The following form is approved for the purposes of section 37(2) of the Referendum (Machinery Provisions) Act 1984:

PROVISIONAL VOTING

For voters whose name cannot be found on the roll

The Referendum Act ensures that all persons attending a polling place, within the electoral division for which they claim to be enrolled, will be given the opportunity to record a vote - even if their names are not on the list of voters used at that polling place. Such people are entitled to vote as **PROVISIONAL** voters.

You will be asked to complete a provisional vote declaration which includes some personal details for identification. You will also be given an Electoral Enrolment Form to complete to help us correct your enrolment if required.

The Divisional Returning Officer will examine your provisional vote declaration after polling day and, if satisfied that your name should have been on the list of voters for the Division at the time you voted, your enrolment will be corrected and your vote counted.

If the Divisional Returning Officer decides that your name should not have been on the list of voters for the Division at the time you voted you will be advised of this in writing and your vote will not be counted.
