LANDS ACQUISITION ACT 1989

SECTION 22

PRE-ACQUISITION DECLARATION

I, **NICK BOLKUS**, Minister of State for Administrative Services, pursuant to section 22 of the Lands Acquisition Act 1989 ("the Act") declare that:

1. I am considering the acquisition by the Federal Airports Corporation ("the Corporation"), an acquiring authority as defined in the Act, of the unencumbered fee simple in the land, being land in Part of Certificate of Title Folio Identifier 41/815358 being land marked "Lot 401" ("the land") in plan lodged for registration at the New South Wales Land Titles Office as Deposited Plan No. 816961 ("the Plan") for the public purpose of the providing by the Corporation at Sydney (Kingsford Smith) Airport of extended and altered facilities for aviation in relation to the performance of the Corporation's functions under the Federal Airports Corporation Act 1986 other than functions conferred solely under section 52(i) of the Constitution ("the public purpose").
2. The particulars of the uses for which the land will be developed are use as part of the aviation facilities of Sydney (Kingsford Smith) Airport as follows:
 - (i) the strip of the land adjoining the eastern side of the existing North-South runway, will be developed to be used:
 - (a) as a vertical sea wall;
 - (b) as a stabilisation zone for the vertical sea wall to be constructed on the existing runway embankment.
 - (ii) so much of the land as consists of the land at the southern end of the land referred to in (i) will be developed for use as a site for air traffic control equipment with a vertical seawall and, in the submerged part of the area, a stabilisation zone for the seawall.
 - (iii) the remainder of the land will be developed for use as a new North-South runway parallel to the existing North-South runway with flyover area, taxiways, corporate aviation facilities, navigation aids, air traffic control facilities, security facilities and zones, rescue and firefighting facilities, a vertical seawall and, in the submerged part of land, stabilisation zones for the seawall.

3. The land appears to me to be suitable for development for those uses for the public purpose for the following reasons:
- (i) it is adjacent to Sydney Kingsford Smith Airport;
 - (ii) an Environmental Impact Statement in relation to the proposed development for use and use of the land has been prepared on behalf of the Corporation and reported on to the Government by the then Department of the Arts, Sport, the Environment, Tourism and Territories. I have had regard to that report which has concluded that the environmental impacts of the proposed development and operation of use of land in this area have been examined as fully as practicable and that the object of the Environment Protection (Impact of Proposals) Act 1974 has been met;
 - (iii) the Corporation has undertaken to implement recommendations of the Minister for the Arts, Sport, the Environment, Tourism and Territories in relation to the mitigation of the environmental effects of those uses of the land and of the development of the land for those uses;
 - (iv) carrying out the proposed development of, and operating aviation facilities of, the extended and altered Sydney (Kingsford Smith) Airport, are a cost-effective means of meeting the runway capacity needs of the Sydney Basin in the medium term.
 - (v) the precise boundaries of the land to be acquired satisfy design, operational and security considerations.
4. The proposed use of the land is connected with the implementation of the policy that the Sydney basin be provided with sufficient runway capacity to meet forecast medium-term demand by the means which are most appropriate having regard to:
- (i) environmental effects;
 - (ii) the convenience of users of air navigation facilities;
 - (iii) economical use of existing infrastructure;
 - (iv) cost of providing the capacity; and
 - (v) the safety of air navigation activities.

5. It is essential for the implementation of the policy referred to in paragraph 4 above that the interests in the land be acquired and the declaration is, for that reason, not subject to review by the Administrative Appeals Tribunal.

Dated this 4th day of May 1992.

LANDS ACQUISITION ACT 1989**SECTION 22****PRE-ACQUISITION DECLARATION**

I, **NICK BOLKUS**, Minister of State for Administrative Services, pursuant to section 22 of the Lands Acquisition Act 1989 ("the Act") declare that:

1. I am considering the acquisition by the Federal Airports Corporation ("the Corporation"), an acquiring authority as defined in the Act, of the interests in the land described in the attached schedule ("the land") for the public purpose of the providing by the Corporation at Sydney (Kingsford Smith) Airport of extended and altered facilities for aviation in relation to the performance of the Corporation's functions under the Federal Airports Corporation Act 1986 other than functions conferred solely under section 52(i) of the Constitution ("the public purpose").
2. The particulars of the uses to which the land will be put are:
 - (i) providing access within the land and to and from a construction site ("the construction site") consisting of:
 - (a) the land in part of Certificate of Title Folio Identifier 41/815358 being land identified as Lot 401 in plan lodged for registration at the New South Wales Land Titles Office as Deposited Plan No. 816961 ("the Plan") and
 - (b) that part of Sydney (Kingsford Smith) Airport which adjoins Lot 401;
 - (ii) making cuttings, dredging, excavating, depositing and taking fill in and from areas of the land other than areas marked V;

for purposes connected with the carrying out on the construction site of extensions to, and alterations of, Sydney (Kingsford Smith) Airport ("the works") consisting of
 - (iii) a vertical seawall on the eastern side of the existing North-South runway;
 - (iv) the removal of the beach on the eastern side of the existing North-South runway and deepening of that area to a level below lowest astronomical tide;
 - (v) a vertical seawall and filling of the area between the existing hook and the existing North-South runway embankment;

- (vi) a new North-South runway parallel to the existing North-South runway with flyover area, taxiways, corporate aviation facilities, navigation aids, air traffic control facilities, security facilities and zones, rescue and firefighting facilities and a vertical seawall; and
- (vii) in the submerged part of the construction site, stabilisation zones.

* For the purposes of this declaration "fill" includes sand, mud, clay, stone, rock armour, earth, and gravel.

3. The land appears to me to be suitable for those uses for the public purpose for the following reasons:

- (i) the land is close to the construction site;
- (ii) the land within V is contiguous with areas from which fill is to be extracted for purposes associated with the works and provides access to manoeuvre and place dredging and other equipment associated with the carrying out of the works.
- (iii) an Environmental Impact Statement in relation to the work has been prepared on behalf of the Corporation and reported on to the Government by the then Department of the Arts, Sport, the Environment, Tourism and Territories. I have had regard to that report which has concluded that the environmental impacts of the work have been examined as fully as is practicable and that the object of the Environment Protection (Impact of Proposals) Act 1974 has been met;
- (iv) the Corporation has undertaken to implement recommendations of the Minister for the Arts, Sport, the Environment, Tourism and Territories in relation to the mitigation of the environmental effects of carrying out the works; and
- (v) the precise boundaries of the land other than V to be acquired satisfy construction requirements as to quantity and quality of fill.

4. The proposed use of the land is connected with the implementation of the policy that the Sydney basin be provided with sufficient runway capacity to meet forecast medium-term demand by the means which are most appropriate having regard to:

- (i) environmental effects;
- (ii) the convenience of users of air navigation facilities;

- (iii) economical use of existing infrastructure;
- (iv) cost of providing the capacity; and
- (v) the safety of air navigation activities.

5. It is essential for the implementation of the policy referred to in paragraph 4 above that the interests in the land be acquired and the declaration is, for that reason, not subject to review by the Administrative Appeals Tribunal.

Dated this 21st day of May 1992.

NICK BOLKUS
Minister for Administrative Services

SCHEDULE

 - (h) without limiting the generality of the preceding clauses, to place a sand capping over and overlay with geotextile fabric or other similar material, fill brought onto A1 from the construction site and from X on the Plan; and
 - (i) to do all things necessary or convenient to be done for, or in connection with or incidental to the exercise of the above rights.
2. In relation to A1, without limiting the generality of the preceding paragraph, the right for the Corporation by itself, its servants and agents and any person authorised by it at all times and from time to time for the purpose of carrying out of the works on the construction site:

- (a) to deposit fill from the construction site and from X;
 - (b) to place a sand capping over and overlay with geotextile fabric or other similar material, fill brought onto A1 from the construction site and from X; and
 - (c) to do all things necessary or convenient to be done for, or in connection with or incidental to the exercise of the above rights.
3. In relation to V: the right for the Corporation by itself, its servants and agents and any person authorised by it at all times and from time to time for the purpose of carrying out of the works on the construction site:
- (a) to enter, go, return, pass, repass and remain with or without tools, implements, machinery, animals, vehicles vessels; goods, objects and any other things;
 - (b) to transport fill within the land and to and from the construction site by any means including by the laying of pipes;
 - (c) to install structures and cables on, above or under the seabed;
 - (d) to establish turbidity control barriers;
 - (e) to do all things necessary or convenient to be done for, or in connection with or incidental to the exercise of the above rights.

