Minister of State for Customs and Excise

Customs Act 1901-1971

CUSTOMS TARIFF 1966-1971
SECOND SCHEDULE
By-laws Nos S2210 to S2217

I, DONALD LESLIE CHIPP, Minister of State for Customs and Excise, in pursuance of the powers conferred on me by Part XVI. of the Customs Act 1901-1971, and all other enabling powers, hereby make the by-laws set out in the Schedule hereto.
In a by-law set out in the Schedule hereto—

(i) 'security' means that security shall be given to and to the satisfaction of the Collector and that the giving of such security is a condition subject to which that by-law item applies to the goods or the class or kind of goods so conditioned; and

(ii) a reference to:

- (a) an item;
- (b) a sub-item;
- (c) a paragraph; or
- (d) a sub-paragraph

shall be read as a reference to that item, sub-item, paragraph or sub-paragraph as the case may be in Part II. of the First Schedule to the Customs Tariff 1966-1971 as amended or proposed to be amended.

Unless the context otherwise requires, where a description of goods is specified in a by-law set out in the Schedule hereto, the goods that fall within that by-law by virtue of that description are such goods as would fall within that description if it were specified in the tariff classification in Part II. of the First Schedule to the Customs Tariff 1966-1971 as amended or proposed to be amended that applies to those goods.

Unless the context otherwise requires, any word or phrase used in a reference in a by-law set out in the Schedule hereto has the same meaning as if it were used in the tariff classification in Part II. of the First Schedule to the Customs Tariff 1966-1971 as amended or proposed to be amended that applies to those goods to which that reference in the by-law applies.

THE SCHEDULE

By-law No. S2210

Customs Act 1901-1968

NOTICE OF DETERMINATIONS 71/67070-71/67345 UNDER PART XVI

THE Minister of State for Customs and Excise, the Honourable Donald Leslie Chipp, in pursuance of Section 273B of the Customs Act 1901-1968, notifies that determinations have been made under Part XVI of that Act in favour of specific importers in respect of the goods indicated in the table appended hereto and limited to the quantities set out in the respective determinations.

Except where an amendment or revocation of an earlier determination is concerned, the table lists, in the following order, the file number, the kind of goods, the date on or before which the goods shall be entered for home consumption, if such is a condition of

the determination, further conditions, if any, and the Item of the First or Second Schedule to the Customs Tariff applying to the goods. Where a seven figure item is shown it is an item of the First Schedule to the Customs Tariff and where a two figure item is shown it is an item of the Second Schedule. All goods, being machines, machinery or machine tools are, unless otherwise indicated, subject to the provisions of Separate Articles Direction No. 1 (1971).

Where ever appearing in the table, P.V.C. means polyvinyl chloride and T.V. means television.

This notice is for public information only. The determination itself provides the legal authority which is limited to the importer named in the determination enabling that importer to enter the goods at the rates of duty applicable to the item mentioned in the determination.

NOTICES UNDER SECTION 29

Public Service Act 1922-1968

I, ARCHIBALD BERTRAM McFARLANE, a member of the Public Service Board, to whom the Public Service Board has by instrument in writing under section 16 of the Public Service Act, 1922-1968, delegated all its powers and functions under that Act—

- (1) hereby, in pursuance of sub-section (2.) of section 29 of that Act, raise the classification of each office in the Fourth Division the designation of which is specified in the first column of the Schedule to this Instrument and which has the classification specified in the second column of that Schedule opposite to that designation, from that classification to the classification specified in the third column of that Schedule opposite to that office;
- (2) having thereby made the same alteration of the classification of all officers having the same designation and classification, hereby direct, in pursuance of sub-section (4.) of section 29 of that Act, that sub-section (3.) of that section shall not apply in relation to the alteration of the classification of those offices; and
- (3) having thereby made an alteration of the classification of each office in each case where there is no other office having the same designation and classification as such an office—
 - (a) hereby declare that the alteration of that classification is related to the alteration of the classification of the officers referred to in paragraph (2) of this notice;
 - (b) hereby direct, in pursuance of sub-section (5.) of section 29 of that Act, that sub-section (3.) of that section shall not apply in relation to the alteration of the classification of each office first mentioned in this paragraph.

Dated this seventeenth day of August 1971.

FELLOWSHIPS, SCHOLARSHIPS, ETC.

RESEARCH FELLOWSHIPS AT THE AUSTRALIAN NATIONAL UNIVERSITY

APPLICATIONS are invited from permanent officers of the Commonwealth Service for Research Fellowships in 1972. The Fellowships will entitle Fellows to spend one year in a department of the Australian National University.

Eligibility—Fellowships will be available to senior officers of substantial experience who would benefit from a period of reading and supervised writing on a research topic. The primary purpose of the Fellowship is not to enable officers to obtain a higher degree but to provide them with the opportunity to make a worthwhile contribution to a particular field of research. The field of research, chosen by the Fellow in conjunction with his Department and the University, must be of interest and benefit to both the University and the Commonwealth Service.

Selection—Applicants for Fellowships must first obtain sponsorship from their Departments. Departments will submit nominations, which will be considered by a selection committee.

Benefits—Fellows will receive full salary for the period of Fellowship. The University will pay costs of the Fellow's travel to Canberra, and may provide accommodation at normal charges for Fellows not resident in Canberra. If possible, single Fellows will live at University House, and married Fellows with families will be provided with furnished houses or apartments. Fellows engaged in research are entitled to attend seminar groups and discussions within the University in their general fields of interest. Successful officers will take up the Fellowship at the beginning of the academic year in March 1972.

