**ANTI-DUMPING AUTHORITY****Notice of a special inquiry  
on certain coated paper from  
Austria, Belgium, Finland, France, Germany, Indonesia,  
Italy, Japan, the Republic of Korea, the Netherlands,  
Sweden, Switzerland and Taiwan**

After reviewing the Australian Customs Service negative preliminary finding that there were not sufficient grounds for the publication of a dumping duty notice in respect of exports of sheets of: A3 coated woodfree paper, coated woodfree paper made from bagasse fibre and coated woodfree paper weighing between 75 and 90 grams per square metre (gsm), the Authority has decided to confirm the negative preliminary finding by Customs.

The Authority, however, was unable to reach an informed decision as it was not satisfied that there was sufficient evidence before it in respect of A3 coated paper and coated paper weighing between 75 and 90 gsm. It therefore considered that special circumstances applied in this case.

In the interests of all parties to the preliminary finding, the Authority has decided to initiate, under subsection 9(2) of the *Anti-Dumping Authority Act 1988*, a special inquiry into A3 coated paper and coated paper weighing between 75 and 90 gsm. The Authority will endeavour to report to the Minister by no later than 15 June 1998 on whether anti-dumping action should be taken against these goods.

During its inquiry, the Authority will address the threshold issue of whether A3 coated paper and coated paper weighing between 75 and 90 gsm are like goods to the A2 coated paper produced by the Australian manufacturer, and if these goods are being exported at prices below their normal values and, if so, whether these goods have been dumped and caused, or threaten to cause, material injury to the Australian industry. The Authority will examine exports from the countries under inquiry from 1 January 1996 onwards.

Interested parties are invited to make a submission to the Authority as soon as possible, but no later than 13 April 1998. Submissions containing confidential information should be accompanied by another version omitting the confidential material but containing a non-confidential summary.

**COMMONWEALTH OF AUSTRALIA****FORMULATION OF SCHEME UNDER SECTION 16 OF THE HEALTH  
INSURANCE COMMISSION (REFORM AND SEPARATION OF FUNCTIONS)  
ACT 1997****Scheme for the transfer to Medibank Limited of the Medibank Private Fund and the  
Business of the Fund**

Pursuant to section 16 of the *Health Insurance Commission (Reform and Separation of Functions) Act 1997* ("the Act"), I, Michael Richard Lewis Wooldridge, Minister for Health and Family Services and a member of the Executive Council, set out the following scheme for the transfer of the Medibank Private fund, and the business of that fund, to Medibank Limited ACN 080 890 259 ("Medibank Limited") :

**1 HEALTH INSURANCE COMMISSION**

The Health Insurance Commission ("the Commission") is a statutory authority established under the *Health Insurance Commission Act 1973*. The Commission is a registered health benefits organisation under the *National Health Act 1953* and conducts the Medibank Private fund.

**2 MEDIBANK LIMITED**

Pursuant to section 5 of the Act, Medibank Limited has been declared to be the "nominated company" for purposes of Part 2 of the Act. Medibank Limited is a registered health benefits organisation under the *National Health Act 1953*.

**3 TRANSFER DATE**

Pursuant to subsection 16(2) of the Act, the transfer of the Medibank Private fund, and the business of that fund, effected by this scheme occurs at the commencement of fund-transfer day. "Fund-transfer day" has the same meaning as in the Act.

**4 TRANSFER OF THE MEDIBANK PRIVATE FUND AND THE BUSINESS OF  
THAT FUND**

4.1 Subject to clause 3 of this scheme, the Medibank Private fund, and the business of that fund, is transferred to Medibank Limited.

4.2 The transfer does not affect the continuity of a person's status as a contributor to the Medibank Private fund.

4.3 Medibank Limited must adopt the rules in force (including tables of benefits) under section 8A of the *Health Insurance Commission Act 1973* immediately before the fund-transfer day. This does not prevent Medibank Limited from varying the rules after the fund-transfer day.

## 5 TRANSFERS OF ASSETS, CONTRACTS AND LIABILITIES, AND RECORDS

By separate declaration made pursuant to sections 17, 18 and 19 of the Act (and with effect at fund-transfer day), specified assets, contracts and liabilities relating to the operations of the Medibank Private fund before fund-transfer day are transferred from the Commission to Medibank Limited. Effects of this declaration include the transfer from the Commission to Medibank Limited of all obligations and responsibilities in respect of:

- (i) member claims for benefits lodged with the Medibank Private fund, but not paid before fund-transfer day;
- (ii) claims for benefits relating to liabilities of members which were incurred before fund-transfer day, but which were not lodged before that day;
- (iii) that proportion of contributions paid in advance which is referable to periods of health insurance cover ending after the commencement of fund-transfer day; and
- (iv) Medibank Private fund reinsurance after the commencement of fund-transfer day.

Records of the Commission that relate to Medibank Private are transferred from the Commission to Medibank Limited pursuant to separate direction made under section 43 of the Act.

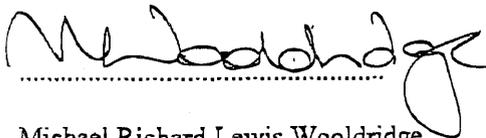

## 6 COMMUNICATIONS WITH CONTRIBUTORS

On 17 April 1997, the Commission wrote to all contributors to the Medibank Private fund, advising the intention of the Government to transfer the Medibank Private fund to a company separate from the Commission. A copy of that letter is attached to this scheme. It is not proposed to send out further correspondence on this subject.

## 7 BINDING SCHEME

This scheme has effect accordingly and is binding on all persons.

DATED this 26th day of February 1998

Michael Richard Lewis Wooldridge,  
Minister for Health and Family Services and a member of the Executive Council.

Dear .....

The Federal Government has just announced its intention to separate Medibank Private from the Health Insurance Commission, which also administers Medicare claims payments. Medibank Private already operates in full competition with the other private health insurers as a not-for-profit health fund on your behalf. This announcement simply means that in the next twelve months or so, Medibank Private will operate in its own right as a Government-owned company.

My letter is to assure you this move will assist Medibank Private to be more competitive, enhancing our position as Australia's largest private health insurer, and allowing development of an even stronger relationship with our members. We are fully committed to continuing high standards of member services, including provision of a comprehensive, competitively priced range of health insurance options to suit all lifestyles and budgets.

This year, Medibank Private celebrates its twenty first year of operation. It has grown steadily to hold a large 27 % market share - covering almost two million people. This achievement is further supported by a prudentially sound financial performance. Annual premium income exceeds \$1 billion, statutory reserves amount to \$350 million and our management expenses are well under those of our major competitors. These are all factors that ensure your private health cover is secure with Medibank Private.

There will be no increase in your premium as a result of this announcement. It is very much business as usual in the best interests of our members.

Thank you for your continuing support.

Yours sincerely,

Ken MacDougall  
General Manager

*Public Service Act 1922*

**Notification and Determination under section 33A  
(No. 2 of 1998)**

I, HELEN WILLIAMS, Public Service Commissioner, make this notification and determination under section 33A of the *Public Service Act 1922*.

