ANTI-DUMPING AUTHORITY

FINAL FINDING: ELECTRONIC TICKET VALIDATING MACHINES FROM THE UNITED KINGDOM

The Anti-Dumping Authority has found that there are no grounds to take anti-dumping action against ticket validating machines imported from the UK.

In its report, the Authority concluded that:

- imports of ticket validating machines from the United Kingdom have not been dumped;
- it is unlikely that a significant number of validators will be imported; and
- the establishment of an Australian industry producing ticket validating machines has not been hindered.

Therefore, the Authority recommended to the Minister for Small Business, Construction and Customs that he not take anti-dumping action against imports of ticket validating machines from the United Kingdom.

The Minister has accepted the Authority's recommendation.

Copies of the public version of the Authority's report No.80 will be available in due course. Requests for copies should be directed to Margaret McLeod at the Authority on (06) 276 1742.

I, DAVID PETER BEDDALL, Minister of State for Small Business, Construction and Customs, having received and considered a report from the Anti-Dumping Authority on imports of certain electronic ticket validating machines from the United Kingdom (the "goods"), hereby state that I have decided not to declare the goods to be goods to which section 8 of the Customs Tariff (Anti-Dumping) Act 1975 applies.

ANTI-DUMPING AUTHORITY

NOTICE OF INQUIRY INTO CHLORINATED PARAFFIN FROM
TAIWAN AND THE UNITED STATES OF AMERICA

The Australian Customs Service (ACS) has made a preliminary finding that there are sufficient grounds for the publication of dumping duty notices sought in respect of chlorinated paraffin from Taiwan and the United States of America.

The ACS, acting under paragraph 269TD(2)(b) of the Customs Act 1901, has now referred the matter to the Anti-Dumping Authority for a final finding. The Authority must consider whether the publication of the dumping duty notices is justified. The commencement date for the inquiry is 3 September 1992 and the Authority will report to the Minister by 24 December 1992.

Interested parties are invited to make submissions to the Authority as soon as possible, but certainly no later than 12 October 1992. Preferably, submissions should address specific matters raised in the ACS preliminary finding report. Copies of that report can be obtained from the Office Manager, Dumping Control, ACS, Canberra, by telephoning (06) 275 6060.

Following receipt of submissions, it is possible that a meeting of parties will be arranged to explore issues raised. After that meeting, a further opportunity will be afforded parties to make submissions to the Authority on those issues.

The Authority has adopted the "public file" system used by the ACS and explained in Australian Customs Notices 87/169 and 89/162. Briefly, this means that a submission containing confidential material should be accompanied by another version, omitting the confidential material but containing a non-confidential summary, which can be made available to other parties to the inquiry. Three copies of each version are required.

The Authority's address for submissions is GPO Box 9839, Canberra, ACT 2601.

For further information regarding this inquiry, please telephone Myron Bosak on (06) 276 1621.

ANTI-DUMPING AUTHORITY

NOTICE OF TERMINATION OF INQUIRY INTO SORBITOL 70 PER CENT SOLUTION FROM THE FEDERAL REPUBLIC OF GERMANY, INDIA, FRANCE AND INDONESIA

The Australian Customs Service made a preliminary finding that there were sufficient grounds for the publication of a dumping duty notice sought in respect of sorbitol 70 per cent solution exported from the Federal Republic of Germany, India, France and Indonesia.

Following this positive preliminary finding by Customs, the Authority commenced a final inquiry on 9 July 1992 into whether the publication of the dumping duty notice is so justified.

ICI Australia Operations Pty Ltd, the only local manufacturer of sorbitol, has advised the Authority that it is closing its sorbitol plant and has requested that the current inquiry into sorbitol be terminated.

In view of this development, Authority has terminated its inquiry into sorbitol. The Authority wishes to thank all interested parties for the cooperation and assistance they provided during the inquiry.

ANTI-DUMPING AUTHORITY**FINAL FINDING ON HIGH DENSITY POLYETHYLENE FROM ITALY,
JAPAN, THE REPUBLIC OF KOREA, SAUDI ARABIA, SINGAPORE,
SWEDEN, THAILAND AND THE UNITED STATES OF AMERICA**

The Anti-Dumping Authority has completed its inquiry following a complaint that high density polyethylene (HDPE) had been exported to Australia at dumped prices and that the dumping had caused material injury to the Australian industry producing HDPE.

In its report the Authority concluded that:

- there has been dumping of HDPE from Italy, Japan, the Republic of Korea, Saudi Arabia, Singapore, Sweden, Thailand and the United States of America;
- the Australian industry producing HDPE has suffered material injury;
- imports of HDPE at dumped prices have caused material injury to the Australian industry producing HDPE; and
- there is a threat of material injury to the Australian industry due to continued imports of HDPE from Korea, Saudi Arabia and Singapore.

The Authority considered that anti-dumping action should not be taken at this stage against exports of HDPE from Italy, Japan, Sweden, Thailand and the USA as imports from each of these countries were not significant. Should dumped imports from these countries increase appreciably, the Authority would consider initiating a special inquiry.

The Minister for Small Business, Construction and Customs has accepted the Authority's recommendations that dumping duties be imposed on exports of HDPE from Korea, Saudi Arabia and Singapore and that no formal anti-dumping action be taken against Italy, Japan, Sweden, Thailand and the USA.

Copies of the non-confidential version of the Authority's report No. 79 will be available soon. Requests for copies should be addressed to Margaret McLeod at the Authority by telephoning (06) 276 1742.

**INITIATION OF AN INQUIRY INTO THE ALLEGED
DUMPING OF SELF PROPELLED MULTI-TYRED ROLLERS FROM THE
CZECH AND SLOVAK FEDERAL REPUBLIC**

**CUSTOMS ACT 1901
NOTICE UNDER SUBSECTION 269 TC(4)**

I, Alan Murray, delegate of the Comptroller-General of Customs, have accepted an application made under subsection 269TB(1) of the Customs Act 1901, which alleges that there are reasonable grounds to initiate an inquiry into the dumping of exports of self propelled multi-tyred rollers from the Czech and Slovak Federal Republic.

The goods the subject of this notice are self propelled multi-tyred rollers and are classified within 8429.40.00 (statistical code 29) in Schedule 3 to the Customs Tariff Act 1987. The rate of duty is 15 per cent general and 10 per cent for developing countries.

The application was lodged by Tutts (A Division of Bowater Tutt Industries Pty. Ltd.). Tutts is the sole Australian producer of self-propelled multi-tyred rollers.

The overseas manufacturer identified in the application is ZTS Stavostrojof Nove Mesto e Metujl. The overseas exporter identified in the application is Martinex.

In accordance with Customs Regulation 183AB a preliminary finding will be made within 100 days after the publication of this notice as to whether there are sufficient grounds for the publication of a dumping duty notice in respect of the goods the subject of the application.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice may result in the imposition of provisional measures, including the taking of securities under section 42 of the Customs Act 1901, for the period specified in subsection 45(2) of the Customs Act 1901. Any securities taken apply in respect of dumping duty that may become payable on the importation of the goods.

A preliminary finding that there are sufficient grounds for the publication of a dumping duty notice will be referred to the Anti-Dumping Authority for inquiry and report to the Minister (within 120 days) on whether dumping duties should be imposed.

Australian Customs Notice (ACN) No 92/148 outlines the procedures for the Customs inquiry. It is in the interest of parties concerned with this inquiry to obtain a copy of that ACN. Copies are available from the Publications Section, Customs House, Canberra or Customs Houses in each capital city.
