SPECIAL PROVISIONS RELATING TO ANTI-DUMPING DUTIES****NOTIFICATION OF FINDING IN THE REVIEW OF NON-
INJURIOUS FREE-ON-BOARD PRICES (NIFOB's) CURRENTLY
APPLYING TO IMPORTATIONS OF GLACÉ CHERRIES FROM
FRANCE AND ITALY**

On 8 August 1994 the Australian Customs Service (Customs) notified the commencement of a review of NIFOB's for glacé cherries exported from France and Italy. This review followed an application by Big Sister and National Foods regarding changes to costs used in the original NIFOB calculations.

Customs completed its review and made certain recommendations to the Minister under sections 8(5) and 10(5) of the Customs Tariff (Anti-Dumping) Act 1975.

The Minister accepted Customs' recommendations and determined new NIFOB's which will apply to glacé cherries exported from France and Italy, and entered for home consumption on and after the date of this notice.

The re-ascertained NIFOB's will not be published as the Minister considers that the publication would adversely affect the business or commercial interests of a person.

Bona fide importers of the goods subject to the review may obtain details of the re-ascertained NIFOB's by contacting the Commodity Audit Bay in their respective capital cities.

Any other inquiries regarding this review can be directed to Mr Adrian Tatham, Senior Inspector Dumping Operations, by telephone on (06) 275 6016 or by facsimile on (06) 275 6990.

GUIDELINES FOR

RESEARCH AND DEVELOPMENT ACTIVITIES CARRIED ON OUTSIDE AUSTRALIA

AUTHORITY FOR THESE GUIDELINES

These guidelines are issued by the Industry Research and Development Board under Section 39EB of the *Industry Research and Development Act*.

PURPOSE OF THIS EXTENSION TO THE GENERAL R&D TAX CONCESSION

The over-riding objective of the R&D tax concession is to enhance the international competitiveness of Australian industry. One of the factors contributing to increased indigenous innovation and competitiveness is increased R&D activity. A major purpose of this extension to the general tax concession covered by these Guidelines is to recognise that Australia does not have all the necessary R&D expertise and facilities to meet industry needs, and that Australian companies should not be disadvantaged in seeking world class R&D wherever it may be located.

This extension allows certain R&D activities conducted overseas to be eligible for the 150% tax concession, provided that they meet the criteria set down in this Guideline. Further actual expenditure above the 10% limit may be incurred on overseas R&D activities in connection with a project, but will not be eligible for the concession. This extension is not intended to include all forms of R&D activities being conducted overseas by Australian companies.

EXPENDITURE INCURRED OVERSEAS ON AUSTRALIAN R&D ACTIVITIES

It should be noted that certain expenditure incurred overseas on Australian R&D activities will not be covered by this Guideline. Under IT 2442, the Australian Taxation Office makes allowance for expenditure which is incurred on activities undertaken outside Australia that are ancillary or incidental to an Australian R&D project. Such activities include sending R&D staff overseas to observe techniques or attend relevant seminars, accessing overseas information databases, or transferring technology to Australia. This administrative practice will continue and these activities are not the subject of the conditions of this Guideline.

CURRENT ELIGIBILITY CRITERIA

Applicants are reminded that R&D projects must also satisfy the following eligibility criteria:

- (1) The concession is available to companies incorporated in a State or Territory of Australia, public trading trusts and eligible companies in partnership.
- (2) All activities must satisfy the definition of R&D which is contained in S.73B(1) of the Income Tax Assessment Act.
- (3) Companies seeking to claim the concession must be able to demonstrate that the activities are being undertaken on their behalf (ownership and control of the results are key tests).
- (4) Companies must be able to demonstrate that the Australian R&D activities contain an adequate level of Australian content in accordance with the IR&D Board's Guidelines.

ELIGIBILITY CRITERIA FOR OVERSEAS R&D

R&D activities forming part of a "project" must have direct connection with that project. Unconnected R&D activities cannot be included as part of the project in order to enhance the total value of the project. Administration of this component is subject to companies approaching the IR&D Board in advance of undertaking the R&D activities overseas and being able to demonstrate

- (a) The proposed R&D activities cannot be undertaken in Australia because:
 - (i) the scientific and technological resources required to undertake the work are not accessible in Australia on normal commercial terms; and
 - (ii) the cost of establishing the required facilities, trained personnel and research data bases is prohibitive in terms of either time or money.
- (b) The R&D activities undertaken overseas will form part of a larger R&D project in Australia and will be exploited by the eligible company concerned for the benefit of the Australian economy;
- (c) The expenditure that is proposed to be incurred by the eligible company in respect of the overseas R&D activities and in respect of which the company proposes to claim a deduction under Section 73B of the *Income Tax Assessment Act 1936* will not exceed 10% of the total expenditure that the company has incurred or proposes to incur on the project of R&D activities.