Dated 24<sup>th</sup> February 1998

Public Service Commissioner

---

**1. Commencement**

1.1 This notification and determination commences on 15 March 1998.

**2. Amendment**

2.1 The notification and determination under section 33A of the *Public Service Act 1922* notified in the *Gazette* on 31 May 1994, is amended as set out in this instrument.

**3. Schedule 1 (Notification of vacancies and eligibility to apply for vacancies notified in the *Gazette*)**

3.1 Omit the schedule, substitute:

**“NOTIFICATION OF VACANCIES, RESTRICTIONS ON APPLYING FOR APPOINTMENT AND ELIGIBILITY TO APPLY FOR VACANCIES ADVERTISED IN THE GAZETTE**

All vacancies to be filled by appointment or promotion must be advertised in the *Commonwealth of Australia Public Service Gazette* (the *Gazette*) except where:

- a vacancy is in a category prescribed by Public Service Regulation 112 (or the equivalent provisions under section 50DA or section 50DB of the *Public Service Act 1922* (“the Act”));
- it is intended to fill the vacancy by advancement under the provisions of section 53A of the Act.

Each agency is responsible for gazettal and deciding whether to advertise its own vacancies.

### **Vacancies to be open to all Australians**

Agency Heads must put in place measures to ensure that, subject to considerations of cost and operational efficiency, vacancies to be filled by appointment or promotion are open to all Australians, subject to normal eligibility requirements. All vacancies for base grade and training offices must be described in all notifications and any advertisements as open to all Australians.

If it has been decided that, because of considerations of cost or operational efficiency, a vacancy will not be advertised as open to all Australians (ie available only for officers and other groups with eligibility rights, as outlined below, to apply) the vacancy must be notified in the *Gazette* without asterisks.

Vacancies open to applications from both officers and persons outside the Service (including those overseas) and all base grade positions must have their *Gazette* notice indicated by:

- one asterisk: where applications close on the twenty-first day after the notification of the vacancy,
- two asterisks: where applications close on the fourteenth day after the notification of the vacancy.

If agencies choose to vary these closing dates this must be done through a note in the body of the notification. In setting other than the standard closing dates signified by one or two asterisks, agencies should ensure that they comply with provisions of subsection 33(1) of the Act concerning reasonable opportunity to apply.

All additional advertising (eg in the press) must, as far as possible, be concurrent with the *Gazette* notice.

Agencies which have advertised vacancies only in the *Gazette* and have not obtained a suitable field may place additional advertisements in the press or elsewhere without a concurrent *Gazette* notice if the following conditions are met:

- the advertisement(s) is placed within four weeks of the date of the close of applications for the original *Gazette* notice;
- previous applicants are reconsidered with additional applicants;
- the advertisement must indicate when the vacancy was advertised in the *Gazette*.

The above provision also applies to advertising vacancies overseas if the applicant field within Australia is not suitable.

Before advertising overseas, departments and agencies must consult with the Department of Immigration and Multicultural Affairs about likelihood of entry into Australia. Overseas advertisements must include information about citizenship requirements.

### **Qualifications**

When notifying or advertising vacancies, agencies cannot describe specific qualifications as mandatory other than any minimum qualifications prescribed by the

Commissioner under section 33A unless the agency notifies its individual arrangements using powers under paragraph 33A(1)(d) delegated to Agency Heads from 15 March 1998.

With the exception of Technical Officer Grade 1, minimum mandatory qualifications are prescribed for the Technical and Professional Officer structures. There are no mandatory qualifications for the Administrative Service Officer structure. Although mandatory qualifications do not apply to the General Service Officer structure, State licensing requirements (such as for Electrician, Plumber) apply. The Commissioner is not currently applying any qualifications to classifications in the new APS classification structure.

### **Advertisements**

While advertisements may display a local title or occupation, all advertisements must include the appropriate formal classification level of the vacancy advertised eg Customer Service Manager (APS6). Agencies may only specify mandatory qualifications or other conditions if they have been prescribed by the Public Service Commissioner or notified in the *Gazette* by the employing agency.

### **RESTRICTIONS ON APPLYING FOR APPOINTMENT**

A person who:

- has been retired from the Australian Public Service (APS) under section 76W of the Act and who has received a retrenchment severance benefit calculated under clause 11.4 of the APS General Employment Conditions Award 1995 or a similar payment under a Certified Agreement or Australian Workplace Agreement applicable to the APS officer or employee; or
- has retired from the APS following the giving of a notice under section 76R of the Act and the receipt of a specified benefit in accordance with a determination under section 82D of the Act;

is ineligible to apply for appointment to the APS within twelve months after the date of retirement of the person from the APS.

### **ELIGIBILITY TO APPLY FOR VACANCIES NOTIFIED IN THE GAZETTE**

A number of groups of people are eligible, by virtue of this determination, to apply for vacancies advertised as open only to officers of the APS. These people are:

- officers of the Australian Security Intelligence Service;
- former officers of the APS who, on 1 April 1987, were on leave without pay to work in the Northern Territory Public Service, and who resigned prior to 1 April 1988 to continue employment in that Service, and have continued to be employed by that Service;
- former officers of the APS who resigned on or after 2 August 1990, who satisfy the following conditions:
  - the resignation was for child rearing purposes and the person resigned after taking at least twelve weeks' maternity or parental leave; and

- the resignation took place within two years of the date of birth of the child for which the period of maternity or parental leave was granted; and
- the position for which the former officer is applying is advertised in the *Gazette* within six years from the date of birth of the child for which the maternity or parental leave was granted;

former officers of the APS who accepted an offer of employment by a State Government or the Northern Territory Government and resigned from the APS in accordance with the agreement between the Commonwealth and the Public Sector Union on staffing issues arising from the Commonwealth-State Disability Agreement;

staff employed under section 82AC, 82AD, 82AE or 82AG of the Act. Staff employed in these categories are eligible to apply for vacancies notified in the *Gazette* if, at the time of that *Gazette*, they were employed under one of the specified sections of the Act.

### **Additional Information**

In addition to the people afforded eligibility rights under this determination, there are other people who are eligible to apply for *Gazette* vacancies notified as open only to officers of the APS. Eligibility for these people is established in specific legislation or industrial agreements. A complete list of categories of people eligible to apply is included in the *Commonwealth of Australia Gazette*, which is published weekly.

### **SCHEDULE 1 TO THE NOTIFICATION OF 24 FEBRUARY 1998**

#### **ADMINISTRATIVE SERVICE OFFICER CLASS 1, TRAINEE ADMINISTRATIVE SERVICE OFFICER**

#### **SELECTION ARRANGEMENTS AND ELIGIBILITY REQUIREMENTS**

##### **General**

Recruitment to the base of the Administrative Service Officer structure may be made to a position having the classification of Administrative Service Officer Class 1, or to the position of Trainee Administrative Service Officer.

Agencies may put in place arrangements for the recruitment of Administrative Service Officers Class 1 or Trainee Administrative Service Officers, or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia.

If agencies choose to use centralised arrangements the following applies.

