Determination and Decision

OXLEY AIRLINES (A20 & D41/89)	15 & 17(4)	16/5/89
-------------------------------	------------	---------

Determination of the following one-way economy air fares (exclusive of local airport head taxes) effective from 1 July 1989:

-Ballina	81	-Pt Macquarie	63
-Coolangatta	96		
-Brisbane	110		

This was the Committee's first approval of fares for the operator for two years, and the determination reflects costs incurred in operating its recently expanded route network.

Approval of the following discount fares at the stated percentages off the normal economy air fares effective from 1 July 1989, under specified conditions as proposed by the operator:

Pensioner	25% off one-way economy fare
Apex	25% " return " "
Holiday/Group	25% " return " "

Discount fares approved on basis of estimates provided by the operator that they will generate additional traffic and improve profitability.

ANSETT AIRLINES OF AUSTRALIA (F1/89)	26(4) & (5)	23/5/89
--------------------------------------	-------------	---------

Determination of an additional first class fare for Ansett Airlines of Australia (AAA) at a margin of 15% above the applicable economy air fare for 'Executive Class' travel on all AAA standard and wide-bodied jet air services, effective from 17 July 1989. This margin reflects the costs of the additional "benefits" to which passengers travelling on this Executive Class fare will be entitled. Also, the Committee noted advice from the operator that AAA's existing First Class fare (50% margin) would be renamed 'Premier Class' effective from 17 July 1989.

PART 1 - AGREEMENTS AND ARRANGEMENTS

- 1) Where the authority is the proprietor, or a proprietor, of an accredited pathology laboratory, and services are to be rendered in that laboratory by or on behalf of an approved pathology practitioner, the authority undertakes
 - a) that it will not cause or permit any service to be rendered in that laboratory by or on behalf of that approved pathology practitioner unless it has made a written agreement with the approved pathology practitioner which does not prevent the authority from complying fully with this undertaking and which specifies
 - i) the basis of the remuneration of the authority and the approved pathology practitioner arising out of services rendered by or on behalf of the approved pathology practitioner; and
 - ii) the agreement in respect of the use by or on behalf of the approved pathology practitioner of the laboratory, staff, equipment and other facilities, goods or services provided by the authority;
 - b) that it will not make any agreement of any type with the approved pathology practitioner which would be inconsistent with, or would prevent the approved pathology practitioner from discharging, the responsibilities contained in the undertaking given by the approved pathology practitioner and accepted by the Minister;
 - c) that it will not make any agreement of any type with the approved pathology practitioner that provides any inducement, by way of financial or other benefit, or that provides for any disadvantage to the approved pathology practitioner, in order to encourage the approved pathology practitioner to render excessive services for the purpose of attracting the payment of Medicare benefit; and
 - d) that it will not make any agreement of any type with any other person or perform any act that provides or is capable of providing any direct or indirect inducement, by way of financial or other benefit, or that provides for any disadvantage to the person, in order to encourage the person to request the rendering of a pathology service or services for the purpose of attracting the payment of Medicare benefit.

PART 2 - RENDERING OF PATHOLOGY SERVICES

- 2) The authority undertakes that it will not cause or permit a service to be rendered in a laboratory unless the conditions specified in sub-sections 16A(1), (2) or (3) of the *Health Insurance Act 1973*, being those conditions that must be satisfied before Medicare benefit would be payable in respect of that service, are satisfied in respect of that service, and the authority undertakes that it will specifically ensure that
 - a) the service is rendered
 - i) by an approved pathology practitioner (who is not a disqualified practitioner in relation to a service); or
 - ii) under the personal supervision of an approved pathology practitioner (who is not a disqualified practitioner in relation to a service) who exercises a reasonable level of personal control over the rendering of the service, and who accepts personal responsibility for the rendering of the service;
 - b) the service is either
 - i) a pathologist-determinable service which the approved pathology practitioner has determined to be necessary; or

- ii) rendered pursuant to an unambiguous request or confirmation of a request validly made to the approved pathology practitioner for the rendering of the service and which is capable of interpretation in terms of generally accepted medical terminology or is in accordance with abbreviations listed in the Medicare Benefits Schedule Book; and
- c) the service is rendered in an accredited pathology laboratory.