OTHER RELEVANT INFORMATION

- (1) Applications will also need to specify:
 - (a) the R&D activities of the total project and the associated expenditure,
 - (b) the overseas R&D activities forming part of this project and the associated expenditure,
 - (c) that part of the overseas R&D activities and the associated expenditure for which the applicant seeks a provisional certificate.
- (2) Any proposed changes in the R&D activities or costs of the project after their consideration by the Board will be first notified in writing to the Board.

1. The purpose of modification declaration number 7 is to allow benefits in regulated superannuation funds and approved deposit funds to be rolled over or transferred to superannuation funds ("transferee funds") that are not yet regulated under the *Superannuation Industry (Supervision) Act 1993* (the "SIS Act"), provided that the transferee funds:
 - do not have in force in respect of them a notice of non-compliance under section 12 or 13 of the *Superannuation Entities (Taxation) Act 1987* (the "SET Act") (formerly the *Occupational Superannuation Standards Act 1987*), unless there is also in force in respect of them a notice of compliance under one of those sections which relates to a later year of income; and
 - are in their 1994-95 or later year of income; and
 - are complying with the applied OSS laws set out in the *Superannuation Industry (Supervision) (Transitional Provisions) Regulations* (the "SIS(TP) Regulations") during their pre-lodgment period within the meaning of section 50 of SIS Act (the period beginning at the beginning of their 1994-95 year of income and ending when all of subsections 19(2) to (4) of the SIS Act have been complied with within the times specified in section 50, ie when they have a trustee, have elected to become regulated under the SIS Act and have amended their trust deed in accordance with subsection 19(3)); and
 - will become regulated (by lodging an election with the Commissioner and complying with the other requirements in subsections 19(2) to (4)) within the times specified in section 50.

BACKGROUND

2. Prior to the making of modification declaration number 7, the effect of the definitions of "rollover" and "transfer" in subregulation 5.01(1) and regulations 6.28 and 6.29 of the *Superannuation Industry (Supervision) Regulations* (the "SIS Regulations") was that benefits in regulated superannuation funds and approved deposit funds could not be rolled over or transferred to superannuation funds that had not yet elected to become regulated under the SIS Act (or had not yet satisfied the other requirements in subsections 19(2) to (4)). Superannuation funds do not all elect to become regulated at the same time - section 50 specifies various deadline dates by which different classes of superannuation funds must lodge their election. This gave rise to situations where members of regulated superannuation funds and approved deposit funds wished to roll over or transfer their benefits to another superannuation fund but were prevented from doing so because, although that other superannuation fund was complying with the applied OSS laws and intended to become a regulated superannuation fund, it had not yet lodged its election (or had not yet satisfied the other requirements in subsections 19(2) to (4)) and hence was not yet a regulated superannuation fund.
3. The Commissioner considers that it is in members' interests to be able to roll over or transfer their benefits to superannuation funds of their choice which are not yet regulated superannuation funds, so long as those funds satisfy the conditions mentioned in paragraph 1. If they do satisfy the third and fourth of those conditions, then, once they elect under section 19 to become regulated under the SIS Act (and satisfy the other requirements in subsections 19(2) to (4)), they will be deemed, by virtue of section 50, to be regulated superannuation funds during their pre-lodgment period, and will thus be entitled to concessional tax treatment in respect of that period.

EFFECT OF THE DECLARATION

4. **Parts 1 and 2** of the declaration modify the definitions of "rolled over" and "transferred" in subregulation 5.01(1) so that they include payments from a fund that are made in accordance with the new regulation 5.01AA. These modified definitions will operate on regulations 6.28 and 6.29, which permit a member's benefits in a regulated superannuation fund and an approved deposit fund to be rolled over or transferred from the fund if the conditions in those regulations are satisfied.
5. **Part 3** of the declaration inserts a new regulation 5.01AA into the SIS Regulations. Regulation 5.01AA specifies the conditions that must be satisfied if the payment of a member's benefits in a regulated superannuation fund or an approved deposit fund out of such a fund is to be treated as being made under that regulation (and therefore as being rolled

over or transferred within the meaning of subregulation 5.01(1) and regulations 6.28 and 6.29). The conditions are that:

