The date of publication of this *Gazette* is 19 July 1989.

**LATE COPY/AUTHOR'S CORRECTIONS SURCHARGES**

Late copy may be accepted on payment of a surcharge. Late copy is a notice submitted for publication in a nominated *Gazette* for which the copy deadline has closed but printing has not commenced. The late copy surcharge will be an additional fifty per cent of the current rate.

A surcharge will also apply for author's corrections made after the copy deadline. These corrections will be charged at \$2.00 per altered printed line.

For further information contact Don Kime on (062) 95 4657.

**IMPORTANT NOTICE**

The ACT *Gazette* is now available on subscription. Refer to the back page of this *Gazette* for further details.

**NEW SPECIAL GAZETTE RATES**

The Special *Gazette* surcharge has been revised. The new rate will be \$100.00 per printed page. This replaces the previous charge of \$100.00 per issue, and will be effective from 1 July 1989.

Inclusion of a surcharge is necessary to cover the costs of reproducing Special *Gazette* issues at the back of the Government Notices *Gazette*, to allow total dissemination of the information. Prior to the last revision of the *Gazette* advertising rates Special issues were consistently one to two pages in length. Since this time there has been an increase in the demand for multi-paged Special issues and therefore the rate of \$100.00 per page no longer covers associated production costs.

It is suggested that multi-paged notices could be published in the Government Notices or Periodic issues of the *Gazette*, rather than a Special issue, if time constraints permit.

## Special Information

### NOTICES UNDER THE INDEPENDENT AIR FARES COMMITTEE ACT 1981

| <i>Operator and reference</i> | <i>Section of Act</i> | <i>Date notified</i> |
|-------------------------------|-----------------------|----------------------|
|-------------------------------|-----------------------|----------------------|

#### Determination

ANSETT WA (A26/89)

15 30.6.89

Determination of the following formula for setting economy air fares over routes operated by Ansett WA, effective from 1 July 1989:

Fare(\$)= A + BX + CX<sup>2</sup> + DX<sup>3</sup> where:

A is the flag-fall (value 57.77)

B,C,D are the distance coefficients

(values B = 187.5655, C = 5.8889, D = -4.5562)

X is the journey distance expressed in thousands of kilometres.

The distance rate for kilometres in excess of 2000, where applicable, will be calculated at 15.6415 cents per kilometre.

| <i>Operator and reference</i> | <i>Section of Act</i> | <i>Date notified</i> |
|-------------------------------|-----------------------|----------------------|
|-------------------------------|-----------------------|----------------------|

This determination represents an average increase of nine per cent in Ansett WA's economy air fares.

In support of its application for a fare increase, Ansett WA submitted detailed operational and financial estimates for the 1989/90 financial year. The Committee made adjustments to reflect an appropriate apportionment of costs in relation to the sharing between Ansett WA and Ansett NT of flight crew and flight attendant resources. After evaluating the estimates, the Committee concluded that a fare increase as requested by the airline was justified in the circumstances.

Consultations took place with the WA Department of Transport prior to the Committee making the above determination.

Approved one-way economy air fares for selected Ansett WA routes, as from 1.7.89, are as follows:

|                 | \$  |                     | \$  |
|-----------------|-----|---------------------|-----|
| Perth-Carnarvon | 212 | Broome-Darwin       | 268 |
| -Geraldton      | 128 | -Port Hedland       | 142 |
| -Kalgoorlie     | 160 | Derby-Darwin        | 238 |
| -Karratha       | 293 | -Perth              | 387 |
| -Kununurra      | 453 | Port Hedland-Darwin | 351 |

**AUSTRALIAN CUSTOMS SERVICE**

**DUMPING INVESTIGATION - SILICON FROM SOUTH AFRICA  
AND THE PEOPLE'S REPUBLIC OF CHINA**

**CUSTOMS ACT 1901 - NOTICE UNDER SUB-SECTION 269TC(4)**

I, RICHARD JOHN HUNT, delegate of the Comptroller-General of the Australian Customs Service (ACS) have accepted an application under sub-section 269TB(1) of the Customs Act 1901, that there are reasonable grounds to initiate an investigation into the alleged injurious dumping of silicon from South Africa and the People's Republic of China.

Pioneer Silicon Industries Pty. Ltd. (PSI) is the applicant and the sole Australian producer of like goods.

The commodity under inquiry is "silicon containing by weight less than 99.9 percent of silicon", currently classified within sub-paragraph 2804.69.00 (statistical key 14) of Schedule 3 to the Customs Tariff Act 1987. The current rate of duty is "free".

The ACS will prepare a preliminary finding on the complaint within 120 days of the publication of this notice. If the finding is that there are sufficient grounds for publication of a dumping notice, provisional measures may be imposed (involving the taking of securities under Section 42 of the Customs Act 1901). A positive preliminary finding would be referred to the Anti-Dumping Authority for further investigation and report to the Minister (within 120 days) on whether dumping duties should be imposed.

The ACS has published Australian Customs Notice (ACN) No. 89/93 notifying initiation of the investigation and the procedures involved. Copies of the ACN are available from the Publications Section, Customs House, Canberra, or regional offices of the Australian Customs Service in each capital city.

All interested parties are invited to lodge written submissions with Mr Ken Muldoon, Dumping Operations, Australian Customs Service, Customs House, 5 Constitution Avenue, ACT 2601, no later than 19 August 1989.
