NATIONAL FOOD AUTHORITY

Food Standards

CANNED VEGETABLES

**Notice pursuant to section 14 of the National Food
Authority Act 1991**

The National Food Authority has before it an application received on 22 July 1992, from Golden Circle Ltd to amend the Food Standards Code to vary Standard F3 - Canned Vegetables. The applicant seeks permission to add food acids specified in Group III of the Table to Standard A10 - Modifying Agents, vinegar, herbs, spices and flavourings to canned vegetables.

The acidification of low acid vegetables to a pH less than 4.6 allows a milder heat treatment to be used to achieve commercial sterility. Acidification, herbs, spices and flavourings are claimed by the applicant to have a beneficial effect on the texture, colour and flavour of some vegetables. While these foods may be added to vegetables under Standard S1 - Miscellaneous Foods, the applicant wishes to market vegetable products containing food acids, herbs, spices and flavourings as "canned vegetables".

The Authority has made a preliminary assessment, has accepted the application and will make a full assessment of the application.

To assist in this process, the Authority invites written submissions on matters relevant to the application.

Any submission received will be placed on the public register of the Authority unless a claim of commercial confidentiality (either of all or part of the submission) is made and justified.

All submissions should be forwarded to the address shown below, to be received by 1 October, 1992. Any correspondence or submissions on this matter should quote Application no. 149.

**AUSTRALIAN CUSTOMS SERVICE
CUSTOMS ACT 1901 - PART XVB****PRELIMINARY FINDING
INTO THE ALLEGED DUMPING OF CHLORINATED PARAFFIN FROM
TAIWAN AND THE UNITED STATES OF AMERICA**

The Australian Customs Service has completed its inquiry into the alleged dumping of chlorinated paraffin with a chlorine content falling within the range 49% to 55% and a carbon chain length of C14-17 from Taiwan and the United States of America. The inquiry commenced on 13 May 1992 following an application by ICI Australia Operations Pty Ltd.

Customs found that:

Chlorinated Paraffin imported from Taiwan and the United States of America has been dumped.

- . the Australian industry producing like goods has suffered material injury.
- . the dumping has caused material injury to the Australian industry.
- . material injury to the Australian industry is threatened by further exports from Taiwan and the United States of America.

Securities under section 42 of the Customs Act 1901 will be imposed in respect of any dumping duty that may become payable on chlorinated paraffin from these countries that is entered for home consumption after 19 August 1992.

Customs will now refer the positive preliminary finding to the Anti-Dumping Authority who must hold an inquiry and report to the Minister as to whether dumping duties should be imposed.

The legal notification of the preliminary finding is set out below.

**NOTICE UNDER SUBSECTION 269TD(2) OF THE CUSTOMS
ACT 1901**

I have considered the application, taking into account submissions received and other matters considered relevant, and hereby declare that there are sufficient grounds for the publication of a dumping duty notice in respect of chlorinated paraffin exported from Taiwan and the United States of America.

P.L.C. Kittler
Delegate of the Comptroller-General
19 August 1992.

**INITIATION OF AN INQUIRY INTO THE ALLEGED
DUMPING AND OR SUBSIDISATION OF FROZEN PORK
FROM CANADA**

**CUSTOMS ACT 1901
NOTICE UNDER SUBSECTION 269 TC(4)**

I, Peter Ludwig Carl Kittler, delegate of the Comptroller-General of Customs, have accepted an application made under sub-section 269TB(1) of the Customs Act 1901, which alleges that there are reasonable grounds to publish a dumping duty notice and a countervailing duty notice in respect of frozen pork from Canada.

The goods the subject of this notice are described as frozen pork and are classified under sub-items 0203.21.00 statistical code 10, 0203.22.00 statistical code 11, and 0203.29.00 statistical code 12, in Schedule 3 to the Customs Tariff Act 1987. The current rate of Customs duty is free in each classification.

The application was lodged by ITC Australia on behalf of the Pork Council of Australia Ltd, representing Australian pig producers and pork processors and smallgoods manufacturers.

In accordance with Customs Regulation 183AB a preliminary finding will be made within 100 days after the publication of this notice as to whether there are sufficient grounds for the publication of a dumping duty notice and/or a countervailing duty notice in respect of frozen pork from Canada.

A preliminary finding, that there are sufficient grounds for publication of a dumping duty notice and/or a countervailing duty notice, may result in imposition of provisional measures, including the taking of securities under section 42 of the Customs Act 1901, for the period specified in sub-section 45(2) of the Customs Act 1901. Any securities taken apply in respect of dumping duty and/or countervailing duty that may become payable on importation of the goods.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice and/or a countervailing duty notice would be referred to the Anti-Dumping Authority for inquiry and report to the Minister (within 120 days) as to whether dumping duty and/or countervailing duty should be imposed.

