The sections also require each carrier and carriage service provider to provide override dial codes for selecting alternative carriage service providers for calls made using a standard telephone service on a call-by-call basis.

Under the Telecommunications Act 1991 (Telecommunications (General Telecommunication Licences) Declaration No 1 of 1991) Telstra had an obligation to provide preselection to Optus. Section 4 of this Declaration reflects that continuing requirement for the specified exchanges.]

**BROADCASTING SERVICES ACT 1992
NOTICE OF APPLICATION FOR RENEWAL OF LICENCE**

In accordance with sections 46(2)(commercial licences) and 90(2)(community licences) of the *Broadcasting Services Act 1992* (the Act), the Australian Broadcasting Authority (ABA) hereby notifies that the companies listed below have lodged applications for the renewal of the following broadcasting service licences:

Commercial Radio Licensee

- Tasradio Pty Ltd
- Double T Radio Pty Ltd
- Austereo Pty Ltd
- Newcastle FM Pty Ltd

Call Sign/SL Number

7XXX/SL4217
3TTT/SL4142

2NEW/197

Community Radio Licensee

- Community Media Chy Ltd
- Progressive Broadcasting Service Co-operative Ltd

Call Sign/SL Number

2CHY/SL3045
3PBS/SL3066

The ABA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if the ABA does not decide that sub-section 41(2) (for commercial) or 83(2) (for community) of the Act applies to the company.

The ABA may decide that either section 41(2) or 83(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of:

- (a) an offence against the Act or the regulations being committed; or
- (b) a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, the ABA is required by sections 41(3) (commercial) and 83(3) (community) of the Act, to take into account:

- (a) the business record of the company; and
- (b) the company's record in situations requiring trust and candour; and
- (c) (commercial) the business record of each person who is, or would be, if a licence were allocated to the applicant, in a position to control the licence; or (community) the business record of the chief executive and each director and secretary of the applicant; and
- (d) the record in situations requiring trust and candour of each such person; and
- (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

The Act does not require the ABA to hold an investigation or a hearing into whether a licence should be renewed.

AUSTRALIA NEW ZEALAND FOOD AUTHORITY
FOOD STANDARDS

The Authority advises progress on the following matters relating to Food Standards. You are invited to present written submissions to the Authority on these matters, including the potential regulatory impact on consumers, industry and government, by the dates indicated. The information papers on these matters provide further information, including advice on the Authority's policy regarding submissions. You can get these information papers from:

The Information Officer
Australia New Zealand Food Authority
PO Box 7186
CANBERRA MAIL CENTRE ACT 2610
Tel: (02) 6271 2241 Fax: (02) 6271 2278
Email: info@anzfa.gov.au

MATTERS AT FULL ASSESSMENT The Authority has made preliminary assessments and accepted the following applications, developed the following proposal, and will now make full assessments of them:

Maximum Residue Limits (A364 and A365) Two applications received on 22 September 1998 and 9 October 1998 respectively from the National Registration Authority to amend Australian Maximum Residue Limits (MRLs) for a number of agricultural chemicals as currently prescribed in the *Australian Food Standards Code*. Submissions close 27 January 1999.

Meat, Poultry, Game and Related Products (P191) A proposal to review current Australian and New Zealand regulations in order to develop a joint Australia New Zealand standard for meat, poultry, game and related products. Submissions close 27 January 1999.

MATTERS AT INQUIRY The Authority will conduct inquiries into the draft standards prepared at full assessment of the following proposals reviewing current Australian and New Zealand regulations in order to develop joint Australia New Zealand standards:

Dried, Evaporated and Condensed Milks (P159)

Egg and Egg Products (P190)

Submissions on these proposals close 27 January 1999. With respect to proposal P190 the Authority is satisfied that it raises issues of minor significance and complexity and that to omit to invite public submissions prior to making a full assessment will not have a significant adverse effect on the interests of any person or body. The Authority has therefore decided to omit to invite public submissions prior to making a full assessment of this proposal.

FOLATE HEALTH CLAIMS The Authority has completed its second round of assessment of foods to be included in the register of foods approved to carry a folate / neural tube defect (NTD) health claim. This matter is part of the review being undertaken by the Authority of the general prohibition on health and related claims. It relates specifically to a pilot for permitted health claims which may be made concerning the relationship between adequate intakes of folate by women of child-bearing age and the reduction in the risk of NTDs in babies.

Subject to any public submissions received on the proposed list of additional foods, the Authority will shortly make a recommendation to the Australia New Zealand Food Standards Council that the foods be added to the register and be approved to carry a folate/NTD health claim.

