This Gazette is published by the Office of Legislative Drafting (OLD) on behalf of the Commonwealth of Australia.

OLD has experience over more than half a century as the specialist professional drafter of Commonwealth subordinate legislation.

OLD strives to maintain and enhance its reputation as a centre of drafting excellence. We produce legislative and administrative instruments of the highest standard through the innovative use of plain English, current technology and rigorous quality assurance procedures.

OLD has a working relationship with the Commonwealth's drafter of primary legislation, the Office of Parliamentary Counsel. OLD is a member of the Parliamentary Counsel's Committee of Australia and participates in relevant international forums.

OLD's responsibilities

- drafting
- advising about drafting; preparing and formally notifying instruments; interpreting instruments created under a statutory power
- publishing the Government Notices Gazette
- providing ready public access to the law through SCALEplus (scaleplus.law.gov.au) and the Legislative Instruments Database (rli.law.gov.au)
- ensuring that Commonwealth legislation and explanatory material is available in easily accessible form, as it is made, and in consolidated form, as it is amended

Value-added services

We arrange the gazettal and tabling in Parliament of

instruments in the Statutory Rules series, and can arrange gazettal and tabling of other instruments.

We consolidate into a principal legislative instrument any amendments made to an instrument, making copies available in hard and electronic format. On request, we can do the same for other instruments.

We publish legislative instruments drafted by OLD (including amendments and consolidations) on the Internet on SCALEplus and on the Legislative Instruments Database. On request, we can arrange the publication of other instruments in those media, assisting you to meet the Government's policy of providing ready public access to the law.

AUSTRALIAN COMMUNICATIONS AUTHORITY

Telecommunications (Consumer Protection and Service Standards) Act 1999

Universal Service Assessment 2002-2003

The AUSTRALIAN COMMUNICATIONS AUTHORITY makes this assessment under section 20N and subsection 20U(1) of the *Telecommunications (Consumer Protection and Service Standards) Act 1999* ('the Act').

Dated **23rd** September 2003.

Australian Communications Authority

PURPOSE

Under section 20N of the Act the ACA must make a written assessment, in respect of each person who submits a claim for levy credit for a claim period in accordance with section 20J, of the person's levy credit for that period. The assessment must set out:

- (a) if the person is a universal service provider for the claim period—the universal service subsidy to which the person is entitled for that period; and
- (b) if the person is a digital data service provider for the claim period—the person's digital data cost for that period.

Under section 20U of the Act, the Australian Communications Authority must make a written assessment for each claim period, setting out, in relation to each participating person, universal service provider and digital data service provider in relation to that claim period¹:

- (a) For each participating person for the last eligible revenue period that ended before the start of the claim period, the assessment must set out:
- (i) the person's levy debit under section 20R for the claim period; and
 - (ii) the person's levy debit balance (if any) under section 20S for the claim period; and
 - (iii) if the person has a levy debit balance—the levy payable by the person on that balance.
- (b) For each universal service provider for the claim period, the assessment must set out:
- (i) the universal service subsidy to which the ACA assesses the provider is entitled for the claim period; and
 - (ii) the provider's levy credit balance (if any) under section 20T for the claim period; and
 - (iii) if the provider has a levy credit balance—the amount payable to the provider under section 21C for the claim period.
- (c) For each digital data service provider for the claim period, the assessment must set out:
- (i) the provider's digital data cost for the claim period; and
 - (ii) the provider's levy credit balance (if any) under section 20T for the claim period; and
 - (iii) if the provider has a levy credit balance—the amount payable to the provider under section 21C for the claim period.

The Levy Debit Formula Modification Determination (No. 1) 2002 dated 12 February 2002 made by the Minister pursuant to subsection 20R(3) of the Act modified the formula in subsection 20R(2) of the Act, for calculating participating persons' levy debits, as follows:

- (1) The *levy debit* for a participating person who is in receivership or liquidation or for any reason ceases to exist before the *decision date*, is worked out using the formula:

Levy contribution factor x Total levy credits

where:

decision date means the end of the claim period (that is, 30 June 2003), or a later date decided by the Australian Communications Authority, but not after the Australian Communications Authority has issued its levy assessment under section 20U of the Act.

