TARIFF BOARD INQUIRIES.

THE Tariff Board will hold public inquiries into the subjects listed below commencing on the dates shown. The inquiries will be held at the Board's Inquiry Room, Kings Avenue, Canberra, A.C.T.

Vinyl Chloride Polymers and Copolymers—

- (a) Whether assistance should be accorded the production in Australia of—
vinyl chloride polymers and copolymers, which, if imported, would be covered by Item 368 (A) (1) (c) in the Schedule to the Customs Tariff—
and, if so found, the nature and extent of such assistance; and
- (b) if the Board's findings in respect of (a) are for assistance through the Customs Tariff, then what rates of duty should be provided for under each of the columns in the Schedule to the Customs Tariff in respect of the goods concerned.

10 a.m., Monday, 14th December, 1964.

Citric Acid and Tartaric acid—

- (a) Whether assistance should be accorded the production in Australia of—
(i) citric acid, and
(ii) tartaric acid—
and, if so found, the nature and extent of such assistance; and
- (b) if the Board's findings in respect of (a) are for assistance through the Customs Tariff, then what rates of duty should be provided for under each of the columns in the Schedule to the Customs Tariff in respect of the goods concerned.

Synthetic Nitrogenous Fertilizers—

- (a) Whether assistance should be accorded the production in Australia of—
synthetic chemical compounds and mixtures containing nitrogen, suitable for use, separately or in conjunction with other goods, as fertilizers—
and, if so found, the nature and extent of such assistance; and
- (b) if the Board's findings in respect of (a) are for assistance through the Customs Tariff, then what rates of duty should be provided for under each of the columns in the Schedule to the Customs Tariff in respect of the goods concerned.

10 a.m., Monday, 15th February, 1965.

2. For the purpose of the inquiries the powers of the Board will be exercised by Mr. G. A. Rattigan (Chairman), Mr. W. Callaghan (Senior Deputy Chairman) and Mr. S. J. Cossar (Member).

3. The inquiries on these three subjects will be integrated with the inquiry on Industrial Chemicals and Synthetic Resins, details of which were advertised on 6th August, 1964. Evidence on certain products within the scope of this latter inquiry has also been listed for hearing beginning on the dates shown above and it appears probable that the inquiries will extend beyond the opening day. Evidence on the products covered by the three subjects set out above may therefore not be heard on the day the inquiry begins.

4. The inquiries will be facilitated if evidence is prepared in the form of a written statement and eight copies sent to the Board. Evidence must be presented on oath at the relevant inquiry. As much of the evidence as possible should be given publicly. Evidence which intending witnesses consider to be confidential should be included in separate statements, clearly marked "Confidential". If the Board is satisfied that evidence is of a confidential nature the Board may take such evidence in private.

5. The Board requests that intending witnesses should forward their statements of evidence to reach the Secretary, Tariff Board, Kings Avenue, Canberra, at least two weeks before the hearing at which they intend to give evidence.
