#### **NOTIFICATION OF A REVIEW OF NORMAL VALUES AND NON INJURIOUS FREE ON BOARD PRICES OF DIOCTYL PHTHALATE EXPORTED FROM BELGIUM, FRANCE, GERMANY, REPUBLIC OF KOREA AND VENEZUELA**

In accordance with the requirements of section 269ZB(1)(a) of the *Customs Act 1901* (the Act), the Australian Customs Service advises that it proposes to review the rate of interim dumping duty attaching to dioctyl phthalate (DOP) exported from Japan and Taiwan.

DOP is classified to sub-heading 2917.32.00 (statistical code 17) in Schedule 3 to the *Customs Tariff Act 1987*.

The review follows an application by ICI Australia Operations Pty Ltd (ICI) under subsection 269Z(1) of the Act, requesting a review of the rate of interim duty. ICI claims that a variable factor relevant to the determination of interim duty applicable to DOP exported from Japan and Taiwan has changed.

The application indicates that changes to the price of raw materials necessary to manufacture DOP have affected variable factors (normal values and non-injurious prices) relevant to the determination of interim duty on DOP from Japan and Taiwan. Consequently, Customs will be examining the variable factors relevant to the determination of the interim duty.

ICI in its application also requested a review of the normal values (NVs) and non-injurious free on board (NIFOB) prices in respect of DOP imported from Belgium, France, Germany, Republic of Korea and Venezuela.

Customs considers the application provides sufficient evidence for it to conduct an enquiry, with a view to recommending that the Minister re-ascertain, in accordance with section 269TAD of the Act, NVs for exports from these countries. When Customs carries out a review of NVs it also conducts a simultaneous review of NIFOBs.

It therefore proposes to review the NVs and NIFOBs in respect of DOP exported from Belgium, France, Germany, Republic of Korea and Venezuela.

Interested parties are invited to make submissions, no later than 22 July 1996, to:

The Director  
Dumping Operations  
Australian Customs Service  
Customs House  
5 Constitution Avenue  
CANBERRA ACT 2601

Submissions received after 22 July may be disregarded, pursuant to subsection 269ZB(3) of the Act.

A report to the Minister will be made within 100 days after the publication of this notice ie. by 20 September 1996. The report will make recommendations regarding the matters canvassed in this notice.

Any inquiries regarding this review should be directed to Rory Carroll, Assistant Director, Dumping Operations 3, on telephone (06) 275 6137 or by facsimile on (06) 275 6990.

## **ANTI-DUMPING AUTHORITY**

### **Expiry of countervailing duties on canned peaches from Spain and Greece**

### **Expiry of anti-dumping duties on canned peaches from Greece and China**

The Anti-Dumping Authority, in accordance with Section 8A of the *Anti-Dumping Authority Act 1988*, hereby notifies that the countervailing duties on imports of canned peaches from Spain and Greece and the anti-dumping duties on imports of canned peaches from Greece and China are due to expire on 19 February 1997.

Interested parties are invited to apply to the Authority for the continuation of the anti-dumping duties within 60 days from the date of this notice. Such applications must be in writing and in an approved form. Copies of the approved form are available from Ms Margaret McLeod at the Anti-Dumping Authority, GPO Box 9839, Canberra, ACT 2601; ph (06) 276 1742; fax (06) 276 1747; internet [MMCLEOD@dist.gov.au](mailto:MMCLEOD@dist.gov.au).

If an application is not received by the Authority within the period specified above, the countervailing and anti-dumping duties will expire on 19 February 1997.

If an application is received and complies with the necessary requirements, the Authority must undertake an inquiry and report to the Minister within 120 days after the receipt of the application on whether the countervailing duties and the anti-dumping duties should continue for a further five years.