Australian Customs Notice (ACN) No 92/139 outlines the procedures for the Customs inquiry. It is in the interests of all parties concerned to obtain a copy of this ACN. Copies are available from the Publications Section, Customs House, Canberra or Customs Houses in each capital city.

All interested parties are invited to lodge written submissions with Mr. K. Beaman, Assistant Director, Dumping Operations, Australian Customs Service, Customs House, 5 Constitution Ave., Canberra ACT 2601 no later than 28 September 1992.

4. This Part applies subject to subclause 10 (3).

Maximum number of LCCs: year beginning 1 February 1993

5. (1) In making a determination under paragraph 23DNB (2) (a) of the Act, if:

- (a) a person that is an APA:

- (b) the person is an APA on 1 February 1993;

Health Insurance (Pathology—Licensed Collection Centres) 3
Determination (No. 2)

the Minister must determine as the maximum number of LCCs that the APA may operate at any time during the year beginning on 1 February 1993 is to be the greater of:

- (c) 4; or
- (d) the number calculated in accordance with the formula:

$$A - \frac{(A - B)}{3}$$

where:

- A** is the number of specimen collection centres that the APA operated on 30 June 1991; and
- B** is the maximum number of LCCs that:
 - (i) the APA may operate at any time during the year beginning on 1 February 1994; and
 - (ii) is calculated in accordance with subclause 6 (1).

(2) In making a determination under paragraph 23DNB (2) (a) of the Act, if:

- (a) a person that is an APA:
 - (i) became an APA on or after 1 July 1990; and

- (c) 4; or
- (d) the number calculated in accordance with the formula:

$$A - \frac{2 \times (A - B)}{3}$$

where:

- A** is the lesser of:
 - (i) the number of specimen collection centres that the APA operated immediately before section 23DNB of the Act commenced; or
 - (ii) 1.5 times the maximum number of LCCs that:
 - (A) the APA may operate at any time during the year beginning on 1 February 1994; and
 - (B) is calculated in accordance with subclause 6 (4); and
- B** is the maximum number of LCCs that:
 - (i) the APA may operate at any time during the year beginning on 1 February 1994; and

[Note: A - B is the number of temporary collection centres for the purposes of section 23DND of the Act]

4 *Health Insurance (Pathology–Licensed Collection Centres)*
Determination (No. 2)

(3) If any step in the calculation of the maximum number under subclause (1) or (2) produces a fraction of less than 0.1, the fraction is to be rounded off correct to the first decimal place by:

- (a) disregarding a fraction of less than 0.05; and
- (b) treating a fraction of 0.05 and above that is less than 0.1 as 0.1.

(4) For the purposes of subclauses (1) and (2), if the maximum number of LCCs calculated in accordance with paragraph (1) (d) or (2) (d) is less than, or equal to, the number of those LCCs that the relevant APA would be authorised to operate on 1 February 1994 under subclause 6 (1) or (2), the maximum number of the LCCs in respect of the year beginning on 1 February 1993 is to be 1 plus the number calculated in accordance with subclause 6 (1) or (4).

Maximum number of LCCs: year beginning 1 February 1994

6. (1) In making a determination under paragraph 23DNB (2) (b) and subsection 23DNB (3) of the Act, if a person that is an APA:

- (a) became an APA before 1 July 1990; and
- (b) operated specimen collection centres immediately before section 23DNB of the Act commenced;

the Minister must determine as the maximum number of LCCs that the APA may operate at any time during the year beginning on 1 February 1994 the number calculated in accordance with the formula:

$$\frac{(A+B+C)}{3} + 1$$

where:

- A is one 50th of the daily average of the number of patient episodes referred to the APA in any 62 days, chosen by the APA, in the months of April, May and June 1991;
- B is one 30th of the number of treating practitioners who requested the APA to render more than 15 patient episodes in the months of April, May and June 1991;
- C is 4 times the notional number of full-time recognised pathologists who worked for the APA in the 13 weeks in the months of April, May and June 1991 calculated on the basis of:
 - (i) a full-time recognised pathologist being a person who works for 40 hours in each of those 13 weeks; and
 - (ii) disregarding any time worked in a week that does not exceed 4 hours; and
 - (iii) disregarding the time worked in a week after the recognised pathologist has worked for a total of 40 hours for an APA; and
 - (iv) disregarding the total time worked in a week that exceeds a whole number of hours.

Determination (No. 2)*

(2) If any step (except the last step) in the calculation of the formula in subclause (1) produces a fraction of less than 0.1, the fraction is to be rounded off correct to the first decimal place by:

- (a) disregarding a fraction of less than 0.05; and
- (b) treating a fraction of 0.05 and above that is less than 0.1 as 0.1.

