OTHER ISSUES OF THE GAZETTE

Public Service issues contain notices concerning administrative matters, including examinations, vacancies, transfers and promotions within the Australian Public Service and the Services of the Australian Postal Commission, Australian Telecommunications Commission and Commonwealth Teaching Service. These issues are published weekly at 10.30 a.m. on Thursday, and sold at \$4.35 each plus postage or on subscription of \$204.00 (50 issues), \$102.00 (25 issues), or \$49.00 (12 issues).

Special issues are made on urgent matters as required. Officers responsible for arranging the gazettal of urgent notices should refer to Gazette Office Circular of 18 April 1980 on this subject. Single copies are available on the day of issue and priced according to size, and they are also provided at no extra charge with weekly General issues. Special issues are not available on separate subscription.

Periodic issues contain lengthy notices of a non-urgent nature, including the following: Certificates of Australian Citizenship; Registered Tax Agents; Authorised Celebrants; Unclaimed deposits and moneys; Australian Public Service Conditions of Entry and Advancement; Appointments to the Australian Public Service; Holders of Import Licences and Tariff Quotas. Issues are made at irregular intervals as required, at individual prices according to size. Advice of availability is given in the General and Public Service issues immediately following the day of publication. Periodic issues are not available on subscription, but standing orders are accepted for all or selected issues.

Index issues contain references to a limited number of entries in certain sections of Public Service issues, and all entries in General issues except names in the Bankruptcy Act section. Index issues are published quarterly and sold at 35c each plus postage. They are supplied without charge to annual subscribers to the General issues, but are not otherwise available on subscription.

Special Information

NOTICES UNDER THE INDEPENDENT AIR FARES COMMITTEE ACT 1981

<i>Operator</i>	<i>Section of Act</i>	<i>Date notified</i>	<i>Brief particulars of terms and reasons</i>
Determinations			
Air New South Wales	15	22.9.83	Determination of the following economy air fare for F28-1000 services operated by Air New South Wales (ANSW): Brisbane/Norfolk Island \$230.00
Murray Valley Airlines	15	27.9.83	Determination of following one-way economy air fares: Mildura—Melbourne \$80.00 —Adelaide \$62.00 —Swan Hill \$37.00 —Renmark \$37.00 Renmark—Adelaide \$62.00 Swan Hill—Melbourne \$60.00 These fares represent an increase of 6% to 9% on average and reflect primarily significant increases in fuel costs. These fare increases were the first approved for Murray Valley Airlines in over 20 months.
Decisions			
Trans Australia Airlines	17	16.9.83	Approval to offer return 'backloading' discount fares at approximately 50% off the normal economy return fare for the routes Melbourne/Perth/Melbourne and Melbourne/Adelaide/Melbourne on specified flights over the Victorian Football League Grand Final weekend. Further discounts of 50% to be available to children and secondary students. Approved on basis of estimates provided by the operator that the discount fare will generate additional traffic and improve profitability.
Coddair Airlines	17 (4)	15.9.83	Approval to offer VAC20 fare at 20% discount off the normal economy fare for return travel on Rockhampton/Dysart/Clermont routes under specified conditions as proposed by the operator. Children and Student's discount fare VAC/CH approved to be set at 75% of the adult VAC20 discount fare. Approved on basis of estimates provided by the operator that the discount fare will generate additional traffic and improve profitability.
Determinations			
Air Queensland Ltd	15 and 16	4.10.83	Determination under section 15 of a 2.8% increase in air fares on northern Reg. 203 services and under section 16 of a 2.8% increase on southern Reg. 203 services, due to increased costs of: —fuel —wages, including increased salaries and allowances for pilots and hostesses as applicable under agreements certified by the Australian Conciliation and Arbitration Commission, and for other staff increases following the National Wage Case decision of 23.9.83.
BPA Pty Ltd	16	4.10.83	Determination of a 2.6% increase in air fares, resulting in a F27 air formula of \$41.15 flagfall and 13.382¢/km, due to increased costs of: —fuel —wages, including increased salaries and allowances for pilots and hostesses as applicable under agreements certified by the Australian Conciliation and Arbitration Commission, and for other staff increases following the National Wage Case decision of 23.9.83.
Kendell Airlines	16	4.10.83	Determination of the following one-way economy air fares: Melbourne—Albury \$68.60 —Cooma \$85.30 —King Island \$68.60 —Merimbula \$92.00 —Mt Gambier \$81.30 —Portland \$73.20 —Wagga \$81.80 —Warrnambool \$64.00 The determination represents a 1.62% increase in the above fares, approved to cover higher fuel costs incurred by Kendell Airlines mainly on account of the Commonwealth Government's increase of 2 cents per litre in aviation fuel excise from 1 July 1983.

DETERMINATION

Operators: Ansett Airlines of Australia; Trans Australia Airlines.

Section of Act: 15.

Date notified: 29.9.83.

Brief particulars of terms and reasons: Determination of the following formulae for setting economy air fares over related routes operated by Ansett Airlines of Australia (AAA) and Trans Australia Airlines (TAA), effective 3 October 1983.

