Agronomic assessment of four potato cultivars transformed with anti-viral genes

Organisation proposing release: Agriculture Victoria
Institute for Horticultural Development
Private Bag 15
South Eastern Mail Centre VIC 3002

Organism to be released: Potato (*Solanum tuberosum*).

Purpose of the release: The aim of this trial is to assess the phenotype and agronomic performance of four potato cultivars transformed with genes providing resistance to potato leaf roll virus (PLRV) under field conditions.

Brief description of the nature and effect of the genetic modification: Two new genes are expressed in the transgenic potato plants, which have been modified to provide resistance to PLRV. One gene encodes the coat protein of PLRV with a ribozyme targeting the viral genome. The other gene is a 'marker' gene from the bacterium *Escherichia coli* that allows identification of the transgenic plants. This gene encodes neomycin phosphotransferase which confers resistance to the antibiotics kanamycin and neomycin.

Location and size of trial: Approximately 1600 transgenic plants to be released in 350 square metres at Toolangi, Victoria.

Further information: The institution's contact officer for this proposal is Dr James F Hutchinson, telephone (03) 9210 9222.

BROADCASTING SERVICES ACT

NOTICE OF APPLICATION FOR RENEWAL OF LICENCE

In accordance with sections 48(2)(commercial licences) and 90(2)(community licences) of the *Broadcasting Services Act 1992*(the Act), the Australian Broadcasting Authority (ABA) hereby notifies that the companies listed below have lodged applications for the renewal of the following broadcasting licences:

Call Sign

2RPH
3ECB

Commercial Television Licensees

Prime Television (Southern) Pty Limited
Prime Television (Northern) Pty Limited
General Television Corporation Pty Limited

CBN
NEN
GTV-9

The ABA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee.

A company is a suitable licensee if the ABA does not decide that sub-section 41(2) (for commercial) or 83(2)(for community) of the Act applies to the company.

The ABA may decide that either section 41(2) or 83(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of:

- (a) an offence against the Act or the regulations being committed; or
- (b) a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, the ABA is required by sections 41(3)(commercial) and 83(3)(community) of the Act, to take into account:

- (a) the business record of the company; and
- (b) the company's record in situations requiring trust and candour; and

- (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

Nothing in the provisions of the Act requires the ABA to hold an investigation or a hearing into whether a licence should be renewed.

ENVIRONMENT PROTECTION (IMPACT OF PROPOSALS) ACT 1974

NOTICE OF THE MAKING AVAILABLE FOR PUBLIC COMMENT OF A DRAFT ENVIRONMENTAL IMPACT STATEMENT

Nelly Bay Harbour Pty Ltd is proposing a residential development for 85 low to medium density residential lots with a ferry terminal and minor tourist and commercial facilities at Nelly Bay on Magnetic Island off Townsville. The proposal incorporates the existing breakwater structures of the previous Magnetic Quay development.

The developers were identified through an Expression of Interest process conducted by the Queensland Department of Lands. The Department of Lands has applied for a joint Great Barrier Reef Marine Park Authority/Queensland Department of Environment and Heritage permit to enable construction of the development, and is the "proponent". Identification of Children in Economic Need for the Purposes of the Act

3. (1) For the purposes of Section 12A of the Act, children in economic need are children receiving child care at a centre who qualify for:
 - (a) Childcare Assistance on the basis of an assessment of client eligibility by DSS in accordance with these guidelines; or

- (b) Special Childcare Assistance as provided in clause 16.

Eligibility to Receive Childcare Assistance

4. (1) In order to be eligible to receive Childcare Assistance clients must be persons who satisfy residency qualifications and have dependent children who attend child care and who are assessed as being in economic need.
- (2) Clients seeking Childcare Assistance must apply to DSS which shall, on behalf of the Department, assess their entitlement in accordance with these Guidelines. Subject to these Guidelines, the assessment requirements for Childcare Assistance are the same as the assessment requirements for the Family Payment program administered by DSS.