For the purposes of this schedule:

"fill" includes sand, mud, clay, stone, rock armour, earth and gravel

"the construction site" means:

- (a) the land in part of Certificate of Title Folio Identifier 41/815358 being land identified as Lot 401 in plan lodged for registration at the New South Wales Land Titles Office as Deposited Plan No. 816961 ("the Plan"); and
- (b) that part of Sydney (Kingsford Smith) Airport which adjoins Lot 401

"the works" means extensions to, and alterations of Sydney (Kingsford Smith) airport consisting of:

- (a) a vertical seawall on the eastern side of the existing North-South runway;

(b) the removal of the beach on the eastern side of the existing North-South runway and deepening of that area to a level below lowest astronomical tide;

(c) a vertical seawall and filling of the area between the existing hook and the existing North-South runway embankment;

(d) a new North-South runway parallel to the third runway with flyover areas, taxiways, corporate aviation facilities, navigation aids, air traffic control facilities, security facilities and zones, rescue and firefighting facilities, and a vertical seawall; and

(e) in the submerged part of the construction site, stabilisation zones.

NATIONAL FOOD AUTHORITY

FOOD STANDARDS

Notice pursuant to section 14 of the
National Food Authority Act 1991

The National Food Authority received an application from the Health Department of Western Australia on 21 April 1992 to amend the Food Standards Code to vary Standard K2 - Honey and Related Products - to provide a standard for royal jelly.

The applicant has identified that there is currently no suitable standard within the Food Standards Code which could be applied to royal jelly. The applicant is further concerned about the use of unapproved additives in royal jelly formulations and about medical or therapeutic claims made for such products.

The Authority has made a preliminary assessment, has accepted the application and will make a full assessment.

To assist in this process the Authority invites written submissions on matters relevant to the application. Any submission received will be placed on the public register of the Authority unless a claim of commercial confidentiality (either in respect of all or part of the submission) is made and justified.

All submissions should be forwarded to the address shown below, to be received by 24 June 1992.

Any correspondence or submissions on this matter should quote Application No 139.

**Notice pursuant to section 16 of the
National Food Authority Act 1991**

The National Food Authority has before it an application received on 31 October 1991 from Biovital Pty Ltd to amend the Food Standards Code to vary Standard P4 - Wine and Wine Products, to permit the addition of 24 carat gold leaf to wines, including sparkling wines and champagne, to a maximum level of 0.1 g/L

After undertaking a preliminary assessment, the Authority has now completed a full assessment of the use of 24 carat gold leaf in wine, and has prepared a draft variation to Standard P4 - Wine and Wine Products. The Authority will hold an inquiry to consider this draft.

To assist in this process, the Authority invites written submissions on matters relevant to the draft variation.

Any submission received will be placed on the public register of the Authority unless a claim of commercial confidentiality (either in respect of all or part of the submission) is made and justified.

All submissions should be forwarded to the address shown below by 24 June 1992. Any correspondence or submissions on this matter should quote Application No. 103.

**Notice pursuant to section 16 of the
National Food Authority Act 1991**

The National Food Authority has before it an application received on 19 September 1991 from the Council of Australian Food Technology Associations (CAFTA) to amend the Food Standards Code to vary Standard H10 - Cultured Milk Products - to include provision for flavoured cultured modified milk and flavoured cultured skim milk.

After undertaking a preliminary assessment, the Authority has now completed a full assessment of the application, has prepared a draft variation to standard H10 - Cultured Milk Products and will now conduct an inquiry to consider the draft.

To assist in this process the Authority invites written submissions on matters relevant to the purposes of the inquiry.

Any submissions received will be placed on the public register of the Authority unless a claim of commercial confidentiality (either in respect of all or part of the submission) is made and justified.

All submissions should be forwarded to the address below, to be received by 24 June 1992. Any correspondence or submissions on this matter should quote Application No 108.

NATIONAL FOOD AUTHORITY

FOOD STANDARDS

Notice pursuant to section 17 of the
National Food Authority Act 1991

The National Food Authority has before it an application received on 16 September 1991 from The Council of Australian Food Technology Associations (CAFTA) to amend the Food Standards Code to delete Standard I2 – Jelly Crystals, Jelly Tablets, Jelly Cubes, Jelly Mix and Prepared Jelly, or alternatively to vary Standard I2 to permit the addition of fruit juice to jelly products, and to permit the use of words, pictorial representations or designs suggesting the presence of fruit provided the product as prepared ready for consumption contains the equivalent of not less than 50 g/kg of fruit juice.

