COMMONWEALTH TEACHING SERVICE

Commonwealth Teaching Service Act 1972-1973

DETERMINATION No. 35

I, CORNELIUS JOHN LENIHAN, Commissioner, Commonwealth Teaching Service, in pursuance of Sections 20 and 23 of the *Commonwealth Teaching Service Act 1972-1973*, determine that the following provisions regarding holidays and recreation leave entitlement are applicable to members of the Commonwealth Teaching Service performing teaching duties in Australia and to teachers on secondment to the Commonwealth Teaching Service who are performing teaching duties in Australia.

In this Determination the following definitions are applicable:

- (i) 'member' means a person to whom this Determination applies.
- (ii) 'Authority' means an organisation to whom members have been made available.
- (iii) 'month' means any calendar month (or any of the twelve months of the year).

For the purposes of Clause 2 only, the following definitions are applicable:

'school' means the place at which the member ordinarily performs his duties or, in the case of a member who does not ordinarily perform his duties at any one place, the place at which he is ordinarily required to report for duty.

'school year' means the period from the first day a school is open in a particular calendar year to the last day it is open in the same year.

1. HOLIDAYS

- 1.1 The same days shall be observed as public holidays by members in any place, as are observed as public holidays for schools in that place.

2. RECREATION LEAVE

- 2.1 Subject to the provisions of this Section, on the day succeeding the last day on which a member's school is open, in any calendar year there accrues to the member who commenced employment or was employed on or before the opening of the members' school in that year on a continuous basis, a recreation leave credit equivalent to his ordinary hours of duty during a period of four weeks.
- 2.2 A member working on a continuous basis who commenced duty after the opening of the member's school in that calendar year shall accrue on the days succeeding the last day on which the member's school is open in that year a pro-rata recreation leave credit. The amount of such leave shall be calculated on the basis of the proportion that the number of completed calendar months between the member's commencement and the end of the calendar year bears to twelve months, provided that the member has commenced not less than one month prior to the date of accrual. For the purposes of this computation, service for part of a month shall be counted as service for the whole month.
- 2.3 An Authority may direct a member to take, at such time as is convenient to the working of the Authority, recreation leave due to him, whether or not application for leave has been made by the member.
- 2.4 Unless otherwise directed by an Authority pursuant to the last succeeding clause, all members shall be deemed to be on recreation leave from the day succeeding the last day on which a member's school is open in a calendar year. The period of recreation leave shall be to the limit of available credits, or to the day preceding the first day on which a member's school is open in a calendar year.
- 2.5 Periods of leave of absence without pay shall not normally count as service for the purpose of accrual of recreation leave credits. Where leave of absence without pay is granted, the Commissioner shall determine whether the period during which the member is absent on that leave is to form part of a period of service for any purpose and if so the purposes for which it is to form part of service.
- 2.6 On resignation or retirement, a member, (or in the case of the member's death, dependants) will be entitled to pro-rata payment and payment in lieu of recreation leave, calculated in accordance with the provisions of paragraphs 2.1, 2.2 and 2.3 above, provided that the accrual of the leave under paragraph 2.2 shall be computed as at the time of the termination of service and shall be calculated on the basis of the proportion that the number of completed calendar months between the members commencement and the date of termination bears to twelve months. If the member's service did not commence in the year of separation, the proportion that the number of completed calendar months between the commencement of the year and the date of separation bears to twelve months, shall be the proportion used in calculating pro rata payment.
- 2.7 Recreation leave credits accrued in one year shall not be carried over beyond 31 December in the next succeeding year without the direction of the Commissioner. Only in the case where illness has prevented a member from availing of recreation leave shall a credit accruing in one year be carried over beyond 31 December in the second succeeding year, at the direction of the Commissioner.

3. SCHOOL VACATIONS—STAND DOWN

- 3.1 During school vacations or at other times when schools are closed for other reasons the Authority may grant teachers at those schools leave of absence with pay subject to the approval of the Commissioner.

4. RECREATION LEAVE—TEACHERS STATIONED IN ISOLATED DISTRICTS

- 4.1 Where a member serves in a prescribed isolated district he will be entitled to recreation leave as follows:
 - (a) the period of his ordinary hours of duty during a period of four weeks; and
 - (b) an additional period in a year as set out in the schedule to this Determination.
- 4.2 Additional leave for the purpose of sub-paragraph 4.1 (b) above, in respect of each month of service in an isolated district, is one twelfth of the ordinary hours of duty for the period specified in the heading to the column in the schedule in which the name of the isolated district is specified.

- 4.3 The additional recreation leave entitlement under paragraph 4.1 shall be calculated on a calendar monthly basis according to the number of months the member has been stationed in that district during the year, since recreation leave last accrued. For the purposes of this computation, service for part of a month in an isolated district is to be counted as service in that district for the whole of that month and the period of recreation leave granted will also be deemed to be service in that isolated district for the purposes of this clause.
- 4.4 Where a member transfers from one isolated district to another he may be regarded as having spent the whole of the month in which the transfer occurs in the isolated district which has the greater entitlement.
5. ANNUAL LEAVE (BONUS) PAYMENT
- 5.1 A member shall be entitled in respect of recreation leave which accrued on or after 1 January 1974 and before 1 January 1976 for an annual leave (bonus) payment of an amount equal to the Australian Government Statistician's average weekly earnings per employed male unit (original—Australia) for the September quarter of the year preceding the year in which the date of accrual occurs.
- 5.2 For the purposes of computation of the amount payable as an annual leave bonus, an accrual of recreation leave made under clause 2.1 and 2.2 above on a day before the end of the calendar year shall be deemed to have been made on the next succeeding First day of January. (The purpose here is to provide the appropriate leave bonus to the year to which the leave accrual relates).
- 5.3 Payment of an entitlement under paragraph 5.1 above shall be made no later than 31 December of the year in which the recreation leave accrues.
- 5.4 Where a member accrues less than a full year's recreation leave credits, the maximum amount payable is reduced to an amount equivalent to the maximum recreation leave bonus entitlement multiplied by the proportion of the number of months of service for which the leave is credited bears to twelve months.
- 5.5 A member whose services terminate for any reason and who is entitled to payment in lieu of recreation leave or in lieu of recreation leave on a pro-rata basis shall be paid in accordance with paragraph 5.4 above, in respect of leave calculated on a pro-rata basis for the number of completed months of continuous service since the commencement of employment or the previous first day of January (whichever is appropriate) and the date on which his service terminates provided that the maximum payment shall be in proportion that such number of completed months bears to twelve months.

Dated this Nineteenth day of November 1975.

C. J. LENIHAN
Commissioner

NOTICE UNDER SUB-SECTION 32 (2)

I, IAN McCAHON SINCLAIR, the Minister of State for Agriculture, in pursuance of sub-section 32 (2) of the *Wheat Industry Stabilization Act 1974*, give notice that I have, in pursuance of that sub-section, fixed the price per tonne for wholesale sales by the Australian Wheat Board during the year commencing on 1 December 1975 of Australian standard white wheat, in bulk free on rails at a port of export, for use or consumption in Australia at the amount of \$98.70 and that the part of that amount that has been added in accordance with paragraph 32 (3) (c) of that Act is the amount of \$1.15, being the amount that I have considered necessary to be included in the price per tonne of all wheat sold by the Board in that year for use or consumption in Australia for the purpose of enabling the Board to meet the costs of shipment of wheat by the Board to the State of Tasmania.