For an inquiry to be undertaken, an application needs to provide reasons for believing that the expiration of the countervailing duties would see the recurrence of subsidised imports of canned peaches from Spain and Greece; and that the expiration of the anti-dumping duties would see the recurrence of dumping of imports of canned peaches from Greece and China; and for believing that any such subsidising and dumping would cause or threaten to cause material injury to the Australian industry. The reasons should be supported by evidence and not be based on mere allegations or assertions.

For further information on this matter please contact Mr Sabesh Shivasabesan at the Authority on telephone (06) 276 2012; fax (06) 276 1747; or internet [SABESH@dist.gov.au](mailto:SABESH@dist.gov.au).

Industria E Comercio of the Federative Republic of Brazil and Dow Chemical Company of the United States of America are due to expire on 19 February 1997.

Interested parties are invited to apply to the Authority for the continuation of the anti-dumping duties within 60 days from the date of this notice. Such applications must be in writing and in an approved form. If an application is not received by the Authority within the period specified above, the anti-dumping duties will expire on 19 February 1997.

If an application is received and complies with the necessary requirements, the Authority must undertake an inquiry and report to the Minister within 120 days after the receipt of the application on whether the anti-dumping duties should continue for a further five years.

For an inquiry to be undertaken, an application needs to provide reasons for believing that the expiration of the anti-dumping duties would see the recurrence of dumping of triethanolamine by Oxiten S.A. Industria E Comercio of the Federative Republic of Brazil and Dow Chemical Company of the United States of America and for believing that any such dumping would cause or threaten to cause material injury to the Australian industry. The reasons should be supported by evidence and not be based on mere allegations or assertions.

## ANTI-DUMPING AUTHORITY

### NOTICE OF INQUIRY INTO DIOCTYL PHTHALATE FROM BELGIUM, FRANCE, GERMANY, THE REPUBLIC OF KOREA AND VENEZUELA

The Anti-Dumping Authority has decided to hold an inquiry, under the provisions of section 8A of the *Anti-Dumping Authority Act 1988*, into whether it should recommend to the Minister that anti-dumping measures continue to apply on exports of dioctyl phthalate by certain companies in Belgium, France, Germany, the Republic of Korea and Venezuela.

On 20 March 1996, the Authority announced that the anti-dumping measures imposed in 1991 in relation to dioctyl phthalate are due to expire on 27 November 1996 and invited interested parties to apply for the continuation of anti-dumping measures.

The Authority has received an application from the Australian manufacturer of dioctyl phthalate, ICI Australia Operations Pty Ltd, for the continuation of anti-dumping measures until the year 2001.

During its inquiry, the Authority will address the claim made by the applicant that the termination of duties would cause severe price suppression and price depression, and would result in recurrence of material injury by dumping.

Interested parties are invited to make a submission to the Authority as soon as possible, but certainly no later than 22 July 1996. Submissions should address *the central issue before the Authority, which is: whether the continued application of the anti-dumping measures is necessary to prevent the continuation or recurrence of material injury caused by dumping.*

The Authority will report to the Minister by 7 October 1996.

Any person proposing to lodge a submission with the Authority should first obtain a copy of the information sheet prepared for this inquiry. Copies of the information sheet can be obtained by contacting Ms Margaret McLeod, Information Officer, telephone (06) 276 1742, fax (06) 276 1747 or internet [MMCLEOD@dist.gov.au](mailto:MMCLEOD@dist.gov.au).

The Authority's address for submissions is GPO Box 9839, Canberra, ACT 2601. Three copies of non-confidential and confidential submissions should be provided.

All non-confidential submissions will be placed on the public record for this inquiry together with a copy of all relevant correspondence between the Authority and other persons. The public record will be held at the office of the Authority. Arrangements can be made to inspect material held on the public record by contacting Ms McLeod.

For further information regarding this inquiry, please contact Mr Sabesh Shivasabesan at the Authority on telephone (06) 276 2012; fax (06) 276 1747; or internet [SABESH@dist.gov.au](mailto:SABESH@dist.gov.au).