Residency Qualifications

5. (1) A resident for Childcare Assistance purposes is a person who meets the residency requirements for eligibility for Family Payment under the Social Security Act 1991 or a person deemed to be a resident under these Guidelines.
- (2) Clients who are not residents of Australia as defined in sub-clause (1) above, but who are directly sponsored or subsidised by the Australian Government (including those sponsored by the Department of Employment, Education and Training or the Australian Agency for International Development) are deemed to be residents for Childcare Assistance purposes.
- (3) Clients who are not residents of Australia but were in receipt of Childcare Assistance at 30 June 1989 and whose assistance has continued uninterrupted since that date are deemed to be residents for Childcare Assistance purposes.
- (4) Other clients who do not meet the residency criteria for Childcare Assistance may be deemed to be residents in cases of unusual hardship or other special circumstances as determined by the Minister or an officer authorised to act on her behalf.

Dependent Children

6. (1) A child will be a dependent child for Childcare Assistance purposes where that child is a dependent child for Family Payment purposes under the Social Security Act 1991.

- (2) A child who is not a Family Payment child under the Social Security Act 1991, may in special circumstances be deemed to be a dependent child by the Minister or an officer authorised to act on her behalf.

Assets

1 October 1995 to 31 March 1996

7. (1) A client will not be eligible for Childcare Assistance if their assets exceed \$376,750 and they do not meet the hardship provisions at sub-clause (2).

 - (iii) estimated income is below \$14,570 for a one child family, increased by \$624 per annum for each extra dependant child.

From 1 April 1996

- (3) A client will not be eligible for Childcare Assistance if their assets exceed \$393,750 and they do not meet the hardship provisions at sub-clause (4).
- (4) Hardship Provisions will apply where:
- (i) assets exceed \$393,750 but do not exceed \$584,500; and
 - (ii) liquid assets do not exceed \$10,000 (couple) or \$6,000 (single); and
 - (iii) estimated income is below \$15,194.40 for a one child family, increased by \$624.00 per annum for each extra dependant child.

Income

1 October 1995 to 31 March 1996

8. (1) All DSS clients who apply for Childcare Assistance and who receive additional Family Payment (from 1 January 1996 Family Payment at more than the minimum level) will be automatically entitled to Childcare Assistance at the maximum rate.

- (2) All other applicants will have income assessed according to the following methods.

- (a) a pensions-type assessment is used for PAYE families.

PAYE clients are required to produce evidence of current gross weekly income from employment plus any other income.

- (b) a 'taxable income' type assessment is used for non PAYE families or where PAYE families are unable to provide proof of current weekly income.

Clients assessed on this basis are required to produce a copy of their Tax Notice of Assessment (TNA) for the base year. An adjustment factor is applied to produce a deemed level of current taxable income. Maintenance income is included in the assessment.

- (c) an 'estimated taxable income' type of assessment is used where neither (a) nor (b) is applicable.

Clients assessed under an estimated taxable income type of assessment are required to estimate their taxable income for the current financial year and provide evidence which supports that estimate. Maintenance income is included in the income assessment.

Clients may also be required to estimate their taxable income where a TNA is not available. These clients may provide an estimate of income from the base year. An adjustment factor will be added to this estimate. Maintenance income is included in the income assessment.

- (3) For 'pensions type' assessments, 'income' means:

- a) income as defined in section 8(1) of the Social Security Act 1991;
- b) Maintenance is included; and
- c) Other income specified in sub-clause (4).

- (4) Other income referred to in clause 8(3)(c) includes:

- (a) Department of Veteran Affairs income support payments;
- (b) household support under the Rural Adjustment Scheme;

- (c) payments to individuals under DEET's labour force programs;
 - (d) payments of student assistance living allowances (such as AUSTUDY); and
 - (e) payments received under postgraduate awards.
- (5) For "pensions type" assessments, income does not include: Family Payment, double orphan pension, child disability allowance, mobility allowance, pharmaceutical and telephone allowance and the education supplement paid to DSS pensioners, beneficiaries, and allowees under student assistance schemes. Lump sum compensation payments and allowances for foster care paid by a State or Territory welfare authority are also excluded.
- (6) Foreign income, which is not taxed in Australia will be included as income for the purpose of calculating income for Childcare Assistance purposes. Foreign income is defined in section 10A of the Social Security Act 1991.
- (7) Certain employer provided fringe benefits are also included in the income assessment for Childcare Assistance. The kinds of benefits that are assessable fringe benefits and the method of calculating their value is contained within Part 3.12A of the Social Security Act 1991.
- (8) The Childcare Assistance income test for non-PAYE clients includes the value of any net losses from rental property for the client and/or the partner. The amount of any net rental property loss is added back to the taxable income of these clients. The definition of 'net rental property loss' is set out in subsection 10A(15) of the Social Security Act 1991.

