Pre-Acquisition Declaration

(Section 22)

1. I, Cathy Argall, State Manager of the Australian Property Group in Queensland, a person to whom the Minister administering the Lands Acquisition Act 1989 (the Act) has by delegation dated the 7th day of June 1989 delegated his powers and functions under sub-section 22(1) of the Act, **DECLARE** that I am considering the acquisition by the Commonwealth of Australia, an acquiring authority under the Act, of an interest in land in the Longreach region specified in the Schedule, for the public purpose of Defence, namely a Jindalee Over-The-Horizon Radar Transmitter Site.

**ABORIGINAL AND TORRES STRAIT ISLANDER COMMISSION ACT 1989 -
ZONE ELECTION RULES**

On 17 April 1991, the Minister for Aboriginal Affairs, acting pursuant to rule 3 of the Zone Election Rules made under the Aboriginal and Torres Strait Islander Commission Act 1989, determined that the day for the close of nominations for the supplementary election for the Western Australia North Zone would be 8 May 1991 and that the time on nomination day for the close of nominations would be 12 noon. Further the Minister determined that the day for the close of the poll would be 4 June 1991 and that the hour on polling day for the close of the poll be 12 noon.

In accordance with rule 13, the authorised electoral officer publicly produced all nominations and declared the names and addresses of all candidates.

In accordance with rule 17 ballot papers were prepared specifying the names of the candidates in the order determined under rule 16. However the ballot paper did not meet the requirements of the form approved by the Electoral Commissioner under rule 17(1)(a) in that the name of the Zone appearing on the ballot papers was NORTH WEST ZONE instead of WESTERN AUSTRALIA NORTH ZONE.

Pursuant to rule 43 of the Zone Election Rules, I hereby provide that the ballot papers bearing the names of the candidates for the Western Australia North Zone which have been printed with the heading NORTH WEST ZONE, are the ballot papers to be used for the election of a zone representative for the Western Australia North Zone, being the supplementary election for which the poll closes at 12 noon on 4 June 1991.

ANTI-DUMPING AUTHORITY

REVIEW OF THE AUSTRALIAN CUSTOMS SERVICE'S NEGATIVE PRELIMINARY FINDING ON EXPORTS OF SODIUM CYANIDE FROM TAIWAN PROVINCE

The Anti-Dumping Authority (Authority) has completed its review of the Australian Customs Service's (Customs) negative preliminary finding on exports of sodium cyanide from Taiwan Province (Taiwan). The review was initiated following a request by ICI Operations Australia Pty Limited representing the Australian sodium cyanide manufacturing industry.

In its report of February 1991, Customs concluded that sodium cyanide is not being exported to Australia at dumped prices.

The Authority has confirmed Customs finding.

Copies of the non-confidential version of the Authority's Report No 35 will be available in due course. Inquiries for copies should be addressed to Cathleen Fisk at the Authority by telephoning (06) 276 1742.

ANTI-DUMPING AUTHORITY

REVIEW OF THE AUSTRALIAN CUSTOMS SERVICE'S NEGATIVE PRELIMINARY FINDING ON SUBSIDISATION OF AGRICULTURAL GROUND-ENGAGING TOOLS FROM THE FEDERATIVE REPUBLIC OF BRAZIL

The Anti-Dumping Authority (Authority) has completed its review of the abovementioned Customs' finding. The review was initiated following a request by ITC (Australia) on behalf of Connor Shea Napier and E Anders & Sons Pty Ltd, local producers of the goods under review.

In its report of 22 February 1991 Customs concluded that exports of the goods under reference from Brazil were not subsidised. It therefore made a preliminary finding that there were not sufficient grounds for the publication of a countervailing duty notice.

The Authority has confirmed the Customs finding.

Copies of the non-confidential version of the Authority's report No. 36 will be available in due course. Inquiries for copies of the report should be directed to Cathleen Fisk at the Authority by telephoning (06) 276 1742.

LICENCE RENEWALS

COMMERCIAL TELEVISION SERVICES GTS SPENCER GULF AND BKN BROKEN HILL

PUBLIC SUBMISSIONS INVITED

The Australian Broadcasting Tribunal is conducting a joined public inquiry into the renewal of the licences for commercial television services GTS Spencer Gulf and BKN Broken Hill. The licences are held by Spencer Gulf Telecasters Limited (GTS) and Broken Hill Television Limited (BKN). The BKN Broken Hill service is largely received by relay from GTS Spencer Gulf.

THE ISSUES TO BE CONSIDERED

The issues to be considered during this joined inquiry arise from the criteria set out in section 86AA of the Broadcasting Act 1942. They include whether:

- (a) each of the licensees has complied with its undertaking to provide an adequate and comprehensive service, to encourage the provision of Australian programs and to use and encourage the use of Australian creative resources;
- (b) each of the licensees is no longer a fit and proper person to hold its relevant licence;
- (c) each of the licensees has the necessary financial, technical and management capabilities to provide the service;
- (d) the conditions of each of the licences have been complied with;
- (e) each of the services is commercially viable;
- (f) the renewal of each of the licences would be contrary to a provision of the Act; or
- (g) each of the licensees is in contravention of the ownership and control provisions of the Act.

The Tribunal also looks at the need for the commercial viability of overlapping broadcasting services.
