COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

Special Information

NOTICES UNDER THE INDEPENDENT AIR FARES COMMITTEE ACT 1981 DETERMINATION

Operator: East-West Airlines.

Section of Act: 16.

Date notified: 15 May 1985.

Brief particulars of terms and reasons: The Committee on 15 May 1985 determined under section 16 of the IAFC Act the following formulae for setting economy fares over routes, except Sydney/Norfolk Is, operated by East-West Airlines (EWA):

Formula 1 (routes predominantly with F27 aircraft)

$$\text{Fare } (\$) = A + BX$$

$$A = 39.64$$

$$B = 0.13952$$

X is journey distance in kilometres

Formula 2 (routes operated predominantly with F28 aircraft)

$$\text{Fare } (\$) = A + BX + CX^2 + DX^3$$

$$A = 42.16$$

$$B = 155.14$$

$$C = -30.39$$

$$D = 4.68$$

X is journey distance in 1000 kilometres

For multi-stage journeys the distance rate for kilometres in excess of 2500 shall be calculated at 9.094 ¢/km.

The F28 formula does not apply to the Sydney Norfolk Island route where the Committee determined a one-way economy fare of \$249.00.

This determination results in an increase of 2.2% in economy fares derived from the formulae.

The fare increase was approved by the Committee, after having regard to the various matters specified in section 16(8) of the Act, due to increase fuel costs incurred by EWA additional to those covered by the operator's minor air fares review of April 1985.

Note: The EWA formulae are not applied to:

Routes where EWA's economy fares are matching other IAFC approved fares, e.g. Melbourne-Wynyard/Devonport.

Routes between Sydney and Coolangatta/Brisbane and Hobart where fares set approx 90% of the appropriate jet (Ansett/TAA) economy fares are applied.

The Sydney-Canberra route, where a one-way discount fare of \$55 applies.

COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

All Departments, Statutory Authorities and Commonwealth of Australia Gazette Users

COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.
