NOTICE OF APPLICATION FOR RENEWAL OF LICENCE UNDER SECTIONS 46(2) AND 90(2) OF THE *BROADCASTING SERVICES ACT 1992*

In accordance with sub-sections 46(2) (commercial licences) and 90(2) (community licences) of the *Broadcasting Services Act 1992* (the Act), the Australian Communications and Media Authority (ACMA) hereby notifies that the companies listed below have lodged applications for the renewal of the following broadcasting service licences:

Commercial Radio Licensees	**SL No**	**Service Area**	**State**
ACE Radio Broadcasters Pty Ltd	4152	HAMILTON RA1	VIC
Mudgee Broadcasting Company Pty Ltd	10101	MUDGEE RA1	NSW
North West Radio Pty Ltd	10009	KARRATHA RA1	WA
North West Radio Pty Ltd	10014	PORT HEDLAND RA1	WA
Parkes Broadcasting Company Pty Ltd	10056	PARKES RA1	NSW
Radio Goulburn Pty Ltd	10313	GOULBURN RA1	NSW
XS West Pty Ltd	10311	QUEENSTOWN RA1	TAS
Yamatji Media Pty Ltd	10338	CARNARVON RA1	WA
Community Radio Licensees	**SL No**	**Service Area**	**State**
3RIM Inc.	2053	MELTON RA1	VIC
Family Radio Ltd	1150704	BRISBANE RA1	QLD
Foundation for Information Radio of WA Inc.	5650	PERTH RA1	WA
Newman Community Radio Inc.	10357	NEWMAN RA1	WA
Radio Metro Ltd	1150709	GOLD COAST RA1	QLD

ACMA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if ACMA does not decide that sub-section 41(2) (for commercial) or sub-section 83(2) (for community) of the Act applies to the company.

ACMA may decide that either sub-section 41(2) or 83(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of: (a) an offence against the Act or the regulations being committed; (b) or a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, ACMA is required by sub-sections 41(3) and 83(3) of the Act, to take into account: (a) the business record of the company; and (b) the company's record in situations requiring trust and candour; and (c) (commercial) the business record of each person who is, or would be, if a licence were allocated to the applicant, in a position to control the licence; or (community) the business record of the chief executive and each director and secretary of the applicant; and (d) the record in situations requiring trust and candour of each such person; and (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

Under sub-section 91(2A) of the Act, ACMA may also refuse to renew a community broadcasting licence if, having regard to matters in paragraphs 84(2)(a) to (f), it considers that it would not allocate

such a licence if it were deciding whether to allocate the licence to the licensee.
The Act does not require ACMA to hold an investigation or a hearing into whether a community licence (sub-section 91(3)) or a commercial licence (sub-section 47(3)) should be renewed.

Radiocommunications Act 1992

Notice under subsection 136 (2) of the *Radiocommunications Act 1992*

NOTIFICATION OF PROPOSED REVOCATION OF *RADIOCOMMUNICATIONS (AIRCRAFT STATION) CLASS LICENCE 2001*

Notice is given that the Australian Communications and Media Authority (ACMA) proposes to revoke, under section 135 of the *Radiocommunications Act 1992* (the Act), the *Radiocommunications (Aircraft Stations) Class Licence 2001.*

Proposed Changes

ACMA proposes to revoke the *Radiocommunications (Aircraft Stations) Class Licence 2001* as it considers it to be too restrictive to allow for the full range of radiocommunications required within the aviation industry.

To accommodate the radiocommunications devices displaced by the revocation of the *Radiocommunications (Aircraft Stations) Class Licence 2001,* ACMA intends to issue, under section 132 of the Act, a new class licence.

The new class licence proposes to contain the licence conditions, operating requirements and technical parameters associated with radiocommunications within the aeronautical bands of the radiofrequency spectrum. This class licence will authorise both aircraft stations and certain aeronautical mobiles, whether ground-based or carried in aircraft.

In conjunction with this proposal, ACMA also intends to make a new determination for apparatus licensing arrangements supporting aeronautical stations.

Comments

ACMA is seeking comments about the proposed revocation of *Radiocommunications (Aircraft Stations) Class Licence 2001.*

An information package including a copy of the class licence being revoked, a draft of the proposed class licence and the aeronautical licence conditions determinations may be obtained by contacting:

Notice is given that the Australian Communications and Media Authority (ACMA) proposes to vary, under section 134 of the *Radiocommunications Act 1992*, the *Radiocommunications Miscellaneous Devices Class Licence 1999.*

Proposed Changes

The proposed variation of the *Radiocommunications Miscellaneous Devices Class Licence 1999* (the Miscellaneous Devices Class Licence) involves the removal of reference to emergency locating beacon devices currently authorised by the Miscellaneous Devices Class Licence. As a consequence of the proposed variation, ACMA is developing a new licensing regime to accommodate Emergency Position Indicating Radio Beacons (EPIRBs), 406 MHz EPIRBs, Personal Locator Beacons (PLBs), 406 MHz PLBs and the Maritime Survivor Locating System.

