Submissions Invited

On 15 March 1989, the Australian Broadcasting Tribunal advertised the commencement of an inquiry into the licence renewal of STV Mildura, which expired on 30 June 1989.

On 4 July 1989, Ballarat and Victoria Television Pty Ltd (Ballarat) acquired 100 per cent of the issued capital of Burnbay Investments Pty Ltd (Burnbay), licensee of STV. Ballarat is a wholly-owned subsidiary of Associated Broadcasting Services Ltd (ABS), which is in turn a wholly-owned subsidiary of ENT Ltd.

The Tribunal has received applications for approval of this transaction from Ballarat and from others who have acquired an indirect interest in the licence.

The Tribunal has also now received an amended renewal application following the acquisition of the STV licensee company by Ballarat.

The Tribunal has decided to join the share transaction inquiry to the existing renewal inquiry.

Issues to be considered

Issues the Tribunal must consider during the renewal inquiry include:

- (a) whether the licensee has complied with its undertaking to provide an adequate and comprehensive service pursuant to the licence, to encourage the provision of Australian programs and to use and encourage the use of Australian creative resources;
- (b) whether the licensee has given a new undertaking for the forthcoming licence period;
- (c) whether the licensee is a fit and proper person to hold the licence;
- (d) whether the licensee has the necessary financial, technical and management capabilities;
- (e) whether the conditions of the licence have been complied with;
- (f) whether the service is commercially viable;
- (g) whether there have been any contraventions of the ownership and control provisions;
- (h) whether the licensee has unreasonably or repeatedly delayed paying fees; and
- (i) where an implementation plan is applicable, whether the licensee has complied with its obligations in relation to its plan.

The issues to be considered in the share transaction inquiry are set out in section 92FAA of the *Broadcasting Act 1942*. The Tribunal must approve the transaction unless there are grounds under section 92FAA to refuse consent. Section 92FAA requires the Tribunal to take into account the following matters:

- (a) whether it would be advisable in the public interest to refuse consent because:
 - (i) the applicants are not fit and proper persons to hold the licence;
 - (ii) the applicants do not have the necessary financial, technical and management capabilities to provide an adequate and comprehensive service pursuant to the licence;
 - (iii) the applicants are not capable of complying with the conditions of the licence;
- (b) the applicant's compliance with undertakings to provide adequate and comprehensive service, and to use and encourage the use of Australian creative resources;
- (c) whether, if consent was given, contraventions of section 92 (limitation of interests), section 92C (limitation of directors), or section 92D (foreign ownership provisions) would occur;

- (d) whether, if consent was given, contraventions of section 92JB (cross-media ownership), or section 92JD (cross-media directorships) would occur;
- (e) any other matter which the Tribunal sees fit to consider.

If you would like to give us your views on any or all of these matters, you can make a submission to the Tribunal by 24 November 1989. Before making a submission, you may want to look at the inquiry file (1L89/45), which contains copies of the applications and other information to be considered by the Tribunal. You may also find it helpful to read the Tribunal's *'Guide for Submitters'* and *'Inquiry Procedures'* pamphlets, which are available with the inquiry file or on request from the Tribunal.
