The Register of the National Estate is an inventory of places 'that have aesthetic, historic, scientific or social significance or other special value for future generations as well as for the present community'. It is a list of the nation's heritage resources available to all decision makers to assist them to make better-informed decisions. There are no direct legal constraints placed on owners of private property, or on State or local government property by the entry of that property in the Register. Entry in the Register does not grant public access to private property.

In essence the Register is an alerting and educational inventory compiled on the single criterion of national estate significance, which is being developed to be as comprehensive as practicable, and which has implications for protection where actions by the Commonwealth are concerned.

The Commission will give due consideration to all objections made concerning its intention to enter places in the Register and would be assisted by being informed of the specific grounds on which an objection is based. It wishes to point out, however, that the final decision must be made in accordance with the requirements of the Act under which it is operating and therefore the prime consideration in the assessment of an objection must be whether the place in question does or does not have national estate significance.

Telephone inquiries about the Commission, the Register and the place listed in the schedule, are welcome. The free phone number is 1800 020652.

*Australian Heritage Commission Act 1975*NOTICE OF VARIATION OF BOUNDARY OF A PLACE IN THE REGISTER  
OF THE NATIONAL ESTATE

The Australian Heritage Commission entered Tapalla Point Rock Platforms, at Huskisson, NSW, in the Register of the National Estate on 25 March 1986. Subsequently, Jervis Bay and Surrounds, which includes Tapalla Point, was entered in the Register on 22 June 1993. On 25 July 1997, the Commission reconsidered the boundary for Tapalla Point Rock Platforms and agreed on a new boundary that would more accurately encompass the geologically significant aspects of that place. The variation agreed for Tapalla Point Rock Platforms does not affect the entry for Jervis Bay and Surrounds in the Register. The new boundary for Tapalla Point Rock Platforms is given in the Schedule below.

The Commission will supply, on request:

- (1) if the location of the place cannot otherwise be readily understood—a map of the place; and

### TRADE PRACTICES ACT 1974

Consumer Protection Notice No. 11 of 1997

#### NOTICE OF THE RESULT OF AN INVESTIGATION INTO THE SAFETY OF COMBINATION PRAM/STROLLERS

I, CHRISTOPHER MARTIN ELLISON, Minister for Customs and Consumer Affairs, pursuant to section 65B(2) of the *Trade Practices Act 1974*, hereby announce the results of the investigation into the safety of combination pram/strollers being of a design where, when in the pram configuration the base is attached to the frame by a fabric sleeve, and which do not incorporate a secondary fastening system, as notified in the *Commonwealth Government Notices Gazette* of 20 March 1997.

#### RESULTS OF INVESTIGATION

The investigation followed two accidents in which infants had suffocated while in combination pram/strollers.

- (1) An example of a pram/stroller of this type was extensively measured and tested, with the conclusion drawn that the pram/stroller design is safe and suitable for use as a means of transport and temporary sleeping accommodation for babies and small children. It is noted that the instructions normally supplied with the product state that no baby should be left unattended while placed in the pram/stroller.
- (2) A dangerous configuration may be contrived when all three of following elements are present:
  - the top flap is disengaged by at least one half of its perimeter from the upper bar;
  - the back board is allowed to protrude out from the cot material by at least 60mm; and
  - the hood is attached and the drapes of hood material mask any exposed chrome.

The possibility of these events occurring would be reduced by the addition of a positive means of securing the top flap to the frame.

- (3) The instructions supplied with the pram/stroller should make clear the importance of ensuring that the flap is correctly secured at all times, especially if the pram/stroller has been lifted.

#### ACTION PROPOSED

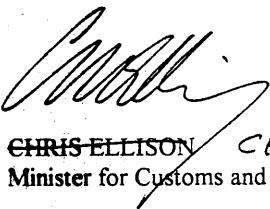

- (1) The pram/stroller involved in both accidents is based on a 1985 design and has not been manufactured since 1992. As the investigation found the pram/stroller to be of safe design and suitable for use as a means of transport and as temporary sleeping accommodation for babies and small children, there is insufficient evidence to warrant mandatory recall action under the *Trade Practices Act 1974*.

