Broadcasting and Television Act 1942

NOTICE BY MINISTER FOR COMMUNICATIONS

IN pursuance of section 82 of the *Broadcasting and Television Act 1942*, I MICHAEL JOHN DUFFY, Minister for Communications, hereby invite applications for, or written submissions relating to, the grant of a licence for a public broadcasting station, subject to the following specifications:

- (a) the licensee shall provide a broadcasting service by means of a public broadcasting station;
- (b) the area served in pursuance of the licence, in terms of areas defined by the Australian Bureau of Statistics at the Census of 30 June 1981, shall be the Local Government Area of Melton in the State of Victoria;
- (c) the licensee shall provide community program services to the communities within the service area specified in (b) above;
- (d) the licensee shall operate within the following nominal technical parameters:

Band	: Very High Frequency
Mode	: Frequency Modulation
Transmitter Site (1)	: Suitable elevated site in the vicinity of Melton, not in close proximity to densely populated areas
Frequency (2)	: To be determined, in the range 88-102 MHz
Polarisation (3)	: Mixed

Effective Radiated Power (4) : In the order of 200 Watts average

Notes:

- (1) Actual site location will be negotiated with the successful applicant. The site will be required to allow technically adequate coverage of the communities within the service area specified in (b) above and minimal coverage outside the specified area.
- (2) Final determination of a frequency for this service will depend on the transmitter siting, and the actual Effective Radiated Power characteristics needed to efficiently serve the specified service area. The choice will also be influenced by plans being developed to clear television channels from Band II and to establish a national plan for VHF FM channel allocations.
- (3) Mixed polarization is preferred but vertical may be required to minimize interference to television reception (dependent on site and other technical parameters).
- (4) Effective Radiated Power characteristics will depend on the transmitter site selected, the requirement to provide a technically adequate signal to all communities in the service area, minimization of radiation outside the service area and the need to provide interference protection to other services.

Applications for the grant of the licence shall be made on approved forms obtainable on request in writing from the Secretary, Australian Broadcasting Tribunal, P.O. Box 1308, North Sydney, N.S.W. 2060, or by telephoning the Tribunal on (02) 922 2900, or from the State Offices of the Tribunal.

Applications for the grant of the licence shall be lodged with the Secretary, Australian Broadcasting Tribunal at the above address not later than 5.00 p.m. on the 10th day of December 1985.

Written submissions relating to the grant of the licence shall be lodged with the Secretary, Australian Broadcasting Tribunal at the above address not later than 5.00 p.m. on the 24th day of December 1985.

Dated this 19th day of September 1985.

COMMONWEALTH OF AUSTRALIA GAZETTE NOTICE IN PURSUANCE OF SUB-SECTION 39A (13) OF THE NATIONAL HEALTH ACT

I, Patrick Allan Dawes, a delegate of the Minister of State for Community Services, in accordance with the power vested in the aforesaid Minister by Sub-section 39A (1) of the National Health Act, have decided not to invite interested persons to apply for a Certificate of Approval-in-Principal to establish additional nursing home accommodation in the Central Western Curb-Urban Region of South Australia.

This decision has been made following applications by Mr P. F. Kirchner, the Franciscan Sisters of the Heart of Jesus (Inc.) and Pioneer Property Group under subsection 39A (1) of the National Health Act.

This decision has been made following consideration of the applications by the Federal/State Co-ordinating Committee for Nursing Home Accommodation in South Australia. Any person affected by this decision may, within twenty-eight days after publication of this notice, if he is dissatisfied with the decision, request a reconsideration of the decision by the Minister in accordance with Sub-section 105AAB (2A) of the National Health Act. A request for reconsideration should be in writing and set out the reasons therefore and should be addressed as follows: The Minister for Community Services, c/o The Director, Approvals Section, Aged Persons Health Services Branch, P.O. Nursing Homes Assistance Act 1974

DECISION ON APPLICATION FOR A CERTIFICATE OF APPROVAL-IN-PRINCIPLE TO ESTABLISH ADDITIONAL NURSING HOME ACCOMMODATION

I, PATRICK ALLAN DAWES, a delegate of the Minister of State for Community Services in the Commonwealth, in accordance with the powers vested in the aforesaid Minister by sub-sections 3A (2) and (3) of the *Nursing Homes Assistance Act 1974*, do hereby grant a Certificate of Approval-in-Principle to establish nursing home accommodation in Katherine to the Katherine Town Council.

The proprietors should give priority of admission to persons who have been assessed as most needing their services, under guidelines developed between the organisation and the Federal and State Health authorities.

These guidelines should have regard to any geriatric assessment procedures in the area, including arrangements to provide respite for those caring for nursing home type patients at home by programmed temporary admission of such patients to the nursing home and procedures establishing priority of admission to cover disadvantaged socio-economic groups.

It should also have due regard to economy and efficiency of construction, staffing and operation so that the operating deficits, which are to be funded by the Commonwealth, are kept to acceptable levels.

Dated this thirteenth day of September 1985.
