QUALIFICATION OF PRODUCTS FOR DEFENCE PURPOSES

NOTICE TO SUPPLIERS

CERTAIN items to be supplied directly to the Department of Defence or to be used by contractors in manufacture of equipment for that Department are required to be 'Qualified' products.

Qualified products are those which have previously been tested and found to meet the requirements of a military specification (in which qualification of products is called for) and which are as a result eligible for listing in the relevant Qualified Products List (QPL). Only products eligible for QPL listing may be supplied or used where 'Qualified' items are specified.

The schedule hereunder lists specifications which call for qualification of products. Suppliers are invited to lodge applications for qualification of products which they may wish to supply to the Department of Defence (or to contractors to that Department) against these specifications.

Applications will also be considered for qualification of products to other military specifications, if these call for qualification or product approval and the likely usage warrants product testing and QPL listing.

Interested suppliers may obtain further details of items and application forms from—

Mr W. T. Keatley ((03) 665 6197)
Purchasing Division,
Department of Administrative Services,
339 Swanston Street,
Melbourne, Vic. 3000.

Applications for product qualification are to be lodged with—

The Executive Secretary,