PRUDENTIAL CONDITIONS OF LICENCE

These conditions are "the Prudential Conditions".

1. LICENSEE CERTIFICATION

1.1 The principal officer of the Licensee must certify in writing to the Commission, by 30 September of each financial year, that the Licensee has:

(a) arranged, in accordance with Prudential Condition 2, for the estimation of the liability of the Licensee to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence; and

(b) made, in accordance with Prudential Condition 3, provision in its accounts, in accordance with the estimates in the Liability Report required by Prudential Condition 2, for meeting its liabilities; and

(c) the capacity to meet any single claim up to the reinsurance policy retention amount (excess amount) determined in accordance with Prudential Condition 5.

2. LIABILITY REPORT

2.1 The Licensee must commission a written report ("the Liability Report") in respect of each financial year and calculated as at the end of that year.

2.2 The Liability Report:

(a) must be prepared by a Fellow of the Institute of Actuaries of Australia (IAA), or any body substituted therefore, with at least five years' post-qualification experience as an actuary in general insurance; and

(b) must be prepared by an actuary who is not an employee or a partner of the organisation which provides financial audit services to the licensee or who in any way has a material financial dependence on the auditor; and

(c) be prepared drawing on any available expert advice and substantially using IAA professional standard P300, or any standard substituted therefore, as the basis of estimation, with any departure from this standard to be highlighted in the report; and

(d) must be addressed by the actuary to the Commission; and

(e) must be provided by the Licensee to the Commission by 1 July of the financial year to which it relates.

2.3 The Liability Report must:

(a) estimate the liability of the Licensee to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence as follows:

(i) contain a recommendation for the level of provisions in the licensee's accounts which must be made to at least the 50^{th} percentile (net central estimate); and

(b) contain a recommendation of the maximum reinsurance policy retention amount (excess amount) referred to in Prudential Condition 5; and

(d) describe the arrangements for compliance with Prudential Condition 5 and provide an assessment by the actuary of whether the arrangements are appropriate to meet the Licensee's obligation under Condition 5.1.

Note: The Commission will have regard to the matters in (b) and (c) in determining the excess amount in accordance with Prudential Condition 5.

2.4 The Commission may at its discretion submit a Liability Report to a peer review process.

Note: The Commission will organise and pay for any such peer review process.

2.5 After receiving a peer review assessment of a Liability Report, the Commission may by written notice to the Licensee require a Second Liability Report by an actuary approved by the Commission.

2.6 The Commission may direct the date for provision of a Second Liability Report.

2.7 Unless the Commission directs otherwise, the licensee must pay for a Second Liability Report.

2.8 If the Commission receives a Second Liability Report, it replaces the original Liability Report and:

(a) references in Prudential Conditions 3-5 to the 'Liability Report' are to be construed as references to the Second Liability Report; and

(b) references in Prudential Conditions 3-5 to the actuary who prepares the Liability Report are to be construed as references to the actuary who prepares the Second Liability Report.

3. YEARLY ACCOUNTS

3.1 The Licensee must:

(a) lodge with the Commission a copy of:

(i) any report that it is required to prepare or obtain for a financial year under Division 1 of Part 2M.3 of the Corporations Act 2001 within 7 days after it is required to be lodged with the Australian Securities and Investments Commission or it is in fact lodged, whichever is the earlier;

(ii) any periodic financial information regarding the affairs of the Licensed Corporation for a financial year that it is required to give to any financial market as defined in the Corporations Act 2001 (for example, in respect of the Australian Stock Exchange this would be information that must be given under Listing Rule 4.3B) within 7 days after it is required to be given to the financial market or it is in fact given, whichever is the earlier. For the avoidance of doubt this condition does not require the Licensed Corporation to provide information that is released to the financial market pursuant to the Licensed Corporation's continuous disclosure obligations;

(iii) if the Licensee is not required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001 because its parent company is required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001, then the Licensee must provide any report that the parent company is required to prepare or obtain for a financial year under Division 1 of Part 2M.3 of the Corporations Act 2001 within 7 days after it is required to be lodged with the Australian Securities and Investments Commission or it is in fact lodged, whichever is the earlier;

(iv) if the Licensee (or its parent company) is not required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001 and the parent company is a company not subject to the laws of Australia then the Licensee's parent company must prepare a financial report and directors' report as if it was required to comply with Division 1 of Part 2M.3 of the Corporations Act 2001, including having that report audited in accordance with that Part, and must give the report to the Commission within three months after the end of the Licensee's financial year;

(b) include, and identify, in any report or information referred to in Prudential Condition 3.1(a), provision for meeting the Licensee's accrued and contingent liability as at the end of the accounting period for claims made under the Act in the accounting period.

