The issue to be considered in each of the inquiries is whether the Tribunal should refuse to renew the licence for any of the reasons set out in sub-section 86 (11B) of the *Broadcasting Act 1942* and, in particular:

- (a) whether the licensee has complied with its undertakings to provide an adequate and comprehensive service pursuant to the licence, and to use and encourage the use of Australian creative resources;
- (b) whether the licensee is no longer a fit and proper person to hold the licence;
- (c) whether the licensee has the necessary financial technical and management capabilities to operate the station effectively;
- (d) whether a condition of the licence has not been complied with;
- (e) whether the service is commercially viable.

If you wish to make a submission in relation to either or both of the inquiries on any of these matters, you should lodge it with the Tribunal's North Sydney office by 5.00 p.m. on 3 June 1988.

Before lodging a submission, you should inspect the relevant inquiry file (containing the application and other useful background information) and read the Tribunal's Guide for Submitters, copies of which are available from the Tribunal and are attached to each inquiry file.

**LICENCE TRANSFER—COMMERCIAL
TELEVISION SERVICES CBN-8 CENTRAL
TABLELANDS AND CWN-6 CENTRAL WESTERN
SLOPES**

NOTICE OF INQUIRY—SUBMISSIONS INVITED

The Australian Broadcasting Tribunal has commenced an inquiry into the application for the transfer of the licences for commercial television services CBN-8 Central Tablelands and CWN-6 Central Western Slopes from Country Television Services Ltd to Dylboub Pty Ltd.

The issues which will be addressed during the inquiry are as follows:

1. Whether the Tribunal should refuse approval, having regard to:
 - (a) whether the giving of approval would be contrary to a provision of the Act;
 - (b) whether it would be advisable in the public interest to refuse approval on the grounds that the applicant:
 - (i) is not a fit and proper person to hold the licence;
 - (ii) does not have the financial, technical and management capabilities necessary to operate the television service; or

- (iii) is not otherwise capable of complying with the conditions of the licence;
- (c) whether the circumstances are such that, if the Tribunal gave approval:
 - (i) the Tribunal would have reasonable grounds for believing that a person would be contravening the multiple interest or cross-media limits (ss. 90C, 92 or 92FAB) in circumstances which would constitute an offence;
 - (ii) a person would be contravening the multiple or cross-media directorship limits (ss. 90F, 92C or 92FAD);
 - (iii) a condition specified in s. 90G or 92D would be contravened (foreign ownership);
- 2. Such other matter relevant to the inquiry as the Tribunal sees fit.

Any person wishing to make a submission on these issues may lodge it with the Tribunal by 27 May 1988.

Before you lodge a submission, it would assist you to inspect the relevant inquiry files (containing the application and other useful background information) and read the Tribunal's guide for submitters (copies are available from the Tribunal and are attached to the inquiry files).
