Industry, Technology and Commerce**AUSTRALIAN CUSTOMS SERVICE****CUSTOMS ACT 1901 PART XVB
NOTICE UNDER SUB-SECTION 269TD(3)****PRELIMINARY FINDING INTO THE ALLEGED DUMPING OF CERTAIN
EXERCISE BOOKS AND CERTAIN SPIRAL BOUND BOOKS FROM
THE REPUBLIC OF INDONESIA**

Notices appeared in Commonwealth of Australia Gazette No.GN 26 and the Financial Review of 10 July 1991 advising of the initiation of an investigation into the alleged dumping of certain exercise books and certain spiral bound books exported from the Republic of Indonesia (Indonesia).

The notices were published following an application by Coopers and Lybrand (Melbourne) on behalf of Spicers Paper Ltd for the imposition of a dumping duty notice. The Australian Customs Service (Customs) has now considered the application, taking into account submissions received and other matters considered relevant, and a report on the investigation has been prepared.

I, Anthony Keith Pass, delegate of the Comptroller-General of Customs, have made a preliminary finding under sub-section 269TD(3) of the Customs Act 1901, that there are reasonable grounds to conclude that exports of certain exercise and spiral bound books from Indonesia at dumped prices:

- (a) were limited in extent;
- (b) had not caused the material injury suffered by the Australian industry producing like goods; and
- (c) did not pose a clearly foreseen and imminent threat to the Australian industry producing like goods.

Accordingly, a preliminary finding has been made that sufficient grounds do not exist for the publication of a dumping duty notice in respect of certain exercise books and certain spiral bound books exported from Indonesia.

INITIATION OF AN INQUIRY INTO THE ALLEGED DUMPING
OF PHTHALIC ANHYDRIDE IN FLAKE FORM FROM THE ARGENTINE
REPUBLIC, BELGIUM, THE FEDERATIVE REPUBLIC OF BRAZIL, ISRAEL
AND THE REPUBLIC OF KOREA

CUSTOMS ACT 1901
NOTICE UNDER SUB-SECTION 269 TC(4)

I, Richard Kiss, delegate of the Comptroller-General of Customs have accepted an application made under sub-section 269TB(1) of the Customs Act 1901, which alleges that there are reasonable grounds to initiate an inquiry into the dumping of exports of phthalic anhydride in flake form from the Argentine Republic, Belgium, the Federative Republic of Brazil, Israel and the Republic of Korea.

Phthalic anhydride in flake form is classified within subheading 2917.35.00 (statistical code 20) in Schedule 3 to the Customs Tariff Act 1987. The rate of duty is 12.5 per cent general and 7.5 per cent for developing countries.

The application identifies ICI Australia Operations Pty Ltd as the sole Australian producer of like goods.

In accordance with Customs Regulation 183AB a preliminary finding will be made within 100 days after the publication of this notice as to whether there are sufficient grounds for the publication of a dumping duty notice in respect of the goods the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice may result in the imposition of provisional measures including the taking of securities under section 42 of the Customs Act 1901 for the period specified in subsection 45(2) of the Customs Act 1901 in respect of dumping duty that may become payable on the importation of the goods the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice would be referred to the Anti-Dumping Authority for further investigation and report to the Minister (within 120 days) on whether dumping duties should be imposed.

Australian Customs Notice (ACN) No. 91/157 outlines the procedures for the Customs inquiry. It is in the interest of parties concerned with this inquiry to obtain a copy of the ACN. Copies are available from the Publications Section, Customs House, Canberra or Customs Houses in each capital city.

All interested parties are invited to lodge written submissions with Mr Christopher Briggs, Dumping Operations, Australian Customs Service, Customs House, 5 Constitution Avenue, Canberra, ACT 2601, by no later than 2 December 1991.

ANTI-DUMPING AUTHORITY

FINAL FINDING
PLASTER OF PARIS BANDAGES
FROM
THE FEDERAL REPUBLIC OF GERMANY

The Anti-Dumping Authority has completed its inquiry into plaster of Paris bandages from the Federal Republic of Germany.

In its report the Authority concluded that:

- plaster of Paris bandages imported from the Federal Republic of Germany have been dumped;
- the Australian industry producing plaster of Paris bandages has suffered material injury; and
- the dumping, in its own right, has caused material injury to the Australian industry.

In the light of these conclusions the Authority recommended to the Minister for Small Business and Customs that anti-dumping duties be imposed on exports of plaster of Paris bandages from Lohmann GmbH & Co KG of the Federal Republic of Germany.

The Minister has accepted the Authority's recommendations.

Copies of the non-confidential version of the Authority's report No.46 will be available in due course. Inquiries for copies should be addressed to Margaret Mcleod at the Authority by telephoning (06) 276 1742.

I, DAVID PETER BEDDALL, Minister of State for Small Business and Customs, pursuant to subsection 269TG(1) of the Customs Act 1901, am satisfied that in respect of certain plaster of Paris bandages specified in the attached Table, hereinafter referred to as the "goods", exported from the Federal Republic of Germany by Lohmann GmbH & Co KG:

(a) the amount of the export price of the goods is less than the amount of the normal value of those goods; and

(b) by reason thereof:

material injury to an Australian industry producing like goods has been and is being caused; or

security has been taken under section 42 in respect of any duty that may become payable on the goods under section 8 of the Anti-Dumping Act - material injury to an Australian industry producing like goods would or might have been caused if the security had not been taken,