3.2 The provision mentioned in 3.1(b) must be consistent with a written evaluation, by an actuary, of the Licensee's current and non current liability for the accounting period and the actuary's evaluation must be lodged with the Commission.

3.3 The Licensee's accounts must also make provision for the Licensee to meet its accrued and contingent liability as estimated by the actuary in accordance with Prudential Conditions 2.2 and 2.3.

3.4 It will be sufficient compliance with Prudential Condition 3.2 if the Licensee provides the Commission with a statement at the time of lodging its accounts that the actuary's written evaluation required by this Prudential Condition is contained in the Liability Report provided to the Commission, and identifying the location of the information in that Report.

3.5 For the purposes of Prudential Condition 3.2, "actuary" means the actuary who prepares the Liability Report referred to in Prudential Condition 2.1.

4. BANK GUARANTEE

4.1 The Licensee must, for each financial year, obtain a bank guarantee for the due discharge of its liability to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence.

4.2 The bank guarantee in respect of each financial year must be:

(a) in the form and subject to the terms agreed in writing by the Commission; and

(b) for an amount calculated by the actuary in accordance with Prudential Condition 4 and specified in the Liability Report for that financial year; and

(c) obtained from a bank which has a credit rating of, or equivalent to, Standard and Poor's AA group or better.

4.3 The Licensee must provide the original of the bank guarantee to the Commission by 1 July of the financial year to which it relates.

For the purpose of this condition:

"Balance Date" means the last day of the financial year immediately before the year to which the bank guarantee relates.

"Outstanding Claims Liabilities" includes accrued and contingent liabilities.

4.4 The bank guarantee must be for an amount calculated by the actuary as the greater of:

(a) the 95^{th} percentile of Outstanding Claims Liabilities at the Balance Date and the addition of one reinsurance policy retention amount specified in Prudential Condition 5; or

(b) the 95^{th} percentile of projected Outstanding Claims Liabilities in 12 months time from the Balance Date and the addition of one reinsurance policy retention amount specified in Prudential Condition 5,

subject to a minimum amount of $2,500,000.

Note: The liability estimates are to include an allowance for the cost of administering claims and be calculated net of reinsurance recoveries.

4.5 In preparing the level of bank guarantee, the Licensee must direct the actuary to:

(a) calculate existing and projected estimates of Outstanding Claims Liabilities plus costs of administering claims to the 95^{th} percentile and to include this result in the Liability Report; and

(b) base the calculation on a full statistical analysis of data, trends and variability and according to any relevant IAA standards and guidelines on liability valuation for general insurance.

5. REINSURANCE

5.1 The Licensee shall maintain an appropriate level of reinsurance to limit its liability to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence for any single event in excess of an amount determined by the Commission ("excess amount").

Note: The Commission will have regard to the maximum excess amount recommended by the actuary in the Liability Report.

5.2 The reinsurance policy must be with an insurance company granted an authority to carry on insurance business by the Australian Prudential Regulation Authority under the Insurance Act 1973.

5.3 The Licensee must:

(a) provide a copy of the reinsurance policy to the actuary and the Commission within seven days of the issuing of the new policy; and

(b) seek the prior approval of the Commission to any reinsurance amount which is in excess of the amount previously determined by the Commission under 5.1 above.

PRUDENTIAL CONDITIONS OF LICENCE

These conditions are "the Prudential Conditions".

1. LICENSEE CERTIFICATION

1.1 The principal officer of the Licensee must certify in writing to the Commission, by 30 September of each financial year, that the Licensee has:

(a) arranged, in accordance with Prudential Condition 2, for the estimation of the liability of the Licensee to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence; and

(b) made, in accordance with Prudential Condition 3, provision in its accounts, in accordance with the estimates in the Liability Report required by Prudential Condition 2, for meeting its liabilities; and

(c) the capacity to meet any single claim up to the reinsurance policy retention amount (excess amount) determined in accordance with Prudential Condition 5.

2. LIABILITY REPORT

2.1 The Licensee must commission a written report ("the Liability Report") in respect of each financial year and calculated as at the end of that year.