- (a) the benefits are paid from the regulated superannuation fund or approved deposit fund to a superannuation fund (the "transferee fund") after the beginning of the transferee fund's 1994-95 year of income and before the date specified in whichever of subparagraphs 5.01AA(a)(i), (ii) or (iii) is applicable to the transferee fund (the dates in those subparagraphs correspond to the deadline dates in subsections 50(1), 50(2) and 50(3) before which superannuation funds are required to lodge their election to become regulated); and
- (b) when the benefits are paid to the transferee fund:
 - (i) the transferee fund is not a regulated superannuation fund (if it were, there would be no need to rely on regulation 5.01AA to authorise the rollover or transfer); and
 - (ii) there is not in force in respect of the transferee fund a notice of non-compliance under section 12 or 13 of SET Act, unless there is also in force in respect of the transferee fund a notice of compliance under one of those sections which relates to a later year of income than the year of income to which the notice of non-compliance relates; and
- (c) if the benefits are paid to the transferee fund before 1 March 1995 - when they are paid, the trustee of the fund from which the benefits are paid is satisfied on reasonable grounds (ie the trustee has made reasonable inquiries to satisfy itself, and is not aware of any reason for doubting the truth of the matters about which it is satisfied) that the trustee of the transferee fund intends to use its best endeavours to ensure that the transferee fund:
 - (i) will become a regulated superannuation fund (ie by lodging an election under section 19 with the Commissioner and complying with the other requirements in subsections 19(2) to (4)); and
 - (ii) will, under and for the purposes of section 50, be taken to be a regulated superannuation fund at all times during the period beginning at the beginning of the transferee fund's 1994-95 year of income and ending at the end of the first day on which all of subsections 19(2) to (4) have been complied with in respect of the transferee fund, ie during the transferee fund's pre-lodgment period (which means that the transferee fund will comply with the applied OSS laws set out in the SIS(TP) Regulations during the pre-lodgment period and will lodge an election to become regulated and comply with the other requirements in subsections 19(2) to (4) before the applicable deadline date specified in whichever of subsections 50(1), (2) or (3) is applicable to the transferee fund); and

(d) if the benefits are paid to the transferee fund on or after 1 March 1995 - before they are paid:

- (i) the trustee of the transferee fund gives the trustee of the fund from which the benefits are paid a written notice, signed in accordance with the requirements in sub-subparagraphs 5.01AA(d)(i)(A), (B) and (C), stating that the trustee of the transferee fund intends to use its best endeavours to ensure that the transferee fund will become a regulated superannuation fund and will, under and for the purposes of section 50 of the SIS Act, be taken to be a regulated superannuation fund at all times during the period beginning at the beginning of the transferee fund's 1994-95 year of income and ending at the end of the first day on which all of subsections 19(2) to (4) have been complied with in respect of the transferee fund; and
- (ii) the trustee of the fund from which the benefits are paid does not have any reasonable grounds to suspect that any of the statements in the notice are untrue.

- 6. It should be noted that if the payment of benefits out of a fund does satisfy the conditions in regulation 5.01AA, so that the payment constitutes a rollover or transfer within the meaning of regulations 6.28 and 6.29, then the conditions in regulations 6.28 and 6.29 must be complied with before the rollover or transfer is effected.
- 7. Temporary modification declaration number 11 accompanies modification declaration number 7. It modifies the applied OSS laws set out in the SIS(TP) Regulations to provide for the vesting and preservation in the transferee fund of benefits rolled over or transferred from regulated superannuation funds and approved deposit funds.

COMMENCEMENT AND DURATION

- 8. Modification declaration number 7 is taken to have commenced on 1 December 1993. It has no effect after 30 June 1996 (because the accompanying temporary modification declaration number 11 can have no effect after that date due to subsection 333(2)).

Commissioner

Superannuation Industry (Supervision) Act 1993

EXPLANATORY MEMORANDUM

ACCOMPANYING

TEMPORARY MODIFICATION DECLARATION No 11

PURPOSE OF THE DECLARATION

1. Modification declaration number 7 has modified subregulation 5.01(1) of the *Superannuation Industry (Supervision) Regulations* (the "SIS Regulations") and has inserted a new regulation 5.01AA into the SIS Regulations which enables benefits in a regulated superannuation fund and an approved deposit fund (a "transferor fund") to be rolled over or transferred to an unregulated superannuation fund (a "transferee fund") if certain conditions are satisfied.
2. The purpose of temporary modification declaration number 11 is to provide for:
 - the vesting in a member in the transferee fund of benefits arising from amounts rolled over or transferred from a transferor fund in accordance with regulation 5.01AA where those amounts were minimum benefits of the member within the meaning of Part 5 of the SIS Regulations in the transferor fund; and
 - the preservation in the transferee fund of benefits arising from amounts rolled over or transferred from a transferor fund in accordance with regulation 5.01AA where those amounts were either preserved benefits or restricted non-preserved benefits of the member within the meaning of Part 6 of the SIS Regulations in the transferor fund.

