INTER-STATE COMMISSION

UNIFORMITY OF ROAD VEHICLE REGULATIONS—VOLUMETRIC LOADING

In October 1986 the Federal Minister for Transport directed the Inter-State Commission to investigate and identify statutory provisions, regulations, rules and orders, by-laws, policies and practices which may adversely affect the efficiency of interstate land and sea transport of goods and passengers.

The Commission commenced public hearings on 19 October 1987 for its initial investigation into the nature and extent of any impediments to the efficiency of interstate transport flowing from the lack of uniformity of road vehicle regulations and practices between States and between States and Territories.

During the course of the investigation, the Hon. Gareth Evans, Minister for Transport and Communications passed to the Commission representations for it to include an examination of the costs and benefits of the volumetric loading of livestock.

Volumetric loading of vehicles used for the transport of livestock to their dimension limits irrespective of axle mass limits is one of the many aspects of road vehicle regulation currently under investigation. However in order to investigate matters concerning volumetric loading which may not have been raised in connection with uniformity, the Commission has decided that it should be the subject of a separate round of hearings.

Written submissions on the subject of volumetric loading of livestock should be forwarded to the Commission not later than Thursday, 31 December 1987. Public hearings will be held in Canberra and other capital cities as required, and are presently scheduled to commence in Canberra on Monday, 8 February 1988. The Commission intends to report on this investigation by 31 March 1988.

Interested parties are requested to telephone O. Rodda (062) 45 7120 or write to:

Secretary
Inter-State Commission
G.P.O. Box 1986
Canberra, A.C.T. 2601

Copies of the Minister's direction and the Commission's Terms of Investigation are available on request.

Community Services and Health

COMMONWEALTH OF AUSTRALIA

Health Insurance Act 1973

STATEMENT UNDER SECTION 106AA

On the ninth day of April 1986 I, NEAL BLEWETT, Minister of State for Community Services and Health, made a Determination under section 106 of the *Health Insurance Act 1973* (the Act) in respect of Dr Clive Logan Dart of 63 Old Cleveland Road, Stones Corner, Queensland.

Particulars of Determination

A copy of the initial Determination is at Attachment A. This Determination was varied by an order on Review of the Medical Services Review Tribunal, which varied the amount payable to the Commonwealth to \$9840.95.

The Tribunal affirmed the Determination that Dr Dart be reprimanded.

Reasons for Determination

The initial Determination was made by me on the basis of a report made under section 104 of the Act by the Medical Services Committee of Inquiry for the State of Queensland after its inquiry into the practice of Dr Dart.

The Committee was of the opinion that in respect of the patients under reference, certain of the services were excessive, in that they were not reasonably necessary for the adequate medical care of the patients concerned. The Committee arrived at this opinion by referring to the information before it and bringing to bear the knowledge and experience of its members.

Comments

The Government is seriously concerned by the practice of doctors like Dr Dart who provide services which are not reasonably necessary for the adequate medical care of the patients concerned. Excessive services are a drain on public funds and every effort is being made to reduce the magnitude of the problem.

Dated this 26th day of August 1987.

NEAL BLEWETT

Minister of State for Community Services
and Health

- (c) Medicare benefits within the meaning of sub-section 3 (1) of the Act in respect of the abovementioned services have been paid to the said Clive Logan Dart;
- (d) the services included in the reference to the Committee were rendered on or after 1 February 1984;