CAFTA stated that a detailed Standard for jelly products was not warranted as jelly products are not a major part of the diet and two currently defined jelly products (jelly mix and jelly cubes) are not in the marketplace in any significant quantity. CAFTA also asserted that deletion of Standard I2 would allow the marketing of a greater variety of jelly products under the more general provisions of Standard S1 – Miscellaneous Foods.

After seeking public comment on this application, the Authority has now completed a full assessment and has decided to reject the application. The reasons for this decision are as follows:

- Standard I2 exists because there is a need to regulate the use of additives in jelly products and the labelling of jelly products.
- The justification for deleting Standard I2, as given by the applicant, was considered insufficient and inappropriate. The claim that certain products are not of major dietary significance does not infer that their composition ought not be controlled by regulation.

- Standard S1 – Miscellaneous Foods covers 'foods prepared from two or more foods excepting food additives'. It is already permissible to add fruit juice to jelly products under Standard S1, thereby achieving the goal of producing and marketing a greater variety of products which include jelly as an ingredient.

- To accept the application to delete Standard I2 would have consequences with regard to additives permitted in jelly products. If Standard I2 is deleted and jelly products are regulated under Standard S1, the number of additives that can be used in the manufacture of these products will be increased. CAFTA assured the assessment team that all the modifying agents preferred for jelly products are already permitted in jelly. While this may presently be the case, future formulations might introduce other additives not currently permitted.

- There is currently a prohibition in Standard I2 against the use, in labels on or attached to jelly products, of the word 'fruit', fruit terms and pictorial representations or designs suggesting the presence of fruit. No such prohibition applies in the case of a food consisting of a mixture of a jelly product and fruit juice that complies with Standard S1.

NATIONAL FOOD AUTHORITY

FOOD STANDARDS

Notice pursuant to section 19 of the National Food Authority Act 1991

The National Food Authority has completed an inquiry into applications by Foodsense and has recommended that the National Food Standards Council adopt draft variations to the following food standards:

- . Standard B3 - Biscuits, Cake, Pastry and Other Flour Products Excluding Bread;
- . Standard B4 - Custard Mix, Dessert Mix, Custard Powder and Dairy Based Desserts;
- . Standard L1 - Ice Cream and Ice Confection and Related Products.

The recommendations, if approved by the Council, will allow the use of isomalt as a substitute for sugar in biscuits, cake, pastry and other flour products (excluding bread); custard mix, dessert mix, custard powder, blancmange powder and dairy based desserts; reduced fat and low fat ice cream; frozen confection, ice confection and dairy ice mix.

Notice pursuant to section 22 of the National Food Authority Act 1991

The National Food Authority has prepared a proposal to amend the Food Standards Code to prohibit the use of certain claims in the labels of packaged foods.

The Authority proposes that Standard A1 - Labelling and Advertising - be varied to prohibit the following claims:

- . "no added flavouring" or similar terms when a flavour enhancer has been added to the food; and
- . "no added preservative" or similar terms when an antioxidant has been added to the food and the oxidation of fats is the controlling factor in determining the durable life of the food.

The Authority will make a full assessment of the proposal.

To assist in this process, the Authority invites written submissions on matters relevant to the proposal.

Any submission received will be placed on the public register of the Authority unless a claim of commercial confidentiality (in respect of either all or part of the submission) is made and justified.

All submissions should be forwarded to the address shown below, to be received by 24 June 1992. Any correspondence or submissions on the matter should quote Proposal No 85.

