### AUSTRALIAN COMMUNICATIONS AUTHORITY

#### DECLARATION OF PROHIBITED CUSTOMER EQUIPMENT MOBILE PHONE BOOSTER AMPLIFIERS FOR GLOBAL SYSTEM FOR MOBILES ("GSM") AND CODE DIVISION MULTIPLE ACCESS ("CDMA") MOBILE TELECOMMUNICATIONS SERVICES

The Australian Communications Authority ("the Authority") declares that the operation or supply, or possession for the purpose of operation or supply, of mobile phone booster amplifiers designed to operate in the frequency bands used by GSM and CDMA services and that do not comply with the applicable standards made under Section 376 of the *Telecommunications Act 1997* ("the Act") is prohibited.

This declaration does not apply to possession of mobile phone booster amplifiers:

- that are imported into or manufactured within Australia for the purpose of verifying whether the item complies with applicable standards made under section 376 of the Act; and
- that are manufactured or imported solely to be exported.

The Authority makes this declaration under section 450 of the Act.

Dated *9th May* 2001

*R. Horton*  
Deputy Chair

Australian Communications Authority

### REASONS FOR DECLARATION

The declaration will prohibit the operation or supply, or possession for the purpose of operation or supply, of non compliant examples of the device commonly known as a mobile phone booster amplifier. The prohibition will not apply to mobile phone booster amplifiers that are imported into Australia for the purpose of verifying whether the device complies with applicable standards made under section 376 of the Act or boosters manufactured or imported solely for export.

The Authority has made this decision after seeking public comment about the matter as required under section 451 of the Act.

The Authority has decided to make this declaration for the following reasons:

- whilst there is scope for the use of compliant devices which boost the signals of both GSM and CDMA mobile telecommunications services, non-compliant mobile phone booster amplifiers would be likely to substantially interfere with, or disrupt or disturb, public mobile telephone services and have serious adverse consequences for public mobile telephone users by:
  - having an adverse effect on the integrity of the mobile telecommunications network;
  - jeopardising the quality and coverage of legitimate carrier services;
  - impeding access to emergency services; and
  - causing inconvenience to, or loss of business for, mobile telephone users.
- the operation of these devices is also a breach of licensing conditions for devices operating in the GSM and CDMA bands under the *Radiocommunications Act 1992* (the *Radiocommunications Act*). These devices could not be licensed under normal circumstances. Operation, or possession for the purpose of operation, of a radiocommunications device without an appropriate licence is an offence under sections 46 and 47 of the *Radiocommunications Act*;
- use of a non-compliant and unlicensed mobile phone booster amplifier may be an offence under section 194 of the *Radiocommunications Act* (interference likely to endanger safety or cause loss or damage) and section 197 of the *Radiocommunications Act* (knowingly or recklessly doing a thing likely to interfere substantially with radiocommunications); and
- it is unfair to consumers to allow the sale of mobile telephone booster devices when their operation is not permitted under any circumstances. It is equitable, efficient and effective to focus regulatory attention on the sellers and suppliers of mobile telephone booster devices, while continuing to target individual users if the need arises.

## CALL FOR PUBLIC COMMENT

### Draft Recovery Plan for Southern Right Whales

The southern right whale (*Eubalaena australis*) is a listed threatened species under the *Environment Protection and Biodiversity Conservation Act 1999*. The Act requires the preparation and implementation of a recovery plan that describes the research and management actions necessary to stop the decline of, and support the recovery of, the listed threatened species so that its chances of long-term survival in nature are maximised.

A *Draft Recovery Plan for southern right whales in Australian Waters* has been prepared by Dr S Burnell and Environment Australia, in consultation with State and Territory Government representatives with relevant expertise, and is now available for public comment.

The release of this draft plan marks the beginning of a three month public comment period closing on **24 August 2001**. A revised plan will be prepared and sent to the Minister for Environment and Heritage for his approval following this date, together with a report on the comments received and how they were considered in revising the plan.

An electronic copy of the draft recovery plan may be viewed on the internet at:

### **NOTICE OF PROPOSED DATA MATCHING PROGRAM**

From 2 July 2001 Centrelink intends to match debtor records with data from the Australian Taxation Office's (ATO) Taxpayer Records System.

The matching program will enable Centrelink to identify debtors who may be eligible for a taxation refund. Centrelink could then require the ATO to pay some or all of a person's taxation refund directly to Centrelink, in order to satisfy or partially satisfy a debt owed by that person to Centrelink. This debt recovery action is known as "garnishee action" and falls under the relevant debt recovery provisions of the Social Security Act 1991, A New Tax System (Family Assistance) Act 1999, or the Student Assistance Act 1973.

There will be up to 100,000 Centrelink records which will be matched against ATO Taxpayer records.