Conditions—A Fellow will be required to produce a paper on his year's work at the University and to enter into an agreement to remain in the Commonwealth Service for a period of three years from the date of resumption of duty.

APPLICATIONS AND CLOSING DATE

Applications for Fellowships are to be submitted on application forms which may be obtained from the offices of the Commonwealth Public Service Inspectors in the States or the Public Service Board in Canberra.

They must be forwarded through and with the recommendation of the Fellow's Department.

Applications should reach the Secretary of the Public Service Board, Canberra, on or before 29 October 1971.

The Australian National University has furnished the following list of suggested research fields for 1972.

Further information concerning research topics at the Australian National University may be obtained from the Academic Registrar, Box 4, P.O., Canberra, Australian Capital Territory 2600.

INSTITUTE OF ADVANCED STUDIES

John Curtin School of Medical Research

Biochemistry

Professor F. Gibson, Dr G. B. Cox and Dr I. G. Young—Biochemical and genetic studies on ubiquinone and menaquinone biosynthesis, bacterial respiration and iron transport in *Escherichia coli*.

Dr J. F. Morrison and Dr E. Heyde—Mechanisms of reactions catalysed by phosphotransferases and multifunctional allosteric enzymes.

Dr H. Rosenberg, Dr C. V. Viswanathan and Dr R. Gerdes—The structure and function of membranes: transport of iron and of phosphate in micro-organisms: the participation of membrane components in the transport function.

Dr D. C. Shaw—Protein chemistry of enzymes and their active sites with particular reference to the bifunctional enzyme, chorismate mutase-prephenate dehydrogenase.

Clinical Science

Professor H. M. Whyte—epidemiological studies in Australia and New Guinea especially in relation to factors related to coronary disease (lipids, thrombosis, etc.).

Dr P. J. Nestel—clinical and laboratory studies relating to cholesterol triglyceride and fatty acid metabolism; carbohydrate metabolism; hypertension and catecholamines.

Dr R. B. Goldrick—clinical and laboratory studies into obesity; function and structure of adipose tissue.

Dr N. Fidge—metabolism of lipoproteins; protein kinetics.

Dr N. Ardlie—studies on thrombosis and lysis, especially in relation to platelet function.

Experimental Pathology

Professor F. C. Courtice—Lymphatic function, especially in relation to reaction to injury; lipid transport; pathogenesis of atheroma.

Dr W. J. Cliff—Pathological reactions in blood vessel walls and tissue grafts studied by light and electron microscopy.

Dr I. K. Buckley—Cinephotomicrographic and fine structural analyses of pathological changes induced in living cells; mechanisms of heat damage.

Dr M. W. Simpson-Morgan—Lipid transport and metabolism; lymphatic function especially in relation to transport of protein-bound hormones.

Dr G. I. Schoeff—Ultrastructure of small blood vessels (lymphoid tissue, embryos) and graft-versus-host reactions.

Dr T. G. Redgrave and Dr C. E. West—Lipid transport and metabolism; pathogenesis of atheroma.

Human Biology

Dr R. L. Kirk—Human population genetics; interaction between genetic systems; serum protein and enzyme genetics.

Dr S. V. Boyden—Biological consequences of the processes of civilisation particularly as they affect the human organism.

Medical Chemistry

Professor A. Albert—Comparative heterocyclic chemistry, with emphasis on pteridines, purines and other nitrogenous polycycles of biological importance.

Dr D. J. Brown—The synthesis, physical properties and reactions of pyrimidines and related heteroaromatics of potential interest in pharmacology.

Dr D. D. Perrin—Stability constants of biologically important metal complexes. Computer models for biological systems.

Dr W. L. F. Armarego—Heterocyclic organic chemistry with special reference to physiologically active substances and to the stereochemistry of reduced systems.

Dr G. B. Barlin—Synthesis for kinetic and comparative studies of various heterocyclic series of medicinal interest.

Dr E. Spinner—Infra-red, Raman and ultra-violet spectroscopy of heterocyclic, aromatic, potentially tautomeric and related compounds.

Dr T. J. Batterham—Nuclear magnetic resonance studies of heterocycles with emphasis on molecules of biological importance.

Dr J. E. Fildes—Development of new methods of organic micro- and submicro-analysis.

Microbiology

Professor G. L. Ada and Dr C. R. Parish—The Chemistry and Biology of Antigen. The reactions of antigens with cells.

Dr R. V. Blanden—The pathogenesis and immunology of viral infections.

Dr W. G. Laver and Dr R. G. Webster—The Chemistry and immunology of viruses, particularly influenza virus.

Dr P. D. Cooper—Tissue culture studies of the growth of poliovirus.

Dr I. D. Marshall—Studies on arboviruses.

Dr A. J. D. Bellet—Role and structure of viral nucleic acids.

Dr A. Cunningham—Immunology at the cellular level.

Physical Biochemistry

Professor L. W. Nichol—Studies on interacting protein systems and allosteric effects.

Dr H. A. McKenzie—Studies on the physical chemistry and denaturation of proteins, including milk proteins.

Dr A. B. Roy—Physical chemistry and kinetics of enzymes, particularly those concerned with the metabolism of sulphate ions.

Dr P. D. Jeffrey—Equilibrium methods in the study of systems such as insulin.

Physiology

Professor P. O. Bishop, Dr W. Levick and Mr J. S. Coombs—Neural mechanisms in vision.

Dr R. Close—Biophysical studies on muscle cells.

Professor D. R. Curtis and Dr G. A. R. Johnston—Pharmacology and chemistry of synaptic transmitter substances in the central nervous system.