(3) The number finally produced by the application of the formula in subclause (1) is to be rounded off to a whole number:

- (a) if the number finally produced is less than 5, by:
 - (i) disregarding a fraction of less than 0.4; and
 - (ii) treating a fraction of 0.4 and above that is less than 1 as 1; and
- (b) if the number finally produced is 5 or more, by:
 - (i) disregarding a fraction of less than 0.8; and
 - (ii) treating a fraction of 0.8 and above as 1.

Example:

26970 patient episodes (divided by 62 and divided by 50)	8.7
97 treating practitioners (divided by 30)	3.2
1 recognised pathologist who works for 60 hours per week on each of the 13 weeks	1.0
1 recognised pathologist who works for 3 hours per week on each of the 13 weeks	0.0
1 recognised pathologist who works for 10 hours per week on each of the 13 weeks	0.3
1 pathologist who works for 40 hours per week on each of 4 weeks	<u>0.3</u>
Subtotal	1.6
4 X 1.6	<u>6.4</u>
Subtotal	18.3
Divide by 3	6.1
Add	<u>1</u>
Total	<u>7.1</u>
Maximum number of licensed collection centres during the year beginning on 1 February 1994	7

(4) In making a determination under paragraph 23DNB (2) (b) of the Act, if a person that is an APA:

- (a) became an APA on or after 1 July 1990; and
- (b) operated specimen collection centres immediately before section 23DNB of the Act commenced;

the Minister must determine as the maximum number of LCCs that the APA may operate at any time during the year beginning on 1 February 1994 is the number calculated in accordance with the formula in subclause (1), substituting for the references to the months of April, May and June 1991

6 *Health Insurance (Pathology—Licensed Collection Centres)
Determination (No. 2)*

mentioned in subclause (1) and to the 13 weeks in those months a reference to any continuous 13 weeks, chosen by the APA, in the year immediately preceding the APA's application for the grant of a licence.

(5) A determination of a kind referred to in subclause (1) or (4) must not determine a number that is less than 3.

Approved pathology authorities that have had a determination under subsection 23DNB (4) of the Act

7. (1) In spite of the previous provisions of this Part, in making a determination under subsection 23DNB (1) of the Act in relation to an APA to which clause 9 applies, the Minister may increase once, at the request of the APA and in accordance with subclause (2), the maximum number of LCCs that the APA may operate at any time during the period beginning on 1 February next following the date on which the increase is made.

(2) An increase mentioned in subclause (1) must be the number calculated in accordance with the formula in subclause 6 (1), substituting for the references to the months of April, May and June 1991 mentioned in subclause 6 (1) and to the 13 weeks in those months a reference to any continuous 13 weeks, chosen by the APA, in the period during which the APA has operated LCCs.

**PART 3—DETERMINATIONS UNDER SUBSECTION
23DNB (4) OF THE ACT : NEW APAS**

Statement of general principle

8. This Part applies subject to the general principle that, except in accordance with clause 9, an LCC allocation in relation to a new APA must not have the effect of increasing the total number of LCCs.

LCC allocations—new business

9. If no part of the business of a new APA has ever been associated with, or formed part of or all of, the business of another APA, then, in making an LCC allocation in relation to the new APA, the Minister must not determine a number greater than 3.

LCC allocations—take overs, merger, acquisitions

10. (1) If the business of a new APA is formed by taking over, merging with or in any other way acquiring part or all of the business of another APA, or part of all of each of the respective businesses of 2 or more other APAs, then, in making an LCC allocation in relation to the new APA, the Minister must not determine a number greater than the number of

Determination (No. 2)**

7

specimen collection centres for which the other APA held licences, or the total number of specimen collection centres for which the other APAs held licences, immediately before the take over, merger or other acquisition.

(2) If the respective businesses of 2 or more new APAs are formed by taking over, merging with or in any other way acquiring part or all of the business of another APA, or part or all of each of the respective businesses of 2 or more other APAs, then, in making an LCC allocation in relation to any of the new APAs, the Minister must not determine a number that would have the effect that the total number of LCCs that the new APAs would be authorised to operate would be greater than the number of specimen collection centres for which the other APA held licences, or the total number of specimen collection centres for which the other APAs held licences, immediately before the take over, merger or other acquisition.

(3) If, when making an LCC allocation in relation to a new APA, the Minister has taken into account the fact that the new APA's business was formed by taking over, merging with or otherwise acquiring part or all of another APA's business, then, in making any subsequent determination under subsection 23 DNB (1) in relation to the other APA, the Minister must have regard:

- (a) to the LCC allocation made in relation to the new APA; and
- (b) to the general principle that the total number of LCCs is to be decreased.

PART 4—MISCELLANEOUS

Maximum number of LCCs: remote areas

11. For the purposes of paragraph 23DNC (1) (c) of the Act, a special circumstance exists if the population of a rural or remote area would suffer hardship because of the closure of the only LCC in the area.

Revocation

12. The Health Insurance (Pathology–Licensed Collection Centres) Determination¹ is revoked.