PART 3 - MULTIPLE PATHOLOGY SERVICES

- 3) The authority undertakes to cause an employed practitioner to render, or have rendered on his or her behalf, two or more services in relation to one person so as to cause the least possible financial imposition on the Commonwealth. The authority also undertakes not to enter into any arrangement, or engage in any conduct, which will have the result of causing other than the least possible financial imposition on the Commonwealth in relation to two or more services rendered in relation to one person.
- 4) Under clause 3, the authority undertakes to cause an employed practitioner to render services, or have them rendered, in a manner which ensures that the Medicare benefit payable in respect of those services is the minimum amount payable in the circumstances.
- 5) If, in relation to two or more services rendered in relation to one person, the authority is aware that
 - a) a request or requests for those services could reasonably be made solely to the employed practitioner and solely on the one day; or
 - b) the employed practitioner could reasonably determine, on the one day, those services to be necessary; or
 - c) the employed practitioner receives a request or requests for those services, and the employed practitioner could reasonably render them without the need to make a request or requests to any other approved pathology practitioner to render one or more of those services,

then the authority undertakes to cause an account or receipt for fees to be issued; an agreement under section 20A of the *Health Insurance Act 1973*, to be made, and whichever of those circumstances is relevant had actually taken place.

PART 4 - EXCESSIVE PATHOLOGY SERVICES

- 6) The authority undertakes that it will not provide excessive pathology services.

PART 5 - ACCOUNTS, RECEIPTS AND ASSIGNMENT OF MEDICARE BENEFIT IN RELATION TO EMPLOYED PRACTITIONERS

- 7) The authority undertakes that it will not cause or permit any person to issue an account or a receipt for fees, or make an agreement under section 20A of the *Health Insurance Act 1973*, in relation to a service rendered by or on behalf of an employed practitioner unless
 - a) the employed practitioner has personally rendered or personally supervised the rendering of the service;
 - b) the service is either

- i) a pathologist-determinable service which the employed practitioner has determined to be necessary; or
 - ii) rendered pursuant to an unambiguous request or confirmation of a request validly made to the employed practitioner for the rendering of the service and which is capable of interpretation in terms of generally-accepted medical terminology or is in accordance with abbreviations listed in the Medicare Benefits Schedule Book; and
 - c) the service was rendered using a specimen which permitted an accurate result to be obtained;
 - d) the service is rendered in an accredited pathology laboratory;
 - e) the employed practitioner has complied with the instructions, restrictions and limitations which apply in relation to groups of tests or services which are set out in the Medicare Benefits Schedule Book or the Pathology Services Table; and
 - f) the account or receipt includes all particulars required to be provided by sub-section 19(6) of the **Health Insurance Act 1973**.
- 8) The authority undertakes that it will not cause or permit any person to issue an account or receipt for fees, or make an agreement under section 20A of the **Health Insurance Act 1973**, that would permit a person to claim a Medicare benefit when the authority, or any person acting on behalf of the authority is aware, or could reasonably be expected to be aware, that no Medicare benefit is payable in relation to a procedure that has been performed by or on behalf of an employed practitioner because of
- a) the nature of the procedure; or
 - b) the clinical circumstances in which the procedure is performed,
- and the authority also undertakes that it will take all reasonable measures to cause patients to be informed that no Medicare benefit is payable in relation to such procedures.

PART 6 - ACCOUNTS FOR SERVICES RENDERED BY EMPLOYED PRACTITIONERS

- 9) The authority undertakes that where a service has been rendered by or on behalf of an employed practitioner or a partner, the authority will not cause or permit
- a) an account for fees in relation to that service to be issued;
 - b) a receipt for fees in relation to that service to be given;
 - c) an agreement in accordance with section 20A of the **Health Insurance Act 1973**, in relation to Medicare benefit payable in relation to that service to be made; or
 - d) an assignment in accordance with section 20A of the **Health Insurance Act 1973**, in relation to Medicare benefit payable in relation to that service to be accepted,
- except by or on behalf of that employed practitioner or that partner.

PART 7 - REQUESTS FOR SERVICES

- 10) The authority undertakes that where a request for a service, being a request of a kind referred to in sub-section 23DK(1) of the **Health Insurance Act 1973**, is made to an employed practitioner and, pursuant to that request, that service is rendered by or on behalf of that practitioner in the course of that employment, the authority will take all reasonable measures to ensure that the practitioner retains, in accordance with that sub-section, the written request, or confirmation of the request, for that service.
- 11) The authority undertakes that where a request by a treating practitioner for a service, being a request of a kind referred to in paragraph 23DK(2)(a) of the **Health Insurance Act 1973**, is made to an employed practitioner and, in the course of that employment, that employed practitioner makes a request to another approved pathology practitioner for that service, the authority will take all reasonable measures to ensure that the employed practitioner retains, in accordance with sub-section 23DK(2) of the **Health Insurance Act 1973**, the written request, or confirmation of the request, for that service made by that treating practitioner.