OPERATION OF THE DECLARATION

3. One of the conditions that regulation 5.01AA imposes in relation to rollovers and transfers from regulated superannuation funds and approved deposit

funds is that the transferee superannuation fund must be in its pre-lodgment period within the meaning of whichever of subsections 50(1), (2) or (3) applies in relation to it. Section 50 applies to unregulated superannuation funds whose 1994-95 year of income has commenced, and provides that if a superannuation fund is treated under the SIS(TP) Regulations as if it had satisfied the transitional superannuation fund conditions at all times during its pre-lodgment period, then it will be taken to be a regulated superannuation fund during its pre-lodgment period for the purpose of entitlement to concessional tax treatment in relation to that period. The SIS(TP) Regulations in effect provide that in order to be treated as if it had satisfied the transitional superannuation fund conditions during its pre-lodgment period, a superannuation fund must either comply with the applied OSS Act and the applied OSS Regulations set out in Schedules 1 and 2 to those regulations during that period, or must satisfy the Commissioner that it should be treated as if it had satisfied the transitional superannuation fund conditions during that period.

4. Temporary modification declaration number 11 inserts a new regulation 25A into the applied OSS Regulations in Schedule 2 of the SIS(TP) Regulations, which apply to all superannuation funds which seek to take advantage of section 50, during their pre-lodgment period.
5. Paragraph 25A(a) provides that benefits arising directly or indirectly from amounts paid to a superannuation fund in respect of a member pursuant to regulation 5.01AA, which amounts were minimum benefits of the member within the meaning of Part 5 of the SIS Regulations in the fund from which they were paid shall vest in the member when those benefits accrue.
6. "Accrue" has a very wide meaning; benefits normally accrue when they arise in a fund or when they are credited to a member's account in the fund, regardless of whether they are fully vested in the member under the fund's governing rules. Thus, benefits that are rolled over or transferred to a fund in respect of or for the benefit of a member will normally accrue as soon as they are paid into the fund.
7. The reference to benefits arising directly or indirectly from amounts paid into the fund covers earnings generated by the investment of those amounts.
8. Once any benefits are vested in a member pursuant to paragraph 25A(a), they cannot be taken away from the member in any circumstances, and can only be dealt with as permitted by regulation 11(1) of the applied OSS Regulations.
9. Paragraph 25A(b) provides that benefits arising directly or indirectly from amounts paid to a superannuation fund in respect of a member from a regulated superannuation fund pursuant to regulation 5.01AA, which amounts were preserved or restricted non-preserved benefits of the member

within the meaning of Part 6 of the SIS Regulations in the fund from which they were paid, must be preserved. These benefits must not be paid out from the fund except as permitted by regulation 11(1) of the applied OSS Regulations.

10. Paragraph 25A(c) provides that benefits arising directly or indirectly from amounts paid to a superannuation fund in respect of a member from an approved deposit fund pursuant to regulation 5.01AA, which amounts were preserved benefits of the member within the meaning of Part 6 of the SIS Regulations in the fund from which they were paid, must be preserved. (Approved deposit funds, unlike regulated superannuation funds, do not contain restricted non-preserved benefits.) These benefits too must not be paid out from the fund except as permitted by regulation 11(1) of the applied OSS Regulations.
11. Once the superannuation fund in which benefits are vested or preserved pursuant to regulation 25A becomes a regulated superannuation fund under the SIS Act, the status of those benefits (in terms of whether they are to be treated as minimum, preserved, restricted non-preserved or unrestricted non-preserved benefits within the meaning of Parts 5 and 6 of the SIS Regulations) will have to be determined in accordance with Parts 5 and 6 of the SIS Regulations.
12. Temporary modification declaration number 11 also inserts definitions of "regulated superannuation fund" and "SIS approved deposit fund" into the applied OSS Regulations in Schedule 2 of the SIS(TP) Regulations, and also modifies regulation 11(1)(a) of the applied OSS Regulations to provide that the preservation requirements set out in that regulation apply to the benefits referred to in regulation 25A.

COMMENCEMENT AND DURATION

13. Temporary modification declaration number 11 is taken to have commenced to have effect on 1 December 1993, and, by virtue of subsection 333(2), has no effect after 30 June 1996.