From 1 April 1996

9. (1) From 1 April 1996 the assessment of income to calculate entitlement for Childcare Assistance, will, subject to subclauses (2) and (3), be the same as the assessment that applies for Family Payment under the Social Security Act 1991 except that:
- (a) DSS will subtract from the client's income an amount of \$30 per week for each dependant child. This reduced income amount is called the "assessed family income" or "AFI"; and
 - (b) PAYE wage earners who have a decrease in income from the 'base year' will be able to be assessed on 'current income'.

- (2) All DSS clients who apply for Childcare Assistance and who receive Family Payment at more than the minimum level will be automatically entitled to Childcare Assistance at the maximum rate.
- (3) Where a client's circumstances change and a reassessment is necessary, income will be assessed on the following basis:

For increases in income:

- (a) i) where a client's current CA entitlement is calculated using the base year income amount or an estimate of income; and
- ii) the client's income increases as a result of a notifiable event; and
- iii) the new income amount is more than 110% of the client's base year income or estimate of income amount;

the new income amount is used in calculating the client's Childcare Assistance percentage.

- (b) i) where a client's current Childcare Assistance entitlement is calculated using a current income amount; and
- ii) the client's income increases; and
- ii) the new income amount is more than 110% of the income amount used to calculate current Childcare Assistance entitlement;

the new income amount is used in calculating the client's Childcare Assistance percentage.

For decreases in income:

- (c) i) where a client's income decreases; and
- ii) the client's new income amount is less than the income amount used to calculate current Childcare Assistance entitlement; and
- iii) the client has requested a reassessment;

the client's new income amount is used to calculate their Childcare Assistance percentage

Notices of Assessment

10. (1) Following assessment, DSS will issue a notice which provides percentages calculated in accordance with these Guidelines to be used by operators in the calculation of Childcare Assistance entitlement for each client.
- (2) Clients will be issued a separate notice of assessment advising of their entitlement to Childcare Assistance and the income on which their entitlement was calculated. This notice sets out the events which must be notified to DSS. This advice may be issued as part of the client's advice of Family Payment entitlement.
- (3) DSS will also issue a notice to both the client and child care centre, where:
 - (a) the client is deemed to be ineligible for Childcare Assistance;
 - (b) the application has been rejected; or
 - (c) the application has been withdrawn by the client.

Application

11. (1) Clients already in receipt of Childcare Assistance will be reviewed by DSS in the period from 1 October 1995 to 31 March 1996 and annually thereafter.
- (2) Childcare Assistance entitlement ceases from 31 March each year if a new assessment has not been obtained.
- (3) Clients who experience a change in circumstances which would increase their Childcare Assistance entitlement may apply to DSS for a revised assessment at any time.
- (4) An application may be rejected if supporting documentation is not supplied within 14 days of a request for that information. There is no provision to backdate Childcare Assistance once an application has been rejected on this basis.

Date of Effect

12. (1) In the case of a new Childcare Assistance assessment, the date of effect of the entitlement is:
 - (a) the date the claim is received by DSS; or

