### 3 - DESCRIPTION OF INDUSTRY

The description of industry in or in connection with which the Union is registered is the industry of non-government schools, educational institutions and teachers and the Industry of education in the Northern Territory.

Information contained in the application and supporting documents concerning the reasons for the proposal and the effect of the proposal is as follows:

The reasons for the proposed alterations are as follows:

- a. Many non-government educational institutions offer pre-school education. Such education is ordinarily offered in facilities geographically located within or close to the school and run in close connection with the school.
- b. Persons employed in these facilities are ordinarily employed by the same employer as other staff engaged in the the school who are members or eligible to be members of the IEU.
- c. From time to time, persons employed in these pre-school centres are redeployed to teach in the school where they would be eligible for membership of the IEU and, similarly, from time to time staff engaged in the school may be required to work in the pre-school.

- d. The IEU is best placed to effectively represent the interests of the persons sought to be covered by this rule alteration. The union regularly visits these worksites, has comprehensive coverage of other employees employed by the various employers and is party to awards and agreements which bind the various employers.
- e. Victoria is the only state where IEU coverage of these employees is excluded.
- f. A significant number of persons sought to be covered by this application wish to be members of the IEU.
- g. It is in the industrial and professional interests of persons sought to be covered by this application that they are able to join IEU.
- h. The IEU has the necessary experience in non-government education, the resources and capacity to properly and effectively represent the interests of the employees sought to be covered by this application.
- i. No other union exists which can more effectively represent the employees sought to be covered by this application.
- j. It is in the public interest and is consistent with the objects of the Workplace Relations Act 1996 that the application be granted.
- k. Such other reasons as may be advanced during proceedings or as the Commission may determine.

**The effect of the proposal:**

The effect of the proposed alteration is that persons are employed in the occupation of Kindergarten Teachers in the manner described in the current exclusion in IEU Federal Rule 2(v) who are currently ineligible for membership of the IEU will be eligible for membership.

Any interested organisation, registered under the Workplace Relations Act 1996, association or person who desires to object to the application may do so by lodging in the Industrial Registry a written statement within 35 days after the publication of this advertisement and by serving on the organisation (whose address for service is: PO Box 1301, SOUTH MELBOURNE, VIC 3205) within seven (7) days after the notice of objection has been lodged, copies of the notice of objection and the written statement so lodged.

ANTI-DUMPING AUTHORITY

Notice of inquiry into toughened glass panels from the People's Republic of China

The Australian Customs Service (Customs) has made a preliminary finding that there are sufficient grounds for the publication of a dumping duty notice in respect of toughened glass panels exported from the People's Republic of China (China).

Customs, acting under paragraph 269TD(2)(b) of the *Customs Act 1901*, has now referred the matter to the Anti-Dumping Authority for final inquiry. The Authority must consider if the publication of a dumping duty notice is justified. At the conclusion of its inquiry, the Authority will recommend to its Minister what (if any) action he should take.

The goods under inquiry are rectangular toughened glass panels with certain specifications.

During its inquiry, the Authority will address the allegations made by Don Mathieson & Staff Glass Pty Ltd that the toughened glass panels have been exported to Australia from China at dumped prices and that this dumping has caused, and is threatening to cause, material injury to the Australian industry through loss of sales and market share, reduced profits and profitability, price undercutting, price depression and price suppression, a lack of return on investment and a loss of trained staff.

The inquiry will examine importations into Australia of toughened glass panels entered for home consumption after 1 July 1993. The Authority will report to the Minister by 30 June 1997.

You are invited to make a submission to the Authority as soon as possible, but not later than 21 April 1997. Submissions should, preferably, address specific matters raised in Customs' preliminary finding report. Copies of that report can be obtained from the Office Manager, Dumping Office Management, Australian Customs Service, Canberra by telephoning (06) 275 6057.

Any person proposing to lodge a submission with the Authority should first obtain a copy of the information sheet prepared for this inquiry. Copies of the information sheet can be obtained by contacting Ms Margaret McLeod, Information Officer, on ph (06) 213 6754 or by internet [MMCLEOD@dist.gov.au](mailto:MMCLEOD@dist.gov.au).

The Authority's address for submissions is GPO Box 9839, Canberra ACT 2601. Submissions may also be sent by facsimile to (06) 213 6761.

Submissions containing confidential information should be accompanied by another version omitting the confidential material but containing a non-confidential summary. All non-confidential submissions will be placed on the public record for this inquiry together with a copy of all relevant correspondence between the Authority and other persons and the full public record of the preceding investigation by Customs. The public record will be held at the offices of the Authority. Arrangements can be made to inspect material held on the public record by telephoning Ms Margaret McLeod.

Following receipt of submissions, it is possible that a meeting of interested parties will be arranged to explore issues raised. Should such a meeting take place, parties will have a further opportunity to make submissions to the Authority on the issues raised.

If any party to this inquiry has retained the services of a consultant to represent its interests, the Authority needs to be advised in writing as soon as possible of the name and address of the agency being used and the consultant assigned to this inquiry. For expediency's sake, would you please forward this information by facsimile to (06) 213 6761.

Should you have any questions about this inquiry, please contact Mr Brian Brocklebank, Acting Project Manager, on ph (06) 213 6757.
