Determinations

Operators: Ansett Airlines of Australia
Trans Australia Airlines

Section of Act: 15

Date notified: 14 and 21 June 1985.

Brief particulars of terms and reasons: On 14 June 1985 the Committee determined as follows:

Economy Air Fare Formulae

Determination of the following formulae for setting economy air fares over related routes operated by Ansett Airlines of Australia (AAA) and Trans Australia Airlines (TAA), effective 1 July 1985:

Jet Services:

The formula for AAA and TAA jet services incorporating a flag-fall plus a distance rate will be:

Fare (\$) = A + BX + CX² + DX³ where:

A is the flag-fall (value 46.65)

B, C, D are the distance coefficients (values B = 159.82; C = -25.40; D = 2.42)

X is the journey distance expressed in thousands of kilometres

For multi-stage journeys the distance rate for kilometres in excess of 3611, where applicable, will be calculated at 7.105 cents per kilometre.

This determination results in an average weighted increase of 4.9% for the jet air fare formula.

F27 Services:

The formulae for F27 services incorporating a flag-fall plus a distance rate will be:

AAA

Fare (\$) = A + BX where:

A is the flag-fall (value 44.70)

B is the distance coefficient (value 0.14585)

X is the journey distance in kilometres.

This determination results in no change in AAA's F27 air fare formula.

TAA

Fare (\$) = A + BX where:

A is the flag-fall (value 48.11)

B is the distance coefficient (value 0.15699)

X is the journey distance in kilometres.

This determination results in an increase of 4.0% for TAA's F27 air fare formula.

Through Fares for Multiple Operators

The Committee determined that, where the sum of sector fares does not apply, a sum of \$5 be added to the through fare to reduce the amount being absorbed by an airline when constructing a through fare with another operator/s.

Sydney-Melbourne/Darwin Common Rating

The Committee determined that the common rating of fares on the Sydney-Melbourne/Darwin routes be based on a revised distance of 3365 kms, as the first stage of moving to the adoption of a more appropriate average weighted passenger route distance travelled (estimated at 3526 kms in 1983/84), which gives an effective increase in the fare level of 6.8% as compared with the average jet formula increase of 4.9%.

In support of an application for an increase in economy fares on all routes, AAA and TAA provided detailed operational and financial data in accordance with the Committee's extensive information requirements.

The Committee concluded that passenger traffic growth and revenue estimates for 1984/85 were significantly above those forecast previously by AAA/TAA, and that while certain additional cost increases had been incurred in recent months, the estimated overall results for both airlines for 1984/85 were such that a further fare increase was not justified during that financial year.

Estimates of traffic, costs and revenues for the 1985/86 financial year submitted by AAA/TAA showed increases generally in all areas when compared with 1984/85. In particular the airlines' estimates showed increases in the cost of fuel, salaries and wages, interest rates, costs arising out of specific government actions and aircraft catering, offset to some degree by estimated improvements in traffic and minor improvements in productivity.

The Committee was not satisfied that all costs estimated by the airlines to form part of the cost base to be recovered in air fares during 1985/86 were efficiently incurred. Accordingly, the Committee made specific adjustments to those costs which it considered should be included in determining the level of air fares paid by the travelling public.

The Committee believes that a reasonable profit is the entitlement of an airline that operates efficiently in the market place, and that the implied profit level in an air fare determination should be commensurate with the assessed efficiency of an airline's operation. The Committee will continue to make efficiency adjustments at future reviews, and will examine more closely levels of productivity of staff and the efficiency at which all costs are incurred by the airlines in providing their services.

Because of the adjustments made by the Committee, the fares determined by the Committee were substantially less than the levels requested by the airlines for both jet and F27 operations.

With regard to F27 services, the Committee determined that on the basis of costs and efficiency of operations involved in the provision of these services that a 4% increase was justified for TAA services in northern and western Queensland, but that no increase was justified for AAA's F27 services between Melbourne and the north-west Tasmanian coast.

In the above determination, the Committee moved to rectify an anomaly in Sydney-Melbourne/Darwin fares by determining a revised distance basis of 3365 kms, as the first stage of moving to the adoption of a distance that more appropriately reflected average passenger journey lengths. The decision to phase-in this arrangement was made after taking into account the representations of the Northern Territory Minister, AAA and TAA during joint discussions with the IAFIC in May 1985. The last increase in AAA/TAA fares was in September 1984 and the increase for the 1984/85 financial year (3.5%) was the lowest in any annual period since 1976/77.

Approved economy fares for jet services on the major trunk routes from 1 July 1985 are as follows:

USE OF CONTEMPORARY VALUATION OF ASSETS FOR AIR FARE SETTING PURPOSES**PUBLIC HEARINGS—MELBOURNE**

As part of its responsibilities under the IAFIC Act 1981, the Independent Air Fares Committee is examining the question of the adoption of contemporary asset values, rather than historical values, for air fare setting purposes.

