AUSTRALIAN CUSTOMS SERVICE

PRELIMINARY FINDING INTO THE ALLEGED DUMPING OF 0.6 TO 1kV, CROSS LINKED POLYETHYLENE INSULATED, AERIAL BUNDLED ELECTRIC CABLE FROM SINGAPORE

CUSTOMS ACT 1901

NOTICE UNDER SECTION 269TD OF THE CUSTOMS ACT 1901

On 5 July 1991 Customs gave notice of the initiation of an inquiry into the alleged dumping of 0.6 to 1kV, cross linked polyethylene insulated, aerial bundled electric cable from Singapore. The Notice was published following an application lodged by the Australian Electrical and Electronic Manufacturers' Association on behalf of the Australian industry, comprising MM Cables, Olex cables and Pirelli Cables Australia Limited, for the imposition of dumping duties. The Australian Customs Service has now considered the application, taking into account submissions received and any other matters that the Comptroller-General considers relevant.

As a result of this consideration I, Richard John Hunt, delegate of the Comptroller-General of Customs, have made a preliminary finding that there are not sufficient grounds for the publication of a dumping duty notice in respect of 0.6 to 1kV, cross linked polyethylene insulated, aerial bundled electric cable from Singapore.

**AUSTRALIAN CUSTOMS SERVICE
CUSTOMS ACT 1901 - PART XVI**

NOTICE UNDER SUBSECTION 269TC(4)

**INITIATION OF INQUIRIES INTO THE ALLEGED DUMPING AND
SUBSIDISATION OF GLACE CHERRIES FROM FRANCE AND ITALY**

I, BRIAN GALLAGHER, delegate of the Comptroller-General of Customs have examined an application made by TTC (Australia), on behalf of Big Sister Foods Limited and Allowrie Foods Australia Ltd, under sub-section 269TB(1) of the Customs Act 1901, and am satisfied there are reasonable grounds to initiate an inquiry into the allegation that dumped and subsidised exports of glace cherries from France and Italy are causing and threatening material injury to the Australian industry.

The goods under inquiry are glace cherries (including First Grade, Second Grade, Whole or Broken and coloured red, green or amber) classified under sub-heading 2006.00.00 (statistical code 17) in Schedule 3 to the Customs Tariff Act 1987. Rates of duty applicable are:

from 1 July 1990	12% (General), 7% (Developing Country)
from 1 July 1991	11% (General), 6% (Developing Country)

Known producers of the goods in Australia are Big Sister Foods Limited and Allowrie Foods Australia Ltd.

The Australian Customs Service (Customs) will make a preliminary finding on the application as soon as possible and within 100 days after publication of this notice. If the finding is that there are sufficient grounds for the publication of a dumping and/or a countervailing duty notice, provisional measures (including the taking of securities under section 42 of the Customs Act 1901) may be imposed. A positive preliminary finding would be referred to the Anti-Dumping Authority for further investigation and report to the Minister (within 120 days) on whether dumping duties should be imposed.

Customs has published Australian Customs Notice (ACN) No. 91/120 notifying the initiation of the inquiry and the procedures involved. Copies of the ACN are available from the Publications Section, Australian Customs Service, Customs House, 5 Constitution Ave, Canberra City, ACT 2601 or from regional offices of Customs in each capital city.

To facilitate the inquiry all interested parties are invited to make submissions in writing in accordance with the appropriate dumping questionnaire. Submissions in triplicate must be lodged with the Director, Dumping Operations 3, Australian Customs Service, Customs House, 5 Constitution Avenue, Canberra City, ACT 2601, no later than 9 September 1991.
