ANTI-DUMPING AUTHORITY

NOTICE OF INQUIRY INTO FIBREGLASS GUN ROVINGS FROM BRAZIL

The Australian Customs Service (Customs) has made a preliminary finding that there are sufficient grounds for the publication of a dumping duty notice in respect of fibreglass gun rovings exported to Australia from Brazil.

Customs, acting under paragraph 269TD(2)(b) of the *Customs Act 1901*, has now referred the matter to the Anti-Dumping Authority for a final finding. The Authority must consider if the publication of a dumping duty notice is justified. The commencement date for the inquiry is 4 August 1994 and the Authority will report to the Minister by 21 November 1994.

You are invited to make a submission to the Authority as soon as possible, but certainly not later than 12 September 1994. Preferably, submissions should address specific matters raised in the Customs preliminary finding report. Copies of that report can be obtained from the Office Manager, Office Management Group, Customs, Canberra by telephoning (06) 275 6060.

Following receipt of submissions, it is possible that a meeting of interested parties will be arranged to explore issues raised. Should such a meeting take place, parties will have a further opportunity to make submissions to the Authority on those issues.

If any party to this inquiry has retained the services of a consultant to represent its interests, the Authority needs to be advised in writing as soon as possible of the name and address of the agency being used and the consultant assigned to this inquiry. For expediency's sake, would you please forward this information by facsimile to (06) 276 1747.

The Authority has adopted the "public file" system used by Customs and explained in Australian Customs Notices 87/169 and 89/162. Briefly, this means that a submission containing confidential information should be accompanied by another version, omitting the confidential material but containing a non-confidential summary, which can be made available to other parties to the inquiry.

The Authority's address for submissions is GPO Box 9839, Canberra, ACT 2601.

Should you have any questions on this matter, please contact John Arndell on (06) 276 1744.

ANTI-DUMPING AUTHORITY

FINAL FINDING ON COMPACT DISCS FROM TAIWAN

The Anti-Dumping Authority has completed its inquiry into the export of compact discs (CDs) to Australia from Taiwan.

The Authority found that:

- CDs from Taiwan have been exported to Australia at dumped prices;
- the Australian industry producing CDs has not suffered material injury; and
- there is not a likely threat of material injury from exports at dumped prices from Taiwan.

The Minister for Small Business, Customs and Construction has accepted the Authority's recommendation that anti-dumping action *not* be taken against exports of compact discs from Taiwan

Inquiries for copies of the Authority's Report No. 133, which will be available in due course, should be directed to the Information Officer, Margaret McLeod, at the Authority by telephoning (06) 276 1742.

Citation

1. This Proclamation may be cited as Quarantine Proclamation No. 153A.

[NOTE: This proclamation commences on the day on which it is published in the Gazette.]

Interpretation

2. In this Proclamation, unless the contrary intention appears: "Act" means the *Quarantine Act 1908*.

Prohibited importation

3. (1) For the purposes of paragraph 13 (1) (e) of the Act, the importation into Australia of the following is prohibited:

- (a) dairy products, being:
 - (i) the milk (whether or not it is condensed, concentrated, dried or powdered) of any animal; and

- (b) goods, being goods (whether for human consumption or not) that include dairy products among their ingredients.

(2) In spite of subclause (1), the following dairy products or goods referred to in that subclause may be imported into Australia if the Director of Quarantine, or a person authorised in writing by the Director, is satisfied that the importation of the dairy products or goods is not likely to lead to the introduction of disease into Australia:

- (a) dairy products or goods that are described in a permit to import them into Australia that:
 - (i) is granted by the Director of Quarantine, or a person authorised in writing by the Director; and
 - (ii) is produced to a quarantine officer, or to a Collector within the meaning of the *Customs Act 1901*, at the port of entry of the dairy products or goods into Australia;
- (b) dairy products or goods imported directly from New Zealand that are, or whose dairy product ingredients consist only of:
 - (i) milk produced in New Zealand; or

- (d) goods, if less than 10% of the mass of the goods, other than added water, consists of dairy products;

- (e) lactose or derivatives of lactose.

(3) For the purposes of subclause (2), in considering whether the importation of the dairy products or goods is likely to lead to the introduction of disease into Australia, the Director of Quarantine, or person authorised in writing by the Director for the purposes of that subparagraph, must have regard to:

- (a) any relevant documents available to the Director; and
- (b) the results of any inquiries, testing or sampling done by or for the Director; and
- (c) any other relevant circumstances.

(4) Nothing in subclause (2) permits the importation of dairy products, or goods that include dairy products referred to in subclause (1) among their ingredients, if:

- (a) importation of an ingredient of the goods that is not a dairy product is prohibited by another Proclamation under the Act; or
- (b) any requirement imposed by another Proclamation under the Act in relation to the importation of an ingredient of the goods that is not a dairy product has not been satisfied; or
- (c) the dairy products or goods are to be used as or in stock feed.