2.2 The Liability Report:

(a) must be prepared by a Fellow of the Institute of Actuaries of Australia (IAA), or any body substituted therefore, with at least five years' post-qualification experience as an actuary in general insurance; and

(b) must be prepared by an actuary who is not an employee or a partner of the organisation which provides financial audit services to the licensee or who in any way has a material financial dependence on the auditor; and

(c) be prepared drawing on any available expert advice and substantially using IAA professional standard P300, or any standard substituted therefore, as the basis of estimation, with any departure from this standard to be highlighted in the report; and

(d) must be addressed by the actuary to the Commission; and

(e) must be provided by the Licensee to the Commission by 1 July of the financial year to which it relates.

2.3 The Liability Report must:

(a) estimate the liability of the Licensee to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence as follows:

(i) contain a recommendation for the level of provisions in the licensee's accounts which must be made to at least the 50^{th} percentile (net central estimate); and

(ii) contain a valuation of current outstanding liability and the projected liability in one year's time; and

(b) contain a recommendation of the maximum reinsurance policy retention amount (excess amount) referred to in Prudential Condition 5; and

(c) make an assessment of the financial capacity of the Licensee to meet amounts, from the balance sheet, up to the excess amount recommended by the actuary; and

(d) describe the arrangements for compliance with Prudential Condition 5 and provide an assessment by the actuary of whether the arrangements are appropriate to meet the Licensee's obligation under Condition 5.1.

Note: The Commission will have regard to the matters in (b) and (c) in determining the excess amount in accordance with Prudential Condition 5.

2.4 The Commission may at its discretion submit a Liability Report to a peer review process.

Note: The Commission will organise and pay for any such peer review process.

2.5 After receiving a peer review assessment of a Liability Report, the Commission may by written notice to the Licensee require a Second Liability Report by an actuary approved by the Commission.

2.6 The Commission may direct the date for provision of a Second Liability Report.

2.7 Unless the Commission directs otherwise, the licensee must pay for a Second Liability Report.

2.8 If the Commission receives a Second Liability Report, it replaces the original Liability Report and:

(a) references in Prudential Conditions 3-5 to the 'Liability Report' are to be construed as references to the Second Liability Report; and

(b) references in Prudential Conditions 3-5 to the actuary who prepares the Liability Report are to be construed as references to the actuary who prepares the Second Liability Report.

3. YEARLY ACCOUNTS

3.1 The Licensee must:

(a) lodge with the Commission a copy of:

(i) any report that it is required to prepare or obtain for a financial year under Division 1 of Part 2M.3 of the Corporations Act 2001 within 7 days after it is required to be lodged with the Australian Securities and Investments Commission or it is in fact lodged, whichever is the earlier;

(ii) any periodic financial information regarding the affairs of the Licensed Corporation for a financial year that it is required to give to any financial market as defined in the Corporations Act 2001 (for example, in respect of the Australian Stock Exchange this would be information that must be given under Listing Rule 4.3B) within 7 days after it is required to be given to the financial market or it is in fact given, whichever is the earlier. For the avoidance of doubt this condition does not require the Licensed Corporation to provide information that is released to the financial market pursuant to the Licensed Corporation's continuous disclosure obligations;

(iii) if the Licensee is not required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001 because its parent company is required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001, then the Licensee must provide any report that the parent company is required to prepare or obtain for a financial year under Division 1 of Part 2M.3 of the Corporations Act 2001 within 7 days after it is required to be lodged with the Australian Securities and Investments Commission or it is in fact lodged, whichever is the earlier;

(iv) if the Licensee (or its parent company) is not required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001 and the parent company is a company not subject to the laws of Australia then the Licensee's parent company must prepare a financial report and directors' report as if it was required to comply with Division 1 of Part 2M.3 of the Corporations Act 2001, including having that report audited in accordance with that Part, and must give the report to the Commission within three months after the end of the Licensee's financial year;

(b) include, and identify, in any report or information referred to in Prudential Condition 3.1(a), provision for meeting the Licensee's accrued and contingent liability as at the end of the accounting period for claims made under the Act in the accounting period.

3.2 The provision mentioned in 3.1(b) must be consistent with a written evaluation, by an actuary, of the Licensee's current and non current liability for the accounting period and the actuary's evaluation must be lodged with the Commission.

3.3 The Licensee's accounts must also make provision for the Licensee to meet its accrued and contingent liability as estimated by the actuary in accordance with Prudential Conditions 2.2 and 2.3.

3.4 It will be sufficient compliance with Prudential Condition 3.2 if the Licensee provides the Commission with a statement at the time of lodging its accounts that the actuary's written evaluation required by this Prudential Condition is contained in the Liability Report provided to the Commission, and identifying the location of the information in that Report.

3.5 For the purposes of Prudential Condition 3.2, "actuary" means the actuary who prepares the Liability Report referred to in Prudential Condition 2.1.