- (b) where a client contacts DSS and a claim is made by the client within seven days of this contact, the date on which this contact is made; or
 - (c) Where a child has commenced in child care and a claim is made by the client for Childcare Assistance within seven days of the child commencing at the centre, the date on which the child commenced at the centre.
- (2) Where a client:
- (a) nominates a child care centre which is not an eligible centre; or
 - (b) fails to nominate an eligible centre;
- a notice advising of potential entitlement will be issued to the client.
- (3) Where a client advises DSS that a child has commenced child care at an eligible centre within 3 months of the issue of the original notice of potential entitlement by DSS, an assessment notice will be issued with effect from the date of the original notice of potential entitlement.
- (4) Where, following a reassessment, a client is entitled to an increase in Childcare Assistance, this increase will take effect from;
- (a) the date the claim is received by DSS; or
 - (b) where a client contacts DSS and a claim is made by the client within seven days of this contact, the date on which this contact is made.
- (5) Where, following a reassessment, a client's Childcare Assistance is to be reduced, the reduction will take effect from the date of the issue of the assessment notice by DSS.
- (6) Recovery of any overpayment of Childcare Assistance made between the date entitlement changed and the date the application for reassessment was received by DSS, may be made by the Department.

Notification Provisions

1 October 1995 to 31 March 1996

13. (1) For the period 1 October 1995 to 31 March 1996 clients must notify DSS within four weeks of the following notifiable events occurring:

- (a) Childcare Assistance clients who are assessed on a PAYE basis must reapply to DSS for Childcare Assistance within four weeks of their combined family income increasing by more than 25% if that increase is likely to continue at that rate for more than four weeks. The new assessment takes effect from the date the assessment notice is issued.

Recovery of any overpayment of Childcare Assistance made between the date entitlement changed and the date the application for reassessment was received by DSS, may be made by the Department.

- (b) Childcare Assistance clients who are assessed on a Tax Notice of Assessment or estimate of income must reapply to DSS for Childcare Assistance as soon as they become aware that their combined family taxable income has increased, or is likely to increase, by more than 25%.

Centres will apply the new percentage from the date the assessment notice is issued. Any overpayment of Childcare Assistance will be calculated and recovered by the Department.

- (c) Childcare Assistance clients who receive additional Family Payment (or from ~~the~~ January 1996 receive Family Payment at more than the minimum level) are required to reapply to DSS for Childcare Assistance within four weeks if they lose entitlement to this payment. The new assessment takes effect from the date the assessment notice is issued.

Recovery of any overpayment of Childcare Assistance made between the date entitlement changed and the date the application for reassessment was received by DSS, may be made by the Department.

Notification Provisions

From 1 April 1996

- 14. (1) All Childcare Assistance clients, whether or not in receipt of Family Payment, must notify DSS if:
 - (a) they start to receive foreign income or employer provided benefits, or the income the client receives from these sources changes;

- (c) they change address, or living arrangements, including commence or end a marriage or marriage-like relationship;

 - (e) they start work, recommence work, or change jobs; or
 - (f) they start self employment.
- (2) Families granted Childcare Assistance under the asset test hardship provisions must notify DSS if their liquid assets or estimated income exceed the limits at clause 7(4).
 - (3) PAYE clients who have been assessed on the basis of current income must notify DSS within 14 days if they have an increase in current income of more than 10% which is likely to continue for more than 4 weeks.
 - (4) Self-employed clients assessed on the basis of a current year estimate must advise DSS within 14 days if they have an increase in income of more than 10% in estimated taxable income for the current financial year.
 - (5) Clients assessed on their base year income must advise DSS within 14 days if they have an increase in income of more than 10% in the current financial year compared to the base year.

Internal Review of Decisions

- 15. (1) A client who wishes to seek review of a decision made by DSS in accordance with sub-clause 4(2) about his or her eligibility to receive Childcare Assistance, must do so within three months of the issue of an assessment notice advising of the decision;
- (2) Where a client seeks review of a decision in accordance with sub-clause (1), the decision will be reconsidered by a DSS officer.
- (3) A client who is dissatisfied with the decision made by an officer under sub-clause (2), may request that the matter be referred to a senior officer of DSS for the senior officer to review the decision.

- (4) A client who wishes to seek review of a decision made by the Minister or an authorised officer of the Department in accordance with sub-clauses 5(4), 6(2), 16(2)(b) or 16(4) about his or her eligibility to receive Childcare Assistance or special Childcare Assistance, must do so within three months of advice of the decision.
- (5) Where a client seeks review of a decision in accordance with sub-clause (4), the decision will be reviewed by a Departmental officer, or where the decision was made by the Minister, it will be reviewed by the Minister.

Special Childcare Assistance

16. (1) Special Childcare Assistance may be claimed by the operator of a centre where a child is in economic need due to exceptional circumstances. These include where a client:
- (a) is temporarily faced with short-term financial hardship; or
 - (b) suffers a sudden reduction in income and needs short-term emergency assistance while adjusting expenditure; or
 - (c) has yet to have an income assessment by DSS and (a) or (b) apply.
- (2) The operator's authority to claim special Childcare Assistance as specified in sub-clause (1) is conditional on the operator:
- (a) retaining supporting documentation relating to the claim; and
 - (b) is limited to 13 weeks unless approval in writing is obtained from the Minister or an officer authorised to act on her behalf.
- (3) Documents supporting the grant of special Childcare Assistance must be made available to the Department on request.
- (4) Special Childcare Assistance may also be approved where, in the opinion of the Minister or an officer authorised to act on her behalf, the circumstances surrounding the particular case are such as to justify the payment of special Childcare Assistance.

Calculating the amount of Childcare Assistance payable to an eligible child care centre

17. The amount payable by way of a grant in respect of Childcare Assistance to an operator of an eligible centre, for a particular period of time, subject to the Minister's approval under subsection 12A(2) of the Act, shall be the sum for all eligible clients of their level of Childcare Assistance entitlement and special Childcare Assistance.

Calculating the amount of Childcare Assistance payable in respect of an eligible client with a dependent child receiving care in an eligible centre

18. (1) The Childcare Assistance entitlement of an eligible client is the outcome of applying the following formula for each dependent child in child care;

$$\begin{array}{ccccccc} \text{Childcare Assistance} & & \text{Number of} & & & & \\ \text{entitlement} & = & \text{eligible hours} & \times & \text{Rebateable} & \times & \text{Childcare} \\ \text{per week} & & \text{of care paid} & & \text{fee} & & \text{Assistance} \\ & & \text{for} & & & & \text{Percentage} \end{array}$$

The Childcare Assistance percentage is calculated by DSS on the basis of the following:

$$100 \times \frac{([\text{Formula Childcare Assistance} \times \text{Number*}] - [\text{Income-related fee as calculated in clause 19}])}{\text{ceiling}}$$

$$(\text{Formula Childcare Assistance ceiling} \times \text{Number*})$$

*This calculation is made for each number of children up to the number of children eligible for Childcare Assistance.

- (2) Special Childcare Assistance entitlement for an eligible client shall be the amount of special Childcare Assistance allowed by the centre, including special Childcare Assistance approved by the Minister, or an officer authorised by the Minister to Act on her behalf.
- (3) For the purposes of sub-clause (1), an eligible hour of care is an hour for which the parent contribution to the child care fees has been paid and the hour occurs on a day on which the dependant child:
- (a) received child care at the centre; or
 - (b) was absent from the centre where the absence was an allowable absence as defined in sub-clause (5).

(4) Where before or after school care is provided at the centre, the maximum number of eligible hours of Childcare Assistance payable in respect of a day on which the child received care at the centre, or would have received care if not absent for any of the reasons specified in sub-clause (5), is:

- (a) two hours for before school care, or where the total hours in before school care is greater than two hours, the number of hours the child was actually in care; and
- (b) three hours for after school care, or where the total hours in after school care are greater than three hours, the number of hours the child was actually in care.

Allowable Absences

(5) For the purposes of this sub-clause, "care day" means a day on which the dependent child would have been in care at the centre if the child had not been absent for any of the reasons specified in this sub-clause and the parent contribution to the child care fee has been paid.

Absences due to Illness

(a) Childcare Assistance will be payable for child care fees paid in respect of a dependent child who is absent due to illness of the dependent child, the child's parent/s or the child's sibling/s in respect of the following periods:

- (i) up to a maximum of 5 consecutive care days without a supporting medical certificate;
- (ii) for periods of a minimum of 6 consecutive care days up to a maximum of 3 consecutive weeks (15 care days) with a supporting medical certificate or a written statement from a parent of the child stating that the dependent child, the parent or the child's sibling/s is ill; and
- (iii) for periods over 3 consecutive weeks (15 care days) with a supporting medical certificate.

Absences due to non-immunisation of a child

- (b) Childcare Assistance will be payable for child care fees paid where the dependent child has either been excluded by the centre or the child's parent will not allow the child to attend the centre, due to an outbreak of an infectious disease against which the child has not been immunised, provided that a written statement from the centre or the parent of the child explaining the child's absence is held by the centre.

Holidays

- (c) Childcare Assistance will be payable for child care fees paid in respect of holidays taken by the dependent child, up to a maximum of 5 weeks (25 care days) per calendar year. The Childcare Assistance entitlement will be calculated on the following basis:
 - (i) from 1 October 1995 to 31 March 1996 centres will apply the clients Childcare Assistance percentage to the rebateable fee to calculate the Childcare Assistance entitlement.
 - (ii) from 1 April 1996 centres will apply the client's Childcare Assistance percentage to 50% of the rebateable fee to calculate the Childcare Assistance entitlement.

Rotating Shifts and Rostered Days Off

- (d) Childcare Assistance will be payable for child care fees paid where the dependent child is absent from the centre because the child's parent/s has a rostered day off or a day off as part of a rotating shift, provided that:
 - (i) child care is actually available for the child at the centre when required; and
 - (ii) the centre receives and has available for inspection by an officer of the Department, a note from the child's parent or the employer of the parent, confirming that the parent works rotating shifts or has rostered days off.

Occasional Absences

- (e) Childcare Assistance will be payable up to a maximum 12 days per year for child care fees paid where the dependent child has had occasional absences from the centre not including absences relating to a parent's rostered days off.

Public Holidays

- (f) Childcare Assistance will be payable for fees paid for a Public Holiday when the centre is closed where:
 - (i) the dependent child would normally be in care on the Public Holiday; and
 - (ii) the centre is open on normal opening days immediately before and after the Public Holiday.
- (6) For the purpose of sub-clause (1), the maximum number of eligible hours of care paid for per week cannot exceed the weekly hours of operation of the centre as defined in sub-clause (7).

Hours of Operation

- (7) The weekly hours of operation of a centre are:
 - (i) the weekly hours of operation advised in the centre's promotional material;
 - (ii) the weekly hours of operation on public display at the centre;
 - (iii) the weekly hours that staff are rostered on for duty, present at the centre and children can attend; and
 - (iv) the licensed hours of operation (where applicable).

Where the hours set out above are not consistent, the hours of operation for Childcare Assistance purposes will be deemed to be the shortest span of hours of any of the above circumstances.

Penalty Fees

- (8) Childcare Assistance will not be paid in respect of any penalty fee levied by the centre.

Formula for calculating income related fees**19. (1) Income-related fee**

$$= \frac{(\text{AFI} - \text{Childcare Assistance Threshold})}{\text{rate}^*} + \text{Formula Childcare Assistance minimum fee}^{**}$$

except that when the AFI is less than the threshold, the income related fee equals the formula Childcare Assistance minimum fee.

* Separate withdrawal rates apply for clients with one child in care and clients with two or more children in care.

** Different minimum fees, for 50 hours of care, apply for clients with one child in care and clients with two or more children in care.

(2) If the income related fee equals or exceeds the formula Childcare Assistance ceiling, then the client is not assessed as being in economic need and is not eligible for Childcare Assistance.

Childcare Assistance Components

20. (1) The following parameters apply from 1 October 1995 to 31 March 1996.

- (a) The formula Childcare Assistance minimum fee will be \$16.50 for one child in care for 50 hours per week and \$19.00 for two or more children in care for 50 hours per week.
- (b) The withdrawal rate for families with one child in care will be 0.138. The withdrawal rate for families with two or more children in care will be 0.225.
- (c) The formula Childcare Assistance ceiling will be \$112.50 for 50 hours of care or \$2.25 per hour.
- (d) The Childcare Assistance threshold for maximum Childcare Assistance benefit will be \$455.00 per week.

(2) The following parameters apply from 1 April 1996 or from a date no later than the second Monday following 1 April 1996 and until changes as specified in clause 21 below occur:

- (a) The formula Childcare Assistance minimum fee will be \$19.00 for one child in care for 50 hours per week and \$21.50 for two or more children in care for 50 hours per week.

- (b) The withdrawal rate for families with one child in care will be 0.133 or such other rate required to maintain the single child cutoff for Childcare Assistance at the same rate as the single child cutoff for a non renting family in receipt of more than the minimum level of Family Payment. The withdrawal rate for families with two or more children in care will be 0.225.
- (c) The formula Childcare Assistance ceiling will be \$115.00 for 50 hours of care or \$2.30 per hour.
- (d) The Childcare Assistance threshold for maximum Childcare Assistance benefit will be \$476.00 per week.

Changes in Childcare Assistance Components

21. (1) The level of the Childcare Assistance threshold is calculated each year by taking the income at which a non-renting client with one dependent child ceases to be eligible for any income tested Family Payment in excess of the minimum level, dividing that income by 52, rounding to the nearest dollar and subtracting the dependent allowance for one child (the amount of which is included in the definition of AFI in guideline 2(1) of these Guidelines). The date of effect of any changes to the level of the Childcare Assistance threshold is 1 April or by the second Monday following 1 April of each year.
- (2) The formula Childcare Assistance minimum fee and the formula Childcare Assistance ceiling are indexed annually, as shown in the attached Indexation Table. The date of effect of any changes to the Childcare Assistance minimum fee and formula Childcare Assistance ceiling is 1 April or by the second Monday following 1 April of each year.

Calculation and Application of Adjustment Factor

22. From 1 October 1995 to 31 March 1996

When a client's income is assessed using a TNA or an estimate of income, an adjustment factor will be applied to that income to bring it to an amount deemed comparable to the current income assessment of PAYE clients. The amount of the adjustment factor will be the actual movement in the Consumer Price Index for the twelve months finishing in the month of September in the year preceding the annual period of Childcare Assistance entitlement.

AUSTRALIAN CUSTOMS SERVICE

NOTIFICATION OF A REVIEW OF ANTI-DUMPING MEASURES APPLYING TO IMPORTATIONS OF POLYVINYL CHLORIDE HOMOPOLYMER RESIN (PVC), FROM BRAZIL, CANADA, CHINA, FRANCE, JAPAN, MEXICO, NORWAY, SAUDI ARABIA, THAILAND AND THE UNITED STATES OF AMERICA

Anti-dumping measures are currently in place against imports of PVC from all of the above countries. These measures are the result of several anti-dumping inquiries and reviews.

Following a request from BP Chemicals ANZ Pty Ltd, the Australian Customs Service (Customs) will commence a review of normal values and non-injurious free-on-board prices applying to imports of PVC from all of the above countries.

Information submitted by BP Chemicals indicates that the cost of vinyl chloride monomer (VCM), the main material input in the production of PVC, has decreased significantly since the last review.

As the available evidence indicates a substantial decrease in world prices, Customs considers it appropriate to review the normal values and NIFOBs for all of the above countries.

However, in view of the cyclical nature of world prices in the chemical industry and the potential for reviews of anti-dumping measures to occur on a continuous basis as a result, Customs will be examining options to provide automatic adjustments to anti-dumping measures to reflect contemporary changes in world prices. Accordingly, interested parties are invited to comment on the appropriate and equitable methodologies available to achieve this outcome. For example, one option may be to link normal values and NIFOBs, at a point in time, to a reference source such as Harriman Chemsult Ltd's monthly report on world VCM and PVC prices. This would allow for periodical adjustment of the measures without the need for a full review (given that all other factors remained unchanged).

The review will commence on 5 October 1995 with an expected completion date of 13 January 1996.

Customs invites interested parties to lodge submissions no later than the close of business on 14 November 1995, with The Director, Dumping Operations, Australian Customs Service, Customs House, 5 Constitution Avenue, CANBERRA ACT 2601.

Any inquiries regarding this review may be directed to Anne Robbie, Assistant Director, Dumping Operations, on telephone (06) 275 6384 or by facsimile on (06) 275 6990.
