Treasury**TREASURER'S DETERMINATION OF TERMS AND CONDITIONS OF ACCEPTANCE OF INCOME EQUALISATION DEPOSITS**

I, PAUL JOHN KEATING, Treasurer, pursuant to section 4 (6) of the *Loan (Income Equalization Deposits) Act 1976*, do hereby determine that the terms and conditions on which deposits shall be accepted under that Act are as follows:

Interest

All payments of interest will be made by means of a cheque forwarded and payable to the depositor or the trustee where a deposit is made on behalf of a beneficiary by a trustee, and will be calculated on the running balance of the account which will be maintained in respect of each depositor.

Interest will be paid not later than 15 March each year in respect of the period to the last day of February each year. Deposits lodged with the Commissioner of Taxation during a year will attract interest from the date of lodgement.

If a depositor withdraws part of his moneys on deposit, the annual interest payment will include interest accrued on amounts withdrawn. If a depositor withdraws all of his deposits, accrued interest will be paid by cheque as soon as practicable after the final repayment of deposits is effected. Accrued interest on amounts withdrawn will be calculated on a daily basis up to the date a deposit is withdrawn.

This determination is in substitution for the determination made by me on the eighteenth day of August 1983.

Dated this 13th day of March 1985.

HUMAN RIGHTS COMMISSION

Sex Discrimination Act 1984

Section 46

NOTICE OF GRANT OF EXEMPTION

No. 2 of 1985

NOTICE is hereby given of a decision of the Human Rights Commission made on 7 March 1985, pursuant to sub-section 44 (1) of the *Sex Discrimination Act 1984* in the following terms:

'The Human Rights Commission grants, during the period commencing on 7 March 1985 and ending on 6 March 1986, to the office bearers for the time being of the Australian Primary Schools Sports Association, the Australian Capital Territory Schools Sports Council and the Northern Territory Primary Schools Sports Association, Inc., an exemption from the provisions of sections 21 and 22 of the *Sex Discrimination Act 1984* in respect of separate events held for boys and girls at the national athletics meeting and the national swimming carnival organised by the Australian Capital Territory Schools Sports Council and the Northern Territory Primary Schools Sports Association respectively, including selection trials for these national events.'

A. The Commission's findings on material questions of fact relating to the applications were as follows:

- (i) that the Australian Primary Schools Sports Association together with the Australian Capital Territory Sports Council and the Northern Territory Primary Schools Sports Associations have responsibility respectively for organising a national athletic meeting and national swimming carnival;
- (ii) that these organisations have proposed separate sporting events for boys and girls at the two sports meetings;
- (iii) that the Australian Primary Schools Sports Association provides in the organisation of the national competitions the same number of events for boys and girls and gives equal time, facilities and equipment to boys and girls;
- (iv) that the two sports meetings will take place relatively soon after the enactment of the *Sex Discrimination Act* and will involve boys and girls who have learned to perform in sports by reference to segregated competitions;
- (v) that an analysis of recent results of schools sports events suggests that, if compelled to compete with boys

in selection trials, girls under 12 years may presently be excluded from participation in national sporting events on the criteria of merit based selection;

- (vi) that the analysis of recent results also suggests that girls may suffer an immediate disadvantage in competing in sports at a national level in championship events if separate events were not conducted for boys and girls.

B. These findings were based on the following evidence:

- (i) letter of application dated 21 February 1985 from the Australian Schools Sports Council; and
- (ii) an analysis, provided by the Australian Schools Sports Council, of results in recent years in relation to swimming and athletic events involving boys and girls from some States, the Australian Capital Territory and the Northern Territory.

C. The Commission's reasons for making the exemption were as follows:

- (i) Article 10 (g) of the Convention on the Elimination of All Forms of Discrimination Against Women requires State Parties '... in particular to ensure, on a basis of equality of men and women: (g) The same opportunities to participate actively in sports and physical education.'
- (ii) there is a strong possibility, emerging in particular from the findings of fact numbered (iv), (v) and (vi) above, that girls, if compelled at this stage to compete with boys of the same age in the sporting events in question, would not be participating on a basis of equality with boys;
- (iii) there is an evident need for further research to be conducted into the performance of girls, relative to boys of the same age, in sporting events, in particular swimming and athletic events; and
- (iv) that, in the meantime, it was appropriate to grant the exemptions sought.

Subject to the *Administrative Appeals Tribunal Act 1975*, application may be made to the Administrative Appeals Tribunal for a review of this decision by or on behalf of any person or persons whose interests are affected by it.