4. BANK GUARANTEE

4.1 The Licensee must, for each financial year, obtain a bank guarantee for the due discharge of its liability to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence.

4.2 The bank guarantee in respect of each financial year must be:

(a) in the form and subject to the terms agreed in writing by the Commission; and

(b) for an amount calculated by the actuary in accordance with Prudential Condition 4 and specified in the Liability Report for that financial year; and

(c) obtained from a bank which has a credit rating of, or equivalent to, Standard and Poor's AA group or better.

4.3 The Licensee must provide the original of the bank guarantee to the Commission by 1 July of the financial year to which it relates.

For the purpose of this condition:

"Balance Date" means the last day of the financial year immediately before the year to which the bank guarantee relates.

"Outstanding Claims Liabilities" includes accrued and contingent liabilities.

4.4 The bank guarantee must be for an amount calculated by the actuary as the greater of:

(a) the 95^{th} percentile of Outstanding Claims Liabilities at the Balance Date and the addition of one reinsurance policy retention amount specified in Prudential Condition 5; or

(b) the 95^{th} percentile of projected Outstanding Claims Liabilities in 12 months time from the Balance Date and the addition of one reinsurance policy retention amount specified in Prudential Condition 5,

subject to a minimum amount of $2,500,000.

Note: The liability estimates are to include an allowance for the cost of administering claims and be calculated net of reinsurance recoveries.

4.5 In preparing the level of bank guarantee, the Licensee must direct the actuary to:

(a) calculate existing and projected estimates of Outstanding Claims Liabilities plus costs of administering claims to the 95th percentile and to include this result in the Liability Report; and

(b) base the calculation on a full statistical analysis of data, trends and variability and according to any relevant IAA standards and guidelines on liability valuation for general insurance.

5. REINSURANCE

5.1 The Licensee shall maintain an appropriate level of reinsurance to limit its liability to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence for any single event in excess of an amount determined by the Commission ("excess amount").

Note: The Commission will have regard to the maximum excess amount recommended by the actuary in the Liability Report.

5.2 The reinsurance policy must be with an insurance company granted an authority to carry on insurance business by the Australian Prudential Regulation Authority under the Insurance Act 1973.

5.3 The Licensee must:

(a) provide a copy of the reinsurance policy to the actuary and the Commission within seven days of the issuing of the new policy; and

(b) seek the prior approval of the Commission to any reinsurance amount which is in excess of the amount previously determined by the Commission under 5.1 above.

2.2 The Liability Report:

(a) must be prepared by a Fellow of the Institute of Actuaries of Australia (IAA), or any body substituted therefore, with at least five years' post-qualification experience as an actuary in general insurance; and

(b) must be prepared by an actuary who is not an employee or a partner of the organisation which provides financial audit services to the licensee or who in any way has a material financial dependence on the auditor; and

(c) be prepared drawing on any available expert advice and substantially using IAA professional standard P300, or any standard substituted therefore, as the basis of estimation, with any departure from this standard to be highlighted in the report; and

(d) must be addressed by the actuary to the Commission; and

(e) must be provided by the Licensee to the Commission by 1 July of the financial year to which it relates.

2.3 The Liability Report must:

(a) estimate the liability of the Licensee to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence as follows:

(i) contain a recommendation for the level of provisions in the licensee's accounts which must be made to at least the 50^{th} percentile (net central estimate); and

(ii) contain a valuation of current outstanding liability and the projected liability in one year's time; and

(b) contain a recommendation of the maximum reinsurance policy retention amount (excess amount) referred to in Prudential Condition 5; and

(c) make an assessment of the financial capacity of the Licensee to meet amounts, from the balance sheet, up to the excess amount recommended by the actuary; and

(d) describe the arrangements for compliance with Prudential Condition 5 and provide an assessment by the actuary of whether the arrangements are appropriate to meet the Licensee's obligation under Condition 5.1.

Note: The Commission will have regard to the matters in (b) and (c) in determining the excess amount in accordance with Prudential Condition 5.

2.4 The Commission may at its discretion submit a Liability Report to a peer review process.

Note: The Commission will organise and pay for any such peer review process.

2.5 After receiving a peer review assessment of a Liability Report, the Commission may by written notice to the Licensee require a Second Liability Report by an actuary approved by the Commission.

2.6 The Commission may direct the date for provision of a Second Liability Report.

2.7 Unless the Commission directs otherwise, the licensee must pay for a Second Liability Report.

2.8 If the Commission receives a Second Liability Report, it replaces the original Liability Report and:

(a) references in Prudential Conditions 3-5 to the 'Liability Report' are to be construed as references to the Second Liability Report; and

(b) references in Prudential Conditions 3-5 to the actuary who prepares the Liability Report are to be construed as references to the actuary who prepares the Second Liability Report.