- (2) The pram involved in both accidents is based on a 1985 design and has not been supplied in Australia since 1993, except through second hand outlets. I have directed the Department to advise second hand dealers of the results of the investigation and to draw their attention to the crucial importance of correct assembly of the pram/stroller.

## EXPLANATORY STATEMENT

Issued by the authority of the Minister for Primary Industries and Energy

### *Export Control Act 1982*

#### Export Control (Fees) Orders (Amendment)

Sub-section 25(1) of the Export Control Act 1982 (the Act) provides that the Governor-General may make regulations, not inconsistent with the Act, prescribing matters required or permitted by the Act to be prescribed, or necessary or convenient to be prescribed for carrying out or giving effect to the Act.

Paragraph 25(2)(g) of the Act provides that the Governor-General may make orders, not inconsistent with the regulations, with respect to any matter for or in relation to which provision may be made by the regulations.

Regulation 3 of the *Export Control (Orders) Regulations* provides that the Minister may, by instrument in writing, make orders, not inconsistent with regulations made under the Act, with respect to any matter for or in relation to which provision may be made by regulations made under the Act.

The *Export Control (Fees) Orders* (the Orders) impose fees in connection with the performance of services by authorized officers and make provision for the collection of those fees.

The purpose of the *Export Control (Fees) Orders (Amendment)* is to remake Orders that were previously submitted under Export Control (Fees) Orders No 2 of 1996 and No 3 of 1996 that were not revised under subsequent amendments. The revisions to the fees outlined in the original amendments were due to a number of factors:

- the fee increases in the Australian Quarantine and Inspection Service's (AQIS's) Live Animal Exports program were required to ensure full cost recovery in the program due to a decline in estimated recoverable activity resultant from the introduction of third party inspection arrangements and the slower than expected reduction in costs during the introduction of third party arrangements;
- increases were required to the remaining fees due to savings announced by the Government in the 1996-97 Budget whereby the Community Service Obligation component of the Australian Quarantine and Inspection Service's (AQIS's) budget was reduced and delays in the implementation of proposed new fees for 1996-97 due to the timing of the August Budget required that some fees be set at a higher rate for the remaining 10 months of the financial year to ensure cost recovery in the AQIS Programmes concerned.

The *Export Control (Fees) Orders (Amendment)* amends the Orders as follows:

Order 1 — Commencement

SubOrder 1.1 provides that the Orders will commence on Gazettal.

Order 2 — Amendment

SubOrder 2.1 provides that the Orders are amended as set out in the *Export Control (Fees) Orders (Amendment)*.

Order 3 — Section II of the Schedule (Fees for particular services)

Sub order 3.1. replaces paragraphs 2A.1 and 2A.2 of the Schedule with a new paragraph which lists the fees payable for inspections of prescribed grain exports and non-prescribed grain or mung bean exports. The paragraph 2A increases the half hourly fee for service for the inspection of a ship or container unit that is intended to be used to transport prescribed grain from \$60 to \$78 and the quarter hourly fee from \$30 to \$39. These rates are now common with fee for service inspection charges for non-prescribed grains and mung beans.

Sub order 3.2 specifies the fee payable for inspection of mung beans and grains. The fee payable for inspections of horticultural products has changed while the applicable fee for mung beans and grains has not changed. A common rate previously existed for inspection of all of these exports.

Sub order 3.3 replaces clause 2B.2i of the Schedule with new paragraph 2B.2. The paragraph increases the half hourly auditing charge for prescribed grains from \$60 to \$78, the daily rate from \$531 to \$690, the weekly rate from \$1,848 to \$2,400, the in-office charge from \$27 to \$35 per quarter hour, and the quarter hour charge after the initial half hour from \$30 to \$39.

Sub order 3.4. replaces clause 3A of the Schedule with a new paragraph 3A which increases the fee payable for the auditing of a compliance program relating to live animals or animal reproductive material from \$61 to \$70 for each half hour or part thereof.

Sub order 3.5 replaces clause 3C.2(a) of the Schedule with a new paragraph 3C.2(a) which increases the fee payable where an authorised officer is required to travel from the officer's ordinary station from \$61 to \$70 per half hour or part thereof spent in travelling.

Sub order 3.6 replaces clause 3C.2(b) of the Schedule with new paragraph 3C.2(b) which increases the fee payable where an authorised officer is required to be away from the officer's ordinary station overnight from \$100 to \$110 per night.