#### **RECRUITMENT SERVICES AUSTRALIA - BASE GRADE RECRUITMENT**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants for appointment and the relative suitability of applicants for promotion or transfer as Administrative Service Officer Class 1 (ASO1) or Trainee Administrative Service Officer (Trainee ASO) will be determined as set out below.

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, applicants for appointment or promotion to ASO1 or Trainee ASO will be required to sit the Public Sector Recruitment Test (PSRT), answer the Public Sector Recruitment Questionnaire (PSRQ), provide information about certain skills deemed important by recruiting agencies and provide details of their work related preferences.

Officers of the Australian Public Service (APS) who are substantive ASO Class 1-6, ASO (Aboriginal Services) Class 1 or Senior Officers Grade C, B or A are entitled to

apply by direct transfer only to ASO1 or Trainee ASO positions under the provisions of section 50 of the *Public Service Act 1922*. These officers are ineligible to sit the PSRT or answer the PSRQ for the purpose of transfer as an ASO1 or Trainee ASO.

Officers who are not in the Administrative Service Officer stream who have a substantive classification equal to or higher than ASO 1 may apply by direct transfer and may also sit the PSRT and answer the PSRQ in order to be transferred as ASO1 or Trainee ASO.

Information provided by applicants in support of their applications before, and while sitting the PSRT, may be forwarded to the Public Service and Merit Protection Commission for monitoring and evaluation purposes. Other details about the privacy of the information given as part of an application for a position are contained in the publication 'Australian Public Sector Recruitment Applicant Handbook'.

### **Trainee Administrative Service Officers - training office**

Officers selected for a Trainee ASO office are promoted or transferred to the training office under section 50 of the *Public Service Act 1922*. Section 53A of the Act provides that both promotions and transfers to training offices are appellable. Promotions and transfers to the training office must be notified in the Gazette in the 'Promotions' section, with an accompanying footnote:

'Unsuccessful officer applicants who satisfy the conditions of subsection 53A(2) of the *Public Service Act 1922* may appeal against promotions of any of the officers listed above. Guidance on lodging appeals is in the preamble to the Promotions section of this *Gazette*.'

### **Public Sector Recruitment Test (PSRT)**

The PSRT consists of four tests, each assessing an attribute important in public sector clerical / administrative work. No special study is required for the PSRT.

The PSRT will be conducted periodically by RSA offices. The dates and arrangements for tests will be advertised in the *Gazette* and the press, and applicants will be invited to apply directly to RSA or through Centrelink offices in the relevant State or Territory to sit the test.

### **Public Sector Recruitment Questionnaire (PSRQ)**

The PSRQ assesses six attributes important in clerical / administrative work in the Public Sector which are not assessed by selection tests. No special study is required for the PSRQ.

### **Attribute Ratings and Total Standardised Score**

On the basis of their performance on the PSRT and their answers to the PSRQ, applicants receive ratings on a scale of 1 - 10 for each of the ten attributes. Applicants also receive an overall Total Standardised Score based on their PSRT and PSRQ results.

### **Currency of PSRT and PSRQ Results**

PSRT and PSRQ results remain valid for two years from the date of the PSRT. Applicants are eligible for consideration at any time within that two year period. Applicants who do not accept appointment when selected may re-apply during the currency of their PSRT and PSRQ results and they will be considered on the basis of their position on the order of referral at the time of re-application.

Applicants will be permitted to re-sit the PSRT at intervals of not less than two years, with the exception of people with a disability who will be permitted to re-sit the PSRT at intervals of not less than twelve months.

All applicants will be permitted to re-answer the PSRQ at intervals of not less than twelve months.

The most recent PSRT and PSRQ results will be taken into account in the selection process.

### **Eligibility for Referral**

Persons sitting the PSRT and answering the PSRQ for appointment, promotion or transfer as a Trainee ASO or ASO1 must either:

- attain a rating of at least 5 on each of the ten attributes assessed by the PSRT and the PSRQ; or
- attain a Total Standardised Score (TSS), calculated on the basis of their performance on all ten attributes, greater than or equal to 540

to be eligible for further consideration.

### **The Referral Process and the order of referral**

RSA will place details of applicants' PSRT/PSRQ ratings, other skills and work preferences on a data base for later matching against agency vacancy requirements.

Referral to participating agencies will then be made from those best matching the recruiting agency's position profile. Applicants for Trainee ASO and ASO1 vacancies will be referred from the same order of referral, so agencies will need to specify to RSA whether they are seeking to fill an ASO1 position or Trainee ASO position. A position profile may vary from position to position and will require applicants to have attained a level of performance against each of the ten attributes; to possess certain skills; and have certain work related preferences.

If the matching process between the position profile and the applicants on the order of referral identifies more than the required number for interview, then the applicant(s) with the highest TSS will be referred.

Recruiting agencies can then assess applicants against additional selection criteria. Details about the additional selection criteria are provided in the section 'Vacancies requiring additional skills' below. Exceptions to the application of additional selection criteria may occur where an applicant has a disability, in which case the referral arrangements outlined in the section 'People with a disability' of this entry may apply.

RSAs will administer the ASO1/Trainee ASO order of referral and allocate applicants to departments that have entered into centralised arrangements. Recruitment demands for either vacancy must be placed by departments with RSA and filled by applicants referred by the RSA from the order of referral.

Where the regular program of selection tests does not provide enough suitable applicants to meet a department's needs at a particular time or in a particular region, it may be possible to make arrangements with RSAs to conduct supplementary tests.

**Vacancies requiring additional skills**

Where a department requires additional skills to meet their particular operational requirements, other selection criteria relevant to the requirements of the job may be assessed by that department through appropriate additional selection procedures.

Where additional selection criteria have been applied, the order of referral for appointment or promotion will be determined initially by the PSRT and PSRQ results, the possession of certain skills deemed important by the recruiting agency and applicant work related preferences and then by an assessment against the additional selection criteria done by the recruiting agency.

The names of applicants who are found to be unsuitable against additional selection criteria for three different referrals will be removed from the data base. They will have to wait two years from when they last sat the PSRT before they can sit the PSRT or 12 months since they last answered the questionnaire to answer the PSRQ and be considered again. Exceptions apply to people with a disability being considered under the Selective Placement provisions - see the section entitled 'People with a disability' below.

**Fit and proper person requirement**

An ASO1 or Trainee ASO applicant who is not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. Applicants may re-sit the test when eligible, (ie at intervals of not less than two years between test sittings, or 12 months for people with a disability) or answer the questionnaire (after 12 months since they last completed the questionnaire) and their eligibility for appointment will be reassessed at that time.

**People with a disability**

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, people with a disability must meet the same selection standards as other applicants. However, special testing arrangements may be appropriate for applicants whose disability would affect their performance at a standard test session.

The Selective Placement Officer in the RSA in each State or Territory will arrange the appropriate method of testing for applicants with a disability, and their scores will be incorporated into the data base.

As far as possible, applicants will be referred to departments against ordinary recruitment demands for ASO1s or Trainee ASOs through matching vacancy and applicant profiles. However, a more intensive and selective approach to placement will often be required to allow the matching of applicants to vacancies appropriate to their particular abilities and disabilities.

