NOTICE OF DETERMINATIONS PER ATTACHED SCHEDULE UNDER PART XVI

THE Minister of State for Customs and Excise, the Honourable Lionel Keith Murphy, in pursuance of Section 273b of the *Customs Act 1901-1973*, notifies that determinations have been made under Part XVI of that Act in favour of specific importers in respect of the goods indicated in the table appended hereto and limited to the quantities set out in the respective determinations.

Except where an amendment or revocation of an earlier determination is concerned, the table lists, in the following order, the file number, the kind of goods, the date on or before which the goods shall be entered for home consumption, if such is a condition of the determination, further conditions, if any, and the Item of the First or Second Schedule to the Customs Tariff applying to the goods. Where a seven figure item is shown it is an item of the First Schedule to the Customs Tariff and where a two figure item is shown it is an item of the Second Schedule. All goods, being machines, machinery or machine tools are, unless otherwise indicated, subject to the provisions of Separate Articles Direction No. 3 (1971).

Where ever appearing in the table, P.V.C. means polyvinyl chloride and T.V. means television.

This notice is for public information only. The determination itself provides the legal authority which is limited to the importer named in the determination enabling that importer to enter the goods at the rates of duty applicable to the item mentioned in the determination.

AUSTRALIAN GOVERNMENT SHIPBUILDING INDUSTRY ASSISTANCE

REGISTRATION OF SHIPBUILDERS

On 18 December 1973, the Minister for Secondary Industry announced the new policy of assistance to the Shipbuilding Industry in Australia.

The Minister said that a system of registration would be introduced for shipyards participating in the subsidy scheme.

Shipbuilders wishing to construct vessels eligible for subsidy are asked to apply for registration in writing to:

The First Assistant Secretary,
Shipbuilding Division,
Department of Transport,
Box 308, P.O.,
MILSONS POINT, N.S.W. 2061

Upon receipt of such requests application forms will be sent to builders.

Requests for registration should be lodged with the above office by 30 April, 1974.

All builders currently engaged in ship construction will, on application, be granted registration in respect of the sizes and types of vessel which they have previously constructed. Requests for registration from interests who have not previously engaged in shipbuilding activity or from current builders in respect of vessels outside agreed ranges will be approved where the Ministers for Secondary Industry and Transport are satisfied that extension of subsidy assistance would contribute towards the orderly development of the industry.