Sub order 3.7 replaces clause 3D of the Schedule with a new paragraph 3D which increases the fee payable for the inspection of goods for the purpose of determining whether a certificate of condition is to be issued for live animals or animal reproductive material. The fee payable for in-office inspections is increased from \$31 to \$35 and out of office inspections from \$61 to \$70.

Order 4 — Section IV of the Schedule (Documentation Fees)

Sub order 4.1 replaces clause 6A of the Schedule with new paragraph 6A which increases the fee payable for the approval or registration of premises where animals or animal reproductive material is held prior to embarkation from \$61 to \$70 per half hour or part thereof.

Sub order 4.2 replaces clause 7.3 of the Schedule with new paragraph 7.3 which increases the fee payable in relation to the issue of a replacement or additional health certificate for live animals or animal reproductive material from \$61 to \$70 per half hour or part thereof.

Sub order 4.3 replaces clause 8.1 of the Schedule with new paragraph 8.1 which increases the fee payable in relation to the issue of a certificate as to condition of fresh fruit and vegetables, mung beans, grains, cut flowers and nursery stock from \$60 to \$64 for each certificate.

Sub order 4.4 replaces order 10 of the Schedule with orders which provide for the introduction of a separate phytosanitary certificate for horticultural products and increases the fee payable in relation to the issue of a phytosanitary certificate for prescribed and non-prescribed grains from \$30 to \$32.

*Superannuation Industry (Supervision) Act 1993*

**EXPLANATORY MEMORANDUM**

ACCOMPANYING

**MODIFICATION DECLARATION No 22**

**PURPOSE OF THE DECLARATION**

1. The purpose of modification declaration number 22 is to modify Part 22 of the *Superannuation Industry (Supervision) Act 1993* (the "SIS Act") to provide that unclaimed money legislation of the States and Territories may, for the purposes of subsection 225(9) of the SIS Act, require unclaimed money statements and unclaimed money in respect of the half-year ending 30 June 1997 to be given, and paid by, trustees of regulated superannuation funds and approved deposit funds on or before either 31 October 1997 or 30 April 1998.
2. The purpose of the modification declaration is also to provide that trustees of regulated superannuation funds and approved deposit funds in a State or Territory that does not put in place appropriate unclaimed money legislation, consistent with the purposes of subsection 225(9) of the SIS Act, are required to give unclaimed money statements and pay unclaimed money in respect of the half-year ending 30 June 1997 to the Commissioner of Taxation on or before 30 April 1998, instead of on or before 31 October 1997.
3. The modification declaration also provides for a minor consequential change to the provisions with respect to the power for a State or Territory unclaimed money authority to extend time for the giving of an unclaimed money statement and payment of unclaimed money.
4. Appropriate unclaimed money legislation means State or Territory laws which meet the requirements set out in subsections 225(9A) and (9B) of the SIS Act.

## BACKGROUND

5. Part 22 of the SIS Act, as modified by modification declaration numbers 13, 16 and 19 requires trustees of regulated superannuation funds and approved deposit funds to pay unclaimed money belonging to members of their funds to the Commissioner of Taxation, or to a State or Territory authority pursuant to a law of the State or Territory dealing with unclaimed money.
6. Modification declaration number 16 deferred the commencement of the requirements of Part 22 for one year. As a result of that declaration and modification declaration number 19, trustees are now obliged to make the first payment of unclaimed money to the Commissioner of Taxation, or to a State or Territory authority, after 30 June 1997 and on or before 31 October 1997.
7. Modification declaration number 19 was intended to ensure that all unclaimed money (as defined in Part 22 of the SIS Act) in regulated superannuation funds and approved deposit funds is treated in the same manner whether they were paid to the Commissioner of Taxation or an unclaimed money authority of a State or Territory. The result of that declaration is also that unclaimed money will have to be paid to the Commissioner of Taxation unless a law of a State or Territory requires it to be paid to a State or Territory authority in similar conditions and on similar terms to those set out in Part 22 (in which case it will have to be paid to that State or Territory authority rather than to the Commissioner of Taxation).
8. Some States have put in place appropriate unclaimed money laws. By virtue of subsection 225(9) of the SIS Act, trustees of regulated superannuation funds and approved deposit funds within the jurisdiction of the unclaimed money legislation of those States have no obligation to give unclaimed money statements or pay unclaimed money to the Commissioner of Taxation, and are instead now required to give these statements and pay the unclaimed money to authorities in those States.
9. Other States and Territories have not put such laws in place and will be unable to do so before 31 October 1997, so that trustees of regulated superannuation funds and approved deposit funds in those jurisdictions will be obliged under Part 22 of the SIS Act to give unclaimed money statements and pay unclaimed money to the Commissioner of Taxation by that date. The Commission has been requested by some of these States and Territories to defer the operation of Part 22 of the SIS Act to give those States and Territories more time in which to put appropriate laws in place so that they may participate in the initial operation of the unclaimed money system.