You are invited to provide comments on the Authority's proposed list by 8 December 1998. The list is available from the Authority's Information Officer on 02-62712241; fax 02-62712278; or Email <info@anzfa.gov.au>. Given the short time for comment, the list will be mailed, faxed or Emailed immediately upon request. The list is also available on the ANZFA home page <http://www.anzfa.gov.au>

Further applications for foods to be included in the pilot will be considered for inclusion on the register and are welcome at any time. Applications are available from the Authority's Information Officer. Further queries should be directed to Mr Les Bienkiewicz on 02-62712258.

ANTI-DUMPING AUTHORITY

Continuation inquiry in respect of concrete-filled access floor panels from the Republic of South Africa

The Anti-Dumping Authority has completed its inquiry into whether dumping and countervailing duties currently applying to exports to Australia of concrete-filled access floor panels from the Republic of South Africa (South Africa) should be continued beyond their scheduled expiry date of 1 December 1998.

The Authority concluded that:

- the expiration of the dumping duties currently in place in relation to concrete-filled access floor panels exported to Australia from South Africa would lead to a recurrence of the material injury that the measures were intended to prevent; and
- future exports to Australia of concrete-filled access floor panels from South Africa will not be subsidised—the countervailable subsidy in South Africa has been discontinued by the South African government.

Accordingly, the Authority recommended that the Minister continue the dumping duties applying to exports to Australia of concrete-filled access floor panels from South Africa for a further five years beyond their scheduled expiry date of 1 December 1998.

The Authority further recommended that the Minister take no action to continue the countervailing duties applying to concrete-filled access floor panels from South Africa.

The Minister has accepted the Authority's recommendations.

Requests for copies of the Authority's report no. 192 should be addressed to the Information Officer, Ms Margaret McLeod, at the Authority on telephone (02) 6213 6754 or email MMCLEOD@isr.gov.au

Withdrawal of Draft Amendments 15 and 18 of the National Capital Plan

In accordance with Section 6 of the *Australian Capital Territory (Planning and Land Management) Act 1988* this is to notify that Draft Amendments 15 and 18 of the National Capital Plan are to be withdrawn.

Draft Amendment 15 - Section 9 Barton - proposed amendment of the land use policy for Blocks 12 and 13 Section 9, Barton by deleting the current commercial, open space and car parking land use policies and replacing them with an office and car park related land use policy. One of its objectives was to allow development of a combined Commonwealth office and structured car park complex on land owned by the Commonwealth. The Parliamentary Standing Committee on Public Works inquired into the proposal and recommended against the project proceeding. The Committee was concerned about car parking and traffic flow in Barton and the impact on Civic and other employment locations of increased office space being developed or redeveloped in Barton/Parkes. Any future amendments to the National Capital Plan for this area will address these matters.

Draft Amendment 18 - Telecommunications Plan - provided a framework for the assessment of proposals for the construction of telecommunications facilities in the ACT (excluding Jervis Bay). It was originally certified under Sections 16 and 17 of the *Act* on 18 January 1996 and re-certified twice thereafter. Certification brought into effect the provisions of the Telecommunications Plan while national telecommunications legislation was further developed. The coming into force of a new National Code of Practice under the *Telecommunications Act 1997*, meant that Draft Amendment 18 required considerable change. It has been replaced by Draft Amendment 21 - *Policies for Telecommunications Facilities*, which has been certified pending further public consultation which is scheduled to commence in early 1999.

Queries concerning the withdrawal of Draft Amendments 15 and 18 should be directed to:

Dear (*insert elector/name*)

Apparent Failure to Vote – Final Notice

I wrote to you on (*insert date*) concerning your apparent failure to vote at the (*insert electoral event and date*).

To date I have not received a response.

To resolve this matter, please complete the form on the back of this notice. Please note that if you are absent or incapacitated someone else can complete the form on your behalf.

If you **did vote**, please provide details on the form so that the voting records can be rechecked, and corrected if necessary. If you **did not vote** but believe that you have a valid and sufficient reason for not voting, please provide that reason.

If you **did not vote** and wish to finalise the matter, please pay the penalty of \$20 to the Australian Electoral Commission. This payment will fully discharge your liability.

As advised in my previous letter, under provisions of the *Commonwealth Electoral Act 1918* it is an offence to fail to vote at an election without a valid or sufficient reason. The penalty for failing to vote is \$20 if paid to the Australian Electoral Commission or a maximum of \$50 (plus any court costs) if the matter is dealt with by a court.

If you do not reply to this notice by (*insert date*) the matter will be referred to a court.