A document describing this program has been developed in consultation with the Office of the Privacy Commissioner. Copies of the document are available from:

### Department of Health and Aged Care

#### MRI ADDITIONAL UNITS ELIGIBILITY SCHEME

##### 1. Background

- 1.1 The Commonwealth Government seeks to make Medicare benefits available under the *Health Insurance Act 1973* ("Health Insurance Act") in respect of services (the "MRI Services") to be provided by additional MRI units ("additional MRI units") in areas identified as under-served ("Areas of Need").
- 1.2 Additional MRI units will be units registered under this MRI Additional Units Eligibility Scheme ("this Eligibility Scheme") following a competitive tender process.
- 1.3 Additional MRI units will be eligible equipment for the purposes of the *Health Insurance (Diagnostic Imaging Services Table) Regulations 2000* as amended.

##### 2. Process Prior to Registration

- 2.1 The Department of Health and Aged Care ("Health") will issue one or more Requests for Tenders ("RFT"), which will set out in detail the tender process for those seeking registration of one or more additional MRI units under this Eligibility Scheme.
- 2.2 Persons/organisations seeking to provide MRI Services will be invited to respond to an RFT within specified timeframes.
- 2.3 The tenders received in response to an RFT will be evaluated by a Health-appointed panel according to mandatory and weighted criteria and the other matters or processes specified in the RFT.
- 2.4 Having regard to the evaluation, Health may negotiate with all or any of the tenderers who have satisfied the mandatory criteria and weighted criteria, the object of such negotiation with a tenderer being to reach agreement with the tenderer on the terms and conditions of an undertaking for the purposes of this Eligibility Scheme in respect of the tenderer's proposed additional MRI unit or units.
- 2.5 Health may invite each of one or more of the tenderers with whom it has reached such an agreement to provide Health, in a specified timeframe, with a written undertaking (an "Undertaking") that, upon registration under this Eligibility Scheme, the tenderer will provide MRI services, by means of the additional MRI unit or any substituted unit registered under this Eligibility Scheme, in accordance with the terms and conditions agreed with Health. The Undertaking will also provide that Health or its nominee will have access to premises and documents in order to monitor compliance with the Undertaking.

**Department of Health and Aged Care -  
MRI ADDITIONAL UNITS ELIGIBILITY SCHEME**

**3. Areas of Need for Initial RFT Process**

**3.1 The Areas of Need (not listed in any order of priority) for the initial RFT process are:**

- (a) South-Western Sydney, NSW, which means the statistical subdivisions of Fairfield-Liverpool and Outer South Western Sydney;
- (b) Nepean area, NSW, which means the statistical subdivision of Blacktown-Baulkham Hills and the Statistical Local Area (SLA) of Hawkesbury;
- (c) Dubbo/Orange/Bathurst, NSW, which means the statistical division of North Western NSW and Central West NSW;
- (d) Mornington Peninsula, outer eastern suburban Melbourne and the Gippsland region, which means the Vic statistical division of Gippsland and the following Vic statistical subdivisions: Mornington Peninsula Shire (SLAs Mornington Peninsula East, Mornington Peninsula South, Mornington Peninsula West) Frankston City (SLAs Frankston East, Frankston West) Greater Dandenong City (SLAs Dandenong, Dandenong-Balance) South Eastern Outer Melbourne (SLAs Cardinia-North, Cardinia-Pakenham, Cardinia-South, Casey-Berwick, Casey-Cranbourne, Casey-Hallam, Casey-South);
- (e) North of Brisbane to Gladstone, Queensland, which means the QLD statistical division of Wide Bay/Burnett; the QLD statistical subdivision of Sunshine Coast, and the following Queensland SLAs of the statistical division of Moreton: Caboolture, Caloundra-Hinterland, Caloundra-Rail Corridor, Esk, Kilcoy, Maroochy, and Noosa;
- (f) Gold Coast, Queensland, which means the QLD statistical subdivision of Gold Coast City Part A and the QLD statistical subdivision of Gold Coast City Part B, and the following Queensland SLAs of the statistical division of Moreton: Beaudesert Part B, Boonah, Gatton, Ipswich-South West, Ipswich-West, Laidley and the NSW statistical division of Richmond-Tweed.

**3.2 In any subsequent RFT process after the initial RFT process, Health will identify in the RFT the Areas of Need for additional MRI units.**

**4. Mandatory Criteria in RFT Process**

**4.1 In assessing tenders, Health will reject any that do not meet the following criteria:**

- (a) substantive compliance with the requirements and intent of the RFT;
- (b) location within an Area of Need (see clause 3 above);
- (c) compliance with the Medicare benefits legislative arrangements, including that the MRI services are:
  - (i) to be provided following a written request by a specialist or consultant physician who identified the clinical indications for the service;

**Department of Health and Aged Care -  
MRI ADDITIONAL UNITS ELIGIBILITY SCHEME**

---

- (ii) to be provided within a comprehensive imaging practice; and
- (iii) to be provided under the professional supervision of an eligible provider;
- (d) the MRI unit to be delivered and fully operational within 18 months of the date of registration under this Eligibility Scheme;
- (e) the MRI unit is to have a minimum size of 0.5 tesla;
- (f) corporate capability and integrity;
- (g) financial capacity;
- (h) changes to corporate structure ownership and support;
- (i) for newly formed organisations, additional assurances and information on the entities in the organisation.

