4. Course of Training—Cadet Auditors will be required to undertake a course of study leading to a recognised qualification in Accountancy at an Institute of Technology or Technical College or other educational institution approved by the Board.

Cadets are required to undertake full-time study and to work in the Auditor-General's Office or other approved establishment during vacations and for such additional periods as may be required to complete the approved course of training. Where full-time courses are not provided, cadets are required to undertake such part-time courses as will enable them to complete the specified course of training.

After completion of the formal educational training in Accountancy, Cadets will be required as a part of their cadetships to complete a departmental course of training of approximately twelve months duration before advancement as Assistant Audit Inspector.

5. Salary During Training—The salary range for all Cadetships is (\$1,350-\$2,762).

- (a) On attaining an age of 21 years a cadet will be paid a minimum salary of \$2,142.
- (b) If upon attaining the age of 21 years a cadet has completed a period of three years training, he will be paid \$2,266 per annum, if the Board is satisfied that the diligence, conduct and progress of the officer during the period of training have been satisfactory and warrant such payment.
- (c) Upon completion of an approved course of training, cadets will be paid rates appropriate to the nature of the qualification obtained.

6. Refund of Fees—Refund of approved fees in accordance with the following scale will be allowed to cadets in respect of subjects studied as part of their approved course of training:

Salary (Male and Female) \$	Percentage of fees refunded
Less than 2,142 ..	.. 100
2,142-2,265 ..	.. 75
2,266-2,389 ..	.. 50
2,390-2,513 ..	.. 25
2,514 or over ..	.. Nil

When two or more of the above rates of salary are received by the cadet in a calendar year, the percentage of fees to be refunded will be that shown in relation to the rate of salary received for the greater portion of the year.

7. Promotion on Completion of Training—A cadet will be promoted to the position of Assistant Audit Inspector upon:

- (a) satisfactory completion of 4 years full-time training as a Cadet, and
- (b) passing such examinations for advancement and fulfilling such conditions of practical training as are determined by the Public Service Board,

provided that the period of training in (a) may be reduced where the person appointed, promoted or transferred as Cadet has already completed one or more years of the prescribed course, or gained such experience or qualification as is deemed appropriate.

Upon completion of training an officer may be required to take up duty in a State other than that in which he was trained.

Promotion is made under the provisions of section 53B of the Public Service Act 1922-1966, and is not subject to appeal.

Details of salaries payable and avenues for future promotion after completion of cadetship training are available from all Commonwealth Public Service Inspectors.

8. Unsatisfactory Progress—Where a cadet fails to obtain satisfactory results at any examination or otherwise fails to make satisfactory progress in his course of training, the Permanent Head of the Department will report to the Public Service Board as to the general efficiency and aptitude of the officer, and his fitness to continue the cadetship. Upon receipt of such report, the Board will, unless the officer is dismissed from the Commonwealth Service, decide whether the cadetship should be terminated and the officer

transferred to such other office as may be deemed appropriate, or whether the cadetship will be continued under modified conditions. In the case of an officer on probation, consideration may also be given to annulment of appointment.

9. Contract of Service—Each cadet will be required to enter into an agreement with the Commonwealth and to be guaranteed by an approved surety that he will pursue to completion the appropriate course of training (including examinations), unless permitted by the Board to relinquish it, and remain in the Commonwealth Service, after advancement from the cadetship, for the period specified in the agreement.

For cadetships involving full-time training only, the maximum amount of liability under the contract of service, and the maximum period of service to be fulfilled on completion of training, will normally be determined in accordance with the following scale:

Scale A			
Number of years of training to be completed at time of commencement of cadetship	Maximum Liability \$	Period of required service (years)	
1	.. 800 ..	..	.. 2
2	.. 1,200 ..	..	.. 3
3	.. 1,600 ..	..	.. 4
4 or more ..	.. 2,000 ..	..	.. 5

Where the cadetship involves only part-time training, the following scale will normally apply:

Scale B			
Number of years of training to be completed at time of commencement of cadetship	Maximum Liability \$	Period of required service (years)	
1 or 2 ..	.. 500 ..	..	.. 1
3 or 4 ..	.. 750 ..	..	.. 2
5 or 6 ..	.. 1,000 ..	..	.. 3

Where the cadetship involved both full-time and part-time training, Scale A will normally be used, with appropriate adjustments for the part-time element of the training.