3. YEARLY ACCOUNTS

3.1 The Licensee must:

(a) lodge with the Commission a copy of:

(i) any report that it is required to prepare or obtain for a financial year under Division 1 of Part 2M.3 of the Corporations Act 2001 within 7 days after it is required to be lodged with the Australian Securities and Investments Commission or it is in fact lodged, whichever is the earlier;

(ii) any periodic financial information regarding the affairs of the Licensed Corporation for a financial year that it is required to give to any financial market as defined in the Corporations Act 2001 (for example, in respect of the Australian Stock Exchange this would be information that must be given under Listing Rule 4.3B) within 7 days after it is required to be given to the financial market or it is in fact given, whichever is the earlier. For the avoidance of doubt this condition does not require the Licensed Corporation to provide information that is released to the financial market pursuant to the Licensed Corporation's continuous disclosure obligations;

(iii) if the Licensee is not required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001 because its parent company is required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001, then the Licensee must provide any report that the parent company is required to prepare or obtain for a financial year under Division 1 of Part 2M.3 of the Corporations Act 2001 within 7 days after it is required to be lodged with the Australian Securities and Investments Commission or it is in fact lodged, whichever is the earlier;

(iv) if the Licensee (or its parent company) is not required to report in accordance with Division 1 of Part 2M.3 of the Corporations Act 2001 and the parent company is a company not subject to the laws of Australia then the Licensee's parent company must prepare a financial report and directors' report as if it was required to comply with Division 1 of Part 2M.3 of the Corporations Act 2001, including having that report audited in accordance with that Part, and must give the report to the Commission within three months after the end of the Licensee's financial year;

(b) include, and identify, in any report or information referred to in Prudential Condition 3.1(a), provision for meeting the Licensee's accrued and contingent liability as at the end of the accounting period for claims made under the Act in the accounting period.

3.2 The provision mentioned in 3.1(b) must be consistent with a written evaluation, by an actuary, of the Licensee's current and non current liability for the accounting period and the actuary's evaluation must be lodged with the Commission.

3.3 The Licensee's accounts must also make provision for the Licensee to meet its accrued and contingent liability as estimated by the actuary in accordance with Prudential Conditions 2.2 and 2.3.

3.4 It will be sufficient compliance with Prudential Condition 3.2 if the Licensee provides the Commission with a statement at the time of lodging its accounts that the actuary's written evaluation required by this Prudential Condition is contained in the Liability Report provided to the Commission, and identifying the location of the information in that Report.

3.5 For the purposes of Prudential Condition 3.2, "actuary" means the actuary who prepares the Liability Report referred to in Prudential Condition 2.1.

4. BANK GUARANTEE

4.1 The Licensee must, for each financial year, obtain a bank guarantee for the due discharge of its liability to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence.

4.2 The bank guarantee in respect of each financial year must be:

(a) in the form and subject to the terms agreed in writing by the Commission; and

(b) for an amount calculated by the actuary in accordance with Prudential Condition 4 and specified in the Liability Report for that financial year; and

(c) obtained from a bank which has a credit rating of, or equivalent to, Standard and Poor's AA group or better.

4.3 The Licensee must provide the original of the bank guarantee to the Commission by 1 July of the financial year to which it relates.

For the purpose of this condition:

"Balance Date" means the last day of the financial year immediately before the year to which the bank guarantee relates.

"Outstanding Claims Liabilities" includes accrued and contingent liabilities.

4.4 The bank guarantee must be for an amount calculated by the actuary as the greater of:

(a) the 95th percentile of Outstanding Claims Liabilities at the Balance Date and the addition of one reinsurance policy retention amount specified in Prudential Condition 5; or

(b) the 95th percentile of projected Outstanding Claims Liabilities in 12 months time from the Balance Date and the addition of one reinsurance policy retention amount specified in Prudential Condition 5,

subject to a minimum amount of $2,500,000.

Note: The liability estimates are to include an allowance for the cost of administering claims and be calculated net of reinsurance recoveries.

4.5 In preparing the level of bank guarantee, the Licensee must direct the actuary to:

(a) calculate existing and projected estimates of Outstanding Claims Liabilities plus costs of administering claims to the 95th percentile and to include this result in the Liability Report; and

(b) base the calculation on a full statistical analysis of data, trends and variability and according to any relevant IAA standards and guidelines on liability valuation for general insurance.