**5. Weighted Criteria**

- 5.1 In assessing tenders that comply with the mandatory criteria in clause 4.1, Health will apply the following criteria which are weighted and listed in order of importance:
- (a) comparative advantage in terms of patient access within an Area of Need;
  - (b) patient affordability. The tenderer's policy on patient charging for Medicare-eligible MRI services: the tenderer is required to provide information on its proposed charging policy for MRI services. The tender that provides the greatest patient affordability within an Area of Need is preferred in this criterion. This should be expressed as the average patient payment per service expressed as fee charged less the relevant MRI Medicare rebate.
  - (c) location in or collocation/proximity with a Tertiary Referral Centre/Hospital if there is a Tertiary Referral Centre/Hospital in the Area of Need. Collocation or proximity means where the location allows safe, appropriate and convenient transport of patients between the Tertiary Referral Centre/Hospital and the MRI unit. Tertiary Referral Centre/Hospital means a centre/hospital that provides a comprehensive specialist diagnostic and treatment service, and advanced training;
  - (d) location of relevant specialist referral base relative to the proposed location of the MRI; and
  - (e) hours of operation – emergency services or after hours availability.

**6. Registration**

- 6.1 If a preferred/successful tenderer is invited to provide an Undertaking to Health and does so within the timeframe specified by Health, Health will as soon as practicable inform that tenderer (from this stage, called the "Unit Provider") by letter that the Unit Provider's

Department of Health and Aged Care -  
MRI ADDITIONAL UNITS ELIGIBILITY SCHEME

tendered MRI unit is registered under this Eligibility Scheme from the date stated in the letter. The letter will also state:

- (a) details of the relevant MRI unit registered under this Eligibility Scheme;
- (b) the name, address and relevant identification numbers of the Unit Provider (such as ACN, ABN);
- (c) the Area of Need to be serviced;
- (d) that registration under this Eligibility Scheme is conditional on the Unit Provider:
  - (i) not breaching the Undertaking; and
  - (ii) providing all reasonable assistance to Health or its nominee to facilitate monitoring of compliance with the Undertaking; and
- (e) any other requirement Health considers necessary.

6.2 Health will provide a copy of the letter referred to in 6.1 and the Undertaking to the Health Insurance Commission and to any person who requests one. Copies may be made available on Health's website.

6.3 Upon application by a Unit Provider, an MRI unit may be registered in substitution for its registered unit if Health is satisfied and agrees in writing that:

- (a) the substituted unit is of at least the same capacity and quality as the registered unit; and
- (b) the Undertaking otherwise is complied with.

7. Revocation of Registration

7.1 If a Unit Provider does not comply with its Undertaking, Health may revoke the registration of the Unit Provider's MRI unit, but will not do so until after it has given reasonable notice in writing to the Unit Provider of Health's intention and considered written comments, if any, of the Unit Provider provided to Health on or before a date specified in the notice.

7.2 Without limiting clause 7.1, Health may revoke the Unit Provider's registration under this Eligibility Scheme if a registered MRI unit (other than a replacement MRI unit referred to in 6.3) is not fully operational within 18 months of its registration under this Eligibility Scheme.

7.3 If the registration of the MRI unit is to be revoked, Health will give written notice to the Provider that the revocation will take effect on a date specified in the notice (not earlier than 14 days from the date of Health's notice) and on that date the MRI unit will no longer be registered under this Eligibility Scheme from that date.

7.4 Health will revoke the Unit Provider's registration if asked to do so by the Provider and without compliance with clause 7.3.

MRI ADDITIONAL UNITS ELIGIBILITY SCHEME

---

8. **Amendment of Undertaking**

- 8.1 Health may, in its sole discretion and by written notice given to the Unit Provider, agree that a Unit Provider's Undertaking be amended as requested by the Unit Provider with the amendment to be effective from a date specified in the notice.

<b>ADDRESS :</b>	Catholic Social Services 13 Rua Santa Clara Macau, People's Republic of China

The Reverend Lancelot Michael Rodrigues has given outstanding service to humanity for more than 50 years, as well as providing an exceptional service to Australia for some 25 years.

The Reverend Rodrigues' service commenced in 1949 as Chaplain, assisting and caring for the needs of Portuguese refugees from Shanghai and their resettlement to the United States of America and to Brazil. He continues to actively demonstrate his commitment and devotion to serving humanity in his present role as Director of the Catholic Social Services in Macau. In this position he has been responsible for setting up special education programmes for children and giving support in emergency situations, such as floods and earthquakes, in mainland China. Under his guidance and supervision, the Catholic Social Services also assists in a significant number of long-term projects throughout China to benefit community development, particularly special education programmes for children in a number of Chinese provinces.

The Reverend Rodrigues has also given outstanding service to Australia for some 25 years, acting as a de facto Australian consulate by assisting Australians in need and the Consulate General in Hong Kong in its dealings in Macau. The Australian government's ability to contact senior Macau government officials, dignitaries and social leaders was frequently facilitated by him.