## REASON FOR THE DECLARATION

10. The Commission believes that considerable efficiencies will result from allowing the States and Territories more time in which to put appropriate unclaimed money laws in place so that they may participate in the initial operation of the unclaimed money system. This is because although those States and Territories will not have appropriate unclaimed money laws in place before 31 October 1997, several of those States and Territories will have, or expect to have, such laws in place soon afterward.
11. The Commission believes it would be more efficient for those States and Territories which intend to participate in the unclaimed money system to be able to do so from the time of its initial operation, in respect of the half-year ended 30 June 1997. This would prevent a situation where the Commissioner of Taxation would be required to collect unclaimed money statements and unclaimed money payments from funds in those States and Territories only in respect of the initial period ended 30 June 1997 while the unclaimed money statements and payments for subsequent periods would be required to be directed to the relevant State and Territory based unclaimed money authorities.

## EXPLANATION OF THE DECLARATION

12. The declaration omits subsection 225(2) (as previously modified) and paragraph 225(9A)(b) (as previously modified), and substitutes new ones.
13. The declaration provides that trustees of regulated superannuation funds and approved deposit funds in those States and Territories without appropriate unclaimed money laws currently in place now need to give unclaimed money statements and make payments of unclaimed money in respect of the half-year ending 30 June 1997 to the Commissioner of Taxation on or before 30 April 1998 rather than on or before 31 October 1997. When appropriate unclaimed money laws are put in place in those States or Territories before 30 April 1998 then by virtue of subsection 225(9) of the SIS Act trustees of regulated superannuation funds and approved deposit funds within the jurisdiction of those laws will be required to give unclaimed money statements and make unclaimed money payments to the relevant local unclaimed money authority and not to the Commissioner of Taxation.
14. The modification only provides this later date in respect of the giving of an unclaimed money statement and payment of unclaimed money for the half year ending 30 June 1997. The dates by which such statements and payments are due in respect of the half-year ending 31 December 1997 (due 30 April 1998), and subsequent half-years, are not affected. One effect of the modification is therefore that trustees of regulated superannuation funds and approved deposit funds in those States and Territories which put in place appropriate unclaimed money laws after 31 October 1997 and before

30 April 1998 will be required to give unclaimed money statements and make payments of unclaimed money for both the half-years ending 30 June 1997 and 31 December 1997 on or before the same date, ie 30 April 1998.

15. The declaration preserves the operation of the appropriate unclaimed money laws already put in place in some States which require for the half-year ending 30 June 1997 that an unclaimed money statement be given and payment of unclaimed money be made by trustees on or before 31 October 1997. This is because the effect of the declaration is to provide that for the purposes of subsections 225(9), (9A) and (9B) of the SIS Act a State or Territory law may require such statements to be given and payments to be made on or before either 31 October 1997 or 30 April 1998.
16. Trustees of regulated superannuation funds and approved deposit funds within the jurisdiction of the existing unclaimed money legislation of those States are therefore still required, in respect of the half-year ended 30 June 1997, to give a statement of the unclaimed money in the fund and pay that unclaimed money to the relevant local unclaimed money authority on or before 31 October 1997. This is subject only to the power in the unclaimed money legislation of those States to extend the time for these to occur.
17. The declaration also omits subsection 225(2C) (as previously modified) and substitutes a new one. The declaration therefore extends to the Commissioner for Taxation the same extension of time powers, in respect of the new date for statements and payments for the period ending 30 June 1997, as existed in respect of the previous dates.