Redistribution 1994

Redistribution of Federal Electoral Boundaries Queensland

**PROPOSED BOUNDARIES AND NAMES FOR FEDERAL ELECTORAL DIVISIONS IN
QUEENSLAND**

Members of the public, political parties and other organisations are invited to inspect the suggestions and comments lodged with the Redistribution Committee for Queensland on changes to the boundaries and names of Electoral Divisions in Queensland for the House of Representatives, the statement by the Redistribution Committee giving reasons for the proposed redistribution, the detailed maps showing the names and boundaries of each proposed Electoral Division and statistical summaries showing the composition of the proposed Divisions.

WHY IS A REDISTRIBUTION BEING HELD?

On 4 March 1994 the Electoral Commissioner determined that, as a result of population changes between the States, Queensland will be entitled to 26 Members of the House of Representatives at the next general election. Currently, Queensland has 25 Members. The Australian Electoral Commission appointed the Redistribution Committee for Queensland to propose electoral boundaries for the 26 Electoral Divisions.

The Redistribution Committee for Queensland consists of the Electoral Commissioner (Mr Brian Cox), the Australian Electoral Officer for Queensland (Mr Bob Longland), the Queensland Land Boundaries Program Director (Mr Dave Forrest) and the Queensland State Auditor-General (Mr Barrie Rollason).

On 12 April 1994, the Redistribution Committee invited interested persons or organisations to make suggestions regarding the redistribution, particularly possible boundaries or names of Divisions. The suggestions period ended on 12 May 1994. On 13 May 1994 the suggestions that had been received were made available for public inspection and comment. The comments period ended on 26 May 1994.

THE PROPOSED REDISTRIBUTION

Having considered the public suggestions and comments, the Redistribution Committee for Queensland has prepared a proposed redistribution of Federal electoral boundaries for Queensland.

Outline maps of the proposed redistribution were advertised in the *The Courier Mail* on 23 July 1994 and in *The Sunday Mail* on 24 July 1994.

The suggestions, comments, detailed maps, statement of reasons and statistical summaries can be viewed at the Office of the Australian Electoral Officer for Queensland or any Divisional Office of the Australian Electoral Commission within the State, as well as the Commission's Central Office in Canberra and Head Offices in each capital city. Copies of the reasons, maps and statistical summaries can also be obtained from the Australian Electoral Officer for Queensland.

The addresses of Australian Electoral Commission Offices are contained in telephone books.

OBJECTIONS TO THE PROPOSED REDISTRIBUTION

Interested persons or organisations may lodge **written objections** against the proposed redistribution with the Australian Electoral Commission. Objections must be lodged with the Australian Electoral Commission on or before 22 August 1994 at:

LEGAL REQUIREMENTS FOR A REDISTRIBUTION

In making its proposed redistribution, the Redistribution Committee is bound by section 66(3) of the *Commonwealth Electoral Act 1918*, which provides that the Redistribution Committee:

- (a) *shall, as far as practicable, endeavour to ensure that, if the State or Territory were redistributed in accordance with the proposed redistribution, the number of electors enrolled in each Electoral Division in the State or Territory would not, 3 years and 6 months after the State or Territory had been redistributed, be less than 98% or more than 102% of the average divisional enrolment of that State or Territory at that time; and*
- (b) *subject to paragraph (a), shall give due consideration, in relation to each proposed Electoral Division, to -*
 - (i) *community of interests within the proposed Electoral Division, including economic, social and regional interests;*
 - (ii) *means of communication and travel within the proposed Electoral Division;*
 - (iv) *the physical features and area of the proposed Electoral Division; and*
 - (v) *the boundaries of existing Divisions in the State or Territory*

and that the number of electors in each proposed Division must not deviate by more than 10% above or below the average enrolment for the redistributed number of Divisions in the State or Territory, as at 26 May 1994.

Persons or organisations making objections to the proposed redistribution are urged to take account of the requirements of the *Commonwealth Electoral Act 1918*. Copies of the *Commonwealth Electoral Act* can be obtained from Commonwealth Government Bookshops.

WHO CONSIDERS OBJECTIONS TO THE PROPOSED REDISTRIBUTION?

Objections to the Redistribution Committee's proposals will be considered by the augmented Electoral Commission for Queensland - that is, the members of the Redistribution Committee plus the Chairperson of the Electoral Commission (the Hon. Trevor Morling QC) and the non-judicial Commissioner (Mr Ian Castles, Australian Statistician). The augmented Electoral Commission may hold public hearings into objections to the proposed redistribution.

After it has considered all the initial objections lodged, the augmented Electoral Commission makes its own proposed redistribution.

FURTHER OBJECTIONS

If the augmented Commission's proposed redistribution is significantly different from the Redistribution Committee's proposals, the augmented Electoral Commission will invite further objections from those persons or organisations who submitted suggestions, comments and/or initial objections.

THE FINAL DETERMINATION OF ELECTORAL DIVISIONS

Having considered both the initial and any further objections, the augmented Electoral Commission will make a final determination of boundaries and names of the Electoral Divisions in the State.
