da Costa Building, 68 Grenfell-street.

Perth: Commonwealth Bank Building, Forrest-place.

Hobart: First Floor, Farmers and Graziers Building, cnr. Liverpool and Campbell streets.

The receipt of applications to attend the examination will not be formally acknowledged. Any person who does not receive advice of the examination arrangements at latest ten days before the commencement of the examination should at once communicate with the office at which the application was lodged, and furnish evidence of the date and place of posting of his application.

Applications Close.—Applications must be lodged on or before 29th July, 1959.

Applications received after 29th July, 1959, will be rejected unless the applicant has advised the Inspector with whom he lodges the application by letter or telegram which reaches him not later than 29th July, 1959, that he is forwarding an application, and he has actually posted his application before or on that date.

Subjects of Examination.—The subjects of examination are—English—

(i) Duration 4 hours.—Paper A (essay, précis writing and one of appreciation of verse, clear thinking or comprehension) 2½ hours. Paper B (spelling, analysis and use of words) 1½ hours.

(ii) Maximum marks, 400; (Paper A, 250; Paper B, 150). To obtain a pass in English, candidates must obtain a total of at least 240 marks.

(Maximum marks for each subject (other than English), 300; pass marks, 180.)

Syllabus.—The syllabuses for these subjects are the same as for the corresponding subjects at Examination No. 4730, notification of which appears in this issue of the "Commonwealth Gazette."

Pass Conditions.—Candidates may qualify for appointment as Clerk by fulfilling the requirements prescribed under Pass Conditions A or B.

Pass Conditions A.

Candidates must sit for and pass in at least four and not more than six prescribed subjects, including English, at this examination. (Exemption in English may be claimed in certain circumstances. See "Exemptions" below.)

Pass Conditions B.

This examination will not be held in 1960. Candidates attempting this examination for the first time should therefore sit under Pass Conditions A.

Candidates must sit for and pass in at least five and not more than six prescribed subjects, including English over two successive "Clerical" examinations.

Exemptions.—(i) Candidates who wish to satisfy the requirements of Pass Conditions B may claim exemptions at this examination in the subjects or subject which they passed at Examination No. 4631.

[Note.—Marks will be allotted in the subject or subjects in which candidates claim exemption.]

(ii) Under both Pass Conditions A and B, candidates will be granted exemption in English if they have passed in this subject at—

- (a) A previous examination for appointment to the Third Division in an office of Clerk, held since 28th June, 1933, or
- (b) a Leaving Certificate (including Class A Schools); Matriculation, Senior Public, Schools Board or New South Wales Department of Technical Education Qualifying or Qualifying (Deferred) examination, or
- (c) any other examination, his pass at which has been recognized by an Australian University as sufficient for Matriculation provided that no exemption shall be granted for a previous pass in English where that subject was studied as a foreign language.

Except where exemption is claimed in English by candidates who wish to qualify under Pass Conditions B by virtue of a pass in this subject at Examination No. 4631, no marks will be credited for the previous pass in this subject.

Note.—(i) Candidates who claim exemption in English, except where that exemption is claimed under Pass Conditions B by virtue of a pass in this subject at Examination No. 4631, must still satisfy the pass conditions prescribed under A or B above—that is—

- (a) a pass in at least four and not more than six prescribed subjects under Pass Conditions A, or
- (b) a pass in at least five and not more than six prescribed subjects at two successive examinations under Pass Conditions B.

(ii) Candidates who are eligible for exemption in English under either Pass Conditions A or B, but not for an award of marks in this subject, may elect to sit for this subject at this examination as one of the number of subjects required for a pass under these conditions.

Order of Appointment.—Successful candidates will be registered in two distinct orders of merit, one for those who satisfy Pass Conditions A and one for those who satisfy Pass Conditions B. Males and females will be listed separately.

Appointments will be effected, subject to the Re-establishment and Employment Act 1945-1956, in order of merit from successful candidates under Pass Conditions A and then in order of merit from successful candidates under Pass Conditions B.

Candidates who qualify under Pass Conditions A will be listed in an order of merit determined from the total number of marks gained in the subjects passed at this examination.

Candidates who qualify under Pass Conditions B will be listed in order of merit determined from the total number of marks gained in subjects passed in the two examinations.

If two or more candidates obtain the same total number of marks, their relative order of merit will be determined by the number of marks gained in English. If marks are still equal, their order will be determined by lot.

Specimen Papers.—A booklet containing the syllabus, selected papers set for the previous examination and examiners' comments thereon may be supplied free, on request, by the Commonwealth Public Service Inspector, Canberra, all State capital cities and the Board's Representative, Port Moresby, after the 31st March, 1959.

Salaries.—As at 8th January, 1959, the commencing salaries payable were—

	Per Annum.	
	Males.	Females.
	£	£
Under 17 years of age	417	417
At 17 years of age	487	455
At 18 years of age	561	495
At 19 years of age	636	537
At 20 years of age	712	577
At 21 years of age	786	616
At 22 years of age	831	661
At 23 years of age or over	876	706

Advancement of Clerks from commencing salary to £966 per annum in the case of males, £796 per annum in the case of females, is by annual increments.

A temporary employee who is appointed will continue to receive, within the salary limits specified above, at least the amount of remuneration received immediately prior to appointment.

Period of Eligibility.—Except in the cases of former members of the Forces, a candidate who qualifies will be eligible for appointment only until the expiration of twelve months commencing on the date of publication in the "Commonwealth Gazette" of the results of the examination or until he attains the age of fifty-one, whichever is the sooner. The eligibility of a former member of the Forces for appointment will terminate when he attains the age of fifty-one years.

Exclusion of Candidates from Examination.—The Board may determine that a person shall not be allowed to sit for this examination if it is satisfied, after consideration of the available evidence, that a person is not a fit and proper person for appointment to the Public Service of the Commonwealth.

