2. Persons Eligible to Apply—Eligibility for promotion, transfer or appointment as Trainee Computer Operator is open to permanent officers of the Commonwealth Service and, subject to Section 47A 2° of the Public Service Act 1922-1966, to British subjects who are between the age of 17 and 35 years at the date training commences. Persons outside the Service should preferably have satisfactorily completed three full years of secondary education. No previous computer experience is necessary.

° See under 'Concessions to Ex-servicemen' on page 233, Gazette No. 4 of 13 January 1967.

3. Conditions of Selection—Offer of appointment or provisional promotion or transfer as Trainee Computer Operator will be made in order of merit determined on the basis of the report of an interviewing committee, selection test results, academic qualifications, experience, and such other matters as are considered relevant in determining the applicant's suitability.

Selected permanent officers of the Commonwealth Service will be transferred or promoted as Trainee Computer Operator (\$1,067-\$2,294), Fourth Division. Officers, the maximum of whose salary range exceeds \$2,294, will be required to transfer by consent as Clerical Assistant, Grade 1 (\$997-\$2,223) and will then be provisionally promoted as Trainee Computer Operator. The promotion of an officer to an office of Trainee Computer Operator shall be subject to a right of appeal under Section 50.

Successful applicants from outside the Commonwealth Service will be appointed as Trainee Computer Operators on extended probation.

4. Course of Training—Selected applicants will undergo training for nine months. This consists of twelve weeks' full-time theoretical training and six months' practical training on the job. Training may be in Canberra or a State capital or a combination of these. Actual arrangements will depend on the department for which applicant is selected.

5. Salary during Training—Salaries payable on commencement and during training will be as follows:

(a) Persons who are already officers of the Commonwealth Service will be promoted or transferred as Trainee Computer Operator (\$1,067-\$2,294). Salary on promotion or transfer for those officers whose salary exceeds \$2,294 per annum before their transfer by consent to Clerical Assistant, Grade 1 (\$997-\$2,223) will be paid at the appropriate rate within the range \$1,067-\$2,294 plus an allowance, to raise the total remuneration to that received by the officer in his former position provided that the maximum remuneration shall not exceed \$2,730. Any higher duties allowance which trainees were receiving in a field of work related to the duties of Trainee Computer Operator immediately prior to commencing the course, will continue throughout the course subject to the following conditions:

- (i) the trainee would have continued acting in the higher position had he not been required to undergo full-time departmental training; and
- (ii) total remuneration received by way of salary and allowance should not exceed the maximum salary of Computer Operator, Grade 1, i.e., \$2,730; and
- (iii) service during the training period should not be taken into account for higher duty incremental purposes.

(b) Persons from outside the Commonwealth Service selected as Trainee Computer Operators will be paid as follows:

Age of Officer		Rate of Annual Salary (Actual)	
		Male	Female
		\$	\$
Under 17 years	..	1,120	1,080
At 17 years	..	1,300	1,200
18 years	..	1,540	1,370
19 years	..	1,780	1,540
20 years	..	1,980	1,720
Adult	..	2,212	1,784

Advancement will be made under the provisions of Section 53B of the Public Service Act 1922-1966 and is not subject to appeal.

On completion of training an officer may be required to take up duty in a State other than that in which he was trained or recruited. Every consideration will be given to an individual's expressed location preference.

7. Unsatisfactory Progress—Where a Trainee Computer Operator fails to make satisfactory progress in his course of training, the Permanent Head of the Department will report to the Public Service Board as to the general efficiency and aptitude of the officer, and his fitness to continue the course of training. Upon receipt of such report the Board will, unless the officer is dismissed from the Commonwealth Service, decide whether the course of training should be terminated and the officer transferred to such other office as may be deemed appropriate, or whether the course of training should be continued. In the case of an officer on probation, consideration may also be given to the annulment of appointment.

8. Contract of Service—Each trainee will be required to enter into an agreement with the Commonwealth and to be guaranteed by an approved or personal surety that he will pursue to completion the approved course of training (including examinations) and continue in the employment of the Commonwealth for a period of three years after completion of the training course.
