HUMAN RIGHTS AND EQUAL OPPORTUNITY COMMISSION
SEX DISCRIMINATION ACT 1984
SECTION 46(1)
NOTICE OF GRANT OF EXEMPTION
No. 1 of 1992

Notice is hereby given of a decision of the Human Rights and Equal Opportunity Commission pursuant to sub-section 44(1) of the Sex Discrimination Act (the Act) in the following terms:

The Human Rights and Equal Opportunity Commission hereby agrees to grant to the Queensland Government for and on behalf of Women's Infolink, Women's Policy Unit of the Office of the Cabinet of Queensland, an unconditional exemption from the operation of section 22 of the Sex Discrimination Act in respect of the Family Law Seminar to be conducted on 28 February, 1992.

- (A) The Human Rights and Equal Opportunity Commission's findings on material questions of fact relating to the application were as follows:
- (i) Section 22 of the Act renders unlawful discrimination in the provision of goods, services and facilities on the ground of a person's sex, marital status or pregnancy.
 - (ii) The Seminar is directed to women to inform women of their rights with respect to Family Law. It is also designed to enable participants to express their personal concerns and experiences with respect to Family Law.
 - (iii) The Seminar is being held as a result of contact by women to Women's Infolink during its first year of operation - such contact reflecting a large information gap for women.
- (B) These findings were based on the following evidence:
- (i) Application for Exemption dated 21 February, 1992.
- (C) The Commission's reasons for granting an exemption are as follows:
- (i) The Seminar will provide an appropriate forum to enable women to be advised and informed of their rights and obligations with respect to Family Law.
 - (ii) The Seminar will provide an appropriate forum to enable women to canvass and discuss issues affecting them in relation to Family Law.

Subject to the Administrative Appeals Tribunal Act 1975, application may be made to the Administrative Appeals Tribunal for review of this decision - on behalf of any person or persons whose interests are affected by it.

AUSTRALIAN CUSTOMS SERVICE**FINDING FOLLOWING FURTHER INQUIRIES INTO ALLEGATIONS OF
THE DUMPING OF CERTAIN FORKLIFT TRUCKS FROM JAPAN.**

The Australian Customs Service (Customs) has completed its further inquiries into allegations by Clark Equipment Australia Pty Ltd that certain forklift trucks from Japan were being exported at dumping prices.

The results of Customs inquiries are set out in Report 91/23 "REPORT OF INQUIRY INTO THE ALLEGATION OF DUMPING OF FORKLIFT TRUCKS FROM JAPAN"

In its report Customs concluded that:

- certain forklift trucks have been exported to Australia from Japan at dumping prices;
- because of that dumping, material injury has been suffered by the Australian industry.

Customs recommended to the Minister for Small Business, Construction and Customs that anti-dumping action be taken under Section 269TG of the Customs Act 1901 against certain forklift trucks exported from Japan.

The Minister has accepted Customs recommendation.

Copies of the non-confidential version of the report may be obtained by contacting the Office Manager, Dumping Control, Australian Customs Service, 5 Constitution Avenue, Canberra City ACT 2601, or by telephone on (06)2756057 or fax (06)2756990.

CUSTOMS ACT 1901 - PART XVB
NOTICE UNDER SUBSECTION 269TC(4)INITIATION OF AN INQUIRY INTO THE ALLEGED DUMPING OF
SORBITOL 70 PER CENT SOLUTION FROM
GERMANY, THAILAND, INDIA, FRANCE AND INDONESIA

I, Michael John Henry, delegate of the Comptroller-General of Customs, have accepted an application made under subsection 269TB(1) of the Customs Act 1901, which alleges that there are reasonable grounds to initiate an inquiry into the dumping of sorbitol 70 per cent solution from Germany, Thailand, India, France and Indonesia.

The application was lodged by ICI Australia Operations Pty Ltd the only known producer of these goods in Australia.

The goods the subject of this notice are sorbitol 70 per cent solution (sorbitol) and are classified within Subheading 2905.44.00 (statistical code 31) and Subheading 3823.60.00 (statistical code 12) in Schedule 3 to the Customs Tariff Act 1987. The rate of duty is 10 per cent general and 5 per cent for developing countries.

The inquiry into exports from France will consider grades of sorbitol other than Neosorb 70/02 and Neosorb 70/02 S. These two grades are currently subject to dumping duty following a Ministerial Direction pursuant to subsection 8(5) of the Customs Tariff (Anti-Dumping) Act 1975, issued on 18 October 1990.

Exports of sorbitol from one company in Thailand, SCT Company Limited (SCT), are also subject to dumping duties following the Ministerial Direction and therefore this inquiry will only consider sorbitol exported from Thailand other than by SCT.

