Exported by Companhia Vidraria Santa Marina**

DECLARATION PURSUANT TO s.269ZC(1)

I, Warren Truss, Minister of State for Customs and Consumer Affairs, pursuant to s.269ZC(1) of the Customs Act 1901, do hereby declare that, with effect from the day of publication of this notice, the normal value, export price and non-injurious price as originally ascertained in the dumping notices published on 14 December 1994 are amended to the amounts set out in the attached Table.

Due to the commercial sensitivity of the information, the Table attached to this notice will not be published.

Dated this 28th day of March 1998.

ANTI-DUMPING AUTHORITY

A4 copy paper exported by Pt Pabrik Kertas Tjiwi Kimia from Indonesia

The Anti-Dumping Authority has completed its inquiry into the request by PT. Pabrik Kertas Tjiwi Kimia (Tjiwi Kimia) of Indonesia to be released from the company's undertaking relating to exports of A4 copy paper to Australia.

In its report the Authority concluded that, if the undertaking was not in effect, there would not be grounds for authorising an undertaking.

Accordingly, the Authority recommended to the Minister for Customs and Consumer Affairs that he release Tjiwi Kimia from the undertaking notice under subsection 269TG(2) of the *Customs Act 1901* and subsection 8(5) of the *Customs Tariff (Anti-Dumping Act) 1975* relating to exports of A4 copy paper by Tjiwi Kimia from Indonesia.

The Minister has decided not to accept the Authority's recommendation to release Tjiwi Kimia from its price undertaking.

Copies of the Authority's report no. 179 and the Minister's letter to the Authority outlining his reasons for his decision to reject the Authority's recommendation are available. Inquiries for copies should be addressed to the Administration Officer, Margaret McLeod, at the Authority by telephoning (02) 6213 6754, or by facsimile (02) 6213 6761 or by email mmcleod@dist.gov.au.

ANTI-DUMPING AUTHORITY

Expiry of anti-dumping duties on edible vegetable oils in retail packs up to and including 6 litres from Singapore and Malaysia

The Anti-Dumping Authority, in accordance with Section 8A of the *Anti-Dumping Authority Act 1988*, hereby notifies that dumping duties on imports of edible vegetable oils in retail packs up to and including 6 litres from Singapore and Malaysia are due to expire on 22 December 1998.

Interested parties are invited to apply to the Authority for the continuation of the anti-dumping duties within 60 days from the date of this notice. Such applications must be in writing and in an approved form. Copies of the approved form are available from Ms Margaret McLeod at the Anti-Dumping Authority, GPO Box 9839, Canberra, ACT 2601; ph (02) 6213 6754; fax (02) 6213 6761; e-mail MMCLEOD@dist.gov.au.

If an application is not received by the Authority within the period specified above, the anti-dumping duties will expire on 22 December 1998.

If an application is received and complies with the necessary requirements, the Authority must undertake an inquiry and report to the Minister within 120 days after the receipt of the application on whether the anti-dumping duties should continue for a further five years.

For an inquiry to be undertaken, an application needs to provide reasons for believing that the expiration of the anti-dumping duties would see the recurrence of dumping of imports of edible vegetable oils in retail packs up to and including 6 litres from Singapore and Malaysia and for believing that any such dumping would cause or threaten to cause material injury to the Australian industry. The reasons should be supported by evidence and not be based on mere allegations or assertions.

For further information on this matter please contact Mr Sabesh Shivasabesan at the Authority on telephone (02) 6213 6758; fax (02) 6213 6761; or e-mail SABESH@dist.gov.au.

EXPLANATORY STATEMENT

Issued by the authority of the Minister for Primary Industries and Energy

QUARANTINE ACT 1908

DETERMINATIONS UNDER SECTION 86E OF THE *QUARANTINE ACT 1908*

Determinations No. 1 of 1998

Subsection 86E (1B) of the *Quarantine Act 1908* (the Act) provides that the Minister may, by notice published in the Gazette, determine that fees of amounts set out in the notice are payable in respect of specified examinations or services carried out or provided by or under the Act, the issue by quarantine officers of specified certificates by or under the Act, the management and maintenance of animals at a quarantine station in the Cocos (Keeling) Islands and the granting of approvals by the Chief Quarantine Officer under subsection 44A(5) or 44B(1).