5. REINSURANCE

5.1 The Licensee shall maintain an appropriate level of reinsurance to limit its liability to pay compensation and other amounts under the SRC Act in accordance with the scope of this licence for any single event in excess of an amount determined by the Commission ("excess amount").

Note: The Commission will have regard to the maximum excess amount recommended by the actuary in the Liability Report.

5.2 The reinsurance policy must be with an insurance company granted an authority to carry on insurance business by the Australian Prudential Regulation Authority under the Insurance Act 1973.

5.3 The Licensee must:

(a) provide a copy of the reinsurance policy to the actuary and the Commission within seven days of the issuing of the new policy; and

(b) seek the prior approval of the Commission to any reinsurance amount which is in excess of the amount previously determined by the Commission under 5.1 above.

NATIONAL DRUGS AND POISONS SCHEDULE COMMITTEE

PRE-FEBRUARY 2006 SCHEDULING MEETING NOTICE

Notice under Regulation 42ZCU of the *Therapeutic Goods Regulations 1990*

The Chair of the National Drugs and Poisons Schedule Committee (NDPSC) hereby gives notice that the next scheduling meeting of the NDPSC will be held on 21-23 February 2006. Substances to be considered for scheduling by the NDPSC are open for public comment.

Accordingly, public submissions are invited on those substances mentioned below which are to be considered for scheduling at the February 2006 meeting. Public submissions must address a matter mentioned in section 52E of the *Therapeutic Goods Act 1989* and be received by the closing date. Public submissions must also include the name of the person making the submission and a contact address. Persons making a submission in regard to a substance where a Schedule 3 classification may be an outcome are invited to provide additional comment on inclusion of that substance in Appendix H - *Schedule 3 Poisons Permitted to be Advertised*. Inclusion in Appendix H may be a consequential consideration of the Committee following a decision to include a substance in Schedule 3.

The NDPSC is moving to an E-agenda and is increasingly using electronic documents at its meetings. Persons making submissions to the Committee are encouraged to lodge submissions in electronic format via the NDPSC email address. Accordingly, public submissions, **preferably in electronic format**, should be made to:

The Secretary
National Drugs and Poisons Schedule Committee
PO Box 100
WODEN ACT 2606
e-mail NDPSC@health.gov.au. Facsimile 02-62893299

The closing date for submissions is **25 January 2006**.

The NDPSC, in making a decision in relation to the classification and scheduling of a substance, must consider all public submissions made by the closing date that address a matter mentioned in section 52E of the Act. Public submissions that reserve the right to comment on a scheduling proposal or are made after the closing date need not be considered by the NDPSC.

The post-February 2006 meeting notice will invite further public submissions on substances that are the subject of an amendment to the Schedules at the February 2006 meeting. Regulation 42ZCY of the Therapeutic Good Regulations 1990, however, restricts this invitation to those persons who made a valid public submission in relation to the substance in response to this pre-meeting notice.

Further information may be obtained from the NDPSC Secretariat on 02-6289 3200 during business hours or by e-mailing NDPSC@health.gov.au

INVITATION TO COMMENT ON A RISK ASSESSMENT & RISK MANAGEMENT PLAN FOR GENETICALLY MODIFIED ROSE LINES

Australia's gene technology regulatory system is designed to protect the health & safety of people & the environment by identifying risks posed by, or as a result of, gene technology & managing those risks.

The Gene Technology Regulator is currently assessing licence application DIR 060/2005 from Florigene Limited for a limited and controlled release of three rose lines that have been genetically modified to produce blue flowers. The proposed release would take place in Victoria, from March 2006 to April 2008, at two sites on a total of 125 m^2.

The Regulator has prepared a risk assessment & risk management plan (RARMP) for the proposed release, and suggests a range of conditions (including containment measures) that would be imposed if a licence was issued.

The Regulator welcomes written submissions in order to finalise the RARMP, which will then form the basis of her decision on whether or not to issue the licence. The consultation RARMP & related documents can be obtained from the website *www.ogtr.gov.au* under 'What's New' or by contacting the Office. Please quote the application DIR 60 in any correspondence.

Submissions should be received by close of business on **3 February 2006**.

COMMISSIONER OF TAXATION

The Commissioner of Taxation, Michael Joseph Carmody, gives notice of the following Rulings, copies of which can be obtained from Branches of the Australian Taxation Office or at http://law.ato.gov.au.