¹ This assessment must be published in the Gazette: see *Telecommunications (Consumer Protection and Service Standards) Act 1999*, s 20V

levy contribution factor means the person's levy contribution factor for that eligible revenue period worked out under section 20H.

total levy credits means the total of all the levy credits to which persons are entitled for that claim period.

- (2) The **levy debit** for any other participating person is worked out using the formula:

$$\frac{\text{Levy contribution factor}}{\text{Adjustment factor}} \times (\text{Total levy credits} + \text{Previous levy deficit})$$

where:

adjustment factor means the sum of the levy contribution factors for that eligible revenue period worked out under section 20H for all participating persons covered by this subsection.

levy contribution factor means the person's levy contribution factor for that eligible revenue period worked out under section 20H.

previous levy deficit means the total of any shortfall between levy debits and levy credits for the 2001-2002 claim period and all subsequent claim periods.

total levy credits means the total of all the levy credits to which persons are entitled for the claim period.

ASSESSMENT OF LEVY DEBITS

- (a) The decision date for the purpose of subsection 20R(2) of the Act is 30 June 2003.
- (b) A.C.N. 001 976 272 Pty Limited (formerly Snowynet Pty Ltd) was in liquidation before the decision date.
- (c) A.C.N. 080 713 462 Pty Limited (formerly New Tel Networks Pty Ltd) was in liquidation before the decision date.

Declaration

*Section 196W
Veterans' Entitlements Act 1986*

**Re: Statement of Principles No. 67 of 2001
In Respect of Chronic Lymphoid Leukaemia
Matter No. 2002/3
Requests for Review Declaration No. 9**

1. In relation to the Repatriation Medical Authority (the RMA) Statement of Principles No. 67 of 2001 in respect of chronic lymphoid leukaemia and death from chronic lymphoid leukaemia, made under subsection 196B(2) of the *Veterans' Entitlements Act 1986* (the VEA), the Specialist Medical Review Council (the Council) declares under subsection 196W(4) of the VEA, that it is of the view that there is sound medical-scientific evidence on which the RMA could have relied to amend Statement of Principles No. 67 of 2001 by including as a factor exposure to extremely low frequency electro-magnetic radiation at an exposure level, duration of exposure and period of time from exposure to onset of disease to be ascertained by the RMA.

2. The Council accordingly directs the RMA to:

- (a) amend Statement of Principles No. 67 of 2001 by including as a factor exposure to extremely low frequency electro-magnetic radiation at an exposure level, duration of exposure and period of time from exposure to onset of disease to be ascertained by the RMA; and
- (b) conduct a new investigation to ascertain if there is new information available about:
 - (i) how chronic lymphoid leukaemia may be contracted, or death from chronic lymphoid leukaemia occur; and

- (ii) the extent to which chronic lymphoid leukaemia or death from chronic lymphoid leukaemia may be war-caused;

and in particular, to find out whether there is sound medical-scientific evidence to justify the inclusion in Statement of Principles No. 67 of 2001 as a factor or factors exposure to:

- (A) radio frequency radiation;
 - (B) smoking tobacco cigarettes or pipe-smoking or exposure to environmental tobacco smoke; and
 - (C) benzene.
- (c) take into account in that investigation the sound medical-scientific evidence previously considered by the RMA, the articles identified in Appendices E-H of Council's Reasons for Decisions (Re: Statements of Principles Nos. 67 and 68 of 2001 in respect of Chronic Lymphoid Leukaemia) as being of potential relevance (but not before the RMA at the relevant times) together with any new body of sound medical-scientific evidence disclosed by the investigation.

