COMMONWEALTH OF AUSTRALIA

*Safety, Rehabilitation and Compensation Act 1988*

### NOTICE UNDER SUBSECTION 16 (6)

Notice No 3 of 2000

I, PETER KEASTON REITH, Minister for Employment, Workplace Relations and Small Business, under paragraph 16 (6) (c) of the *Safety, Rehabilitation and Compensation Act 1988* (the Act), specify that the rate per kilometre to apply for the purposes of subsection 16(6) of the Act is 34 cents.

This rate will come into effect on and from the date of publication of this Notice in the *Commonwealth of Australia Gazette*.

PETER REITH

Minister for Employment, Workplace Relations and Small Business

Dated 25 October 2000.

## EXPLANATORY STATEMENT

Issued by the authority of the  
Minister for Employment, Workplace Relations and Small Business

*Safety, Rehabilitation and Compensation Act 1988*

### Rate per kilometre payable under sub-section 16(6)

Notice No 3 of 2000

The *Safety Rehabilitation and Compensation Act 1988* (the SRC Act) provides for compensation and rehabilitation for employees who are injured in the course of their employment.

Sub-section 16(6) of the SRC Act provides that Comcare is liable to compensate employees who use their own motor vehicle when travelling more than 50 kilometres to obtain medical treatment for their compensable injuries.

Paragraph 16(6)(c) of the SRC Act enables the Minister to specify, by notice, the rate per kilometre payable to these employees.

The rate prior to the gazettal of Notice No 3 was 30 cents per kilometre. That rate was reviewed to take into account the increased cost of running a motor vehicle, using variations in relevant Consumer Price Index (CPI) components namely 'automotive fuel'; 'motor vehicle repair and servicing'; and 'motor vehicle parts and accessories', based on a weighted average of 8 capital cities.

The purpose of the notice to which this Explanatory Statement relates is to specify a new rate of 34 cents per kilometre for the purposes of sub-section 16(6) of the SRC Act. This rate is calculated by applying the relevant components of the CPI to the rate of 30 cents per kilometre specified in 1995.

This rate will come into effect on and from the date of publication of this Notice in the *Commonwealth of Australia Gazette*.

By virtue of section 121 of the SRC Act, the Notice is a disallowable instrument for the purposes of section 46A of the *Acts Interpretation Act 1901*.

### Notice of Exemption under the *Environment Protection and Biodiversity Conservation Act 1999*

I, **Robert Murray Hill**, under ss158(3) of the *Environment Protection and Biodiversity Conservation Act 1999*, in the national interest exempt from all the provisions of Part 3 of the *Environment Protection and Biodiversity Conservation Act 1999* the South Australian Minister for Primary Industries and Resources, and those acting on behalf of the Minister, in carrying out the South Australian Government Spring/Summer 2000-2001 Australian plague locust control program.

**Minister for the Environment and Heritage**

Dated this 21 day of October 2000

**Statement of Reasons**

The primary aim of the South Australian Government's Australian plague locust control program is to protect the State's cereal and grape crops from the threat of destruction by the Australian plague locust. The threat of losses to the State's agricultural and pastoral industry from the plague locust during this spring/summer period is significant in both economic and social terms. Actions taken under the Program contain measures to protect the environment through the use of appropriate non-sprayed buffer zones around areas of environmental sensitivity, including endangered species locations and areas of national environmental significance known to occur within the planned areas of operation.