Immunology

Professor Bede Morris, Dr K. J. Lafferty, Dr E. P. Adams, Dr P. J. McCullagh—Tissue and whole organ transplantation; the physiology and biochemistry of the immune response, foetal immunology, developmental aspects of the immune response and invertebrate immunology; the physiology of the lymphatic system; experimental surgery; graft-versus-host reactions; immunological tolerance; chemistry of cell membranes and cell surface interactions; tumour immunology; ultrastructural aspects of antibody synthesis.

Research School of Physical Sciences

The school can provide facilities for research work in solid state physics (Professor Runciman), in low energy nuclear physics (Professor Newton), in theoretical aspects of nuclear and particle physics (Professor Le Couteur), in some branches of geophysics and geochemistry (Professor Jaeger and Professor Ringwood), in observational optical astronomy (Professor Eggen), in applied mathematics (Professor Ninham) and in selected branches of mathematics (Professor Neumann), in studies of collision processes of electrons in gases (Dr Crompton), in diffusion in liquids (Dr Mills) and in engineering physics (Professor Kaneff).

Research School of Social Sciences**Demography**

Professor Caldwell—Studies relating to: fertility, marriage and family structure; demographic aspects of workforce; social, economic and cultural aspects of immigration; immigration policy; evaluation and census techniques and vital registration; population structure and trends in high growth areas relating particularly to Australian territories, the Pacific and South-East Asia.

Education Research Unit

Mr D. S. Anderson, Dr G. Harman, Dr C. S. Smith—The main research interests in 1972-73 will centre around education for the professions including a study of the teaching profession, allocation of resources and cost-benefit analyses of education, pressure groups and educational policy, and Commonwealth-State relations in education. It is intended that some comparative studies be made with overseas countries. Specific areas likely to be of interest to Commonwealth Officers including the analysis of data pertaining to the recruitment and progress of students in higher education, economic analyses of education systems and studies of educational planning.

Economic History

Professor Butlin—Areas likely to be of most interest to Commonwealth Officers include quantitative analysis of economic growth and development in Australia, including the comparative study with overseas countries. The work is at 3 levels covering the preparation of statistical series of historical social accounting data, the interpretation of the data, and its use in analytical studies. The statistical data include employment and unemployment, quantum estimates of industry product, capital stock, public authority transactions, and analysis of foreign trade and investment since the First World War. Interpretative work is mainly devoted to quality change in price and quantum series and use of figures of aggregate output for welfare and productivity comparison. Analytical studies cover a wide field, including particular studies of the effect of a government activity on the character and direction of economic development of selected industries, the association between economic growth and capital inflow and the labour capital productivity in Australia. There is also opportunity for traditional and descriptive studies in economic history, including business and institutional histories.

Economics

Professor Swan—A suitable research project in many instances would be to take some episode or problem of public policy from the recent past or the present and to analyse its background and implications.

History

Professor La Nauze—Current research is concerned with Australia, modern British and Indian history. The most relevant field is the early history (1901-14) of the Australian Commonwealth—political, administrative or diplomatic.

Law

Professor Sawyer—Federal Constitutional Law; Administrative Law; Private and Common Law (contracts, torts, etc.); Criminology.

Philosophy

Professor Passmore—Higher education, problems in political and social philosophy, history of philosophy.

History of Ideas Unit

Dr Kamenka—Relations between political, social, philosophical and literary ideas.

Political Science

Professors Parker and Burns—Historical development of a selected function of the Commonwealth Government; modes and problems of Commonwealth-State participation in one of the concurrent functions of government; recruitment and composition of senior administrative staff in public services; how the Statutory Corporation form affects policy making and administration in any corporation; the formulation and administration of Australian tariff policy; legal and administrative aspects of 'extra-Constitutional' activities of the Commonwealth, e.g., in research, education, civil aviation control and facilities, regional development, labour relations, e.g., implementing of ILO conventions, employment and vocational guidance services; public health administration; regional structure and administration of selected Commonwealth departments, e.g., is the State unit the most convenient? Possible scope for delegation to departments of staffing functions under the Public Service Act; administrative problems arising from Public Service Arbitration.

Sociology

(Vacant)—Occupational and social structure and mobility, urbanisation, the professions, social institutions (e.g., social services, education) and the sociology of religion.

Statistics

Professor Moran—Mathematical statistics, probability theory, and their applications in physical and biological science.

Urban Research Unit

Dr Neutze—Urban land market, private development and redevelopment, public authorities (e.g., Housing, Water and Sewerage Authorities) and local government as they operate in urban areas; and traffic accidents.

Research School of Pacific Studies**Anthropology and Sociology**

Professor Epstein—Studies in the social, administrative and judicial development of Papua and New Guinea; the position of Aborigines and other ethnic groups in the Northern Territory and in the States.

Biogeography and Geomorphology

Professor Walker—Plant ecology, vegetation history (palynology), quaternary geomorphology, karst studies and morphometry. Australia and New Guinea.

Economics

Professor Arndt—The study of economic growth in underdeveloped areas, with particular reference to South-East Asia. Although the Department is primarily interested in building up systematic empirical knowledge of this area, scope exists for theoretical studies and work on Australia's economic relations with these regions.

Far Eastern History

Professor Wang Gungwu—Chinese and Japanese history from the earliest times to the Twentieth century.

Human Geography

Professor (elect) Ward—Cultural geography and development of tropical areas in the Pacific and South-East Asia; urban and transportation studies both in Australia and in the tropical areas to the north.