Jet services

The formula for AAA and TAA jet services incorporating a flag-fall plus a distance rate will be:

Fare (\$) = A + BX + CX² + DX³ where:

A is the flag-fall (value 43.50)

B, C, D, are the distance coefficients (values B = 140.54, C = -20.24, D = 1.68)

X is the journey distance expressed in thousands of kilometres

For multistage journeys, the distance rate for kilometres in excess of 3611, where applicable, will be calculated at 6.008 cents per kilometre.

F27 services

The formula for AAA and TAA F27 services incorporating a flag-fall plus a distance rate will be:

Fare (\$) = A + BX where:

A is the flag-fall (value 44.7)

B is the distance coefficient (value 0.14585)

X is the journey distance in kilometres.

For AAA and TAA, first class air fares are 150 per cent of the relevant economy air fare.

For TAA, the 'business class' air fare is 115 per cent of the relevant economy air fare.

The determination results in a weighted average fare increase of 6%.

The Committee received from TAA on 25 August 1983 a request for a major air fares review which, under the provisions of section 15 (3) of the IAFCA Act, enjoined AAA in a review of economy fares over both operators' route networks. Each airline sought a different level of fare increase effective from 3 October 1983.

Both operators, as required, submitted detailed and extensive cost, revenue and traffic data (actuals for 1982-83, estimates for the 1983-84 financial year). The Committee also had regard to material contained in its Cost Allocation Reviews Report of 13 August 1982, including evidence presented at the Reviews, and to sections of the Federal Budget relating to the general economy and estimated price increases for 1983-84.

Each operator submitted that the fare increase sought would have little effect on demand.

A determination providing for a 6% rise in air fares effective from 3 October 1983 would mean a compounded cumulative increase of 13.3% so far this calendar year, and a compounded cumulative increase to date for the current financial year of 7.4%. The cumulative effect of these fare increases would represent in real terms increases in air fares of the order of 5%.

The Committee concluded that an increase in air fares of 6%, being an increase in real terms, is likely to result in a decline in passenger demand.

Both operators estimated that an increase in passenger load factors would be achieved in 1983-84.

The passenger activity level for 1983-84 was estimated by both operators to be below that of 1982-83, with a consequent adverse effect on operating revenues.

The jet aircraft replacement programs of AAA and TAA over the past 2-3 year period, and embracing 25 new jet aircraft, have substantially increased their respective capital bases, resulting in much higher capital servicing costs.

Notwithstanding the achievement by AAA and TAA of substantial reductions in operating costs, both airlines will incur increases in a number of such costs throughout the 1983-84 financial year, in particular wages and related items, fuel arising from excise increases, services and maintenance materials. It was also estimated by both operators that costs were unlikely to be reduced in proportion to the expected decline in passenger traffic.

The aircraft capacity available to the airlines is well in excess of that required to service the current traffic demand, resulting in aircraft utilisations well below their optimum levels.

The profit levels of AAA and TAA for the current financial year are estimated to be substantially below those that would be regarded by the operators as satisfactory in the long term for enterprises with such a large capital base. This profit level primarily reflects the less than efficient use of the airlines' existing resources, and in particular the aircraft fleet.

Having regard to the evidence and material before it, and after taking into account all of the requirements of section 15 of the Act, the Committee concluded that an average increase in air fares of 6% for AAA and TAA from 3 October 1983 was justified and was an appropriate determination in all the circumstances.

The level of fare increase approved was significantly influenced by demand considerations, rather than a higher increase which could have been sustained based on the airlines' estimates for 1983-84 in isolation from the remaining requirements of section 15.

Determinations			
East Coast Airlines	15	5.10.83	Determination of increase of 5.5% in one-way economy air fares on the operator's route network. Increase approved to reflect additional costs of: — fuel — salaries arising from the National Wage decision — aircraft maintenance. The new approved fares on the operator's principal route sectors are: Newcastle—Taree \$55.00 —Port Macquarie \$64.00

Airlines of Western Australia	16	12.10.83	<p>Determination of the following formula for setting economy air fares on intrastate routes operated by Airlines of Western Australia (AWA) with effect from 13 October 1983:</p> <p>Flagfall \$34.40 and Distance Rate 12.540c/km.</p> <p>In making this determination, the Committee had regard to higher fuel costs incurred by AWA from late August 1983 as a result of the increase in aviation fuel excise announced in the Federal Budget. The Committee also had regard to offsetting revenue benefits accruing to AWA as a result of the adoption by the IAFC of an 8.7% fare increase for AWA approved by the Western Australian Transport Commission (WATC) with effect from 1 March 1983 (see <i>Gazette</i> No. G 10 dated 15.3.83) and the implementation by AWA on 1 July 1983 of a 1.48% fare increase approved by the WATC rather than the 1.3% increase determined by the IAFC (see <i>Gazette</i> No. G 27 dated 26.7.83).</p> <p>In addition, the Committee took into account the discussions on 29 August 1983 between representatives of the IAFC, the WATC and AWA and the view of the airline of the value of a common fare base with that of the WATC so as to minimise the possibility in the future of differing air fare determinations by the IAFC and the WATC. Consultations are continuing between the WATC, AWA and the IAFC.</p> <p>As from 13 October 1983, the intrastate fares approved for AWA by the IAFC and the WATC are identical. The Committee's latest section 16 determination will not mean any alteration in the level of fares being charged by AWA.</p>