NATIONAL FOOD AUTHORITY

FOOD STANDARDS

Notices pursuant to Section 36 of the National Food Authority Act 1991

The National Food Authority has prepared a proposal to amend the Food Standards Code by varying:

- Standard A6 - Flavourings and Flavour Enhancers - to delete the outdated reference to fruit juice drink;
- Standard A11 - Specifications for Identity and Purity of Food Additives, Food Processing Aids, Vitamins, Minerals and Other Added Nutrients - to delete the incorrect specification for Dimethylated quaternary ammonium chloride complex;
- Standard H8 - Yoghurt and Yoghurt Products - to correct a textual omission from the provision relating to the milk fat content of skim milk yoghurt;
- the title of Part O - to better reflect the contents of Part O;
- Standard O1 - Cordials, Syrups and Toppings - to correct the inaccurate reference to the standard for flavour premixes;
- Standard O9 - Fruit Drinks and Fruit Drink Products - to correct an incorrect clause reference;
- Standard R2 - Low Joule Foods - to ensure consistency of terminology; and
- Standard R7 - Infant Formula - to insert a word omitted in error.

The Authority has decided pursuant to section 36 of the National Food Authority Act to omit to do the following matters:

- . invite public submissions in relation to the proposal;
- . make a full assessment of the proposal; and
- . hold inquiries into the proposal.

The Authority is satisfied that the proposal raises issues of minor significance and complexity only, and that to omit to do the specified matters in relation to the proposal will not adversely affect the interests of any person or body.

The Authority has prepared draft variations to Standards A6, A11, H8, O1, O9, R2 and R7 and to the title of Part O.

The Authority has decided to recommend to the National Food Standards Council that it adopt the draft variations.

Section 63 of the Act provides that, subject to the Administrative Appeals Tribunal Act 1975, an application may be made to the Administrative Appeals Tribunal for a review of the Authority's decision to omit to do the specified matters by a person whose interests are affected by that decision.

Further information about the decision, and the reasons for the recommendations, may be obtained by writing to the address shown below. Any correspondence on this matter should quote Proposal No 84.

COMMONWEALTH OF AUSTRALIA

NATIONAL HEALTH ACT 1953

Statement Under Section 134A

On the fourth day of May 1990, I, Peter Richard Staples, Minister of State for Aged, Family and Health Services, made a decision under section 95 of the National Health Act 1953 that the approved pharmacist Allan Lindsay NASH of Aspley Value Chemist, Shop 29, Pick'n'Pay Hypermarket, Albany Creek Road, Aspley of suburban Brisbane was to have his approval to supply benefits under the Pharmaceutical Benefits Scheme suspended for three months.

As was his right, Mr Nash appealed that decision to the Administrative Appeals Tribunal. On 1 November 1991 the Tribunal handed down its decision affirming the suspension of three months. Mr Nash appealed the AAT decision in the Federal Court of Australia but withdrew his appeal before the case was heard.

Reasons for Decision

Following an investigation by officers of the Health Insurance Commission of irregularities in the dispensing of medications by Mr Nash, he was referred to the Pharmaceutical Services Committee of Inquiry for the State of Queensland for assessment of his actions and advice to me, as a committee of professional peers, on Mr Nash's conduct.

The Pharmaceutical Services Committees of Inquiry are established in each State of Australia and each consists of four pharmacists appointed from nominations made by the various professional bodies. After a hearing which Mr Nash attended with a solicitor and barrister, and gave evidence, the Committee concluded that his answers to questions were unimpressive and of serious concern; that he abused his approval to supply benefits with a deliberate disregard of the Pharmaceutical Benefits Scheme regulations; that the breaches were not merely technical but a deliberate plan for personal gain; that he lacked business morality; that his conduct was professionally unacceptable with potential dangers to his customers and were motivated by self interest and not of public concern. Mr Nash conceded that within the limited period under investigation he was involved in 189 instances where breaches of the legislation occurred.

On review of the evidence I decided, pursuant to section 95 of the Act, that Mr Nash was guilty of conduct which was an abuse of his approval to supply pharmaceutical benefits and was in contravention of the National Health Act and Regulations.

In affirming my original decision, the Administrative Appeals Tribunal noted that the more severe penalty of revocation of Mr Nash's approval was available.

I thank the Committee for the work undertaken in the inquiry.

Comments

The Government is seriously concerned by the practice of pharmacists like Mr Nash who abuse the Pharmaceutical Benefits Scheme. Such actions can be a danger to the community and are a drain on public funds and every effort is being made to reduce the magnitude of the problem.

COMMONWEALTH OF AUSTRALIA

NATIONAL HEALTH ACT 1953

Statement Under Section 134A

Following a report by the Pharmaceutical Services Committee of Inquiry for the State of Victoria, I, Peter Richard Staples, Minister of State for Aged, Family and Health Services, made a formal decision under section 95 of the National Health Act 1953 that the approved pharmacist **Kevin Michael BREEN** of 45 Were Street, Montmorency in Victoria is to be reprimanded for his misuse of the Pharmaceutical Benefits Scheme.