Subsection 86E (4) of the Act provides that section 48 (other than paragraphs (1)(a) and (b) and subsection (2)) and sections 49 and 50 of the *Acts Interpretation Act 1901* apply in relation to determinations made under section 86E. Determinations No. 1 of 1998 replace Determinations No. 4 of 1997 which were published in Gazette No S525, 12 December 1997 and provide for fees for various quarantine examinations and services and other matters within subsection 86E (1) of the Act.

Prior to the amendments outlined in these determinations, uniform fee-for-service charges for all quarantine services were applied by all import inspection programmes. The purpose of these determinations is to reduce the fee-for-service charges relevant to the Import Clearance Programme whilst maintaining the equivalent charges for all other import inspection programmes at the current rates.

Item 1(a) of the Schedule maintains the current fee payable for clearance of documentation relevant to consignments of goods of quarantine concern at \$30 per consignment.

Item 1(b) of the Schedule provides for the application of uniform fees payable for in-office inspections of goods of quarantine concern where either an electronic or manual quarantine entry has been lodged. The fee payable for in-office inspections where a manual entry has been lodged has been reduced from \$32 per quarter hour or part thereof for each officer performing the service to \$30 per quarter hour or part thereof for each officer performing the service.

Item 1(c) of the Schedule provides for a reduction in the fee payable for examination of documentation relating to a live animal or animal reproductive material from \$32 per quarter hour or part thereof for each officer performing the service to \$30 per quarter hour or part thereof for each officer performing the service.

Item 1(d) of the Schedule provides for a reduction in the fee payable for other inspections, not specified elsewhere in the Determinations, from \$72 for the first half hour or part thereof for each officer performing the service to \$68 for the first half hour or part thereof for each officer performing the service and from \$36 per quarter hour or part thereof after the first half hour to \$34 per quarter hour or part thereof after the first half hour.

Item 1(e) of the Schedule provides for a reduction in the fee payable for the provision of services by each officer whose services are required for a normal working day from \$637 per day to \$605 per day.

Item 1(f) of the Schedule provides for a reduction in the fee payable for the provision of services by each officer whose services are required for a normal working week from \$2,218 per week to \$2,107 per week.

Item 1(g) of the Schedule provides for a reduction in the fee payable for the provision of services by each officer whose services are required during normal working hours for a period of four weeks from \$8,686 per four weeks to \$8,252 per four weeks.

Item 1(h) of the Schedule provides for a reduction in the fee payable for the provision of services by each officer whose services are required during normal working hours for a year from \$100,439 per year to \$95,417 per year.

Item 3(b) of the Schedule provides for a reduction in the fee payable for examination of seed samples where analysis is performed in a laboratory from \$32 per quarter hour or part thereof for each officer performing the service to \$30 per quarter hour or part thereof for each officer performing the service.

Item 4(b) of the Schedule provides for a reduction in the fee payable for clearance of a container system unit from \$8.00 per unit to \$7.00 per unit.

Item 5 of the Schedule provides for a reduction in the fee payable for in-office supervision or packing of goods of quarantine concern for fumigation or other treatment from \$32 per quarter hour or part thereof for each officer performing the service to \$30 per quarter hour or part thereof for each officer performing the service.

Item 6(a)(iii) of the Schedule maintains the fee-for-service charges relevant to the provision of in-office or other inspections for consignments of plants at or for a government nursery at \$32 per quarter hour or part thereof for each officer performing the service.

Item 8(C) of the Schedule maintains the fee-for-service charges relevant to the provision of in-office inspections related to the management of animals at a quarantine station at \$32 per quarter hour or part thereof for each officer performing the service.

Item 8(D) of the Schedule maintains the fee-for-service charges relevant to the provision of other inspections related to the management of animals at a quarantine station at \$72 per half hour or part thereof for each officer performing the service and thereafter \$36 per quarter hour or part thereof for each officer performing the service.

Item 10 of the Schedule provides for the reduction in fee payable for providing inspection services relevant to the application for, or renewal of, registration of premises for the purposes of performing quarantine. The fee relevant to providing these services is reduced from \$72 per half hour or part thereof for each officer providing the service to \$68 for the first half hour or part thereof for each officer performing the service and thereafter \$34 per quarter hour for each officer performing the service.