If a department believes that placement of an applicant referred by the Selective Placement Officer is not feasible even after reasonable adjustment, the department should provide RSA with a written report.

Because of the special nature of the selective matching process, applicants with a disability will not be removed from the data base if they are rated unsuitable for three different referrals but will remain eligible for further referrals to potentially suitable vacancies for the period their test score remains valid (maximum two years).

**ADMINISTRATIVE SERVICE OFFICER CLASS 1 (ABORIGINAL SERVICES)  
TRAINEE ADMINISTRATIVE SERVICE OFFICER (ABORIGINAL  
SERVICES)**

**ELIGIBILITY REQUIREMENTS**

The person is an Aboriginal or Torres Strait Islander.

**SELECTION ARRANGEMENTS**

Agencies may put in place arrangements for the recruitment of Administrative Service Officers Class 1 (Aboriginal Services) or Trainee Administrative Service Officers (Aboriginal Services), or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia. Arrangements put in place by agencies must be determined and notified by the agency in the *Commonwealth of Australia Gazette*, under section 33A of the *Public Service Act 1922*.

If agencies choose to use centralised arrangements the following applies.

**RECRUITMENT SERVICES AUSTRALIA - RECRUITMENT OF  
ADMINISTRATIVE SERVICE OFFICER CLASS 1 (ABORIGINAL SERVICES)  
AND TRAINEE ADMINISTRATIVE SERVICE OFFICER  
(ABORIGINALSERVICES)**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants for appointment and the relative suitability of applicants for promotion or transfer as Administrative Service Officer Class 1 (ASO1) (Aboriginal Services) or Trainee Administrative Service Officer (Trainee ASO) (Aboriginal Services) will be determined as set out below.

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, applicants for appointment or promotion to ASO1 (Aboriginal Services) or Trainee ASO (Aboriginal Services) will be required to sit the Aboriginal Recruitment Test (ART).

Officers of the Australian Public Service (APS) who are substantive ASO Class 1-6, ASO Class 1 (Aboriginal Services) or Senior Officers Grade C, B or A are entitled to apply by direct transfer only to ASO1 (Aboriginal Services) or Trainee ASO (Aboriginal Services) positions under the provisions of section 50 of the *Public Service Act 1922*. These officers are ineligible to sit the ART for the purpose of transfer as an ASO1 (Aboriginal Services) or Trainee ASO (Aboriginal Services).

Officers who are not in the Administrative Service Officer stream who have a substantive classification equal to or higher than ASO 1 may apply by direct transfer and may also sit the ART in order to be transferred as ASO1 (Aboriginal Services) or Trainee ASO (Aboriginal Services).

**Trainee Administrative Service Officers - training office**

Officers selected for a Trainee ASO (Aboriginal Services) office are promoted or transferred to the training office under section 50 of the *Public Service Act 1922*. Section 53A of the Act provides that both promotions and transfers to training offices

are appellable. Promotions and transfers to the training office must be notified in the *Gazette* in the 'Promotions' section, with an accompanying footnote:

'Unsuccessful officer applicants who satisfy the conditions of subsection 53A(2) of the *Public Service Act 1922* may appeal against promotions of any of the officers listed above. Guidance on lodging appeals is in the preamble to the Promotions section of this *Gazette*.'

### **Selection Test**

The ART is a combination of tests measuring general clerical aptitude. No special study is required for the test.

The ART will be conducted periodically by RSA offices. The dates and arrangements for tests will be advertised in the *Gazette* and the press, and applicants will be invited to apply directly to the RSA or through Centrelink offices in the relevant State or Territory to sit the test.

ART results remain valid for two years from the date of the test. Applicants are eligible for consideration at any time within that two year period. However, applicants who have not been appointed, promoted or transferred within twelve months of sitting the ART are required to notify the RSA of their continued interest in appointment, promotion or transfer. The relative suitability of those re-applying will be assessed in competition with other applicants on the order of referral.

Applicants will be permitted to resit the ART at intervals of not less than twelve months. The most recent ART score will be taken into account in the selection process.

Persons contesting the ART for appointment, promotion or transfer as Trainee ASO (Aboriginal Services) and ASO1 (Aboriginal Services) must pass the test to be eligible for further consideration. Applicants will be placed on a preliminary order of referral on the basis of their test performance. Selection then will be made from among eligible applicants either based on performance in the test, or in the case of vacancies where approved additional selection criteria are applied, in order of merit determined initially by test score and then by assessment against the additional selection criteria. Details on the additional selection criteria are in the section 'Vacancies requiring additional skills' provided below. Exceptions to the application of additional selection criteria may occur where an applicant has a disability, in which case the referral arrangements outlined in the section 'People with a disability' of this entry may apply. Departments may choose to apply criterion 6 of the additional selection criteria, which states "interest in, motivation and ability to undertake further on or off-the-job training and skills acquisition" as this is particularly relevant in the assessment of Trainee ASO (Aboriginal Services) applicants. (Refer to the section 'Vacancies requiring additional skills' of this entry).

The RSA will require applicants to establish that they are of Aboriginal or Torres Strait Islander descent, by providing a referee's report. The referee's report should be provided by a recognised Aboriginal or Torres Strait Islander elder or leader of an Aboriginal or Torres Strait Islander organisation, either in the applicant's local community, or if the person has relocated recently, from an Aboriginal or Torres Strait Islander representative in the person's previous home community. If an Aboriginal or Torres Strait Islander referee is not available, the report could be given by another suitable person, as determined by RSA, who has known the applicant for at least one year and can verify the applicant is of Aboriginal or Torres Strait Islander descent. RSA may contact the referee for further confirmation of the applicant's descent.

RSAs will administer the ART order of referral and allocate applicants to departments. Recruitment demands for Trainee ASO (Aboriginal Services) and ASO1 (Aboriginal Services) vacancies must be placed by departments with the RSA and vacancies filled by applicants referred by RSA from the ART order of merit (although approved additional selection criteria may be applied to determine the final order of merit for selection). Information provided when sitting the ART or at subsequent interview may be forwarded to the Public Service and Merit Protection Commission for monitoring and evaluation purposes.

Where the regular program of selection tests does not provide enough suitable applicants to meet a department's needs at a particular time or in a particular region, it may be possible to make arrangements with RSAs to conduct supplementary tests.

### **Vacancies requiring additional skills**

Additional Selection Criteria - Where departments require additional skills to meet their particular operational requirements, other selection criteria relevant to the requirements of the job may be assessed through approved additional selection procedures. The Personnel Management Guidelines booklet *Guidelines on the Application of Additional Selection Criteria* 2nd edition, published by the Public Service Commission contains information on additional selection criteria.

Additional selection criteria, with the exception of criterion 6 which states 'interest in, motivation and ability to undertake further on or off-the-job training and skills acquisition', must be approved and applied as outlined in the above mentioned booklet.

Where additional selection criteria have been applied, the order of merit for appointment or promotion will be determined initially by the ART score and then by an assessment against the additional selection criteria.

The selection committee assessing additional selection criteria may also obtain referee reports relating to the applicant's job-related skills and experience. Referee reports may be a sensitive issue for outside applicants who should be assured that references from current employers will not be sought unless the applicant agrees or there is a high possibility of selection.