Reasons for Decision

Following an investigation by officers of the Health Insurance Commission of irregularities in the dispensing of medications by Mr Breen, he was referred to the Pharmaceutical Services Committee of Inquiry for assessment of his actions and advice to me, as a committee of professional peers, on Mr Breen's conduct.

The Committee consists of four pharmacists appointed from nominations made by various professional bodies. After a hearing at which Mr Breen provided evidence, the Committee reported that in its opinion he was guilty of conduct which was a contravention of the regulations for the provision by pharmaceutical benefits and that he allowed his customers to circumvent the provisions of the Safety Net program for the supply of benefits without cost.

On review of the evidence I decided, as was my responsibility under section 95 of the Act, that Mr Breen was guilty of misconduct.

I thank the Committee for the work undertaken in the inquiry.

Comments

Part of the conditions associated with the privilege of being an approved pharmacist under the Pharmaceutical Benefits Scheme is to ensure that medications are supplied appropriately and not to help customers to circumvent the Safety Net program by issuing months of medication in advance of their reasonable requirements. Pharmacists who do enter such schemes, which unfairly raise the cost of medications to all tax payers, must be considered to have abused their approval and may find their approval to dispense benefits under the Pharmaceutical Benefits Scheme subject to suspension or even revocation.

AUSTRALIAN CUSTOMS SERVICE**CUSTOMS ACT 1901 PART XVB
NOTICE UNDER SUBSECTION 269 TC(4)****INITIATION OF AN INQUIRY INTO THE ALLEGED DUMPING OF CHLORINATED PARAFFIN
FROM TAIWAN PROVINCE AND THE UNITED STATES OF AMERICA**

I, Peter Ludwig Carl Kittler, delegate of the Comptroller-General of Customs, have accepted an application made under subsection 269TB(1) of the Customs Act 1901, which alleges that there are reasonable grounds to initiate an inquiry into the dumping of exports of chlorinated paraffin from Taiwan Province (Taiwan) and the United States of America (USA).

The goods the subject of this notice are chlorinated paraffin with a chlorine content falling within the range 49% to 55% and a carbon chain length of C14-17. They are classified under subheading 3823.90.90, statistical code 28 in Schedule 3 to the Customs Tariff Act 1987. The rate of duty is 10 per cent general and 5 per cent for developing countries.

The application was lodged by ICI Australia Operations Pty Ltd the sole Australian producer of chlorinated paraffin.

In accordance with Customs Regulation 183AB a preliminary finding will be made within 100 days after the publication of this notice as to whether there are sufficient grounds for the publication of a dumping duty notice in respect of the good the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice may result in the imposition of provisional measures including the taking of securities under section 42 of the Customs Act 1901 for the period specified in subsection 45(2) of the Customs Act 1901 in respect of dumping duty that may become payable on the importation of the goods the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice would be referred to the Anti-Dumping Authority for further investigation and report to the Minister (within 120 days) as to whether dumping duties should be imposed.

Australian Customs Notice (ACN) No.92/72 outlines the procedures for the Customs inquiry. It is in the interest of parties concerned with this inquiry to obtain a copy of the ACN. Copies are available from the Publications Section, Customs House, Canberra or Customs Houses in each capital city.

All interested parties are invited to lodge written submissions with Mr S. Cox, Senior Inspector Dumping Operations, Australian Customs Service, Customs House, 5 Constitution Ave., Canberra ACT 2601 by no later than 22 June 1992.

ANTI-DUMPING AUTHORITY

REVIEW: CERTAIN CASTORS FROM TAIWAN PROVINCE

The Anti-Dumping Authority has completed its review of the Australian Customs Service negative Preliminary Finding on certain castors from Taiwan Province.

In its report, the Authority concluded that:

- . there was dumping of some castors under review;
- . the Australian industry has suffered material injury; and
- . imports of certain castors from Taiwan Province have not caused material injury to the Australian industry producing like goods.

In light of these conclusions, the Authority confirms the Customs finding that there are not sufficient grounds to publish an anti-dumping notice for castors exported to Australia from Taiwan Province.

