The ABA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if the ABA does not decide that sub-section 41(2)(commercial) or 83(2)(community) of the Act applies to the company.

The ABA may decide that either section 41(2)(commercial) or 83(2)(community) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of:

- (a) an offence against the Act or the regulations being committed; or
- (b) a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, the ABA is required by sections 41(3)(commercial) and 83(3)(community) of the Act, to take into account:

- (a) the business record of the company; and
- (b) the company's record in situations requiring trust and candour; and
- (c) (commercial) the business record of each person who is, or would be, if a licence were allocated to the applicant, in a position to control the licence; or (community) the business record of the chief executive and each director and secretary of the applicant; and
- (d) the record in situations requiring trust and candour of each such person; and
- (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

The Act does not require the ABA to hold an investigation or a hearing into whether a licence should be renewed.

#### TRADE PRACTICES ACT 1974

Consumer Protection Notice No. 1 of 2001

#### UNSAFE GOODS NOTICE

I, JOSEPH BENEDICT HOCKEY, Minister for Financial Services and Regulation, pursuant to sub-section 65C(5) of the *Trade Practices Act 1974* hereby declare that goods of the kind specified below are unsafe goods, in that it appears to me the goods will or may cause injury to a person.

#### Particulars of goods:

- Candles with wicks wherein the wicks contain greater than 0.06% lead by weight; and
- Candle wicks containing greater than 0.06% lead by weight.

**COMMONWEALTH OF AUSTRALIA****TRADE PRACTICES ACT 1974**

Consumer Protection Notice No. 2 of 2001

**INVITATION TO REQUEST THE AUSTRALIAN COMPETITION AND  
CONSUMER COMMISSION TO HOLD A CONFERENCE IN RELATION TO THE  
DECLARATION OF UNSAFE GOODS**

I, JOSEPH BENEDICT HOCKEY, Minister for Financial Services and Regulation, pursuant to section 65M(1) of the *Trade Practices Act 1974*, INVITE any person who has supplied or proposes to supply goods of the kind specified below to notify the Australian Competition and Consumer Commission (ACCC) in writing at the address shown below within a period of ten (10) days commencing on the day this notice is published in the Gazette or within such a longer period as the ACCC allows, whether that person wishes the ACCC to hold a conference in relation to the publication of a notice under section 65C(5) of the *Trade Practices Act 1974*.

**Particulars of goods:**

- Candles with wicks wherein the wicks contain greater than 0.06% lead by weight; and
- Candle wicks containing greater than 0.06% lead by weight.

**Summary of reasons:**

Lead is an extremely toxic substance; young children and unborn babies are particularly at risk. Studies undertaken in both Australia and the United States have shown that the burning of candles in confined spaces, such as a household environment, can result in elevated blood lead levels, especially for children and pregnant women, and create a health hazard.

Following intensive research and testing, the United States Consumer Product Safety Commission on 14 February 2001 notified their intention to ban candlewicks with greater than 0.06% lead content.
