THE CAIRNS SECTION

The Cairns Section of the Great Barrier Reef Marine Park was proclaimed on 19 November 1981. It completely encircles the small Cormorant Pass Section, which was proclaimed on 21 October 1981 principally to protect a colony of Potato Cod. Zoning Plans for these Sections came into operation on 7 November 1983 and are now under review.

Public representations were sought between 8 November 1988 and 28 February 1989, to provide information contributing to the preparation of a zoning plan for the area of the Cairns and Cormorant Pass Sections. These representations have been considered in the preparation of the zoning plan for these Sections.

The Cairns Section and the Cormorant Pass Section have been amalgamated and the combined area has been assigned the name Cairns Section. Refer to the Proclamation made on 29 August 1989 and published in the Gazette No. GN 35 on 13 September 1989.

Proposed zones

The Zoning Plan provides for five zones and one subzone:

Marine Park Recreation Zone
Marine National Park Zone
Preservation Zone; and
No Structures Subzone

In addition, the Zoning Plan provides for three additional areas of restricted use:

AUSTRALIAN BROADCASTING TRIBUNAL LICENCE RENEWAL—PUBLIC RADIO SERVICE 2SSS CANBERRA

AUSTRALIAN CAPITAL TERRITORY

Public Submissions Invited

The Australian Broadcasting Tribunal is conducting a public inquiry into the renewal of the licence for 2SSS Canberra.

We are interested in your view on the renewal of this licence. The issues to be addressed during the inquiry are whether:

- the licensee has complied with its undertaking to provide an adequate and comprehensive service pursuant to the licence, to encourage the provision of Australian programs and to use and encourage the use of Australian creative resources;
- the licensee has given a new undertaking for the forthcoming licence period;
- the licensee is no longer a fit and proper person to hold the licence;
- the licensee has the necessary financial, technical and management capabilities;
- a condition of the licence has not been complied with;
- the service is commercially viable;
- the undesirability of a person being in a position to exercise control of more than one public radio licence;
- the undesirability of the Commonwealth, a state of the Northern Territory or a statutory authority of the Commonwealth, a State or a Territory, or a political party being in a position to exercise control of the licence;
- the undesirability of the licence being held by a corporation whose operations pursuant to the licence have been or will be, conducted either wholly or substantially, for the purpose of the acquisition by another person of profit or gain;
- the desirability of members of the community to be served being in a position to exercise control of the licence; and
- the need to encourage members of the community to be served to participate in the operations of the licensee and the selection and provision of programs.

If you would like to give us your views on any or all of these matters, you can make a submission to the Tribunal by 17 November 1989.

Before making a submission, you may want to look at the inquiry file (File No. IL/89/162), which contains a copy of 2SSS's application for the renewal of its licence and other relevant information.