In accordance with Customs Regulation 183AB a preliminary finding will be made within 100 days after the publication of this notice as to whether there are sufficient grounds for the publication of a dumping duty notice in respect of the goods the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice may result in the imposition of provisional measures, including the taking of securities under section 42 of the Customs Act 1901, for the period specified in subsection 45(2) of the Customs Act 1901, in respect of dumping duty that may become payable on the importation of the goods the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice would be referred to the Anti-Dumping Authority for further investigation and report to the Minister (within 120 days) on whether dumping duties should be imposed.

Australian Customs Notice (ACN) 92/40 outlines the procedures for the Customs inquiry. It is in the interest of parties concerned with this inquiry to obtain a copy of the ACN. Copies are available from the Publications Section, Customs House, Canberra or Customs Houses in each capital city.

All interested parties are invited to lodge written submissions with Mr Michael Roche, Customs House, 5 Constitution Avenue, Canberra City, ACT 2601 by no later than 21 April 1992.

ANTI-DUMPING AUTHORITY
INQUIRY INTO TENDER DUMPING

The Minister for Small Business, Construction and Customs, Mr David Beddall, has asked the Anti-Dumping Authority to conduct a special inquiry into "tender dumping".

Tender dumping is a process whereby a local industry loses a tender in Australia to overseas companies for the supply of plant and equipment because these companies were quoting at dumped or subsidised prices and, as a result of losing the tender, the Australian industry subsequently suffers material injury.

The types of industry which appear to be the most affected are those which submit tenders for equipment and there are long lead times associated with the manufacture and delivery of the equipment. Typical examples are large electrical transformers and oil drilling rigs. However, the inquiry will not be restricted to particular industries or products. Nor will it be restricted to tenders called by particular entities, such as government or semi-government organisations. It will consider any aspect brought to its attention of dumping associated with tendering.

It is envisaged that the Authority will report to the Minister no later than 25 June 1992. In doing so, it will examine, inter alia, the adequacy of the current legislation and will recommend changes necessary to overcome any inadequacies or shortcomings identified in the course of the inquiry.

The Authority invites interested parties to make submissions as soon as practicable on any aspect of tender dumping. Submissions would be appreciated by Friday 17 April 1992.

Depending on the response, the Authority may hold public inquiries in the major capital cities. This would give all interested parties the opportunity to discuss and debate issues in a public forum.

The Authority has adopted the 'public file' system which is explained in Australian Customs Notice 87/169 and 89/162. Briefly, this means that a submission containing confidential material should be accompanied by another version, omitting the confidential material but containing a non-confidential summary which can be made available to other parties to the inquiry. Three copies of each version are required.

The Authority's address for submissions is GPO Box 9839
Canberra ACT 2601.

For further information regarding this inquiry, please
contact Mr Jock McGuire on (06) 2761722.

PUBLIC SUBMISSIONS INVITED

**INQUIRY INTO THE GRANT OF A
SUPPLEMENTARY FM RADIO LICENCE TO SERVE**

THE MT ISA AREA OF QUEENSLAND

The Australian Broadcasting Tribunal is conducting an inquiry into whether to grant a licence for a new supplementary FM radio service in the Mt Isa area.

The Minister has referred to the Tribunal an application from NORTH QUEENSLAND BROADCASTING CORPORATION PTY LTD, the licensee of commercial radio service 4LM Mt Isa, for the grant of a supplementary FM radio licence to serve the 4LM service area with the exception of the town of Cloncurry.

The issues to be considered in this inquiry arise from the criteria set out in section 83B of the Broadcasting Act 1942. The issues that are relevant to the inquiry are:

1. whether the applicant is a fit and proper person to hold the licence;
2. whether the applicant has the financial, technical and management capabilities necessary to provide an adequate and comprehensive service;
3. whether the applicant is capable of complying with the conditions of the licence;
4. the need to avoid an undue concentration of influence;
5. the policy that, whenever practicable, the number of broadcasting services provided to the public should be increased;
6. whether a radio licence of the kind contemplated in the Minister's notice should be granted;

SUBMISSIONS AND THE INQUIRY FILE

If you would like to give us your views on any or all of these matters, you can make a submission to the Tribunal by 24 April 1992.

To assist you in making your submission, pamphlets entitled *A Guide to the ABT and Inquiry Procedures* have been prepared by the Tribunal. Copies of these pamphlets are available by writing to the Tribunal at the North Sydney address below, or by phoning (020 959 7811).

You may also wish to look at the public inquiry file (File No: IL/92/30) which contains the application, the Ministers notice and other information. The inquiry file will be updated progressively and will contain all material, including submissions, on which the Tribunal will rely in reaching its decisions.