Item 13 of the Schedule provides for routine examination and clearance at first ports of call in Australia. The word 'port' in the second line is to be replaced with the word 'seaport'.

Item 13(c) of the Schedule provides for a separation of the daily fee-for-service rate for inspections performed at seaports from the equivalent charges for other quarantine services. The daily rate applicable for inspections performed at seaports is specified as \$935 per day.

Item 13(d) of the Schedule provides for a separation of the weekly fee-for-service rate for inspections performed at seaports from the equivalent charges for other quarantine services. The weekly rate applicable for inspections performed at seaports is specified as \$3,250 per week.

Item 15 of the Schedule provides for the inclusion of a set of inspection fees for routine examination and clearance of aircraft at the first approved landing place in Australia which are separate to the equivalent charges for other quarantine services. Prior to this amendment, inspections performed at airports were charged for at the equivalent rate to other quarantine services.

Item 15(a) of the Schedule provides for a separation of in-office inspection fees, performed by officers at an airport, from the equivalent fee for other quarantine services. The purpose of this amendment is to maintain the fee for in-office inspections at an airport at \$32 for each quarter hour or part thereof for each officer performing the service.

Item 15 (b) of the Schedule provides for a separation of all other fee-for-service inspections, performed by officers at an airport, from the equivalent fees for other quarantine services. The purpose of this amendment is to maintain the fee at \$72 for the first half hour or part thereof, and \$36 per quarter hour or part thereof for each officer performing the service for each additional quarter hour after the initial half hour.

Item 15(c) of the Schedule provides for a separation of the daily fee-for-service rate for inspections performed at airports from the equivalent charges for other quarantine services. The amendment maintains the fee for services provided by each inspector for a normal working day at a rate of \$637 per day.

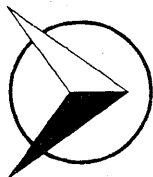

Item 15(d) of the Schedule provides for a separation of the weekly fee-for-service rate for inspections performed at airports from the equivalent charges for other quarantine services. CUSTOMS SERVICE

Initiation Of An Investigation

ALLEGED DUMPING OF CERTAIN POLYMERIC PLASTICISERS OF THE SATURATED POLYESTER ADIPATE TYPE FROM THE UNITED KINGDOM

Notice Under s. 269TC(4) of the Customs Act

I, Bill Walsh, delegate of the Chief Executive Officer of Customs, have accepted an application for the publication of a dumping duty notice in respect of Polymeric Plasticisers of the Saturated Polyester Adipate Type exported from the United Kingdom.

The application was lodged by Townsend Chemicals Pty Ltd, the sole Australian producer of like goods.

The goods covered by this notice are Diolpate 195, a medium molecular weight product, and Reoplex GL, a low molecular weight product. The tariff classification of the goods is 39.07.9990, statistical code 24.

Customs will commence its investigation on 6 April 1998, and a preliminary finding as to whether there are sufficient grounds for the publication of a dumping duty notice will be made within 85 days, i.e. by 30 June 1998.

A positive preliminary finding - that there are sufficient grounds for the publication of a dumping duty notice - may result in the imposition of securities under s. 42 of the Customs Act. Securities are intended to cover any interim dumping duty that may be payable on goods imported during the period leading up to the Minister's final decision on the matter.

A positive preliminary finding must be referred to the Anti-Dumping Authority for inquiry and report to the Minister, within 110 days, as to whether dumping duties should be imposed.

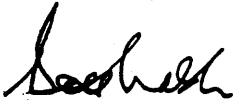

2 Initiation of An Investigation

Australian Customs Dumping Notice No 98/018 outlines the investigation procedures and it is in the interests of parties concerned to obtain a copy. Copies are available from the Publications Section, Customs House, Canberra, phone (02) 6275 5721, or from Customs Houses in each capital city.

Particulars of the reasons for the decision to initiate this investigation are detailed in a report held on the public file. The public file may be examined at Customs House, 5 Constitution Avenue, Canberra ACT. Appointments to view the public file can be made by contacting Mrs Donna Daniel, Trade Measures Office Management, phone (02) 6275 6182.