International Relations

Professors Bull, Miller—Foreign policy of countries connected with Australia, especially the United States of America, the United Kingdom, Japan, China, and other countries in Asia and the Commonwealth of Nations; studies of international organisations, including the United Nations and specialised agencies; Australian diplomatic experience; politics of the Communist bloc; theories of international politics; problems of foreign aid and the effect of trade on international politics.

Linguistics

Professor Wurm—Editing and analysis of archival material relating to languages of Australia, New Guinea, and the Pacific.

Pacific History

Professor Davidson—The political and economic development of the Pacific Islands (including Australian Territories). Political development in Indonesia and Malaysia.

Prehistory

Professor Golson—Research into the prehistory of Australia and New Guinea, the Pacific Islands and South-East Asia.

Research School of Chemistry**Organic Chemistry**

Professor Birch, Mr Rickards, Dr MacLeod—Structure determination and biosynthesis of natural products, including antibiotics and other biologically-active compounds, mould metabolites, and plant and marine products; insect chemistry, total synthesis involving new reactions; organic aspects of organometallic chemistry. Mass spectrometry including deuterium-labelling studies of specific fragmentation processes; combined g.c.-m.s. analyses of biological mixtures.

Physical-Organic Chemistry

Dr Parker—Solvent effects on rates, equilibria and mechanism of organic and inorganic reactions. Substitution and elimination reactions of carbon compounds, displacements at platinum and sulphur. Calorimetry, 'hydrometallurgy' and electrochemistry in non-aqueous solvents.

Inorganic Chemistry

Professor Martin, Dr Sargeson, Dr Buckingham, Dr Bennett—Stereochemistry, synthesis, mechanism of substitution and reactions at co-ordinated ligands, including peptide synthesis and degradation using metal chelates.

Synthesis, stereochemistry and reactions of organometallic complexes, with emphasis at present on metal-olefin, tertiary phosphine and carbonyl complexes, and on the stabilisation of small ring acetylenes on metals.

Synthesis, structures and reactions of new ligands and their transition metal complexes (with the present emphasis being centred on sulphur and selenium based chelating ligands).

Magnetochemistry, especially the study of metal-metal interactions in paramagnetic clusters.

X-Ray Crystallography

Dr Robertson—Structural chemistry of organometallic, inorganic and biologically active organic molecules (with present emphasis on organometallics). Improved methods in X-Ray diffraction analysis.

Physical Chemistry

Professor Craig, Dr Ferguson, Dr Bramley—Ultraviolet spectroscopy, especially of crystalline solids. Electron spin resonance spectroscopy, particularly of photo-excited triplets in molecular crystals. Nuclear magnetic resonance spectroscopy. U.V. spectroscopy and photochemistry especially of molecular crystals and small aggregates. Transition metal ion spectroscopy, ion pair interactions and exchange effects.

Theoretical Chemistry

Professor Craig—Theory of molecular structure. Intermolecular forces. Energy levels of molecular crystals.

Research School of Biological Sciences**Developmental Biology**

Professor Carr—Photomorphogenesis of plants and hormonal regulation of plant growth and development. Biology and taxonomy of eucalypts.

Dr Letham—The biochemistry of plant hormones, especially cytokinins.

Dr Stewart—The biochemistry of mitochondrial development in micro-organisms.

Dr Gibbs—The molecular and ecological biology of plant and insect viruses. The taxonomy of plant viruses.

Environmental Biology

Professor Slatyer—Ecological energetics, environmental physiology, ecosystem management.

Dr Anderson—Simulation and analysis of ecological systems.

Dr Cowan—Environmental physics: transfer processes in physiological and ecological systems.

Dr Osmond—Photorespiration and photosynthesis: transport of ions and metabolites.

Genetics

Professor Langridge—Molecular aspects of evolution.

Dr Creaser—Structure of histidinol dehydrogenase and its evolution.

Dr Doy—Regulation of enzyme synthesis and function.

Molecular Biology

Dr Naora—Biosynthesis of nucleic acids and proteins.

Neurobiology

Professor Horridge and Dr Sandeman—Structures and function of nerve cells in lower animals where relatively simple situations permit an analysis of mechanisms. At present much of the work is upon arthropods and the compound eye. Instruction is given in electrophysiological or neuroanatomical and other analytical techniques with particular emphasis upon the correlation between the function and the anatomy at the level of single identified cells.

Dr Walcott—Movement and widening of visual fields on dark-adaptation of insect retinula cells.

Taxonomy

Dr Hoogland—Australian flora: classification, comparative morphology and anatomy.

Mr Watson—Taxonomic methodology; Leguminosae, Gramineae.

Computer Centre**Computer Centre**

Dr Osborne—Numerical analysis; supervisory systems; the structure and application of programming languages.

SCHOOL OF GENERAL STUDIES**Faculty of Arts****English**

Professor Donaldson—Aspects of English language and literature; Australian English.

French

Professor Scales—Aspects of the French language and literature.

General Linguistics

Professor Dixon—Bilingualism; language assimilation of migrants; phonetics of Australian English; acoustic properties of speech recognition.

Geography

Professor Johnson—Geomorphology; regional development, particularly in South and South-East Asia and Australia; climatology; biogeography; economic geography.

German

Professor Kuhn—Germanic languages and literatures (German and Scandinavian); other aspects of civilisation (history, political science, etc.) in consultation with other departments.

History

Professor Clark—Australian history; some aspects of British European history and Indian and American history.

Applied Mathematics

Professor Brown—Fluid dynamics; diffusion problems.

Pure Mathematics

Professor Hanna Neumann—Group theory; abstract analysis.