If a candidate is found to be unsuitable against additional selection criteria for three different referrals their name will be removed from the ART order of referral and they will be required to re-sit the test to be considered again (exceptions apply to people with disabilities being considered under the Selective Placement provisions - see the section entitled 'People with a disability' below). Candidates removed from the ART order of merit will not be able to re-sit the test until the minimum period between test sittings (twelve months) has elapsed.

### **Fit and proper person requirement**

An ASO1 (Aboriginal Services) or Trainee ASO (Aboriginal Services) applicant who is not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. Applicants may re-sit the test when eligible and their eligibility for appointment will be reassessed at that time.

### **People with a disability**

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, people with a disability must meet the same selection test standards as other applicants. However, special testing arrangements may

be appropriate for applicants whose disability would affect their performance at a standard test session.

The Selective Placement Officer in the RSA in each State or Territory will arrange the appropriate method of testing for applicants with a disability, and their scores will be incorporated into the relevant general ART order of referral.

So far as possible applicants will be referred to departments against ordinary recruitment demands for Trainee ASO (Aboriginal Services) and ASO1 (Aboriginal Services) as their position on the order of referral is reached. A more intensive and selective approach to placement will often be required to allow the matching of applicants to vacancies appropriate to their particular abilities and disabilities. In these cases, it may be appropriate to refer an applicant against an appropriate vacancy in anticipation of their reaching the top of the order of merit. It is recognised also that in rare cases appropriate vacancies will not be available for placing an applicant with a disability, even after making all reasonable adjustments.

If a department believes that placement of an applicant referred by the Selective Placement Officer is not feasible even after reasonable adjustment, the department should provide RSA with a written report.

Because of the special nature of the selective matching process, applicants with a disability will not be removed from the ART order of merit if they are rated 'unsuitable' for three different referrals but will remain eligible for further referrals to potentially suitable vacancies for the period their test score remains valid (maximum two years).

## **GRADUATE ADMINISTRATIVE ASSISTANT**

### **SELECTION ARRANGEMENTS AND ELIGIBILITY REQUIREMENTS**

Applicants for Graduate Administrative Assistant positions must possess a degree or three year diploma or equivalent qualification by the date at which they would commence duty as a Graduate Administrative Assistant.

Agencies may put in place arrangements for the recruitment of Graduate Administrative Assistants or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia. Arrangements put in place by agencies must be determined and notified in the *Commonwealth of Australia Gazette* under section 33A of the *Public Service Act 1922*.

Where agencies choose to use centralised arrangements, the following applies.

### **RECRUITMENT SERVICES AUSTRALIA - RECRUITMENT OF GRADUATE ADMINISTRATIVE ASSISTANTS**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants will be determined in the following way:

Applicants will be required to undertake the Public Sector Recruitment Test (PSRT) and answer the Public Sector Recruitment Questionnaire (PSRQ). The PSRT consists of four tests, each assessing an attribute important in public sector / administrative work. No special study is required for the PSRT. The PSRQ assesses six attributes important in clerical / administrative work in the Public Sector which are not assessed by selection tests. No special study is required for the PSRQ.

Information provided before and whilst sitting the PSRT may be forwarded to the Public Service and Merit Protection Commission for monitoring and evaluation purposes. Other details about the privacy of the information given as part of an application for a Graduate Administrative Assistant position are contained in the publication 'Australian Public Sector Recruitment Applicant Handbook'.

On the basis of their performance on the PSRT and their answers to the PSRQ, applicants receive ratings on a scale of 1-10 for each of the ten attributes. Applicants will receive an overall Total Standardised Score (TSS) based on their PSRT and PSRQ results.

PSRT and PSRQ results and ratings remain valid for two years from the date of the test. Applicants will be permitted to re-sit the test at intervals of not less than two years with the exception of people with a disability who will be permitted to re-sit the PSRT and re-answer the PSRQ at intervals of not less than twelve months. The most recent PSRT and PSRQ results will be taken into account in the selection process.

Persons sitting the PSRT and answering the PSRQ for appointment, transfer or promotion as a Graduate Administrative Assistant must attain a rating of at least 5 on each of the ten attributes assessed by the PSRT and the PSRQ or attain a Total Standardised Score (TSS), calculated on the basis of their performance on all ten attributes, greater than or equal to 540 to be eligible for further consideration. Applicants must also be in the top 50% of all eligible graduate applicants as measured by the Total Standardised Score to be eligible for further consideration.

Applicants will be selected for interview on the basis of academic record, performance on the PSRT, answers to the PSRQ, work related preferences and how they address selection criteria in a written statement of application.

Successful applicants will be appointed, promoted or transferred in order of merit based on the reports of departmental selection committees. In addition to the selection methods described above, departments may utilise information obtained from referee reports.

Officers selected for Graduate Administrative Assistant are promoted or transferred to the training office under section 50 of the *Public Service Act 1922*.

Section 53A of the Act provides that both promotions and transfers to training offices are appealable. Promotions and transfers to the training office must be notified in the *Gazette* in the 'Promotions' section, with an accompanying footnote:

'Unsuccessful officer applicants who satisfy the conditions of subsection 53A(2) of the *Public Service Act 1922* may appeal against promotions of any of the officers listed above. Guidance on lodging appeals is in the preamble to the Promotions section of this *Gazette*.'

### **Fit and proper person requirement**

GAA applicants who are not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. They may re-sit the test when

eligible, (ie at intervals of not less than two years between test sittings or 12 months for people with a disability) or answer the questionnaire (after 12 months since they last completed the questionnaire) and their eligibility for appointment will be reassessed at that time.

### **People with a disability**

People with a disability must meet the same selection standards as other applicants. However, special testing arrangements may be appropriate for applicants whose disability would affect their performance at a standard test session.

The Selective Placement Officer in the RSA in each State or Territory will arrange the appropriate method of testing for applicants with a disability, and their scores will be integrated with mainstream applicants.

Applicants with a disability will be permitted to re-sit the PSRT and re-answer the PSRQ at intervals of not less than twelve months. The most recent PSRT and PSRQ results will be taken into account in the selection process.

### **ACCELERATED ADVANCEMENT PROVISIONS**

Salaries payable to Graduate Administrative Assistants are based on the highest level of academic qualification held on the date of commencement:

|  |                     |
|--|---------------------|
| UG2 Diploma                                      | Fourth salary point |

| Second Class Honours degree                      | Eighth salary point |
| First Class Honours degree                       | Ninth salary point  |
| Higher degree                                    | Tenth salary point  |

### **SELECTION ARRANGEMENTS**

Applicants for Graduate Administrative Assistant (Aboriginal Services) positions must possess a degree or three year diploma or equivalent qualification at the date by which they would commence duty as a Graduate Administrative Assistant.

Agencies may put in place arrangements for the recruitment of Graduate Administrative Assistants (Aboriginal Services) or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia. Arrangements put in place

by agencies must be determined and notified in the *Commonwealth of Australia Gazette* under section 33A of the *Public Service Act 1922*.

If agencies choose to use centralised arrangements, the following applies.