A discussion paper addressing this issue has been prepared by Price Waterhouse Associates Pty for the Committee which invites public comment on the paper.

To facilitate discussion on the matter, the Committee intends to hold public hearings over the next few months, commencing as follows:

Melbourne—Friday, 19 July 1985

Hearing Room No. 2,
9th Floor, Nylex House,
10 Queens Road,
Melbourne.

Copies of the discussion paper are available, on request, from the Committee's office at 3rd Floor, 51 Elizabeth Street (G.P.O. Box 94A), Melbourne, Vic.

Persons or organisations wishing to give oral evidence at the public hearings should contact Mr Geoff Asher of the IAFIC Secretariat (03) 62 7174 to make the necessary arrangements.

Minister of State for Arts,

Extension of Replenishment Area at Boulton Reef, Capricornia Section, Great Barrier Reef Marine Park.

THE Great Barrier Reef Marine Park Authority has decided to extend the period of closure of the Replenishment Area at Boulton Reef for a period of 12 months.

Surveys undertaken by both the Queensland National Parks and Wildlife Service and the Authority at Boulton Reef suggest that the relative density index of coral trout has increased slightly since the commencement of the Replenishment Area.

In comparison, relative density indices of coral trout at the open fished reefs in the Capricornia Section have decreased.

The extension will permit the effectiveness of this technique in assisting reef fish stock recovery to be further assessed.

When the period of a Replenishment Area is extended the Authority is required under the Great Barrier Reef Marine Park Regulations to publish:

- (1) a notice opening the Replenishment Area, and
- (2) a notice closing the Replenishment Area.

Accordingly:

COMMONWEALTH OF AUSTRALIA

Great Barrier Reef Marine Park Act 1975

Great Barrier Reef Marine Park Regulations

Notice Concerning Opening of Replenishment Area at Boulton Reef Capricornia Section, Great Barrier Reef Marine Park

IN pursuance of sub-regulation 12 (8) of the Great Barrier Reef Marine Park Regulations, the Great Barrier Reef Marine Park Authority hereby states that the area specified as a Replenishment Area at Boulton Reef in the Schedule to the notice published in the *Commonwealth of Australia Gazette* No. G 23, on 14 June 1983, for the period commencing on 1 July 1983 and ending 30 June 1985 inclusive, is no longer a Replenishment Area.

Dated this twenty-sixth day of June 1985.

The Common Seal of the Great Barrier Reef Marine Park Authority was hereunto affixed in the presence of:

Communications

EXTENSION OF ABC TELEVISION TO REMOTE COMMUNITIES

THE Department of Communications is investigating ways of providing ABC television services to small communities in remote areas. Demands on government planning and financial resources are such that these communities could not expect to receive an ABC service through the planned expansion of government-funded terrestrial translators for many years.

In the meanwhile, the impending availability of the National Communications Satellite System will allow residents in these areas to obtain direct reception on the ABC HACBSS service, through privately funded domestic earth stations.

At the same time, Remote Commercial Television Services (RCTS) are also to be carried on the National Communications Satellite System. In addition to direct reception by remote area residents who install private earth stations, it is expected that RCTS licensees and/or other entrepreneurs, will install terrestrial retransmission facilities to allow various remote population centres to receive RCTS, using conventional TV receivers and antennas. It has been proposed that these entrepreneurs could extend their facilities to retransmit ABC television, and perhaps ABC radio services as well.

The Department recognises that an arrangement of this nature may well have merit. It is prepared to consider proposals under which entrepreneurs would receive compensation in the form of an annual fee for service, paid by the Department in accordance with a long-term renewable contract.

Entrepreneurs are formally invited to notify the Department, by 28 July 1985, of any plans they may have for providing dual RCTS/ABC retransmission facilities to remote communities.

Further information can be obtained from Mr R. N. Bell, Assistant Secretary, National Broadcasting Branch (062) 64 4475. All submissions will be treated as commercial-in-confidence and should be addressed to: The Secretary, Department of Communications, P.O. Box 34, Belconnen A.C.T. 2616

to establish additional nursing home accommodation in the Northern Metropolitan Region of N.S.W. excluding Gosford and Wyong LGAs.

This decision has been made following applications by: Wybenia Nursing Home; Matron Michelle Antoinette Lamagna (Queen's Lynne Nursing Home); Quarry Lodge Association; Willandra Village Pty Ltd; Hibernian Australasian Catholic Benefit Society of N.S.W. Section 60

DECLARATION

HOOKEE CORPORATION LIMITED

PURSUANT to sub-section 60 (1) and sub-section 60 (3) of the Companies (Acquisition of Shares) (New South Wales) Code ("the Code") whereas:

1. On 14 January 1985 Sotela Pty Limited ("Sotela") was entitled to 25,322,671 shares in Hooker Corporation Limited ("the target company"), being approximately 19.6% of the issued voting shares in the target company.
2. On 14 January 1985 Sotela served on the target company a Part A Statement, in relation to offers pursuant to subparagraph 16 (2) (a) (i) of the Code, in which Sotela stated it proposed to acquire:
 - (i) 604,678 shares to bring its entitlement to 20%; and
 - (ii) a maximum of 23,330,000 shares in the target company in accordance with the takeover scheme to which the Part A Statement related,being 38% in total of the issued shares in the target company at a price of \$1.75 per share.