Philosophy

Professor Herbst—General philosophy. Metaphysics, epistemology, philosophy of mind, philosophy of language, philosophical logic, ethics, political, legal and social philosophy, ideologies, classical philosophy and some aspects of the philosophy of science.

Russian

Professor De Bray—Russian language and literature; other topics in Russian studies in consultation with other departments.

Faculty of Asian Studies

Historical and cultural factors relevant to an understanding of the contemporary scene in East, South-East and South Asia. The Faculty bases its approach to Asian Studies on an understanding of language. The Departments are: Asian Civilisations (Professor Basham); Chinese (Professor Liu); Indonesian Languages and Literatures (Professor Johns); Japanese (Professor Crawcour); South Asian and Buddhist Studies (Professor de Jong).

Faculty of Economics**Accounting and Public Finance**

Theory and measurement of income and wealth, managerial accounting, government accounting, public enterprise accounting, national income accounting, flow-of-funds accounting, national balance sheets and wealth statements, evaluation and control of public expenditure, public finance theory and policy.

Economic History

Research interests include Australian economic development, especially the growth of manufacturing industry, population history in relation to economic growth, and the history of English economic thought.

Economics

Macro-economics and monetary theory; foreign trade; input-output analysis, resource allocation; inflation; mathematical economics; labour economics.

Statistics

Pure and applied probability theory including the theory of branching processes, queueing and renewal theory and random walk; operational research; inference and multivariate analysis; theoretical and applied econometrics.

Faculty of Law**Faculty of Law**

Professors Atiyah, Richardson, Whitmore, Zines—Public Law, Commercial Law and most other branches of Private Law, Jurisprudence.

Faculty of Science**Biochemistry**

Professor Birt—Mitochondrial biogenesis and metabolism; nucleic acid metabolism of *Drosophila*; biochemistry and genetics of virus replication in tissue culture; biochemistry of insect metamorphosis; biochemistry of early amphibian development; mammalian metabolic regulation.

Botany

Professor Pryor—Experimental taxonomy; ecology; aspects of genetics; mycology; physiology; ultrastructure; biophysics; soils and micrometeorology.

Chemistry

Professor Ross—Molecular spectroscopy; chemistry of organic natural products; synthesis of new types of heterocyclic compounds; X-ray crystallography, protein chemistry; chemistry of complex salts; Möss-Bauer spectroscopy; chemical kinetics; photochemistry; reaction mechanism studies, and reactions of molecules under high energy conditions; theoretical chemistry and thermochemistry.

Forestry

Professor Ovington—Silviculture, management, wood science, utilisation, forest economics, mensuration, hydrology, biology, soil science, physiology, forest engineering, conservation, national park and natural resource management.

Geology

Professor Brown—Igneous, metamorphic and sedimentary petrology; invertebrate palaeontology and stratigraphy; structural, economic and petroleum geology; X-ray mineralogy; sedimentology.

Physics

Professor Hinds—Spectroscopy and collision processes in gas lasers; solid state physics with particular emphasis on radioactive tracer diffusion and atomic collision processes; aerophysics and magnetohydrodynamics using several high-speed shock tubes and tunnels; structure of atomic nuclei; atom collisions in solids.

Psychology

Professor Gibb—Behaviour under conditions of heat stress; cognitive processes; counselling techniques; development—especially cognitive development; group dynamics; human ecology; perceptual processes; ergonomics; physiological psychology; learning.

Theoretical Physics

Professor Buchdahl—Plasma physics, quantum scattering theory, general relativity theory, optical aberration theory.

Zoology

Professor Barnett—Animal behaviour; developmental biology; ecology; experimental parasitology; histochemistry; invertebrate physiology; population dynamics.

APPOINTMENTS, RETIREMENTS AND EXAMINATION NOTICES

SELECTION FOR TRAINING AS SENIOR PREVENTIVE OFFICER, GRADE 2, DEPARTMENT OF CUSTOMS AND EXCISE

THE Public Service Board hereby notifies the conditions which will govern selection for the attendance at Senior Preventive Officer, Grade 2 Training Courses, Department of Customs and Excise.

2. **Officers Eligible to Apply**—Permanent officers of the Commonwealth Service. Applicants must be at least 21 years of age at the date the training course is scheduled to commence and should have had experience with Immigration, Customs and Quarantine requirements relating to overseas passengers.

3. **Applications**—From time to time, applications under these conditions will be invited, by departmental notices from officers wishing to attend Senior Preventive Officer, Grade 2 Training Courses. Applications should be addressed to the Collector of Customs in the State in which the Training course is to be conducted and should state fully the applicant's qualifications and experience as well as the following particulars:

Full Name:
Personnel Number:
Designation:
Standard Salary Scale:
Date of Birth:
Date of Permanent Appointment:

4. **Selection**—A Departmental committee will select:

- (i) the group of officers for training; and
- (ii) one or two officers as reserves against the contingency of any of the officers selected for training becoming unavailable before the course begins.

5. **Appeals**—The names of officers selected for training and the reserves will be published in the Gazette. Any permanent officer may, within 21 days of the date of such publication, lodged with the Public Service Inspector in the State in which the training course is located, an appeal against his non-selection. Protective appeals are not necessary as the case of a selected officer will be considered as a matter of course, against all appellants and against each of the other officers selected for training.

The Training Course will not commence until the results of all appeals are determined by the Board.

If an officer selected as a reserve is not included in the course, his selection as reserve does not give him any guarantee of selection for a later course.