### **RECRUITMENT SERVICES AUSTRALIA - RECRUITMENT OF GRADUATE ADMINISTRATIVE ASSISTANTS (ABORIGINAL SERVICES)**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants will be determined in the following way:

Applicants will be required to undertake the Public Sector Recruitment Test (PSRT) and answer the Public Sector Recruitment Questionnaire (PSRQ). The PSRT consists of four tests, each assessing an attribute important in public sector / administrative work. No special study is required for the PSRT. The PSRQ assesses six attributes important in clerical / administrative work in the Public Sector which are not assessed by selection tests. Questions in the PSRQ draw information about an applicant's past from a variety of areas e.g. education, work experience, leisure, community activities and interests / hobbies. No special study is required for the PSRQ.

Information provided before and while sitting the PSRT may be forwarded to the Public Service and Merit Protection Commission for monitoring and evaluation purposes. Other details about the privacy of the information given as part of the application for a Graduate Administrative Assistant position are contained in the publication 'Australian Public Sector Recruitment Applicant Handbook'.

On the basis of their performance on the PSRT and their answers to the PSRQ, applicants receive ratings on a scale of 1-10 for each of the ten attributes. Applicants will receive an overall Total Standardised Score (TSS) based on their PSRT and PSRQ results.

PSRT and PSRQ results and ratings remain valid for two years from the date of the test. Applicants will be permitted to re-sit the test at intervals of not less than two years with the exception of people with a disability who will be permitted to re-sit the PSRT and re-answer the PSRQ at intervals of not less than twelve months. The most recent PSRT and PSRQ results will be taken into account in the selection process.

Applicants will be selected for interview on the basis of academic record, performance on the PSRT, answers to the PSRQ, work related preferences and how they address selection criteria in a written statement of application.

Successful applicants will be appointed, promoted or transferred in order of merit based on the reports of departmental selection committees. In addition to the selection methods described above, departments may utilise information obtained from referee reports.

#### **Fit and proper person requirement**

Graduate Administrative Service Officer (Aboriginal Services) applicants who are not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. They may re-sit the test when eligible, (ie at intervals of not less than two years between test sittings, or 12 months for people with a disability) or answer the questionnaire after 12 months (since their last assessment), and their eligibility for appointment will be reassessed at that time.

**People with a disability**

People with a disability must meet the same selection standards as other applicants. However, special testing arrangements may be appropriate for applicants whose disability would affect their performance at a standard test session.

The Selective Placement Officer in the RSA in each State or Territory will arrange the appropriate method of testing for applicants with a disability, and their scores will be integrated with mainstream applicants.

Applicants with a disability will be permitted to re-sit the PSRT and re-answer the PSRQ at intervals of not less than twelve months. The most recent PSRT and PSRQ results will be taken into account in the selection process.

**SCHEDULE 2 TO THE NOTIFICATION OF 24 FEBRUARY 1998****APS LEVEL 1,  
TRAINEE APS (ADMINISTRATIVE)****SELECTION ARRANGEMENTS AND ELIGIBILITY REQUIREMENTS****General**

Recruitment to the base of the APS classification structure may be made either to a position having the classification of APS Level 1, or to the classification of Trainee APS (Administrative).

Agencies may put in place arrangements for the recruitment of APS Level 1 or Trainee APS (Administrative) staff, or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia.

If agencies choose to use centralised arrangements the following applies.

## **RECRUITMENT SERVICES AUSTRALIA - RECRUITMENT OF APS LEVEL 1 AND TRAINEE APS (ADMINISTRATIVE)**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants for appointment and the relative suitability of applicants for promotion or transfer as APS Level 1 (APS1) or Trainee APS (Administrative) will be determined as set out below.

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, applicants for appointment or promotion to APS1 or Trainee APS (Administrative) will be required to sit the Public Sector Recruitment Test (PSRT), answer the Public Sector Recruitment Questionnaire (PSRQ), provide information about certain skills deemed important by recruiting agencies and provide details of their work related preferences.

Officers of the Australian Public Service (APS) who are APS Level 1-6 or Executive Level 1-2 are entitled to apply by direct transfer only to APS1 or Trainee APS (Administrative) positions under the provisions of section 50 of the *Public Service Act 1922*. These officers are ineligible to sit the PSRT and answer the PSRQ for the purpose of transfer as an APS1 or Trainee APS (Administrative).

Officers who are not in APS classification structure who have a substantive classification equal to or higher than APS1 may apply by direct transfer and may also sit the PSRT and answer the PSRQ in order to be transferred as APS1 or Trainee APS (Administrative).

Information provided by applicants in support of their applications, before, and while sitting the PSRT may be forwarded to the Public Service and Merit Protection Commission for monitoring and evaluation purposes. Other details about the privacy of the information given as part of an application for a position are contained in the publication 'Australian Public Sector Recruitment Applicant Handbook'.

### **Trainee APS (Administrative) - training office**

Officers selected for a Trainee APS (Administrative) office are promoted or transferred to the training office under section 50 of the *Public Service Act 1922*. Section 53A of the Act provides that both promotions and transfers to training offices are appealable.

### **Public Sector Recruitment Test (PSRT)**

The PSRT consists of four tests, each assessing an attribute important in public sector clerical / administrative work. No special study is required for the PSRT.

The PSRT will be conducted periodically by RSA offices. The dates and arrangements for tests will be advertised in the Gazette and the press, and applicants will be invited to apply directly to RSA or through Centrelink offices in the relevant State or Territory to sit the test.

### **Public Sector Recruitment Questionnaire (PSRQ)**

The PSRQ assesses six attributes important in clerical / administrative work in the Public Sector which are not assessed by selection tests. No special study is required for the PSRQ.

## **Attribute Ratings and Total Standardised Score**

On the basis of their performance on the PSRT and their answers to the PSRQ, applicants receive ratings on a scale of 1 - 10 for each of the ten attributes. Applicants also receive an overall Total Standardised Score based on their PSRT and PSRQ results.

## **Currency of PSRT and PSRQ Results**

PSRT and PSRQ results remain valid for two years from the date of the PSRT. Applicants are eligible for consideration at any time within that two year period. Applicants who do not accept appointment when selected may re-apply during the currency of their PSRT and PSRQ results and they will be considered on the basis of their position on the order of referral at the time of re-application.

Applicants will be permitted to re-sit the PSRT at intervals of not less than two years, with the exception of people with a disability who will be permitted to re-sit the PSRT at intervals of not less than twelve months.

All applicants will be permitted to re-answer the PSRQ at intervals of not less than twelve months.

The most recent PSRT and PSRQ results will be taken into account in the selection process.

## **Eligibility for Referral**

Persons sitting the PSRT and answering the PSRQ for appointment, promotion or transfer as a Trainee APS (Administrative) or APS1 must either:

- attain a rating of at least 5 on each of the ten attributes assessed by the PSRT and the PSRQ; or
- attain a Total Standardised Score (TSS), calculated on the basis of their performance on all ten attributes, greater than or equal to 540

to be eligible for further consideration.