3. On 5 March 1985 Sotela increased its offer price to a price of \$2.05 per share and extended the period of the offers to 15 March 1985.
4. By 6 March 1985 Sotela had acquired approximately 2,776,286 shares giving it an entitlement to approximately 21.7% of the issued shares in the target company.
5. At all material times, Sotela was, subject to Sotela's ability to acquire the 604,678 shares referred to in paragraph 2, precluded by selection 11 of the Code from acquiring shares in the target company otherwise than pursuant to acceptances to offers to which the Part A Statement related.
6. In the circumstances recited herein a person or persons unknown controlling Agape Limited ("Agape"), a Hong Kong company whose business address appears to be the same as that of a firm of Hong Kong stockbrokers, acted pursuant to a proposal under which Agape would acquire a substantial interest in the target company and would act in the interests of Sotela in relation to that substantial interest including if appropriate vesting beneficial ownership of the substantial interest in Sotela ("the proposal").
7. Alternatively, in the circumstances recited herein Sotela was a person in concert with whom Agape and its controllers proposed to act in relation to the acquisition of shares in the target company ("the concert party").
8. Approximately 99% of the shares in Agape were held by Island (Nominees) Limited, a company incorporated in Hong Kong as nominee for Congratulations Company Limited, a company incorporated in Liberia with bearer share capital whose holders' identity cannot be ascertained; the officers of Agape are corporations; the identity of the controller or controllers of Agape and thus of the person or persons who formed the proposal or concert party has thus been concealed from the shareholders and directors of the target company, and public markets.
9. In pursuance of the proposal or concert party Fong Hup and Ronald N'g Wai Choi ("N'g") of Selangor, Malaysia as representatives of Agape caused the purchase on the stock market of various stock exchanges, between 7 March and 11 March 1985 inclusive, that is four business days before the then announced end of the period of the offer by Sotela, of a total of 5,798,092 shares in the target company, of which 440,300 were purchased at a price of \$2.08 per share, 118,500 at \$2.09 per share, 281,800 at \$2.10 per share, 34,000 at \$2.12 per share and 4,923,492 at \$2.15 per share; all such purchases were thus made at prices higher than the offer price of Sotela.
10. N'g is believed to have been a previous business colleague of Peter Russell, a person associated with Lee Ming Tee, a controller of Sotela.
11. On 14 March 1985 Sotela increased its offer price to a price of \$2.15 per share cum-bonus cum-dividend and extended the period of the offer to 28 March 1985.
12. In continued pursuance of the proposal or concert party, on 28 March 1985, the last day on which offers made by Sotela were open for acceptance, Agape accepted the offers made by Sotela in respect of 5,864,852 shares in the target company, at a price of \$2.15 per share cum-bonus cum-dividend, representing more than 43% of the shares acquired by Sotela pursuant to its offer.
13. The price of such shares if sold on the stock market of a stock exchange on that day would have been at least \$1.72 per share ex-bonus ex-dividend, equivalent to a price cum-bonus cum-dividend of \$2.21 per share.
14. The National Companies and Securities Commission ("the Commission") is satisfied that as a result of the conduct engaged in by Agape and its controller or controllers in relation to shares in the target company, the shareholders and directors of the target company did not know the identity of a person or persons who proposed to acquire a substantial interest in the target company.

15. The Commission is further satisfied that as a result of conduct engaged in by Agape and its controller or controllers the directors and shareholders of the target company were not supplied with sufficient information to enable them to assess the merits of the proposal persons unknown under which Sotela would acquire the substantial interest in the target company obtained by Agape.
16. The Commission is further satisfied that an acquisition of shares by Sotela occurred on or before 28 March 1985 in circumstances where the shareholders and directors of the target company did not know the identity of a person or persons unknown who proposed to acquire a substantial interest in the target company.
17. The Commission is further satisfied that an acquisition of shares by Sotela occurred on or before 28 March 1985 in circumstances where the shareholders and directors of the target company were not supplied with sufficient information to enable them to assess the merits of a proposal under which Sotela would acquire a substantial interest in the target company from Agape.

The National Companies and Securities Commission hereby declares the conduct referred to herein to have been unacceptable conduct within the meaning of sub-section 60(3) of the Code by Agape Limited and the person or persons who are the controllers of Agape Limited, and further declares that the acquisition of the shares in the target company referred to in paragraph 12 hereof on or before 28 March 1985 was an unacceptable acquisition by Sotela within the meaning of sub-section 60 (1) of the Code.

Given under the Common Seal of the National Companies and Securities Commission the 5th day of June 1985.