6. Salary—

- (a) (i) Officers of the Department of Customs and Excise who apply for training in a State other than that in which they are located will, if successful, be temporarily transferred at their substantive classifications (subject to (b) below) for the period of training. Travelling allowance will be paid. On completion of the course officers may be required to accept permanent transfer at departmental expense at their substantive classifications to the State in which training is undertaken;
- (ii) Officers from other Departments who apply will, if selected, and subject to the parent department's agreement, be temporarily transferred at their substantive classifications (subject to (b) below) to the Department of Customs and Excise for the period of training. Endeavours will be made to absorb these officers on completion of the course.
- (b) Officers in receipt of higher duties allowance at the commencement of the course and who would have continued to act but for selection for training will continue to receive that allowance.

7. **Training**—The course of training will include both theoretical and practical segments and be of at least 4 weeks' duration.

8. **Examinations**—Officers will be required to undergo theoretical and practical tests from time to time so that the Department may ensure that they are making satisfactory progress. If the Department of Customs and Excise, at any time in the course of training, considers that an officer is not progressing satisfactorily, he may be removed from the course and placed in his former position or one of similar status.

9. **Recognition of Training**—Officers who complete the course satisfactorily will be regarded by the Department as having attained the minimum standard of efficiency required to perform the duties of **Senior Preventive Officer, Grade 2**. However, advancement to this level will not be automatic and will depend both on relative efficiencies of qualified officers and on the occurrence of vacancies.

10. **Leave and Furlough**—Officers selected for training should not expect any period of recreation leave or furlough during the course. In emergent circumstances, however, a limited period of leave may be granted. Officers will be eligible for sick leave under prescribed conditions and subject to normal credits.

Copies of conditions and further information may be obtained from Public Service Inspectors.

**1. SALARY ADVANCEMENT OF MAIL OFFICER
POSTMASTER-GENERAL'S DEPARTMENT TO AND
BEYOND \$3350 PER ANNUM**

**2. ALLOWANCES FOR ASSISTANT POSTAL OFFICER,
POSTMASTER-GENERAL'S DEPARTMENT, ENGAGED ON
MAIL OFFICER DUTIES**

and

**3. QUALIFICATION FOR PROMOTION OR TRANSFER AS
SENIOR MAIL OFFICER**

THE above conditions, which were notified in Gazette No. 8 of 25 January 1971, are amended as follows:

I. Section headed 2. Persons Eligible to Enter

Delete sub-paragraph (i) of (a) Mail Exchange Branch Examination, and insert:

- (i) Inland Section; Ship Section (a) other than Overseas Air Mail Sub-section, Sydney (b) Overseas Air Mail Sub-Section, Sydney; City Section; Registration Section; Parcels Section—Permanent Officers and employees of the Service.

II. Section headed 7. Syllabus

Delete sub-section headed 'Ship Section' and insert:

Ship Section

- (a) Other than Overseas Air Mail Sub-Section Sydney.

(The alternative primary sorting test hereunder in Sydney, Melbourne, Brisbane, Adelaide and Perth will be confined to Mail Officers attached to the staff of the Interstate and Overseas Sections in Sydney, or the Ship Section in Melbourne, Brisbane, Adelaide and Perth.)

Part A—Primary Sorting

Primary sorting as prescribed for advancement in the Inland Section, or, at the option of candidates in Sydney, Melbourne, Brisbane, Adelaide and Perth, the alternative test may be taken.

Alternative Test—Primary sorting of envelopes, containing paper, addressed to:

- (i) 400 money order offices (official and non-official) in States of the Commonwealth other than the State in which the candidate is employed; and
(ii) 100 places and/or countries beyond the Commonwealth.

The number of envelopes in respect of each State will be determined and selected on the following basis:

- (a) The total number for each State to be determined on the basis of the normal volume of correspondence despatched from the section to interstate destinations.
(b) The envelopes to comprise each primary sorting test will be prepared by the examining officers.
(c) The addresses placed on the envelopes in respect of each State to be such as to ensure that each separation in the primary sorting field will be used, but as far as practicable the addresses are to be confined to place names, the memorising of which is necessary for accuracy in primary sorting.

The envelopes to comprise the overseas portion of the test will be addressed to 100 places and/or countries which a Mail Officer is expected to memorise for the purpose of primary sorting. The addresses will be selected on a basis which will ensure that each relative pigeonhole on the press will be used proportionately to the normal volume of traffic handled under working conditions.

In Sydney, the primary sorting test is to be conducted in the following manner:

- (a) The 500 envelopes (interstate and overseas envelopes inter-mixed) are to be sorted in a maximum time of 14 minutes.
(b) The 100 overseas envelopes are then to be sorted in a maximum time of 3 minutes.
(c) A candidate whose errors in the two primary sorting tests combined have not exceeded twelve is to be recorded at once as having passed; where the errors have exceeded twelve, the examining officer may call over the mis-sorted envelopes to the candidate, who is to be credited with 75 per cent of the correct answers then given. If, after deduction of such credit from the total number of errors, the number of errors is reduced to or below twelve, the candidate will be recorded as having passed in Part A of the examination.

In Melbourne, Brisbane, Adelaide and Perth, the 500 envelopes are to be sorted in a maximum time of 14 minutes.

Error allowances and other conditions are the same as those prescribed for the Inland Section.

(b) Overseas Air Mail Sub-Section, Sydney.

Part A—Written Primary Sorting

To pass this test a candidate will be required to indicate the letter class mail sorting arrangements followed in the Sub-section, including direct despatches, for 250 selected overseas countries and place names.

The place names and countries included in the test will be selected from those place names and countries appearing in the prescribed study list and which a Mail Officer is expected to memorise for the purpose of primary sorting. Each candidate will be supplied with a list of 250 names of places or countries. Opposite each place name and/or country the candidate will show the appropriate sorting information, i.e., the name, or accepted abbreviation, of the final sorting aperture or frame.