Copies of the non-confidential version of the Authority's report No. 70 will be available in due course. Inquiries for copies should be directed to Margaret McLeod at the Authority by telephoning (06) 276 1742.

COMMONWEALTH OF AUSTRALIA

Social Security Act 1991

DETERMINATION UNDER SUBSECTION 1237(3)

I, NEAL BLEWETT, Minister of State for Social Security, revoke, under authority of paragraph 1237(3)(b) of the Social Security Act 1991 (the Act), the Instrument dated 8 July 1991 in force under paragraph 1237(3)(a) of the Act.

2. Subject to clause 3, I now direct, under paragraph 1237(3)(a) of the Act, that the power of the Secretary to waive the right of the Commonwealth to recover from a person the whole or part of a debt under subsection 1237(1) of the Act must be exercised in the following circumstances and not in any other circumstances:

- (a) where the debt was caused solely by administrative error on the part of the Commonwealth, and was received by the person in good faith, and recovery of the debt would cause financial hardship to the person;
- (b) where a Court has indicated that it imposed a longer custodial sentence because of the person's inability or unwillingness to repay a debt;
- (c) where the Commonwealth has settled a civil action for less than the full amount of the debt claimed;
- (d) where, in the opinion of the Secretary, special circumstances apply such that the circumstances are extremely unusual, uncommon or exceptional;
- (e) where the debt is, or is likely to be, less than \$200 and it is not cost-effective for the Commonwealth to recover the debt;
- (f) where the debt arose because the person or the person's partner (if any) underestimated, in good faith, the value of particular property of the person or the person's partner, and the value of that particular property was not readily ascertainable at the time of estimation; and
- (g) where it is cost-effective for the Commonwealth to accept a lump sum of money of not less than 80% of the debt immediately, and the person does not have the capacity to repay a greater proportion of the debt.

In paragraphs (c) and (g), the difference between the whole of the debt and the amount of the settlement or the lump sum of money accepted is the part of the debt which must be waived.

3. I also direct, under paragraph 1237(3)(a) of the Act, that the Secretary must exercise the power to waive the right of the Commonwealth to recover that part of a debt owed by a person which is equivalent to the amount of family allowance that would have been paid to the person during the period in which the debt arose (but not exceeding a period of 3 years before the end of that period) had he or she lodged a claim for family allowance.

4. This Determination will commence on 18 May 1992 and will apply to all debts due to the Commonwealth which can be waived under the Act whether the debts arose before or after that day.

INQUIRY TO REVIEW CHILDREN'S TELEVISION PROGRAM STANDARD 1 (6)

Decision

The Tribunal decided on 26 March 1992 to repeal CTS 1(6), in view of the nature of the decision made by the Tribunal in its review of procedures for the pre-classification of Children's (C) and Pre-School (P) television programs

The Tribunal had decided at its meeting of 20 March 1992 to introduce a new system for the pre-classification of Children's (C) and Pre-School (P) televisions programs, to replace the existing Children's Program Committee. The Tribunal also decided to open an inquiry to investigate what action should be taken to amend or repeal CTS 1(6), which referred to the Children's Program Committee.

CTS 1(6) stated:

The steps followed by the Tribunal in classifying programs as C or P on the advice of the Children's Program Committee, and in revoking and reviewing classifications, are set out in Tribunal Practice note (PRN) 01 ("information for Submitters for C or P Classification"), together with information about how to apply for classification of a program and for review of a classification decision.

Matter No P1/92/3

The Prices Surveillance Authority is to hold a public inquiry into instant coffee prices with particular reference to Nestle Australia Ltd, Unifoods Pty Ltd and Cadbury Schweppes Pty Ltd, who are currently declared for the supply of instant coffee. Among the issues to be examined are:

- . the basis for the establishment of instant coffee prices;
- . competition and efficiency in the supply of instant coffee and their effect on prices;
- . the flow through of cost movements to prices;
- . the impact of prices surveillance and whether there is a continuing need for PSA surveillance; and
- . the significance and role of advertising in the instant coffee industry.

Public hearings for this inquiry will commence at 10.00am on Tuesday, 2 June 1992. The hearings will be held in the 8th floor public hearing room at the Authority's Melbourne Office, located at 10 Queens Road, Melbourne 3004.
