17 MAR 2006

Mr Donald McGauchie AO
Chairman
Telstra Corporation Limited
Level 41, 242 Exhibition Street
MELBOURNE VIC 3000

Dear Mr McGauchie

Telstra's local presence plan

Thank you for your letter of 8 December 2005 in which you submitted to me Telstra's draft local presence plan and submission report. In compliance with the requirements of the *Carrier Licence Conditions (Telstra Corporation Limited) Declaration 1997*, ('the licence condition') I am notifying you of my decision to refuse to approve the draft local presence plan and to require Telstra to submit to me a fresh draft local presence plan by close of business on 1 May 2006.

The submitted draft local presence plan improves on Telstra's preliminary draft plan and contains some valuable information and commitments. However, I have decided not to approve the plan because it does not adequately meet the elements of the written guidance given to Telstra under subclause 32(3) of the licence condition. In particular, the submitted draft local presence plan does not sufficiently:

- a. describe the strategies and activities Telstra will implement to maintain an effective local presence in regional, rural and remote Australia; and
- b. focus on the outcomes and benefits for regional, rural and remote customers, to be delivered through Telstra maintaining its local presence.

A handwritten signature, likely of the Minister, in dark ink.

In accordance with subclause 32(16) of the licence condition I specify the following matters that need to be addressed in the fresh draft local presence plan:

1. the fresh draft local presence plan should include a greater number of more specific forward-looking commitments for the life of the plan; there are a number of sections in the submitted draft local presence plan that should not be included in the fresh draft plan as they are unnecessary and do not provide meaningful Telstra specific local presence information, for example the section in 3.5 that discusses the Australian Communications and Media Authority's role in assessing directory assistance performance as part of its consumer satisfaction surveys;
2. the fresh draft local presence plan should include greater detail as to the local presence benefits Telstra believes its commitments will deliver for consumers in regional, rural and remote Australia; and
3. finally, in order to provide clarity, the fresh draft local presence plan should include two appendices that would be for information purposes only and would not be intended to impose any express or implied obligations on Telstra nor to give ACMA the power to take action in relation to the matters set out in the appendices.
 - a. The first appendix should contain a summary report of Telstra's current local presence service levels. This report should aggregate the sort of information that Telstra would be expected to provide in its annual compliance report identified in Appendix B of the submitted plan, for example the number of area offices and branded outlets.
 - b. The second appendix should outline Telstra's planned activities in regional, rural and remote Australia where this information is publicly available. This outline does not have to be exhaustive but should provide short descriptions of these activities and their purpose. This appendix could include information such as Telstra's announced 3G network rollout and the recently announced Ballarat Community Fund.

I do not require Telstra to undertake any public consultation on the fresh draft local presence plan as further consultation is unlikely to raise any issues Telstra has not already been made aware of under its initial consultation, and could delay the finalisation of the fresh draft local presence plan.

The contact in my Department is Ms Liz Forman, Acting General Manager, Regional Communications Policy on (02) 62711371. My Department is able to explain in more detail the matters raised in this letter.

Yours sincerely

HELEN COONAN

Dear Mr Chapman

Telstra's local presence plan

In compliance with the requirements of the *Carrier Licence Conditions (Telstra Corporation Limited) Declaration 1997*, ('the licence condition') I am notifying you of my decision to refuse to approve Telstra's draft local presence plan and to require Telstra to submit to me a fresh draft local presence plan by close of business on 1 May 2006.

I have enclosed a copy of the letter I have sent to the Telstra Chairman that sets out:

- a. my refusal to approve the plan and the basis for that refusal;
- b. my requirements for the fresh draft local presence plan;
- c. my direction that Telstra need not undertake further public consultation; and
- d. the timeframe in which Telstra will provide me with a fresh plan.

If you have any further questions or require any clarification on the matters dealt with in this letter or the enclosed letter to Telstra, please contact the responsible Departmental officer, Ms Liz Forman, Acting General Manager, Regional Communications Policy on (02) 62711371.