Time allowed: 30 minutes. Maximum number of errors allowable is 8.

Part B—Oral or written examination in Knowledge of post Office Guide and Mail Exchange Branch Procedures and Practices—as prescribed for the Inland Section.

Examination No. 6257

**ENTRY INTO TYPIST-IN-TRAINING CLASS (SHORTHAND
TYPIST), SYDNEY**

THIS examination will be held on **Saturday, 16 October 1971** in accordance with the conditions notified in Gazette No. 8 of 25 January 1971.

Examination Centre—Sydney.

Persons Eligible to Enter—Females who:

- (i) were born not earlier than 20 January 1953 (20 January 1921 in the case of Australian ex-Servicewomen) and not later than 19 January 1957.
(ii) have passed in English at the School Certificate Examination or its equivalent.

Applications on special forms to be lodged with the Commonwealth Public Service Inspector, Commonwealth Centre, cnr Phillip and Hunter Streets, Sydney, New South Wales 2000.

Applications Close—13 October 1971.

Training will commence on 19 January 1972.

Examination No. 6258

**ENTRY INTO TYPIST-IN-TRAINING CLASS (SHORTHAND
TYPIST), HOBART**

THIS examination will be held on **Saturday, 9 October 1971** in accordance with the conditions notified in Gazette No. 8 of 25 January 1971.

Examination Centre—Hobart.

Persons Eligible to Enter—Females who were born not earlier than 8 February 1953 (8 February 1921 in the case of Australian ex-Servicewomen) and not later than 7 February 1957.

Applications on special forms to be lodged with the Commonwealth Public Service Inspector, G.P.O. Box 607-F1 Hobart, Tasmania 7001.

Applications Close—1 October 1971.

Training will commence on 7 February 1972.

Examination No. W119

**TRANSFER AS ACCOUNTING MACHINIST (FEMALE),
GRADE 1, PERTH**

THIS examination will be held on **Saturday, 2 October 1971** in accordance with the conditions notified in Gazette No. 8 of 25 January 1971.

Persons Eligible to Enter—Female permanent officers of the Commonwealth Service.

Applications on special forms to be lodged with the Public Service Inspector, G.P.O. Box P 1238, Perth, Western Australia 6001.

Applications close—24 September 1971.

Examination No. NP2896
FOR APPOINTMENT, OR TRANSFER AS MOTOR DRIVER,
FOURTH DIVISION, POSTMASTER-GENERAL'S
DEPARTMENT, CANBERRA

THIS examination will be held on **Saturday, 9 October 1971**, in accordance with the conditions notified in Gazette No. 8 of 25 January 1971.

Applications on the prescribed form should be lodged with the Examinations Officer, G.P.O. Box 6002, Sydney, New South Wales 2001, not later than 24 September 1971.

Application forms and copies of the above conditions may be obtained from the above address.

EXAMINATION RESULTS

Results of the following examinations have been finalised:

Examination No.	Title	Date Notified	Date Held
6218	Appointment or Transfer as Lineman-in-Training, Western Australia	20.5.71	10.7.71
6242	Appointment as Junior Assistant, Perth	8.7.71	24.7.71
NP2890	Appointment or Transfer as Assistant Postal Officer (Telegraph Delivery Duties), Sydney	..	21.8.71

EXAMINATION RESULTS—continued

Examination No.	Title	Date Notified	Date Held
NP2891	Appointment or Transfer as Assistant Postal Officer (Postman Duties), Sydney	..	21.8.71
VP3781	Appointment or Transfer as Assistant Postal Officer (Telegraph Delivery Duties), Melbourne	..	28.8.71
VP3783	Appointment or Transfer as Assistant Postal Officer (Postman Duties), Victoria	..	28.8.71
VP3784	Appointment as Telephonist, Victoria	..	28.8.71

Public Service Board

VACANCIES

COMMONWEALTH STATUTORY AUTHORITIES
a position.

NATIONAL CAPITAL DEVELOPMENT COMMISSION
THE Commission is a comprehensive urban planning and development authority responsible on behalf of the Commonwealth Government for the planning, development and construction of Canberra as the National Capital and Seat of Government of Australia. Its activities include land development and municipal public utility works, provision of government housing, government offices and national capital works. It employs Town Planners, Architects, Engineers, Landscape Architects as well as Economists, Geographers, and Management personnel.

The Commission has the following vacancy in its Programme Development Branch and invites applications from suitably qualified persons.

Clerk \$8767-9169 (Class 8)

The occupant of this position, under the direction of an Executive Officer, is responsible for the formulation of Five Year Construction Programmes. The programme is developed against the background of population projections and has regard to need, priorities, economy, and availability of resources.

The duties also include the examination and assessment of detailed requirements and individual projects included in the Commission's programme.

The position calls for critical analysis and investigation, judgment and a capacity for personal communication and negotiation with other Divisions in the Commission and with client Departments.

Appointees are eligible to contribute to the Commonwealth Superannuation Fund.

Applications in writing to the Secretary and Manager, P.O. Box 373, Canberra City, Australian Capital Territory by 24.9.71.

COMMONWEALTH PUBLIC SERVICE

VACANCIES OPEN TO PERMANENT OFFICERS

APPLICATIONS are invited from officers of the Commonwealth Service for promotion or transfer to the position advertised below. Applicants should state fully their qualifications when applying for a position

If an applicant wishes to be considered for two or more vacancies a separate application should be forwarded for each position except where the positions applied for are of similar classification and in the same Branch of a Department (e.g. positions of Postmaster, Lines Staff positions, etc.). One application will be accepted for these positions.

