### COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

### COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

## All Departments, Statutory Authorities and Commonwealth of Australia Gazette Users

### COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.

## All Departments, Statutory Authorities and Commonwealth of Australia Gazette Users

### COMMONWEALTH OF AUSTRALIA GAZETTE—PUBLISHING DELAYS

As you are aware recent issues of the weekly Public Service, General and Purchasing and Disposal issues of the *Commonwealth of Australia Gazette* have not been published on the designated publishing date. The delay in producing the *Gazette* is created by staffing difficulties in some critical production areas and further compounded by a high rate of repetitive strain injury (RSI).

Every effort is being made to return to the normal publishing schedules but it is expected that late publishing will continue for a period of up to three months.

Closing times for receipt of copy will not be varied. Where notices are time critical, they are to be submitted by the correct closing time, with appropriate allowances made for the anticipated delay.

It is realised that the delayed publishing of *Gazettes* creates concern for departments and authorities, but contact with AGPS to establish if copy has been received, or if copy can be changed or deleted, and when *Gazettes* will be published only creates further delays. Such contact should be restricted to an absolute minimum so that AGPS resources can be fully employed in overcoming the publishing backlog. To assist further in this matter it would be appreciated if this memorandum could be given wide circulation within your department, authority or organisation.