NOTICE OF RULINGS

Ruling Number	Subject	Brief Description
TR 2005/21	Income tax and fringe benefits tax: charities	This Ruling sets out the Commissioner's views on the meaning of 'charitable institution' and 'fund established for public charitable purposes'. This Ruling applies both before and after its date of issue.
TR 2005/22	Income tax: companies controlled by exempt entities	This Ruling concerns the income tax exemption, under Division 50 of the *Income Tax Assessment Act 1997*, of companies which are not carried on for the profit or gain of their individual members, and which are controlled by an entity or entities that are exempt from income tax under that Division. This Ruling applies from 1 July 2006.
TR 2005/23	Income tax: listed investment companies	This Ruling is concerned with the operation of Subdivision 115-D (Tax relief for shareholders in listed investment companies) that is contained in Part 3-1 of the *Income Tax Assessment Act 1997*. This Ruling applies to assessments for income years starting on or after 1 July 2001 to which Subdivision 115-D applies.
TR 2005/24	Income tax: deductibility of personal superannuation contributions	This Ruling applies to a person who makes personal contributions to a complying superannuation fund or a Retirement Savings Account. It considers the circumstances in which those personal superannuation contributions qualify for an income tax deduction under Subdivision AB of Division 3 of Part III of the *Income Tax Assessment Act 1936.* This Ruling applies to years of income commencing both before and after its date of issue.
TD 2005/52	Income tax: capital gains: can money paid for the purposes of the first element of the cost base in subsection 110-25(2) of the *Income Tax Assessment Act 1997* and the reduced cost base under section 110-55 of the *Income Tax Assessment Act 1997* include the amount of a liability extinguished under the doctrine of set-off?	This Determination concludes that if an amount is owed in respect of the acquisition of a CGT asset, the set-off of all or part of that liability constitutes money paid in respect of the acquisition of the asset for the purposes of the first element of the cost base in subsection 110-25(2) of the *Income Tax Assessment Act 1997* and reduced cost base under section 110-55 of that Act. This Determination applies to years commencing both before and after its date of issue.

This Determination concludes that where subsections 711-45(3) and 711-45(5) of the *Income Tax Assessment Act 1997* both apply to a particular accounting liability that is added at subsection 711-45(1), the amount determined under subsection 711-45(5) overrides any adjustments made to that liability because of the operation of subsection 711-45(3). This Determination applies to years commencing both before and after its date of issue.

TD 2005/54	Income tax: consolidation: asset cost setting rules: where the cost and value of the reset cost base assets of a joining entity are so small or trifling that they are de minimis, can they be ignored when determining whether a CGT event L4 loss is available under section 104-515 of the *Income Tax Assessment Act 1997*?	This Determination concludes that where the sum of the costs of reset cost base assets and the sum of their market values are very small or trifling those assets could be ignored for the purpose of allocating an allocable cost amount under section 705-35 of the *Income Tax Assessment Act 1997* and for the purpose of applying paragraph 104-515(1)(c) of that Act. This Determination applies to years commencing both before and after its date of issue.

SCHEDULE

VICTORIA

Bayside City

HMVS Cerberus:
Halfmoon Bay breakwater, just off Black Rock.

Criterion	Values
(a) the place has outstanding heritage value to the nation because of the place's importance in the course, or pattern, of Australia's natural or cultural history.	The HMVS *Cerberus* is important as evidence of the development of Australia as a nation and as part of the British Empire. The British Parliament passed the *Colonial Naval Defence Act 1865* giving the colonies the power to make laws to provide for their own naval defence. The construction of HMVS *Cerberus* (1867-1870) reflects a period in Australia's history when the colonies were thought vulnerable to coastal attack and invasion. This was especially felt by Victoria, the wealthiest colony, and from which, a significant amount of the wealth from the goldfields was exported. The history of the service of HMVS *Cerberus,* from 1871 to 1924, illustrates the development of Australia's defensive needs as part of the British Empire and the role of Britain in providing naval expertise and technical assistance to the Australian colonies. The desire of the colonial governments to produce a coordinated defence was one of the major considerations in the move towards federation, and one, which moved the *Cerberus* from the Victorian Colonial Navy to the Royal Australian Navy in 1911.
(b) the place has outstanding heritage value to the nation because of the place's possession of uncommon, rare or endangered aspects of Australia's natural or cultural history.	The HMVS *Cerberus* was one of only three vessels of its exact type ever built, and is the only surviving example of this type of vessel in the world. It is the only substantially intact, surviving warship of Australia's pre-Federation colonial navies. The HMVS *Cerberus* was the first British built naval ship in which sail-power was dispensed with and which used steam power alone for propulsion. It was the first ship to have a central superstructure, with gun turrets above deck both fore and aft. It was also the first British designed warship to use low freeboard in the monitor style and the first to have iron breastwork protection. The HMVS *Cerberus,* both as an example of Reed's naval design and a monitor style vessel, is a rare feature of Australia's maritime and naval history at a time when the defence of the Australian colonies relied on British expertise and technical assistance.