Officers of the Commonwealth Services transferred, not promoted, may be required to pay their removal expenses.

The following particulars should be set out at the foot of applications:

Full name (block letters).....	Office or Branch.....
Personnel Number.....	Salary scale.....
Date of Birth.....	Length of service.....

VACANCIES OPEN TO OFFICERS AND TO PERSONS WHO ARE NOT OFFICERS OF THE SERVICE

Applications are invited from persons who are not permanent officers of the Service for appointment to those offices which are indicated in the vacancies advertised below by the following symbol (*).

Suitably qualified Fourth Division officers may apply for transfer or promotion to Third Division vacancies in pursuance of regulation 112.

To be eligible for appointment a person must be:

- (i) a British subject;
- (ii) permanently residing in Australia, or eligible for entry to Australia for permanent residence;
- (iii) medically and physically fit.

Suitable applicants will be offered appointment in accordance with an order of merit ascertained on the basis of applicants' qualifications and the results of interviews of applicants. If an ex-serviceman and a person not an ex-serviceman should be placed equal in order of merit, the ex-serviceman will be offered appointment before the person who is not an ex-serviceman.

Applications should preferably be made on printed forms obtainable from the Commonwealth Public Service Inspector in each Capital City, the Public Service Board Representative in Port Moresby, or the Department in which the vacancy exists.

Permanent officers are required to contribute under the Superannuation Act.

Fares to locality of appointment will be paid by the Commonwealth where the appointee is required to perform the duties of his office in a city or town other than that in which he was residing at the time of appointment. If the applicant is married the fares of his wife and family will be included.

SALARIES AND GENERAL CONDITIONS

Actual Salaries

All salaries shown in the vacancies section of this Gazette are expressed as current actual salaries.

Equal Pay

As from 9.10.69 'equal pay' applied to certain designations. The designations which attract 'equal pay' and those which do not attract 'equal pay' were notified in separate lists in Gazette published during November 1969 and also in Board Circular 1969/35.

Females occupying offices which attract 'equal pay' will be subject to 'equal pay' adjustments on a phased basis until the beginning of the first pay period to commence on or after 1.1.72 when the full rate applicable to the office will be paid. On and from 9.10.69 the 'higher attainable maximum salary' for promotion purposes (General Order 2/C/1) of a position attracting 'equal pay' will be the salary notified in the Gazette, irrespective of the stage which phasing towards 'equal pay' has reached.

Actual salaries payable to adult females occupying designations which attract 'equal pay' shall be either the amount determined in accordance with the following schedule or an amount determined by deducting \$428 from the rate notified, whichever is the greater.

Schedule—Calculate to the nearest dollar.

Date of effect	Annual Salary Payable to Adult Females
Beginning of first pay period to commence on or after	
1.1.71	95 per cent of the rate notified

General

Enquiries as to actual salaries payable to minors should be addressed to the Department notifying the vacancy. Married minors (males) may be eligible for an allowance under regulation 87b.

New adult appointees may be paid commencing salaries at any point within a salary range.

At those offices where quarters are indicated, a deduction for rental will be made at the rate of 10 per cent of the minimum of the position unless otherwise stated.

The inclusion in brackets after the salary classifications of certain Third Division positions of a 'Class' number relates to the relevant item in Part II of the Fourth Schedule to the Public Service Regulations. It does not form part of the designation and classification of the position and is included to facilitate recognition of the salary level.

WHERE TO SEND APPLICATIONS

Code letters are used in column three to show where applications should be lodged. A key to these code letters appears at the end of the advertisements, together with information concerning closing dates for applications.

Applications should be submitted to reach the address shown not later than the end of the application period appropriate to the vacancy in question. An application by telegram will be accepted before the closing date but a written application should follow immediately.

SALARIES AND GENERAL CONDITIONS

Salary Rates

Salaries shown in the provisional promotions section of this Gazette are expressed as current actual salaries.

Equal Pay

As from 9.10.69 'equal pay' applied to certain designations. The designations which attract 'equal pay' and those which do not attract 'equal pay' were notified in separate lists in Gazettes published during November 1969 and also in Board Circular 1969/35.

PROMOTIONS—continued

Females occupying offices which attract 'equal pay' will be subject to 'equal pay' adjustments on a phased basis until the beginning of the first pay period to commence on or after 1.1.72, when the full rate applicable to the office will be paid. On and from 9.10.69 the 'higher attainable maximum salary' for promotion purposes (General Order 2/C/1) of a position attracting 'equal pay' will be the salary notified in the Gazette irrespective of the stage which phasing towards 'equal pay' has reached.

Actual salaries payable to adult females occupying designations which attract 'equal pay' shall be either the amount determined in accordance with the following schedule or an amount determined by deducting \$428 from the actual rate notified, whichever is the greater.

Schedule—Calculate to the nearest dollar.

Date of Effect		Annual Salary Payable to Adult Females	
		Beginning of first pay period to commence on or after—	
1.1.71			95% of the rate notified
1.1.72			100% of the rate notified

General

Enquiries as to actual salaries payable to minors should be addressed to the Department notifying the provisional promotion. Married minors (males) may be eligible for an allowance under regulation 87a.

The inclusion in brackets after the salary classification of certain Third Division positions of a 'Class' number relates to the relevant item in Part II of the Fourth Schedule to the Public Service Regulations. It does not form part of the designation and classification of the position and is included to facilitate recognition of the salary level.