PART 1 - PERSONAL SUPERVISION

- 1) Subject to clause 2, I undertake that where a service is rendered on my behalf, I will accept personal responsibility for the rendering of that service under the following conditions of personal supervision -
- a) Where a service is rendered on my behalf, I must usually be physically available in the laboratory during the rendering of that service.
 - b) I may be absent from the laboratory for brief periods where the absence is due to illness or other personal exigency, or involves activities which, in accordance with normal and accepted practice, relate to the provision of services by that laboratory. If such an absence occurs, and it does not exceed 7 consecutive days, then I will be regarded as continuing to personally supervise the rendering of services.
 - c) Where I am absent from the laboratory for more than 7 consecutive days, I must arrange for another approved pathology practitioner to personally supervise the rendering of services in the laboratory which would otherwise be rendered by me or on my behalf. Where such an arrangement is made, then I will be regarded as continuing to personally supervise the rendering of services.
 - d) For the purposes of the *Health Insurance Act 1973*, services will not be regarded as being rendered by me or on my behalf during any absence, for any reason, which occurs after I have already been absent for a total of 14 working days in any month that services are rendered.
 - e) If a service is being rendered on my behalf outside the normal hours of operation of the laboratory, I must be able to be contacted at the time that the service is being rendered by the person who is rendering the service. If required, I must be able to personally attend at the laboratory during the rendering of the service.
 - f) If a service is being rendered on my behalf by a person who is not -
 - i) a medical practitioner;

 - i) all persons who render services are adequately trained;
 - ii) all services which are to be rendered in the laboratory are allocated to persons with appropriate qualifications and experience to render the services;
 - iii) the methods and procedures in operation in the laboratory for the purpose of rendering services are in accordance with proper and correct practices;
 - iv) for services rendered, proper quality control methods are established and reviewed to ensure their reliability and effectiveness; and
 - v) results of services and tests rendered are accurately recorded and reported.

- 2) Where services are to be rendered on my behalf in a laboratory
- a) where the Minister has declared, by notice in writing, that the laboratory is located in an isolated area (as defined in the principles for the approval of premises as an accredited pathology laboratory), and the Minister is satisfied that the service could not reasonably be rendered in another laboratory; or
 - b) which is in category 3 or 4 of the categories of accreditation;
- I undertake to take all reasonable measures to ensure that the service is rendered under the supervision of the person designated in the category of accreditation of that laboratory to supervise the rendering of the service.
- 3) I understand that, in relation to a laboratory which is specified in paragraph 2 b., the provisions of clause 2 will only apply for a period of 36 months after the commencement of section 23DB of the *Health Insurance Act 1973* (1 August 1987), and that after that time the provisions of clause 1 will apply to me.

PART 2 - AGREEMENTS AND ARRANGEMENTS

- 4) Where services are rendered by me or on my behalf in an accredited pathology laboratory, and I am not the proprietor, or a proprietor, of that laboratory, I undertake
- a) that I will not render services in that laboratory unless I have made a written agreement with the proprietor, or proprietors, of that laboratory which does not prevent me from complying fully with this undertaking and which specifies

"The Register of the National Estate is an inventory of places 'that have aesthetic, historic, scientific or social significance or other special value for future generations as well as for the present community'. It is a list of the nation's heritage resources available to all decision makers to assist them to make better-informed decisions. There are no legal constraints placed on owners of private property, or on State or local government property by the entry of that property in the Register.

In essence the Register is an alerting and educational inventory compiled on the single criterion of national estate significance, which is being developed to be as comprehensive as practicable, and which has implications for protection where actions by the Commonwealth are concerned.

The Commission will give due consideration to all objections made concerning its intention to enter places in the Register and would be assisted by being informed of the specific grounds on which an objection is based. It wishes to point out, however, that the final decision must be made in the light of the objects of the Act under which it is operating and therefore the prime consideration in the assessment of an objection must be whether the place in question does or does not have national estate significance.

Telephone inquiries about the Commission, the Register and the places listed in the schedule, are welcome and reverse charge calls will be accepted. The number to call for information on:

- . the Commission and the Register is (062) 72 3008
- . Historic places is (062) 72 3023
- . Aboriginal places is (062) 72 3015
- . Natural places is (062) 72 3011

Reasonable requests for statements of significance for places in the schedule and for maps or plans showing the boundary, or relevant parts of the boundary of those places outside built-up areas, will be met.
