WHEREAS I, MICHAEL ANTHONY CRANSWICK, the Registrar of Companies in the Australian Capital Territory, am of the opinion in respect of companies falling within the class of companies specified in the Schedule hereto (the specified companies) that compliance with the requirements of sub-clause 5 (2) and (4) of the Ninth Schedule to the *Companies Ordinance 1962* (the Ordinance) would impose unreasonable burdens on the specified companies or any officers of the specified companies in so far as those provisions require the directors of the specified companies to disclose—

- (a) liabilities incurred by the specified companies whilst acting as trustees or in any representative capacity to the extent to which the specified companies have a valid and subsisting right of indemnity out of any assets in respect of such liabilities and such assets are sufficient to satisfy such right of indemnity; and

**ORDER IN RESPECT OF INSURANCE
COMPANIES RELATING TO THE INCLUSION
OF UNEARNED SUMS IN GROSS DEBTS**

WHEREAS I, MICHAEL ANTHONY CRANSWICK, the Registrar of Companies in the Australian Capital Territory, am of the opinion in respect of companies that carry on 'insurance business' as defined in sub-section 3 (1) of the

Insurance Act 1973 (the insurance companies) that compliance with the requirements of sub-clause 12 (2) of the Ninth Schedule to the *Companies Ordinance 1962* (the Ordinance) relating to the form and content of accounts and group accounts would render the accounts and, if the insurance companies are holding companies for which group accounts are required, the group accounts, inappropriate to the insurance companies in so far as they relate to any unearned sums in respect of premiums for insurance business included in the gross amount of debts due to the insurance companies;

AND WHEREAS I am not aware of any circumstances by reason of which the making of an Order relieving directors of the insurance companies from the requirements hereinbefore mentioned, would be contrary to the public interest;

NOW THEREFORE pursuant to the powers conferred upon me by sub-section 162c (2) of the Ordinance, I hereby order that, in respect of financial years of the insurance companies ending after 30 June 1980 and before 1 July 1981, the directors of the insurance companies are relieved from compliance with the requirements of sub-clause 12 (2) of the Ninth Schedule to the Ordinance relating to any unearned sums in respect of premiums for insurance business included in the gross amount of debts due to the insurance companies provided that the directors of the insurance companies—

- (a) cause to be separately included in the accounts, and, if the insurance companies are holding companies for which group accounts are required, the group accounts, a provision for those unearned sums; and

AND WHEREAS I am not aware of any circumstances by reason of which the making of an Order relieving directors of specified companies from the requirements hereinbefore mentioned, would be contrary to the public interest;

NOW THEREFORE pursuant to the powers conferred upon me by sub-section 162c (2) of the Ordinance, I hereby order that, in respect of the financial years of or any period of six months described in sub-section 74F (4) applying to the specified companies ending after 30 June 1980 and before 1 July 1981 the directors of the specified companies are relieved from compliance with the provisions of sections 74F and 162 and of sub-sections 162A (1) and (2), as the case may be, of the Ordinance in so far as those provisions require the amounts of the items specified therein to be shown in full in the accounts, group accounts and directors' report of the specified companies, provided that the directors—

- (a) cause such amounts to be shown to the nearest thousand dollars (rounding-off) in the accounts of the specified companies and, if they are holding companies for which group accounts are required, the group accounts, or the directors' report, or all of them, and ensure that:
 - (i) on each page where rounding-off has been adopted, this is clearly indicated;
 - (ii) where an amount would be reduced to zero as a result of rounding-off, it is shown in full by way of a note to the accounts, group accounts or directors' report as the case may be; and
 - (iii) the conditions hereinbefore mentioned are also applied to the corresponding amounts shown in respect of the previous year;
- (b) state in their report pursuant to sub-section 162A (1) or (2) of the Ordinance that the company is a company of the kind specified in the Schedule hereto and that rounding-off has been adopted in accordance with this Order.

INDUSTRIAL PROPERTY ADVISORY COMMITTEE

REVIEW OF AUSTRALIAN PATENT SYSTEM

THE Industrial Property Advisory Committee is undertaking a comprehensive review of the Australian patent system. The broad thrust of the inquiry is to study, from the viewpoint of the Australian national interest, whether the Australian patent system as presently operating sufficiently advances Australia's technological development and whether there are ways in which it may be made to do so more effectively.

The terms of reference for the review, which was referred to the Committee by the Minister for Productivity in October 1979, are to examine:

- how the patent system can best contribute to the efficiency and progressiveness of the Australian economy and the adequacy of the system in meeting the needs of Australia with respect to the development and exploitation of new and existing technology.
- any changes required to legislation and administrative procedures to make the patent system less complex and more responsive to needs.
- how patent legislation can be co-ordinated with other industrial and economic policy measures.
- whether there are restrictive practices in the exercise and licensing of patents in Australia, whether it is desirable in the public interest to prohibit by law such practices, and whether the present legislation is adequate for that purpose.
- the conditions necessary for Australia to maximise benefit from participation in the international development of patent systems.
- the ways to maximise access to and utilisation of patent information including an assessment of how information sources can be co-ordinated with other sources of technological and business information.

Interested persons, organisations and associations are invited to make written submissions on any matter within the above terms of reference before 31

December 1980. It is probable that the Committee will invite comments on particular topics, possibly from specific persons or bodies, at some later stage of its investigations. Submissions should be forwarded to:
