CUSTOMS SERVICE**

**INITIATION OF AN INVESTIGATION
INTO THE ALLEGED
DUMPING OF SODIUM STEAROYL LACTYLATE
FROM MALAYSIA**

Notice Under s. 269TC(4) of the Customs Act

I, Larry John Roux, delegate of the Chief Executive Officer of Customs, have accepted an application for the publication of a dumping duty notice in respect of sodium stearoyl lactylate exported from Malaysia.

The application was made under section 269TB(1) of the Customs Act and was lodged by Asia Pacific Specialty Chemicals Limited, the Australian industry producing like goods.

The goods covered by this notice are sodium stearoyl lactylate (SSL). The tariff classification of the goods is 3823.90.90, statistical code 10.

Customs will commence its investigation on 19 April 1996, and a preliminary finding as to whether there are sufficient grounds for the publication of a dumping duty notice will be made within 100 days, (i.e. by 28 July 1996).

A positive preliminary finding that there are sufficient grounds for the publication of a dumping duty notice may result in the imposition of securities under section 42 of the Customs Act. These securities are intended to cover any interim dumping duty that may be payable on goods imported during the period leading up to the Minister's final decision on the matter.

A positive preliminary finding must be referred to the Anti-Dumping Authority for inquiry and report to the Minister, within 120 days, as to whether dumping duties should be imposed.

Australian Customs Dumping Notice No. 96/020 outlines the investigation procedures and it is in the interests of parties concerned to obtain a copy. Copies are available from the Publications Section, Customs House, Canberra, phone (06) 276 2441; or from Customs Houses in each capital city.

Particulars of the reasons for the decision to initiate this investigation are detailed in a report held on the public file. The public file may be examined at Customs House, 5 Constitution Avenue, Canberra ACT. Appointments to view the public file can be made by contacting Dumping Office Management, phone (06) 275 6057. Copies from the public file can also be obtained for a small charge.

Interested parties are invited to lodge written submissions with Anne Robbie, Assistant Director, Dumping Operations 1, Australian Customs Service Customs House, 5 Constitution Avenue, Canberra ACT 2601, or using facsimile number (06) 275 6990, no later than 29 May 1996. For telephone inquiries the number is (06) 275 6384.