## **The Referral Process**

RSA will place details of applicants' PSRT/PSRQ ratings, other skills and work preferences on a data base for later matching against agency vacancy requirements.

Referral to participating agencies will then be made from those best matching the recruiting agency's position profile. Applicants for Trainee APS (Administrative) and APS1 vacancies will be referred from the same order of referral, so agencies will need to specify to RSA whether they are seeking to fill an APS1 position or Trainee APS (Administrative) position. A position profile may vary from position to position and will entail applicants to have attained a level of performance against each of the ten attributes; to possess certain skills; and to have certain work related preferences.

If the matching process between the position profile and the applicants on the order of referral identifies more than the required number for interview, then the applicant(s) with the highest TSS will be referred.

Recruiting agencies can then assess applicants against additional selection criteria. Details about the additional selection criteria are provided in the section 'Vacancies requiring additional skills' below. Exceptions to the application of additional selection

criteria may occur where an applicant has a disability, in which case the referral arrangements outlined in the section 'People with a disability' of this entry may apply.

RSAs will administer the APS1/Trainee APS (Administrative) order of referral and allocate applicants to departments that have entered into centralised arrangements. Recruitment demands for either vacancy must be placed by departments with RSA and filled by applicants referred by the RSA from the order of referral.

Where the regular program of selection tests does not provide enough suitable applicants to meet a department's needs at a particular time or in a particular region, it may be possible to make arrangements with RSAs to conduct supplementary tests.

### **Vacancies requiring additional skills**

Where a department requires additional skills to meet their particular operational requirements, other selection criteria relevant to the requirements of the job may be assessed by that department through appropriate additional selection procedures.

Where additional selection criteria have been applied, the order of referral for appointment or promotion will be determined initially by the PSRT and PSRQ results, the possession of certain skills deemed important by recruiting agency and applicant work related preferences and then by an assessment against the additional selection criteria done by the recruiting agency.

If an applicant is found to be unsuitable against additional selection criteria for three different referrals, then their name will be removed from the order of referral. They will have to wait two years from when they last sat the PSRT before they can sit the PSRT or 12 months (since they last answered the questionnaire) to answer the PSRQ and be considered again (exceptions apply to people with a disability being considered under the Selective Placement provisions - see the section entitled 'People with a disability' below).

### **Fit and proper person requirement**

The names of APS1 or Trainee APS (Administrative) applicants who are not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. A person may re-sit the test when eligible, (i.e., at intervals of not less than two years between test sittings, or 12 months for people with a disability) or answer the questionnaire (after 12 months since they last completed the questionnaire) and their eligibility for appointment will be reassessed at that time.

### **People with a disability**

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, people with a disability must meet the same selection standards as other applicants. However, special testing arrangements may be appropriate for applicants whose disability would affect their performance at a standard test session.

The Selective Placement Officer in the RSA in each State or Territory will arrange the appropriate method of testing for applicants with a disability, and their scores will be incorporated into the relevant data base.

As far as possible, applicants will be referred to departments against ordinary recruitment demands for APS1s or Trainee APS (Administrative) through matching vacancy and applicant profiles. However, a more intensive and selective approach to

placement will often be required to allow the matching of applicants to vacancies appropriate to their particular abilities and disabilities.

If a department believes that placement of an applicant referred by the Selective Placement Officer is not feasible even after reasonable adjustment, the department should provide RSA with a written report.

Because of the special nature of the selective matching process, applicants with a disability will not be removed from the order of referral if they are rated 'unsuitable' for three different referrals but will remain eligible for further referrals to potentially suitable vacancies for the period their test score remains valid (maximum two years).

### **Indigenous Recruitment**

While the new subregulation 71B(1) will continue for now to encompass the current centralised indigenous graduate recruitment and appointment process and structure, agencies will need to establish their own indigenous APS1 of Trainee APS (Administrative) recruitment programs as they move to the new classification structure under a Certified Agreement. However, they will continue to be able to access the centralised indigenous recruitment process and order of referral, administered by Recruitment Services Australia, to select people for their new programs.

## **GRADUATE APS**

### **SELECTION ARRANGEMENTS**

Agencies may put in place arrangements for the recruitment of Graduate APSs or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia.

If agencies choose to use centralised arrangements, the following applies.

### **RECRUITMENT SERVICES AUSTRALIA - RECRUITMENT OF GRADUATE APS**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants will be determined in the following way:

Applicants must also be in the top 50% of all eligible graduate applicants as measured by the Total Standardised Score to be eligible for further consideration.

Applicants will be selected for interview on the basis of academic record, performance on the PSRT, answers to the PSRQ, work related preferences and how they address selection criteria in a written statement of application.

Officers selected for Graduate APS are promoted or transferred to the training office under section 50 of the *Public Service Act 1922*.

### **Fit and proper person requirement**

Graduate APS applicants who are not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. A person may re-sit the test when eligible, (ie at intervals of not less than two years between test sittings, or 12 months for people with a disability) or answer the questionnaire (after 12 months since they last completed the questionnaire) and their eligibility for appointment will be reassessed at that time.

#### **ADMINISTRATIVE SERVICE OFFICER CLASS 1, TRAINEE ADMINISTRATIVE SERVICE OFFICER**

#### **SELECTION ARRANGEMENTS AND ELIGIBILITY REQUIREMENTS**

##### **General**

Recruitment to the base of the Administrative Service Officer structure may be made to a position having the classification of Administrative Service Officer Class 1, or to the position of Trainee Administrative Service Officer.

Agencies may put in place arrangements for the recruitment of Administrative Service Officers Class 1 or Trainee Administrative Service Officers, or may choose to use centralised recruitment arrangements provided by Recruitment Services Australia.

If agencies choose to use centralised arrangements the following applies.

#### **RECRUITMENT SERVICES AUSTRALIA - BASE GRADE RECRUITMENT**

The centralised recruitment arrangements for the APS are managed by Recruitment Services Australia (RSA), a specialist unit of the Department of Employment, Education, Training and Youth Affairs (DEETYA).

The relative suitability of applicants for appointment and the relative suitability of applicants for promotion or transfer as Administrative Service Officer Class 1 (ASO1) or Trainee Administrative Service Officer (Trainee ASO) will be determined as set out below.

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, applicants for appointment or promotion to ASO1 or Trainee ASO will be required to sit the Public Sector Recruitment Test (PSRT), answer the Public Sector Recruitment Questionnaire (PSRQ), provide information about certain skills deemed important by recruiting agencies and provide details of their work related preferences.

Officers of the Australian Public Service (APS) who are substantive ASO Class 1-6, ASO (Aboriginal Services) Class 1 or Senior Officers Grade C, B or A are entitled to

apply by direct transfer only to ASO1 or Trainee ASO positions under the provisions of section 50 of the *Public Service Act 1922*. These officers are ineligible to sit the PSRT or answer the PSRQ for the purpose of transfer as an ASO1 or Trainee ASO.

Officers who are not in the Administrative Service Officer stream who have a substantive classification equal to or higher than ASO 1 may apply by direct transfer and may also sit the PSRT and answer the PSRQ in order to be transferred as ASO1 or Trainee ASO.