Specialist Medical Review Council

Declaration

*Section 196W
Veterans' Entitlements Act 1986*

**Re: Statement of Principles No. 68 of 2001
In Respect of Chronic Lymphoid Leukaemia
Matter No. 2002/3
Requests for Review Declaration No. 10**

1. In relation to the RMA Statement of Principles No. 68 of 2001 in respect of chronic lymphoid leukaemia and death from chronic lymphoid leukaemia, made under subsection 196B(3) of the VEA, the Council declares under subsection 196W(5) of the VEA, that it is of the view that the sound medical-scientific evidence available to the RMA at the time it determined, amended or last amended the Statement of Principles was insufficient to justify an amendment of Statement of Principles No. 68 of 2001 by including as a factor or factors exposure to:

- (a) Radiation;
 - (i) Extremely low frequency radiation;
 - (ii) Radio frequency radiation;
 - (iii) Ionizing radiation; and
 - (iv) DC Batteries;

- (b) Smoking tobacco cigarettes or pipe-smoking or exposure to environmental tobacco smoke;
- (c) Asbestos;
- (d) Benzene;
- (e) Petroleum Additives;
- (f) Chromosomal Aberration;
- (g) Viral and Bacterial Infection;
- (h) Chemicals (particularly cleaning fluids and solvents); and
- (i) Acetone

2. The Council is of the view that there is a considerable body of relevant sound medical-scientific evidence which was not before the RMA at the relevant times. Accordingly, the Council recommends that the RMA carry out an investigation to find out if there is new information available about:

- (a) how chronic lymphoid leukaemia may be contracted, or death from chronic lymphoid leukaemia occur; and
- (b) the extent to which chronic lymphoid leukaemia or death from chronic lymphoid leukaemia may be defence-caused;

and in particular, to find out whether there is sound medical-scientific evidence to justify the inclusion in Statement of Principles No. 68 of 2001 as a factor or factors exposure to:

- (i) extremely low frequency electromagnetic radiation;
- (ii) radio frequency radiation;
- (iii) smoking tobacco cigarettes or pipe-smoking or exposure to environmental tobacco smoke; and
- (iv) benzene.

3. Any investigation should take into account the sound medical-scientific evidence previously considered by the RMA, the articles identified in Appendices E-H of Council's Reasons for Decisions (Re: Statements of Principles Nos. 67 and 68 of 2001 in respect to Chronic Lymphoid Leukaemia) as being of potential relevance (but not before the RMA at the relevant times) together with any new body of sound medical-scientific evidence disclosed by that investigation.

TONY ABBOTT

Minister for Employment and Workplace Relations

Dated 12 September 2003

EXPLANATORY STATEMENT

Issued by the authority of the
Minister for Employment and Workplace Relations

Safety, Rehabilitation and Compensation Act 1988

Rate per kilometre payable under sub-section 16(6)

Notice No. 18 of 2003

The *Safety, Rehabilitation and Compensation Act 1988* (the SRC Act) provides for compensation and rehabilitation for employees who are injured in the course of their employment.

Sub-section 16(6) of the SRC Act provides that Comcare is liable to compensate employees who use their own motor vehicle when travelling more than 50 kilometres to obtain medical treatment for their compensable injuries.

Paragraph 16(6) (c) of the SRC Act enables the Minister to specify, by notice, the rate per kilometre payable to these employees.

The rate prior to the gazettal of Notice No. 18 was 42 cents per kilometre. That rate was reviewed to take into account the increased cost of running a motor vehicle, using variations in relevant Consumer Price Index (CPI) components namely 'automotive fuel'; 'motor vehicle repair and servicing'; and 'motor vehicle parts and accessories', based on a weighted average of 8 capital cities.

The purpose of the notice to which this Explanatory Statement relates is to specify a new rate of 47 cents per kilometre for the purposes of sub-section 16(6) of the SRC Act. This rate is calculated by applying the relevant components of the CPI to the rate of 42 cents per kilometre specified on 1 July 2001.

This rate will come into effect on and from the date of publication of the notice in the *Commonwealth of Australia Gazette*.

By virtue of section 121 of the SRC Act, the Notice is a disallowable instrument for the purposes of section 46A of the *Acts Interpretation Act 1901*.