Results of Examination.—The results of this examination showing the order in which successful candidates are eligible for appointment shall be published in the "Commonwealth Gazette".

Marks.—The marks allotted by the examiners for each subject or part of a subject shall be final.

Reports on Examination Papers.—A candidate may at any time within three months of the date of publication in the "Gazette" of the results of this examination obtain reports on his examination papers. The reports will show the detailed allotment of marks and will contain a statement as to the merits and defects of the papers concerned.

To obtain these reports, a candidate should pay to the Commonwealth Public Service Inspector or the Board's Representative, Port Moresby, with whom he lodged his application, the sum of ten shillings for each subject upon which a report is desired.

Note.—For report purposes, English A and English B should be regarded as two separate subjects.

Appointment Subject to Conditions.—A successful applicant from outside the service must produce evidence of date of birth, and undergo a medical examination as required by the Board. Successful candidates should not undergo the medical examination until instructed to do so. The Board will be required to be satisfied from the report of the examination as to the candidate's health and physical fitness for appointment. Upon the confirmation of appointment, an officer will also be required to become a contributor under the Superannuation Act 1922-1957.

Qualified candidates who on appointment are already temporarily employed, or who take up duty within twenty-eight days of the date of issue by the Chief Officer of notification of appointment and request to report for duty, will be regarded for seniority purposes as having entered the Commonwealth Service on the date of the Public Service Inspector's appointment certificate.

Successful candidates should note that the National Service Act 1951-1957 precludes the employment for more than seven days of persons liable to register under the Act and who have failed to register.

Successful candidates who, at the date of application, were not British subjects, must, on request, produce evidence of their British naturalization in the form of a certificate or in such other form as the Board may determine.

Candidates who nominate for appointment in the Australian Capital Territory, Northern Territory, and the Territory of Papua and New Guinea, will be eligible for appointment only in the Territory for which they nominate.

Refusal by the Board to Appoint Successful Candidates.—The Board may, upon sufficient evidence of an adverse nature respecting the conduct, character or ability of a successful candidate or upon sufficient evidence that a successful candidate has knowingly made a false statement in respect of his application to sit for this examination, direct that that successful candidate shall not receive appointment.

Refusal of Appointment.—If a successful candidate declines appointment or fails to reply within seven days to a communication from the Board, the Public Service Inspector, or a Department, respecting nomination to the Public Service, his name may be removed from the "Register of Persons Qualified for Appointment".

Vacancies.—It is estimated that the following appointments will be made during the twelve months' period of eligibility:—

Canberra	5
Northern Territory	10
Papua and New Guinea	3

Public Service Board.

NOTIFICATION OF VACANCIES.

VACANCIES OPEN TO PERMANENT OFFICERS ONLY.

APPLICATIONS are invited from officers of the Commonwealth Service for promotion or transfer to the positions mentioned below.

Applicants should state fully their qualifications for the positions sought, and forward their applications to the officer indicated in the last column in time to reach him not later than the appointed date. Applications submitted by telegram before the closing date will be accepted, but these should be followed up immediately by written application.

Where an applicant desires to be considered for two or more vacancies a separate application should be forwarded for each position sought except where the positions applied for are of similar classification and in the same Branch of the Department, e.g., positions of Postmaster, Lines Staff positions, &c., when one application covering such positions will be accepted.

The following particulars should be set out at the foot of the application:—

Full name (block letters) ... Seniority date
 Designation Length of service
 Salary scale Salary (per annum)
 Office or Branch Date of last increment
 Date and place of birth

VACANCIES OPEN TO OFFICERS AND TO PERSONS OUTSIDE THE COMMONWEALTH SERVICE.

Where indicated, positions are open to officers and to persons outside the Commonwealth Service (including temporary employees). Appointment to permanent positions is restricted to British subjects under the age of 51 years except where otherwise indicated permanently residing in Australia, or eligible for entry to Australia for permanent residence.

Applicants for permanent positions only should make application on printed forms which may be obtained from the Public Service Inspector in each Capital City, the Public Service Board's Representative in Port Moresby, or from the Department in which the vacancy exists.

SALARY, CONDITIONS, ETC.

The range of salary indicates the classified value of a position and new appointments may be made at any salary within such range.

The rate of salary per annum shown in the advertisement is increased as follows:—

- (a) Adult Males and married minors (Males)—£63 per annum.
- (b) Adult Females—£47 per annum.
- (c) Minors—Proportionate adjustments as specified in Regulation 106A.

Should a female be appointed, promoted or transferred to a position named below and not designated a "Female position", the salary payable will be—

- Adult Females—**
- (a) Third Division—£154 less (Regulation 104 (2) and (3))
 - (b) Fourth Division—£154 less (Regulation 106 (3) and (4))
- } plus £47 per annum

- Junior Females—**
- (a) Third Division—Rates specified in (regulation 104 (5))
 - (b) Fourth Division—Rates specified in (regulation 106 (2) or 106 (5))
- } plus proportionate adjustment specified in regulation 106A

Successful applicants must comply with the provisions of the Superannuation Act.

At offices where quarters are shown, a deduction at the rate of 10 per cent. of the minimum salary of the position will be made unless otherwise stated. Particulars of existing quarters are furnished merely for the information of officers. It is not incumbent on Departments to provide quarters, which, if provided, may be wholly or partly withdrawn at any time.

Officers of the Commonwealth Service, who may be transferred without promotion, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation 119.

Fares to locality of appointment of appointees who are not officers of the Commonwealth Service will not be paid by the Commonwealth unless such fares (including, if the applicant is married, those of his wife and family) exceed £3, when such allowances as the circumstances justify may be granted.