Information provided by applicants in support of their applications before, and while sitting the PSRT, may be forwarded to the Public Service and Merit Protection Commission for monitoring and evaluation purposes. Other details about the privacy of the information given as part of an application for a position are contained in the publication 'Australian Public Sector Recruitment Applicant Handbook'.

### **Trainee Administrative Service Officers - training office**

Officers selected for a Trainee ASO office are promoted or transferred to the training office under section 50 of the *Public Service Act 1922*. Section 53A of the Act provides that both promotions and transfers to training offices are appealable. Promotions and transfers to the training office must be notified in the Gazette in the 'Promotions' section, with an accompanying footnote:

'Unsuccessful officer applicants who satisfy the conditions of subsection 53A(2) of the *Public Service Act 1922* may appeal against promotions of any of the officers listed above. Guidance on lodging appeals is in the preamble to the Promotions section of this *Gazette*.'

### **Public Sector Recruitment Test (PSRT)**

The PSRT consists of four tests, each assessing an attribute important in public sector clerical / administrative work. No special study is required for the PSRT.

The PSRT will be conducted periodically by RSA offices. The dates and arrangements for tests will be advertised in the *Gazette* and the press, and applicants will be invited to apply directly to RSA or through Centrelink offices in the relevant State or Territory to sit the test.

### **Public Sector Recruitment Questionnaire (PSRQ)**

The PSRQ assesses six attributes important in clerical / administrative work in the Public Sector which are not assessed by selection tests. No special study is required for the PSRQ.

### **Attribute Ratings and Total Standardised Score**

On the basis of their performance on the PSRT and their answers to the PSRQ, applicants receive ratings on a scale of 1 - 10 for each of the ten attributes. Applicants also receive an overall Total Standardised Score based on their PSRT and PSRQ results.

### **Currency of PSRT and PSRQ Results**

PSRT and PSRQ results remain valid for two years from the date of the PSRT. Applicants are eligible for consideration at any time within that two year period. Applicants who do not accept appointment when selected may re-apply during the currency of their PSRT and PSRQ results and they will be considered on the basis of their position on the order of referral at the time of re-application.

Applicants will be permitted to re-sit the PSRT at intervals of not less than two years, with the exception of people with a disability who will be permitted to re-sit the PSRT at intervals of not less than twelve months.

All applicants will be permitted to re-answer the PSRQ at intervals of not less than twelve months.

The most recent PSRT and PSRQ results will be taken into account in the selection process.

### **Eligibility for Referral**

Persons sitting the PSRT and answering the PSRQ for appointment, promotion or transfer as a Trainee ASO or ASO1 must either:

- attain a rating of at least 5 on each of the ten attributes assessed by the PSRT and the PSRQ; or
- attain a Total Standardised Score (TSS), calculated on the basis of their performance on all ten attributes, greater than or equal to 540

to be eligible for further consideration.

### **The Referral Process and the order of referral**

RSA will place details of applicants' PSRT/PSRQ ratings, other skills and work preferences on a data base for later matching against agency vacancy requirements.

Referral to participating agencies will then be made from those best matching the recruiting agency's position profile. Applicants for Trainee ASO and ASO1 vacancies will be referred from the same order of referral, so agencies will need to specify to RSA whether they are seeking to fill an ASO1 position or Trainee ASO position. A position profile may vary from position to position and will require applicants to have attained a level of performance against each of the ten attributes; to possess certain skills; and have certain work related preferences.

If the matching process between the position profile and the applicants on the order of referral identifies more than the required number for interview, then the applicant(s) with the highest TSS will be referred.

Recruiting agencies can then assess applicants against additional selection criteria. Details about the additional selection criteria are provided in the section 'Vacancies requiring additional skills' below. Exceptions to the application of additional selection criteria may occur where an applicant has a disability, in which case the referral arrangements outlined in the section 'People with a disability' of this entry may apply.

RSAs will administer the ASO1/Trainee ASO order of referral and allocate applicants to departments that have entered into centralised arrangements. Recruitment demands for either vacancy must be placed by departments with RSA and filled by applicants referred by the RSA from the order of referral.

Where the regular program of selection tests does not provide enough suitable applicants to meet a department's needs at a particular time or in a particular region, it may be possible to make arrangements with RSAs to conduct supplementary tests.

### **Vacancies requiring additional skills**

Where a department requires additional skills to meet their particular operational requirements, other selection criteria relevant to the requirements of the job may be assessed by that department through appropriate additional selection procedures.

Where additional selection criteria have been applied, the order of referral for appointment or promotion will be determined initially by the PSRT and PSRQ results, the possession of certain skills deemed important by the recruiting agency and applicant work related preferences and then by an assessment against the additional selection criteria done by the recruiting agency.

The names of applicants who are found to be unsuitable against additional selection criteria for three different referrals will be removed from the data base. They will have to wait two years from when they last sat the PSRT before they can sit the PSRT or 12 months since they last answered the questionnaire to answer the PSRQ and be considered again. Exceptions apply to people with a disability being considered under the Selective Placement provisions - see the section entitled 'People with a disability' below.

### **Fit and proper person requirement**

An ASO1 or Trainee ASO applicant who is not accepted by a department on fit and proper person grounds will be removed from consideration for appointment. Applicants may re-sit the test when eligible, (ie at intervals of not less than two years between test sittings, or 12 months for people with a disability) or answer the questionnaire (after 12 months since they last completed the questionnaire) and their eligibility for appointment will be reassessed at that time.

### **People with a disability**

Except for applicants with an intellectual disability who are recruited through the Intellectual Disability Access Program, people with a disability must meet the same selection standards as other applicants. However, special testing arrangements may be appropriate for applicants whose disability would affect their performance at a standard test session.

The Selective Placement Officer in the RSA in each State or Territory will arrange the appropriate method of testing for applicants with a disability, and their scores will be incorporated into the data base.

As far as possible, applicants will be referred to departments against ordinary recruitment demands for ASO1s or Trainee ASOs through matching vacancy and applicant profiles. However, a more intensive and selective approach to placement will often be required to allow the matching of applicants to vacancies appropriate to their particular abilities and disabilities.

If a department believes that placement of an applicant referred by the Selective Placement Officer is not feasible even after reasonable adjustment, the department should provide RSA with a written report.

Because of the special nature of the selective matching process, applicants with a disability will not be removed from the data base if they are rated unsuitable for three different referrals but will remain eligible for further referrals to potentially suitable vacancies for the period their test score remains valid (maximum two years).

FROM THE REPUBLIC OF INDONESIA**

I, Guy Mark Linscott Harrison, delegate of the Chief Executive Officer, have decided to terminate the investigation into the alleged dumping of clear float glass (CFG) exported to Australia by Pt Muliaglass from the Republic of Indonesia.

The investigation was initiated on 19 November 1997, following an application by Pilkington (Australia) Ltd in which allegations of dumping of CFG were made against Pt Muliaglass of the Republic of Indonesia.

As a result of investigations carried out by Customs, covering the period since 1 July 1995, I am satisfied that exports from Pt Muliaglass of the Republic of Indonesia have not been dumped.

I have therefore decided to terminate this investigation.
