## EMPLOYMENT OPPORTUNITIES

**The Parliamentary Service offers a wide  
range  
of interesting work in a unique  
environment...**

The five parliamentary departments now form a separate Parliamentary Service, created by the Parliamentary Service Act 1999.

Parliamentary Service conditions are generally the same as the APS conditions, especially in relation to employment matters. Mobility arrangements between the APS and the Parliamentary Service enable ongoing employees of both services to seek employment in the other service without loss of accrued entitlements.

The departments are

- Department of the Senate
- Department of the House of Representatives
- Department of the Parliamentary Library
- Joint House Department
- Department of the Parliamentary Reporting Staff

**See the contents list of the Public Service Gazette for the location of

EXPLANATORY MEMORANDUM

Minute No. 10 of 2000 - Minister for Agriculture, Fisheries and Forestry

**Subject -** *Ballast Water Research and Development Funding Levy Collection Act 1998*  
*Proclamation.*

Section 14 of the *Ballast Water Research and Development Funding Levy Collection Act 1998* (the Act) empowers the Governor-General to proclaim that the Act ceases to have effect on a date to be fixed.

The purpose of the Act is to provide the framework for the collection of a levy on shipping. This levy is used to fund the Strategic Ballast Water Research and Development Program. Prior to the commencement of the Act, it was agreed with industry that the Commonwealth should collect \$2 million under this Act, with a 10 per cent variance to allow for collection fluctuations, over a two year timeframe. It was estimated that \$1 million would be collected per year. Once the \$2 million had been raised, the levy would no longer be collected.

The Act commenced on 1 July 1998, and in accordance with the agreement made with industry, it is proposed that the collection of this levy will cease on 30 June 2000.

The purpose of the proposed Proclamation is to fix the end of 30 June 2000 as the time and day when the Act ceases to have effect.

The Minute recommends that the Proclamation be made in the form proposed.

The ABA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if the ABA does not decide that sub-section 41(2) (for commercial) or 83(2) (for community) of the Act applies to the company.

The ABA may decide that either section 41(2) or 83(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of:

- (a) an offence against the Act or the regulations being committed; or
- (b) a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, the ABA is required by sections 41(3) (commercial) and 83(3) (community) of the Act, to take into account:

- (a) the business record of the company; and
- (b) the company's record in situations requiring trust and candour; and
- (c) (commercial) the business record of each person who is, or would be, if a licence were allocated to the applicant, in a position to control the licence; or (community) the business record of the chief executive and each director and secretary of the applicant; and
- (d) the record in situations requiring trust and candour of each such person; and
- (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

The Act does not require the ABA to hold an investigation or a hearing into whether a licence should be renewed.
